How Rome Fell Aug 29 2022 Examines the decline of the Roman Empire, from the second to the sixth century, and how internal conflicts and the personal ambitions of its rulers brought about its eventual downfall.

Rome's Greatest Defeat Jun 26 2022 In AD 9 half of Rome's Western army was ambushed in a German forest and annihilated. Three legions, three cavalry units and six auxiliary regiments - some 25,000 men - were wiped out. It dealt a body blow to the empire's imperial pretensions and was Rome's greatest defeat. No other battle stopped the Roman empire dead in its tracks. Although one of the most significant and dramatic battles in European history, this is also one which has been largely overlooked. Drawing on primary sources and a vast wealth of new archaeological evidence, Adrian Murdoch brings to life the battle itself, the historical background and the effects of the Roman defeat as well as exploring the personalities of those who took part.

A Handbook of Rome and Its Environs; Forming Part II. of the Handbook for Travellers in Central Italy. Fifth Edition of the Work Originally Written by Octavian Blewitt , Carefully Revised on the Spot, and Considerably Enlarged, Etc Aug 17 2021 **The American Cyclopædia** Jun 02 2020

Roman Warfare Apr 24 2022 From an award-winning historian of ancient Rome, a concise and comprehensive history of the fighting forces that created the Roman Empire Roman warfare was relentless in its pursuit of victory. A ruthless approach to combat played a major part in Rome's history, creating an empire that eventually included much of Europe, the Near East and North Africa. What distinguished the Roman army from its opponents was the uncompromising and total destruction of its enemies. Yet this ferocity was combined with a genius for absorbing conquered peoples, creating one of the most enduring empires ever known. In *Roman Warfare*, celebrated historian Adrian Goldsworthy traces the history of Roman warfare from 753 BC, the traditional date of the founding of Rome by Romulus, to the eventual decline and fall of Roman Empire and attempts to recover Rome and Italy from the "barbarians" in the sixth century AD. It is the indispensable history of the most professional fighting force in ancient history, an army that created an Empire and changed the world.

Augustus Oct 19 2021 Caesar Augustus schemed and fought his way to absolute power. He became Rome's first emperor and ruled for forty-four years before dying peacefully in his bed. The system he created would endure for centuries. Yet, despite his exceptional success, he is a difficult man to pin down, and far less well-known than his great-uncle, Julius Caesar. His story is not always edifying: he murdered his opponents, exiled his daughter when she failed to conform and freely made and broke alliances as he climbed ever higher. However, the peace and stability he fostered were real, and under his rule the empire prospered. Adrian Goldsworthy examines the ancient sources to understand the man and his times.

Hadrian's Wall May 14 2021 From an award-winning historian of ancient Rome, a definitive history of Hadrian's Wall Stretching

eighty miles from coast to coast across northern England, Hadrian's Wall is the largest Roman artifact known today. It is commonly viewed as a defiant barrier, the end of the empire, a place where civilization stopped and barbarism began. In fact, the massive structure remains shrouded in mystery. Was the wall intended to keep out the Picts, who inhabited the North? Or was it merely a symbol of Roman power and wealth? What was life like for soldiers stationed along its expanse? How was the extraordinary structure built -- with what technology, skills, and materials? In *Hadrian's Wall*, Adrian Goldsworthy embarks on a historical and archaeological investigation, sifting fact from legend while simultaneously situating the wall in the wider scene of Roman Britain. The result is a concise and enthralling history of a great architectural marvel of the ancient world.

A Handbook of Rome and Its Environs Dec 21 2021 Reprint of the original, first published in 1869.

