Isaiah's Tears May 02 2020 In his ESSENCE Magazine bestseller, "Blood Kin, A Savannah Story," Robert T.S. Mickles introduced readers all over the world to the residents of Woodloe Plantation as they grappled with the violent chaos of the 1860s Civil War and struggled to adapt to the changes

taking place in their lives as well as to simply survive. In "Isaiah's Tears," part two of the author's Savannah Stories, we meet fifteen-year-old Isaiah Jones. For Isaiah, the end of slavery in the United States in 1865 means the beginning of a long but very challenging life as a free man. Following the death of both his parents and the acquisition of his sudden unexpected freedom, Isaiah has to choose between life as he has always known it--and life as an uncertain adventure in a new and uncertain world. His story, as he journeys from boyhood to manhood, is at times laugh out loud comical and at other times heartbreakingly tragic.

The Loving Living Will of God to His People Nov 27 2019 I got the title *The Loving, Living Will of God to His People* for this book in 1994, and it details the God of the Old Testament in the Christian Bible and the Torah, as he needs to be thought of. I believe that he should be thought of each day, as he has great powers and angels to help him. He has shown them throughout history, and he wants people to build a temple for him. He didn't like the violence on earth, and that was what caused the great flood. Think about it, water. Too much can cause a flood, and too little causes dry land, crop failures, and fires. Is this because of war situations? I don't have respect for any man who creates war. Did God create famine and disease if people wanted war? Today is May 23, 2018. On May 8, I lost my daughter to terminal cancer. I had grieved greatly before this, and I still do. She told me that she is in heaven and the pain and suffering of the body are gone. I think, Was the United States military responsible? We dropped bombs in foreign countries and killed people. Do we lose one of ours to disease? She left two children of three and five with a father, three grandmothers and other people to teach them. Can we teach our youth a better way?

Keeping Secrets Sep 17 2021 *Keeping Secrets* unveils the struggle and survival of one of the world's richest and most powerful corporate attorneys, Bonnie Marie Brown. In fact, no one, not even her adopted father, knows of the torment Bonnie endures with her charming celebrity husband. *Keeping Secrets* Volume I unveils the struggles of Bonnie M. Brown from the moment she is shipped from home to home, to her relationship with her mentor Roger Von Hogan, to her childhood romance with rhythm-and-blues singer Gary Anderson. Bonnie's life is like no other. Journey with her as she travels a road paved with intrigue, murder, deceit and lies.

Cruel Doubt Mar 31 2020 From the New York Times bestselling author of *Fatal Vision* comes a shocking true account of murder, family secrets, and final justice now available for the first time as an e-book... One hot summer night in 1988, Bonnie Von Stein's second husband was murdered in their bed, Bonnie herself stabbed, beaten, and left for dead beside him. It looked like a brutal but tragically typical case: Von Stein was newly wealthy, and Bonnie's troubled son Chris, seemed like the obvious suspect. But Chris turned out to have an air-tight alibi and new leads suggested the crime could be much more complex. The trail led to Chris's two strange new friends from college and a real-life enactment of a bizarre *Dungeons and Dragons* fantasy adventure, and it implicated Bonnie's teenage daughter as well. In *Cruel Doubt*, Joe McGinniss probes the dark heart of family life and small-town North Carolina society to uncover a fascinating and terrifying story that is at once a chilling murder mystery, a tense courtroom drama, and a heartbreaking account of a mother forced to doubt her own children.

A Good House Oct 31 2022 A runaway #1 bestseller in Canada, this richly layered first novel tells the story of the intricacies and rituals that shape a family's life over three generations *A Good House* begins in 1949 in Stonebrook, Ontario, home to the Chambers family. The postwar boom and hope for the future colors every facet of life: possibilities seem limitless for Bill, his wife, Sylvia, and their three children. In the fifty years that follow, the possibilities narrow into lives, etched by character, fate, and circumstance. Sylvia's untimely death marks her family indelibly but in ways only time

will reveal. Paul's perfect marriage yields an imperfect child. Daphne unabashedly follows an unconventional path, while Patrick discovers that his happiness requires a series of compromises. Bill confronts the onset of old age less gracefully than anticipated, and throughout, his second wife, Margaret, remains, surprisingly, the family anchor. With her remarkable ability to probe the hidden, often disturbing landscapes of love and to illuminate the complexities of human experience, Bonnie Burnard brings to her deceptively simple narrative a clarity that is both moving and profound.

