Play it again: Piano Nov 07 2020 Did you use to play the piano? Would you like to play again? This is the first of two books of Play it again: Piano. It will reunite you with the keyboard using real pieces from the piano repertoire to teach specific techniques and tips, to get you playing fluently once again. The level of pieces in this first book progresses from around UK grades 1 to 4 (elementary to intermediate). "I used to play the piano..." Aimed at 'returning' players who have spent some time away from the keyboard, Play it again: Piano gives you the confidence to revisit this fulfilling pastime and go beyond what you previously thought you could achieve. Each of the 28 pieces in Book 1 is accompanied by two full pages of easy-to-understand practice tips, all designed to get your fingers speeding comfortably across the keys once again! There are more comprehensive Piano Technique and Theory sections at the front and back of each book, so you can also delve deeper to regain a fuller understanding of music and technique. A refresher course for all abilities Each book is arranged in 4 progressive sections, with Book 1 moving from 'Elementary' to 'Intermediate', and Book 2 taking you from 'Late Intermediate' to 'Late Advanced'. Dip in and out wherever your level of playing suits: this two-book course starts with simple and elegant miniatures and concludes with the famously showy Prelude in C-sharp minor by Rachmaninoff! Confident pianists could start with Book 2, but there is a wealth of delightful repertoire and valuable practice tips in Book 1 – it's always useful to go 'back to basics'. From Schumann to shuffles Baroque, Classical and Romantic works sit alongside Jazz, Ragtime, contemporary or traditional pieces at every level, so each lesson brings something different and you'll learn to play in a range of styles, some of which may be new to your fingers. If you often find yourself saying "I used to play the piano..." but wish you still did, then Play it again: Piano is the resource for you!

Silence: A User's Guide, Volume One Sep 17 2021 Silence is essential for the health and well-being of humans and the environment in which they live. Yet silence has almost vanished from our lives and our world. Of all the books that claim to be about silence, this is the only one that addresses silence directly. Silence: A User's Guide is just what the title says: it is a guide to silence, which is both a vast interior spaciousness, and the condition of our being in the natural world. This book exposes the processes by which silence can transfigure our lives--what Maggie Ross calls "the work of silence"; it describes how lives steeped in silence can transfigure other lives unawares. It shows how the work of silence was once understood to be the foundation of the teaching of Jesus, and how this teaching was once an intrinsic part of Western Christianity; it describes some of the methods by which the institution suppressed the work of silence, and why religious institutions are afraid of silence. Above all, this book shows that the work of silence gives us a way of being in the world that is more than we can ask for or imagine.

Das Spiel des Lebens und wie man es spielt Jul 24 2019 Die Autorin und Künstlerin Florence Scovel Shinn war eine beeindruckende Frau, die sich mit der Macht der Gedanken und ihrem Einfluss auf unser Leben auseinandergesetzt und dies auch mit Leidenschaft gelehrt hat. „Das Spiel des Lebens und wie man es spielt" – im Original „The Game of Life and How to Play It" – ist ein faszinierendes Buch. Obwohl es von Scovel Shinn bereits 1925 publiziert wurde, hat es nichts von seiner Gültigkeit und Brisanz verloren. Die Autorin erklärt uns in einfachen Worten die Gesetzmäßigkeiten des Lebens. Ihre Lehre ist allgemein gültig und somit zeitlos. Für jede und jeden von uns steht die absolute Fülle nach göttlichem Recht bereit. Wir müssen nur wissen, wie wir uns dafür bereit machen und sie empfangen können.