Caesar Jul 16 2021 The story of one of the most brilliant, flamboyant and historically important men who ever lived. 'A superb achievement' LITERARY REVIEW 'Combines scholarship with storytelling to bring the ancient world to life: in his masterly new CAESAR he shows us the greatest Roman as man, statesman, soldier and lover' Simon Sebag Montefiore 'Magnificent' DAILY TELEGRAPH From the very beginning, Caesar's story makes dazzling reading. In his late teens he narrowly avoided execution for opposing the military dictator Sulla. He was decorated for valour in battle, captured and held to ransom by pirates, and almost bankrupted himself by staging games for the masses. As a politician, he quickly gained a reputation as a dangerously ambitious maverick. By his early 30s he had risen to the position of Consul, and was already beginning to dominate the Senate. His affairs with noblewomen were both frequent and scandalous. His greatest skill, outside the bedroom, was as a military commander. In a string of spectacular victories he conquered all of Gaul, invaded Germany, and twice landed in Britain - an achievement which in 55BC was greeted with a public euphoria comparable to that generated by the moon landing in 1969. In just thirty years he had risen from a position of virtual obscurity to become one of the richest men in the world, with the power single-handedly to overthrow the Republic. By his death he was effectively emperor of most of the known world.

ADRIAN ROME Jun 14 2021 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

THE GREAT HISTORICAL, Geographical and Poetical DICTIONARY Mar 31 2020

The Fall of Carthage Oct 07 2020 The struggle between Rome and Carthage in the Punic Wars was arguably the greatest and most desperate conflict of antiquity. The forces involved and the casualties suffered by both sides were far greater than in any wars fought before the modern era, while the eventual outcome had far-reaching consequences for the history of the Western World, namely the ascendancy of Rome. An epic of war and battle, this is also the story of famous generals and leaders: Hannibal, Fabius Maximus, Scipio Africanus, and his grandson Scipio Aemilianus, who would finally bring down the walls of Carthage.

Cannae Feb 08 2021 From an award-winning historian of ancient Rome, the definitive history of Rome's most devastating defeat August 2, 216 BC was one of history's bloodiest single days of fighting. On a narrow plain near the Southern Italian town of Cannae, despite outnumbering their opponents almost two to one, a massive Roman army was crushed by the heterogeneous forces of Hannibal, the Carthaginian general who had spectacularly crossed the Alps into Italy two years earlier. The scale of the losses at Cannae--50,000 Roman men killed--was unrivaled until the industrialized slaughter of the First World War. Although the Romans eventually recovered and Carthage lost the war, the Battle of Cannae became Romans' point of reference for all later military catastrophes. Ever since, military commanders confronting a superior force have attempted, and usually failed, to reproduce Hannibal's tactics and their overwhelming success. In Cannae, the celebrated historian Adrian Goldsworthy offers a concise and enthralling history of one of the most famous battles ever waged, setting Cannae within the larger contexts of the Second Punic War and the nature of warfare in the third century BC. It is a gripping read for historians, strategists, and anyone curious about warfare in antiquity and Rome's rise to power.

The Fort Dec 09 2020 AD 105: Dacia. Centurion Flavius Ferox commands an isolated fort beyond the Danube. First in a new adventure trilogy set on the frontier of the Roman Empire. AD 105: DACIA The Dacian kingdom and Rome are at peace, but no one thinks that it will last. Sent to command an isolated fort beyond the Danube, centurion Flavius Ferox can sense that war is coming, but also knows that enemies may be closer to home. Many of the Brigantes under his command are former rebels and convicts, as likely to kill him as obey an order. And then there is Hadrian, the emperor's cousin, and a man with plans of his own. "An instant classic of the genre." --Harry Sidebottom An authentic, enjoyable read." --TheTimes

Rom und Byzanz Jan 22 2022

A Dictionary of General Biography Feb 29 2020

In the Name of Rome Oct 31 2022 The complete and definitive history of how Roman generals carved out the greatest and longest-lasting empire the world has ever seen. The Roman army was one of the most effective fighting forces in history. The legions and their commanders carved out an empire which eventually included the greater part of the known world. This was thanks largely to the generals who led the Roman army to victory after victory, and whose strategic and tactical decisions shaped the course of several centuries of warfare. This book, by the author of THE PUNIC WARS, concentrates on those Roman generals who displayed exceptional gifts of leadership and who won the greatest victories. With 26 chapters covering the entire span of the Roman Empire, it is a complete history of Roman warfare.