Birdy Heads Sep 05 2020 My clients started the bad habit of pointing at strangers and calling them birdy heads! Most people will forgive the rantings of people with Down syndrome, but these strangers were not having it. My apologies didn't do much to assuage the victims of the name-calling, and I soon found out why. What I discovered was that they were, in effect, "different" from the rest of us, and I snooped to find out why. I almost wished I hadn't, because the realization of who or what they were set a whole chain reaction of chaos and disasters, including my crimes of kidnapping and murder and fleeing for our lives. In the course of our running from the strangers, the law, and others, we found friends, allies, and a lot of enemies. But I couldn't run away from the truth, no matter how much it cost me, us.

Medical information is compiled, lists of doctors, units, programs, research teams, material on her career, achievements, pet projects, attitudes, goals. In this hospital is an extremely rich clan of generous people. She is first to admit that her most remarkable accomplishment is her team. The art of tyranny in the black knight, Grant Bates, is at its finest with hidden agendas, secret societies, deception that culminates in the murder of faith, hope and love. This is the story of one woman who survives death, overcomes all obstacles and finds pure love as a dynamic duo. There is a powerful love between them and they are able to find a new balance. Grant Bates releases his tyrannical hold and the story draws to an intoxicating finish with I did it. It is over. Medical, educational and religious circles have been mesmerized by this story. Bonnie's New Auntie Oct 19 2021 Meet Bonnie Billings : a 16-year-old "C" student with "D" looks and an "E" future ahead of her, living in a "C" household in the Phoenix, Arizona of the 2040s. A lot's been happening "out there" lately, but neither Bonnie nor her family pay much attention; they're too preoccupied with keeping up with the Joneses and - in Bonnie's case - in surviving non-stop bullying from the "in-crowd" at her dreary, run-of-the mill, suburban high-school. This evening, her father's younger brother - one "Bob Billings" from Tucson - is coming over for dinner, after a prolonged, unexplained absence. Uncle Bob's bringing his whole clan, but Bonnie despises boring family get-togethers... and her uncle has a new trophy girlfriend, who's everything that Bonnie had forlornly hoped to be, but came in "last in class" about. And what's even worse (so she's been told) is - adding insult to injury - this way-too-young-looking woman is now going to be Bonnie's "Auntie"! The Billings teenager hates Uncle Bob's new "squeeze", sight-unseen; but Bonnie's new "Auntie" is unlike anyone who has ever set foot on Planet Earth... and Bonnie's "C" lifestyle is in for a big change!

Catching Dreams Jul 04 2020 In a rare memoir about the Negro Leagues and its celebrated players, Frazier "Slow" Robinson offers an inspiring and often entertaining view of the black baseball diamond through a catcher's mask. In 1939, at the age of 29—after playing professional baseball for twelve years—Frazier Robinson caught the legendary Satchel Paige in barnstorming games from New Orleans to Walla Walla. Robinson played several more seasons in the Negro Leagues before finishing his career in Canada. While his career was a solid one, it was less spectacular than that of his friend and Hall-of-Famer, Satchel Paige, and so more typical of the experience of most Negro Leaguers. Richly embroidered with the threads of black society and of life as a black athlete in a racially divided nation, Robinson recounts his long career with the skill and ease of a natural storyteller. He covers, in remarkable detail, the personal perspective of the men, the teams, and the times that shaped this uniquely American subculture. From playing catcher for obscure industrial teams to barnstorming with Satchel Paige, he chronologically traces his nationwide path through the 1920s, '30s, '40s, and early '50s. The Foreword by John "Buck" O'Neil and Introduction by Gerald Early place Robinson squarely in the world of sports, African American culture, and American history.

