Tales of the Windships Sep 29 2022 In the midst of a technological age, a strange and menacing phenomenon rains upon the Earth, changing people into mindless savages. While governments around the globe unite to combat this spreading infection, airships of the 1930's are redesigned and reintroduced to the world. Because of the vessel's size and its capability to stay airborne for weeks at a time, it is regarded as the next innovation for cruise ship/vacation travel industries, while environmentalists envision it

as a solution to the world's overpopulation problem. The windship proves its worth when the stricken become organized and rise up against the world. It is then; the windship becomes a reckoning force and Earth's only hope for survival.

*Rhymes N Reasons: The Lyrical Expressions of Bob Marks* May 14 2021 In that Rhymes and Reasons are songs, not poems, I've left them in the accepted patterns necessary to set them to music. There may be some repetition but rare is the song sang in its entirety without repeating verses or choruses especially, what is now considered the chorus. The earlier songs were primarily AABA or ABAC patterns which were the norm back then. As patterns evolved into the more contemporary verse-chorus mode, I'd suspect that happened because repetition of the chorus allows for more rousing concert finales in which audience might be tempted to sing along.

*You Can't Fall Off the Floor* Apr 12 2021 A studio executive's "superb memoir" of his years in the industry, filled with hilarious stories and hard-earned wisdom (Library Journal). From watching his colleague get shot in the testicles by a jealous producer to running Hollywood's most successful TV studio, Harris Katleman had a front row seat in the development of the television industry. A classic account of the business side of entertainment, this book shares what really happened in the early careers of Hollywood stars and the development of iconic programs. Through a number of funny behind-the-scenes anecdotes, Katleman shares his journey from office boy to talent agent to

television producer, and finally to studio head at both MGM and Twentieth Century Fox. Along the way, we meet industry giants including Rupert Murdoch, Bob Iger, Barry Diller, Marvin Davis, Kirk Kerkorian, Mark Goodson, and Lew Wasserman. This memoir goes beyond the story of a life in Hollywood. It is the story of crucial developments—how motion picture film libraries were opened for television licensing, how *The Simpsons* was birthed, and much more. “Not only does this book show his leadership in the television business, it shows how strongly he fought for groundbreaking shows that transformed the industry.”—David E. Kelley “A worthy entry in the lexicon of books chronicling Hollywood of yesteryear.”—Booklist
