Better in the Poconos Oct 24 2019 When Antoine Dutot opened the Kittatinny Hotel—the first tourist hotel in the Poconos—in 1829, little did he know that he was a pioneer in what would become one of the largest and most diverse tourist and recreation areas on the East Coast. Although his initial venture failed, the tourist industry of the Poconos has been a long-term success, evolving and adapting to change. Better in the Poconos tells the story of Pennsylvania's premier vacationland from its earliest days to the present. The flourishing tourist and resort industry in the Poconos can be attributed, in part, to the area's splendid mountains, streams, and forests. But the timeless appeal of nature was matched, and even surpassed, by the resorts' ability to redefine themselves. In the mid-nineteenth century, William Cullen Bryant depicted the Pocono region as a hunter's delight, describing abundant game and sublime landscapes. The Victorian era, however, brought genteel carriage rides and croquet; later, specialized ethnic resorts catered to the minority populations of Philadelphia and New York; and in the 1940s and 1950s, the Poconos earned its reputation as a honeymoon paradise. This evolution continues today: the land of romance has given way to the ski resorts and water slides enjoyed by today's vacationing families. Poconos resort owners and innkeepers have long recognized the cutthroat competition inherent in the vacation business. Early on, they realized that they were vying not only with each other but also with other resorts—first in the Catskills and on the New Jersey shore, and then in Florida, in the Caribbean, and even in Europe. Better in the Poconos illustrates the strategies by which resorts in northeastern Pennsylvania responded to these market forces. They were compelled to provide superior service and amenities as well as novel amusements and activities for their guests. In the latter half of the twentieth century, for example, "super-resorts" started to supplant the old hotels: the new resorts could offer year-round activities, thanks to the invention of artificial snow. Similarly,

honeymoon hotels declined as couples resorts&—retreats that boasted such innovations as the heart-shaped bathtub and the Jacuzzi in the shape of a tall champagne glass&—emerged on the Poconos scene. Better in the Poconos recreates that scene and the people who brought it to life&—not only the innkeepers, souvenir sellers, laborers, and service workers, but also the community leaders and visionaries who promoted the vacation economy and sought to guide it. The proper Victorians, the devoted sportsmen, the young newlyweds, the families and singles, the staid ladies of the Women&'s Christian Temperance Union (and the sinners whose vices they wished to temper), the members of the Ku Klux Klan, the rich Quakers, the Jewish socialists, and the immigrants&—all these, and more, make up the humanly rich mosaic of the Poconos.

History of the George Washington Bicentennial Celebration May 23 2022

George Washington's Washington May 11 2021 This book traces the history of the development, abandonment, and eventual revival of George Washington's original vision for a grand national capital on the Potomac. 'George Washington's Washington' is not simply a history of the city during the first president's life but a history of his vision for the national capital and of the local and national conflicts surrounding this vision's acceptance and implementation.

The Religion of the Heart Aug 14 2021 In 'The Religion of the Heart,' Campbell provides a critical but sympathetic analysis of the European and British pietistic movements of the seventeenth and eighteenth centuries. Campbell shows that a definitive form of religious life emerged during the period of inter-Christian warfare in the seventeenth century that was characterized by personal affection for God. Campbell explores these religious movements parallel to the rise of Enlightenment thought and examines their importance in relation to our understanding of modern religious movements.

Crime and the Nation Jan 19 2022 Crime and the Nation explores the correlation between fiction writing and national identity in the late eighteenth century when these two enterprises went hand in hand. The 1780s and '90s witnessed a spirited public debate on crime and punishment that produced a new kind of fiction and a new kind of prison. The world's first penitentiary-style prison opened at Philadelphia in 1790. At the same time jurists, reformers and fiction writers found new uses for the criminal. Suddenly, he was fascinating, he was edifying to the community, he was worth displaying and reforming. In a young nation whose very origins were perceived as criminal, yet clearly necessary and ultimately redeemable, crime emerged as an essential-and controversial-component of national identity. Crime and the Nation explores the nature of that identity, and the origins of America's unique and enduring love affair with crime and crime fiction.

A Companion to American Literature May 31 2020 A comprehensive, chronological overview of American literature in three scholarly and authoritative volumes *A Companion to American Literature* traces the history and development of American literature from its early origins in Native American oral tradition to 21st century digital literature. This comprehensive three-volume set brings together contributions from a diverse international team of accomplished young scholars and established figures in the field. Contributors explore a broad range of topics in historical, cultural, political, geographic, and technological contexts, engaging the work of both well-known and non-canonical writers of every period. Volume One is an inclusive and geographically expansive examination of early American literature, applying a range of cultural and historical approaches and theoretical models to a dramatically expanded canon of texts. Volume Two covers American literature between 1820 and 1914, focusing on the development of print culture and the literary marketplace, the emergence of various literary movements, and the impact of social and historical events on writers and writings of the period. Spanning the 20th and early 21st centuries, Volume Three studies traditional areas of American literature as well as the literature from previously marginalized groups and contemporary writers often overlooked by scholars. This inclusive and comprehensive study of American literature: Examines the influences of race, ethnicity, gender, class, and disability on American literature Discusses the role of technology in book production and circulation, the rise of literacy, and changing reading practices and literary forms Explores a wide range of writings in multiple genres, including novels, short stories, dramas, and a variety of poetic forms, as well as autobiographies, essays, lectures, diaries, journals, letters, sermons, histories, and graphic narratives. Provides a thematic index that groups chapters by contexts and illustrates their links across different traditional chronological boundaries *A Companion to American Literature* is a valuable resource for students coming to the subject for the first time or preparing for field examinations, instructors in American literature courses, and scholars with more specialized interests in specific authors, genres, movements, or periods.

