Inventing Texas Apr 10 2021 Bluebonnets and tumbleweeds, gunslingers and cattle barons all form part of the romanticized lore of the state of Texas. It has an image as a larger-than-life land of opportunity, represented by oil derricks pumping black gold from arid land and cattle grazing seemingly endless plains. In this historiography of eighteenth- and nineteenth-century chronologies of the state, Laura McLemore traces the roots of the enduring Texas myths and tries to understand both the purposes and the methods of early historians. Two central findings emerge: first, what is generally referred to as the Texas myth was a reality to earlier historians, and second, myth has always been an integral part of Texas history. Myth provided the impetus for some of the earliest European interest in the land that became Texas. Beyond these two important conclusions, McLemore's careful survey of early Texas historians reveals that they were by and large painstaking and discriminating researchers whose legacy includes documentary sources that can no longer be found elsewhere. McLemore shows that these historians wrote general works in the spirit of their times and had agendas that had little to do with simply explaining a society to itself in cultural terms. From Juan Agustin Morfi's *Historia* through Henderson Yoakum's *History of Texas* to the works of Dudley Wooten, George Pierce Garrison, and Lester Bugbee, the portrayal of Texas history forms a pattern. In tracing the development of this pattern, McLemore provides not only a historiography but also an intellectual history that gives insight into the changing culture of Texas and America itself. Early Texas historians came from all walks of life, from priests to bartenders, and this book reveals the unique contributions of each to the fabric of state history. A must-read for lovers of Texas history, *Inventing Texas* illuminates the intricate blend of nostalgia and narrative that created the state's most enduring iconography.

Lone Star Oct 28 2022 The definitive account of the incomparable Lone Star state by the author of *Fire & Blood: A History of Mexico*. T. R. Fehrenbach is a native Texan, military historian and the author of several important books about the region, but none as significant as this work, arguably the best single volume about Texas ever published. His account of America's most turbulent state offers a view that only an insider could capture. From the native tribes who lived there to the Spanish and French soldiers who wrested the territory for themselves, then to the dramatic ascension of the republic of Texas and the saga of the Civil War years, Fehrenbach describes the changes that disturbed the state as it forged its unique character. Most compelling is the one quality that would remain forever unchanged through centuries of upheaval: the courage of the men and women who struggled to realize their dreams in The Lone Star State.

Lone Star Steeples Jul 25 2022 In *Lone Star Steeples: Historic Places of Worship in Texas*, Carl J. Christensen Jr. and Pixie Christensen present sixty-five captivating and historically significant structures in exquisite watercolor illustrations accompanied by brief summaries and convenient, handcrafted maps. Ranging from stately edifices of brick and stone located in urban centers to more humble wood-frame chapels in rural surroundings, the houses of faith shown in these pages have one important trait in common: They have all served as centers of cultural identity, spiritual comfort, and public service to the communities in which they arose. In their introduction, the Christensens write, "The journey behind Lone Star Steeples crisscrossed the state along back roads, farm roads, and state highways. In these journeys and in the stories that were told, certain patterns began to emerge: the pride of the people in building their churches debt-free, the perseverance of the people who endured their beloved church being destroyed by natural disaster once, twice, or even three times . . . the people's recognition of the church as their cultural foundation, their moral foundation, their social center." As the Christensens demonstrate, Texas is home to a remarkable diversity of people, and their places of worship reflect and celebrate that diversity.

Lone Star Tarnished Jul 21 2019 Texas pride, like everything else in the state, is larger than life. So, too, perhaps, are the state's challenges. *Lone Star Tarnished* approaches public policy in the nation's most populous "red state" from historical, comparative, and critical perspectives. The historical perspective provides the scope for asking how various policy domains have developed in Texas history. In each chapter, Cal Jillson compares Texas public policy choices and results with those of other states and the United States in general. Finally, the critical perspective allows readers to question the balance of benefits and costs attendant to what is often referred to as "the Texas way" or "the Texas model" and to assess the many claims of Texas's exceptionalism. Through Jillson's lively and lucid prose, students are well equipped to analyse how Texas has done and is doing compared to selected states and the national average over time and today. This text is aimed at students and professors of Texas politics who want to stress history, political culture, and public policy. New to the Fourth Edition Fully updated to include the most recent Texas elections and political events Covers the 2019 legislative session Highlights new population data, with projections forward to 2050, recently released by the U.S. Census and the Texas State Data Center. Explores the dramatic increases in Texas oil and gas production and their impact on global and U.S. prices and on the profitability and the viability of many Texas producers in light of the recent plunge in prices. All figures and tables include the most recent data available.