The Pontificate of Clement VII Jan 10 2021 The pontificate of Clement VII (Giulio de' Medici) is usually regarded as amongst the most disastrous in history, and the pontiff characterized as timid, vacillating, and avaricious. It was during his years as pope (1523-34)

that England broke away from the Catholic Church, and relations with the Holy Roman Emperor deteriorated to such a degree that in 1527 an Imperial army sacked Rome and imprisoned the pontiff. Given these spectacular political and military failures, it is perhaps unsurprising that Clement has often elicited the scorn of historians, rather than balanced and dispassionate analysis. This interdisciplinary volume, the first on the subject, constitutes a major step forward in our understanding of Clement VII's pontificate. Looking beyond Clement's well-known failures, and anachronistic comparisons with more 'successful' popes, it provides a fascinating insight into one of the most pivotal periods of papal and European history. Drawing on long-neglected sources, as rich as they are abundant, the contributors address a wide variety of important aspects of Clement's pontificate, re-assessing his character, familial and personal relations, political strategies, and cultural patronage, as well as exploring broader issues including the impact of the Sack of Rome, and religious renewal and reform in the pre-Tridentine period. Taken together, the essays collected here provide the most expansive and nuanced portrayal yet offered of Clement as pope, patron, and politician. In reconsidering the politics and emphasizing the cultural vitality of the period, the collection provides fresh and much-needed revision to our understanding of Clement VII's pontificate and its critical impact on the history of the papacy and Renaissance Europe.

Antony and Cleopatra Oct 26 2019 The love affair between Antony and Cleopatra is one of the most famous stories from the ancient world and has been depicted in countless novels, plays and films. As one of the three men in control of the Roman Empire, Antony was perhaps the most powerful man of his day. And Cleopatra, who had already been Julius Caesar's lover, was the beautiful queen of Egypt, Rome's most important province. The clash of cultures, the power politics, and the personal passion have proven irresistible to storytellers. But in the course of this storytelling dozens of myths have grown up. The popular image of Cleopatra in ancient Egyptian costume is a fallacy; she was actually Greek. Despite her local dominance in Egypt, her real power came from her ability to forge strong personal allegiances with the most important men in Rome. Likewise, Mark Antony was not the bluff soldier of legend, brought low by his love for an exotic woman - he was first and foremost a politician, and never allowed Cleopatra to dictate policy to him. In this history, based exclusively on ancient sources and archaeological evidence, Adrian Goldsworthy gives us the facts behind this famous couple and dispels many myths.

Augustus Sep 29 2022 The dramatic story of Rome's first emperor, who plunged into Rome's violent power struggles at the age of nineteen, proceeded to destroy all rivals, and more than anyone else created the Roman Empire

The national encyclopædia. Libr. ed Aug 24 2019

The Fall of the West Mar 24 2022 The Fall of the Roman Empire has been a best-selling subject since the 18th century. Since then over 200 discrete reasons have been advanced for the collapse of the western half of the Roman empire. Until very recently, the academic view downplayed the death and destruction, to spin a positive story of the 'world of late antiquity'. Barbarian invasions are described in neutral language: the movement of peoples. It is all painfully 'politically correct'. Now Adrian Goldsworthy comes forward with his trademark combination of clear narrative, common sense, and a thorough mastery of the sources. In telling the story from beginning to end, he rescues the era from the mealy-mouthed and diffident: this is a red-blooded account of barbarian invasions, palace coups, scheming courtiers and corrupt emperors who set the gold standard for dissipation. It is 'old fashioned history' in the best sense: an accessible narrative with colourful characters whose story reveals the true reasons for the fall of Rome.