Oldest Cincinnati Mar 09 2021 Late in the 18th-century, people began to head west in America in search of new frontiers and new lives. Many of them, including immigrants, found their way down the Ohio River to Cincinnati, Ohio, the "Queen City of the West." In *Oldest Cincinnati*, follow their journey and learn the story of the city as you've never heard it before. Read about a ferry that helped early settlers cross the Ohio River to Augusta, Kentucky, began in 1798 and that's still in business today. Likewise, a stagecoach inn that began providing shelter for early travelers opened in Lebanon, Ohio, in 1803 continues welcoming guests to this day. As one of the first settlements in the Northwest Territory, called "Losantiville" before it was dubbed Cincinnati, there are still many "firsts" and "oldests" to be found locally. The first museum—focused on natural history and science—was launched in 1818. It's now located in Cincinnati's oldest train station. In 1866 the oldest bridge across the Ohio River connected downtown Cincinnati to Covington, Kentucky. The oldest art museum west of the Allegheny Mountains opened in 1881. While the character of Cincinnati dramatically changed in the mid-19th century as German immigrants came in waves, the city would continue to boom culturally. They brewed beer, of course, but they also loved music, launching the oldest choral music festival in the Western Hemisphere. Local historian and author Rick Pender goes to great lengths to research and pay homage to more than two centuries of Cincinnati's oldests, firsts, and finest. Read about all of these and more in this informative book that brings history and people to life.

Literary Culture and U.S Imperialism : From the Revolution to World War II Feb 08 2021 John Carlos Rowe, considered one of the most eminent and progressive critics of American literature, has in recent years become instrumental in shaping the path of American studies. His latest book examines literary responses to U.S. imperialism from the late eighteenth century to the 1940s. Interpreting texts by Charles Brockden Brown, Poe, Melville, John Rollin Ridge, Twain, Henry Adams, Stephen Crane, W. E. B Du Bois, John Neihardt, Nick Black Elk, and Zora Neale Hurston, Rowe argues that U.S. literature has a long tradition of responding critically or contributing to our imperialist ventures. Following in the critical footsteps of Richard Slotkin and Edward Said, *Literary*

Culture and U.S. Imperialism is particularly innovative in taking account of the public and cultural response to imperialism. In this sense it could not be more relevant to what is happening in the scholarship, and should be vital reading for scholars and students of American literature and culture.

Charles Brockden Brown Dec 18 2021 Spontaneous human combustion, ventriloquism, sleepwalking, secret societies, plague, doppelgängers, disguises, corpses, night burials, locked doors, and mysterious manuscripts—these are only a few of the Gothic devices that appear in the writings of late eighteenth-century American author, Charles Brockden Brown. Brown's work presents us with the dark underside to Enlightenment optimism as he questions the extent to which human beings can draw accurate inferences from sensory data and foresee the outcome of their actions. In advance of Washington Irving, James Fenimore Cooper, and Ambrose Bierce, he depicts the American frontier as a liminal zone fraught with danger. Looking forward to Charles Dickens, George Lippard, and even twentieth-century film noir, Brown establishes the city as itself a sort of labyrinthine wildness populated by insidious confidence men. Setting the stage for Edgar Allan Poe's fiction and latter Sigmund Freud's psychology, Brown powerfully represents the mind as inherently haunted as the unconscious, the stranger within, compels irrational and 'perverse' behavior. And well before Harriet Prescott Spofford, Charlotte Perkins Gilman, and contemporary authors such as Margaret Atwood and Angela Carter, Brown in his Female Gothic narratives vividly demonstrates the forms of violence and victimization to which women are exposed in patriarchal culture. Brown therefore was instrumental in developing and defining the Frontier Gothic, the Urban Gothic, the Psychological Gothic, and the Female Gothic. In this polemical introduction to Brown's work, Weinstock boldly asserts that Brown deserves renewed attention both for his historical significance and for the narrative force and intellectual depth of his writings.