Texas Dames Feb 08 2021 These are the Texas Dames, women who sallied forth to run sprawling ranches, build towns, helm major banks and shape Lone Star history. These "Dames" broke gender and racial barriers in every facet of life. Some led the way as heroines, while others slid headlong into notoriety, but nearly all exhibited similar strands of courage and determination to wrest a country, a state and a region from the wilds. From Angelina of the Hasinai, interpreter for the Spanish, and sharpshooter Sally Scull to Dr. Claudia Potter, America's first female anesthesiologist, and Birdie Harwood, first female mayor in the United States, historian Carmen Goldthwaite has been profiling Texas women and their accomplishments in her popular "Texas Dames" column. Here are their stories, from early Tejas to the twentieth century.

Once Upon a Time in Texas May 11 2021 A rousing account of the Texas liberals who advanced the cause of civil rights, voter rights, labor law, and civil liberties illuminates the "glory days" of Austin liberalism when left-of-center activists reshaped the social and cultural landscape of the Lone Star State. (Politics & Government)

Riding for the Lone Star Jan 19 2022 The idea of Texas was forged in the crucible of frontier warfare between 1822 and 1865, when Anglo-Americans adapted to mounted combat north of the Rio Grande. This cavalry-centric arena, which had long been

the domain of Plains Indians and the Spanish Empire, compelled an adaptive martial tradition that shaped early Lone Star society. Beginning with initial tactical innovation in Spanish Tejas and culminating with massive mobilization for the Civil War, Texas society developed a distinctive way of war defined by armed horsemanship, volunteer militancy, and short-term mobilization as it grappled with both tribal and international opponents. Drawing upon military reports, participants' memoirs, and government documents, cavalry officer Nathan A. Jennings analyzes the evolution of Texan militarism from tribal clashes of colonial Tejas, territorial wars of the Texas Republic, the Mexican-American War, border conflicts of antebellum Texas, and the cataclysmic Civil War. In each conflict Texan volunteers answered the call to arms with marked enthusiasm for mounted combat. Riding for the Lone Star explores this societal passion—with emphasis on the historic rise of the Texas Rangers—through unflinching examination of territorial competition with Comanches, Mexicans, and Unionists. Even as statesmen Stephen F. Austin and Sam Houston emerged as influential strategic leaders, captains like Edward Burleson, John Coffee Hays, and John Salmon Ford attained fame for tactical success.

Lone Star Vistas Aug 26 2022 Every place is a product of the stories we tell about it—stories that do not merely describe but in fact shape geographic, social, and cultural spaces. *Lone Star Vistas* analyzes travelogues that created the idea of Texas. Focusing on the forty-year period between Mexico's independence from Spain (1821) and the beginning of the US Civil War, Astrid Haas explores accounts by Anglo-American, Mexican, and German authors—members of the region's three major settler populations—who recorded their journeys through Texas. They were missionaries, scientists, journalists, emigrants, emigration agents, and military officers and their spouses. They all contributed to the public image of Texas and to debates about the future of the region during a time of political and social transformation. Drawing on sources and scholarship in English, Spanish, and German, *Lone Star Vistas* is the first comparative study of transnational travel writing on Texas. Haas illuminates continuities and differences across the global encounter with Texas, while also highlighting how individual writers' particular backgrounds affected their views on nature, white settlement, military engagement, Indigenous resistance, African American slavery, and Christian mission.

It Happened in Texas Dec 26 2019 From the murder of French explorer La Salle to the impressive career of the state's first female black senator, *It Happened in Texas* looks at intriguing people and episodes from the history of the Lone Star State. Discover why a group of migrant farm workers marched nearly 500 miles in sweltering summer heat to meet with Texas's governor. Find out how the annexation of Texas into the United States led to the first war Americans ever fought on foreign soil. Learn what prompted ranchers of South Texas to bombard the sky for hours with hundreds of explosives one starry night in the fall of 1891. And relive the last days of outlaw couple Bonnie and Clyde, from an endearing family reunion to their violent deaths in an unrelenting hail of gunfire.