Great Mystery Apr 12 2021 In the 1970s, Rian makes a choice outside the norm. Not only is she a woman with a husband and children, but she also becomes one of the first female police officers. In her quest for excitement and fulfillment, she climbs a mountain one step at a time through a mire of prejudice, egos, and archaic attitudes. Great Mystery is inspired by the author's own life experiences and tells the story of Rian McCarren Clark, a woman police officer who battles for the innocents. She fights for the victims of a judicial system that often re-victimized them and left families in tatters. This portrays the life of a hero who broke the barriers of a man's world in law enforcement. As she gets older, she is left with memories of victims of violence, greed, decadence, and perversion. She also finds love, loss, and the fulfillment of family, all while caring for the abused and neglected.

Women in Microbiology Sep 25 2019 Many girls want to become scientists when they grow up, just like many boys do. But for these girls, the struggle to do what they love and to be treated with respect has been much harder because of the discrimination and bias in our society. In *Women in Microbiology*, we meet women who, despite these obstacles and against tough odds, have become scientific leaders and revered mentors. The women profiled in this collection range from historic figures like Alice Catherine Evans and Ruth Ella Moore to modern heroes like Michele Swanson and Katrina Forest. What binds all of these remarkable women are a passion for their work, a zest for life, a warm devotion to mentoring others—especially younger women—and a sense of justice and fairness that they are willing to fight tirelessly to obtain. Each story is unique, but each woman featured in *Women in Microbiology* has done so much to expand our knowledge of the natural world while also making it easier for the next generation of scientists to work collaboratively and in an atmosphere where people are judged by their intellect, imagination, skill, and commitment to service regardless of gender or race. *Women in Microbiology* is a wonderful collection of stories that will inspire everyone, but especially young women and men who are wondering how to find their way in the working world. Some of the names are familiar and some are lesser known, but all of the stories arouse a sense of excitement, driven by tales of new, important scientific insights, stories of overcoming adversity and breaking boundaries, and the inclusion of personal tips and advice from successful careers. These stories are proof that a person can live a balanced and passionate life in science that is rich and rewarding.

The Eye of the Beholder Oct 07 2020 On a bright, sunny day, Connecticut senator Theodore Lucci is driven home to his waterfront estate in Greenwich. An unexpected sight meets him: several police vehicles parked by his front door. As he exits his car, he is placed under arrest, and his life is changed forever. According to authorities, Theodore killed two men in cold blood and robbed \$30,000 from a local bank, but there's no motive. Theodore is the son of a self-made billionaire and has a beautiful wife, twin boys, and a successful political career. Nothing makes sense—unless Theodore is in the midst of a conspiracy. It's possible his father, Anthony Lucci, and his father's best friend and head of a Columbian drug cartel could be involved. Perhaps the eyewitnesses who identified Theodore are wrong, but if Theodore is innocent, who was the mystery man at the bank?

There are too many questions, not enough answers, and a man's life at stake as authorities struggle to uncover a truth that is deeply buried. [Sabal Palms and the Southern Squall](#) Jul 28 2022 Elaine Smith lived in the small coastal town of Sabal Palms long enough to know when to worry about a squall and when to simply close the windows and wait for it to pass. This one would be significant. It would be significant in terms of damage, but that was to be expected. What no one expected was the profound effect it would have on the lives of people from the Texas coast to New York

City. Positive qualities of humanity are often displayed during times of natural disaster. But a supernatural power had attached to this storm and subsequently worked within the hearts of the most needy, the most lonely, and the most sinister. The lives of four delightful women, a homeless teen, a rebellious son, a grieving lover who is at the bottom, a son who lost his faith, and a hired murderer are all intertwined in the aftereffects of a Category 3 hurricane thanks to a few passages written by one determined woman.
