Deja Vu Oct 15 2021 In *déjà vu*, Zach Montgomery and Ruth Harding take center stage as a romantic duo; replicating the former romantic interlude that existed between Zach's dad, and Ruth's mom over 25 years ago. Zach, son of billionaire, Dennis Montgomery, hides his identity; as a poor guy seeks to work as a volunteer at an archeological site in Israel, for room and board. He meets and does not succumb to the beauty of the 15 year old daughter of the head archeologist. After all...he's 19. Zach rescues Ruth from a near rape by a student at Hebrew University. She is sent packing to U.S. grandparents. Three years later they meet. Bells, whistles and clanging cymbals swirl round Zach's psyche. He is smitten; he is in love. He courts her via cell phone over the watery waves. She consents to marry him. A hitch occurs. He doesn't want a church affair; admits to being an evolutionist. Ruth demurs, prays, and breaks engagement. No harmony where two are unequally yoked spiritually. Devastated; determined to win her back, Zach enrolls for grad work at Hebrew University. She will have nothing to do with him. Terrorists change the dynamics! Zach and his two Jewish dorm mates are kidnapped and held for ransom. Brutally beaten, Zach uses his cell phone he'd hidden in the earth, and calls Ruth, who hears and alerts IDF. Does Israel's newest hero win his fair lady? Or is a replay of an old broken romance? A *déjà vu*..? Read the book and see!!

Lemon-Aid Used Cars and Trucks 2012–2013 Jan 26 2020 Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

Genesis Déjà Vu Jul 24 2022 A major, natural catastrophe has occurred that has taken the lives of all air-breathing creatures. Throughout the world a few individuals have survived as at the time of the devastation they were unknowingly safe from harm. Those that were underwater, miners far below the ground, hospitalised patients using breathing apparatus etc. But the total number of survivors amounted to only a few thousand and of those there were only two couples left on earth who were capable of or had the opportunity to breed - but if only it was as simple as that. The story is full of drama, tragedy, compassion and heroics even some humour as it depicts the trials and tribulations of some of the survivors. There are chance meetings, some of which are beneficial but others result in tragedy as rebel groups resort to feudal law. There are twist and turns as the travellers negotiate obstacles but none of this mean anything, unless the two couples not only survive but more importantly, overcome their emotions to prevent the extinction of mankind.