Lone Star Travel Guide to Central Texas Jun 19 2019 Formerly a part of the popular *Lone Star Guide to the Texas Hill Country*, Central Texas now gets its own treatment in this up-to-date guide that includes history, folklore, and geography; detailed listings of lodgings, restaurants, and entertainment; major attractions, including state parks, museums, and historic places; directions, days and hours of operation, addresses, and phone numbers; and maps and calendar of events. Five tours take you from the Balcones Escarpment to "Central Texas Stew," a region of the state largely settled by Czechs and Germans in the early twentieth century.

Branding Texas Aug 14 2021 Ask anyone to name an archetypal Texan, and you're likely to get a larger-than-life character from film or television (say John Wayne's Davy Crockett or J. R. Ewing of TV's *Dallas*) or a politician with that certain swagger (think LBJ or George W. Bush). That all of these figures are white and male and bursting with self-confidence is no accident, asserts Leigh Clemons. In this thoughtful study of what makes a "Texan," she reveals how Texan identity grew out of the history—and, even more, the myth—of the heroic deeds performed by Anglo men during the Texas Revolution and the years of the Republic and how this identity is constructed and maintained by theatre and other representational practices. Clemons looks at a wide range of venues in which "Texanness" is performed, including historic sites such as the Alamo, the battlefield at Goliad, and the San Jacinto Monument; museums such as the Bob Bullock Texas State History Museum; seasonal outdoor dramas such as *Texas! at Palo Duro Canyon*; films such as John Wayne's *The Alamo* and the IMAX's *Alamo: The Price of Freedom*; plays and TV shows such as *The Tunatrilogy*, *Dallas*, and *King of the Hill*; and the *Cavalcade of Texas* performance at the 1936 Texas Centennial. She persuasively demonstrates that these performances have created a Texan identity that has become a brand, a commodity that can be sold to the public and even manipulated for political purposes.

Texas Eats Mar 09 2021 Who says cooking is for homebodies? Veteran Texas food writer Robb Walsh served as a judge at a chuck wagon cook-off, worked as a deckhand on a shrimp boat, and went mayhaw-picking in the Big Thicket. As he drove the length and breadth of the state, Walsh sought out the best in barbecue, burgers, kolaches, and tacos; scoured museums, libraries, and public archives; and unearthed vintage photos, culinary stories, and nearly-forgotten dishes. Then he headed home to Houston to test the recipes he'd collected back in his own kitchen. The result is *Texas Eats: The New Lone Star Heritage Cookbook*, a colorful and deeply personal blend of history, anecdotes, and recipes from all over the Lone Star State. In *Texas Eats*, Walsh covers the standards, from chicken-fried steak to cheese enchiladas to barbecued brisket. He also makes stops in East Texas, for some good old-fashioned soul food; the Hill Country, for German- and Czech-influenced favorites; the Panhandle, for traditional cowboy cooking; and the Gulf Coast, for timeless seafood dishes and lost classics like pickled shrimp. *Texas Eats* even covers recent trends, like Viet-Texan fusion and Pakistani fajitas. And yes, there are recipes for those beloved-but-obscure gems: King Ranch casserole, *parisa*, and barbecued crabs. With more than 200 recipes and stunning food photography, *Texas Eats* brings the richness of Texas food history vibrantly to life and serves up a hearty helping of real Texas flavor.

The Texas Constitution: The People, History, and Government of the Lone Star State Jan 07 2021 Written for university political science classes, this book begins with early Texas history; it includes discussions of immigration, migration, the constitutions, political culture, and people of Texas. The final part of the book discusses the three Branches of Texas Government.

Lone Star Politics Sep 22 2019 "In Texas, myth often clashes with the reality of everyday government. Explore the state's rich political tradition with *Lone Star Politics* as this author team explains who gets what and how. Utilizing the comparative method, the authors set Texas in context with other states' constitutions, policymaking, electoral practices, and institutions as they delve into the evolution of its politics. Critical thinking questions and unvarnished "Winners and Losers" discussions guide students toward understanding Texas government and assessing the state's political landscape. The Seventh Edition is highly revised with coverage of the state's response to the COVID pandemic, brand new chapter-level learning objectives, new Texas Legends boxes on suffragists, updated demographic and immigration statistics, and new Discussion Starter questions to help in-class discussion on critical policy debates"--

Lone Star Lawmen Jul 13 2021 Written by a respected Western historian, here is the definitive account of the Texas Rangers, a vivid portrait of these legendary peace officers and their role in a changing West.