Tennessee Government and Politics Jul 13 2021 Tennessee Government and Politics offers a timely and comprehensive new survey of the state's political evolution. The book is divided into four sections that cover the state constitution, the three branches of state government, politics in Tennessee, and current issues of public policy. Individual chapters by leading experts cover such topics as the state's political history, the evolution of the state court system, local government and politics, electoral turnout, and women in politics. Former Representative Jim Cooper contributes a chapter on congressional representation, and current policy is discussed in chapters on education, prisons, and foreign investment. With its concise historical analysis, up-to-date presentation of contemporary issues, and appended state constitution, Tennessee Government and Politics will serve teachers, politicians, government workers, journalists, and interested citizens as an essential reference book.

Business Law Jul 21 2019 This first edition, written by the same authors of the Anderson family of texts, re-positions Anderson's Business Law of the Regulatory Environment, 14e by incorporating all relevant UCC Sections into the text. Building on the tradition of Anderson, this book retains the tradition of accuracy, depth and contemporary perspective. Its cases are excerpted, relevant and interesting. The UCC coverage provides the student with the code language when reading applicable portions of the text. This text meets AACSB requirements and offers complete coverage for CPA preparation, featuring ethics, public policy and the Internet.

Cycle World Magazine Dec 26 2019

Handbook of the American Novel of the Nineteenth Century Sep 15 2021 This handbook offers students and researchers a compact introduction to the nineteenth-century American novel in the light of current debates, theoretical concepts, and critical methodologies. The volume turns to the nineteenth century as a formative era in American literary history, a time that saw both the rise of the novel as a genre, and the emergence of an independent, confident American culture. A broad range of concise essays by European and American scholars demonstrates how some of America's most well-known and influential novels responded to and participated in the radical transformations that characterized American culture between the early republic and the age of imperial expansion.

Part I consists of 7 systematic essays on key historical and critical frameworks — including debates about race and citizenship, transnationalism, environmentalism and print culture, as well as sentimentalism, romance and the gothic, realism and naturalism. Part II provides 22 essays on individual novels, each combining an introduction to relevant cultural contexts with a fresh close reading and the discussion of critical perspectives shaped by literary and cultural theory.

Olympic Coin Act of 1981 Dec 06 2020

Die amerikanische Einwanderungsgesetzgebung im 20. Jahrhundert: ausgewählte Gesetze seit 1917 Mar 21 2022 Inhaltsangabe: Gang der Untersuchung: Die Arbeit beleuchtet verschiedene Aspekte des Gesetzgebungsprozesses des klassischen Einwanderungslandes USA anhand der Entstehungsgeschichte dreier Einwanderungsgesetze. Dazu wird zunächst der Gesetzgebungsprozess in den USA dargestellt. Die behandelten Gesetze werden in den historischen Kontext eingebettet. Dazu wird die Geschichte der Einwanderungsgesetzgebung (und damit auch die der Einwanderung in die USA) vor 1950 beschrieben, ebenso wie ein Ausblick auf die Gesetze nach 1986 gegeben wird. In der Gegenwart viel diskutierte Ansätze wie Quotensystem, Asylgesetz, Punktesystem werden im Zusammenhang erklärt, wodurch die Aktualität, gerade für die deutsche Politik, unterstrichen wird. Der Einfluss der verschiedenen Gruppierungen wie ethnischer Vereinigungen, wirtschaftlicher Verbände oder auch der Gewerkschaften wird dabei ebenso beleuchtet, wie der der Debattenführer im Kongress. Besondere Betonung liegt dabei auf den zum Zweck der Entscheidungsfindung in den diversen Ausschüssen und Unterausschüssen des Senats und des Repräsentantenhauses durchgeführten Anhörungen. Die verschiedenen Standpunkte und Ansichten der diversen Gruppierungen werden ebenso erklärt, wie eventuelle persönliche Motive für manche Entscheidungen. Dazu wurden Originalakten und -protokolle dieser Anhörungen verwendet. Zum Schluss wird die Entstehung der drei Gesetze gegenüber gestellt und die verschiedenen Einflüsse bei den Einwanderungsgesetzen miteinander verglichen und Unterschiede und Gemeinsamkeiten aufgedeckt. Es wird auf ihre Folgen eingegangen, da sie die Voraussetzungen für die jeweils nächste Gesetzesänderung waren. Dies ist auch deshalb wichtig, weil hier deutlich wird, wie anders die tatsächlichen Ergebnisse von den beabsichtigten sind bis hin zum Gegenteil der gewünschten Folgen. Insbesondere in Kapitel 8 (über das Gesetz von 1986) wird deutlich, wie aktuell diese Thematik ist, sehen wir doch jeden Tag in den Medien ganz ähnliche Meldungen. Die zur Zeit bei dem Versuch, ein deutsches Einwanderungsgesetz zu schaffen, ablaufenden Prozesse und die dabei auftretenden Hindernisse, sind kaum zu unterscheiden von denen, welche damals auftraten und schließlich zu einem Kompromiss führten, der kaum noch etwas mit der ursprünglichen Vorlage zu tun hatte, welcher aber fast alle an der Entstehung beteiligten Gruppierungen so weit zufrieden stellte, dass dieses Gesetz überhaupt zustande kam. Zur Verdeutlichung dienen zahlreiche [...]