Texas, A Guide to the Lone Star State Nov 05 2020

Lone Star Universe Dec 06 2020

Texas on the Table May 31 2020 With a bounty of locally grown meats and produce, artisanal cheeses, and a flourishing wine culture, it's a luscious time to be cooking in Texas. From restaurant chefs to home cooks, Texans are going to local dairies, orchards, farmers' markets, ranches, vineyards, and seafood sellers to buy the very freshest ingredients, whether we're cooking

traditional favorites or the latest haute cuisine. We've discovered that Texas terroir—our rich variety of climates and soils, as well as our diverse ethnic cultures—creates a unique "taste of place" that gives Texas food a flavor all its own. Written by one of Texas's leading cookbook authors, Terry Thompson-Anderson, *Texas on the Table* presents 150 new and classic recipes, along with stories of the people—farmers, ranchers, shrimpers, cheesemakers, winemakers, and chefs—who inspired so many of them and who are changing the taste of Texas food. The recipes span the full range from finger foods and first courses to soups and breads, salads, seafood, chicken, meat (including wild game), sides and vegetarian dishes, and sweets. Some of the recipes come from the state's most renowned chefs, and all are user-friendly for home cooks. Finally, the authors and winemakers tell which recipes they turn to when opening their favorite wines. This delicious compilation of recipes and stories of the people behind them, illustrated with Sandy Wilson's beautiful photographs, makes *Texas on the Table* the must-have cookbook for everyone who relishes the flavors of the Lone Star State.

Lone Star Nation Apr 29 2020 The two-time Pulitzer Prize finalist, bestselling historian, and author of *Our First Civil War* mythologizes Texas's journey to statehood and restores the genuinely heroic spirit to a pivotal chapter in American history. • "A balanced, unromanticized account [of] America's great epic." —The New York Times Book Review From Stephen Austin, Texas's reluctant founder, to the alcoholic Sam Houston, who came to lead the Texas army in its hour of crisis and glory, to President Andrew Jackson, whose expansionist aspirations loomed large in the background, here is the story of Texas and the outside figures who shaped its turbulent history. Beginning with its early colonization in the 1820s and taking in the shocking massacres of Texas loyalists at the Alamo and Goliad, its rough-and-tumble years as a land overrun by the Comanches, and its day of liberation as an upstart republic, Brands' lively history draws on contemporary accounts, diaries, and letters to animate a diverse cast of characters whose adventures, exploits, and ambitions live on in the very fabric of our nation.

Lone Star Mind Aug 22 2019 There is the story the Lone Star State likes to tell about itself—and then there is the reality, a Texas past that bears little resemblance to the manly Anglo myth of Texas exceptionalism that maintains a firm grip on the state's historical imagination. *Lone Star Mind* takes aim at this traditional narrative, holding both academic and lay historians accountable for the ways in which they craft the state's story. A clear-sighted, far-reaching work of intellectual history, this book marshals a wide array of pertinent scholarship, analysis, and original ideas to point the way toward a new "usable past" that twenty-first-century Texans will find relevant. Ty Cashion fixes T. R. Fehrenbach's *Lone Star: A History of Texas* and the Texans in his crosshairs in particular, laying bare the conceptual deficiencies of the romantic and mythic narrative the book has served to codify since its first publication in 1968. At the same time, Cashion explores the reasons why the collective efforts of university-trained scholars have failed to diminish the appeal of the state's iconic popular culture, despite the fuller and more accurate record these historians have produced. Framing the search for a collective Texan identity in the context of a post-Christian age and the end of Anglo-male hegemony, *Lone Star Mind* illuminates the many historiographical issues besetting the study of American history that will resonate with scholars in other fields as well. Cashion proposes that a cultural history approach focusing on the self-interests of all Texans is capable of telling a more complete story—a story that captures present-day realities.

Gone to Texas Jul 01 2020 *Gone to Texas* engagingly tells the story of the Lone Star State, from the arrival of humans in the Panhandle more than 10,000 years ago to the opening of the twenty-first century. Focusing on the state's successive waves of immigrants, the book offers an inclusive view of the vast array of Texans who, often in conflict with each other and always in a struggle with the land, created a history and an idea of Texas.

Texas Politics Jun 12 2021 Approaching the politics of the Lone Star State from historical, developmental, and analytical perspectives, Cal Jillson's text avoids partisanship, ideology, and gimmicks to provide the most comprehensive, readable, and accurate brief description of Texas politics available today. Throughout the book students are encouraged to connect the origins and development of government and politics in Texas—from the Texas Constitution, to party competition, to the role and powers of the Governor—to its current day practice and the alternatives possible through change and reform. This text will allow teachers to share with their students the evolution of Texas politics, where we stand today, and where we are headed. *Texas Politics* is one of the briefest and most affordable texts on the market, yet it offers instructors and students an unmatched range of pedagogical aids and tools. Each chapter opens with a number of focus questions to orient readers to the learning objectives and concludes with a Chapter Summary, a list of Key Terms, Suggested Readings, and Web Resources. Key Terms are bolded in the text, listed at the end of the chapter, and included in a Glossary at the end of the book. Each chapter presents several photos and numerous tables and figures to highlight the major ideas, issues, individuals, and institutions discussed. Each chapter also contains a Let's Compare feature, comparing selected states to Texas on various dimensions.

Cream, Deep-Fried Coca-Cola, and Sweet Pineapple Tamales. With more than 60 classic and brand spankin' new recipes for cakes, cookies, puddings, cobblers, ice cream, pies, and pastries, *Sweet on Texas* reveals the sweet side of Texan cuisine.
Texas Nov 17 2021

T Is for Texas Oct 16 2021 Go on an alphabetized field trip around the lone star state and discover it's marvelous plants, animals, foods, and places.

Lone Star Politics Feb 20 2022 In Texas, myth often clashes with the reality of everyday governance. The Nacogdoches author team (Ken Collier, Steven Galatas, & Julie Harrelson-Stephens) of *Lone Star Politics* explores the state's rich political tradition and explains who gets what, and how by setting Texas in context with other states' constitutions, policymaking, electoral practices, and institutions. Critical thinking questions and unvarnished "Winners and Losers" discussions guide students toward understanding Texas government. This Fifth Edition expands its coverage of civil rights in the state, and includes the contemporary issues that highlight the push and pull between federal, state, and local governments.

Texas Is the Reason: The Mavericks of Lone Star Punk Oct 04 2020 Arriving in 1978, hitched to the back of the Sex Pistols tour bus, punk soon became as mythic in Texas as the state's devotion to football, cattle, and prayer. Confrontational renegades like the Huns, the Big Boys, and the Dicks led a defiant new era of blood, sweat, and cross-dressing cowboys. Austin son Pat Blashill grabbed a camera and began shooting local punk bands, uncovering a story of desperation and creative deliverance, set in trailer parks, low-rent shared housing, and wild, Texas bucket-of-beer bars. Along the trail Blashill befriended and photographed the Big Boys, the Dicks, Butthole Surfers, Poison 13, the Hickoids, the Offenders, Scratch Acid, Daniel Johnston, Doctors' Mob, Glass Eye, and others. As Austin became a mecca for live music, he captured equally iconic images of touring bands including Sonic Youth, Devo, Samhain, Soul Asylum, the Replacements, and the Dead Kennedys. More than two hundred of Blashill's deep black and white photos are joined here by essays from director Richard Linklater (*Slacker/School of Rock*); singer David Yow (*Scratch Acid/Jesus Lizard*); drummer Teresa Taylor (*Butthole Surfers*); and local luminaries Adriane "Ash" Shown and Donna Rich. True mavericks banded together to make a stand, and? *Texas Is the Reason*.

Lone Star Rising Oct 24 2019 Three tales of the Old West chronicle the formative years of the Texas Rangers as they follow the exploits of Rusty Shannon, a one-time captive of the Comanche, who pursues his own quest for vengeance while struggling to uphold justice.

Why Texas Aug 02 2020 The founder of the elite business network YTexas interviews eighteen CEOs and other business leaders on the growth benefits of the Lone Star State. In recent years, hundreds of companies have relocated to the Lone Star State. But they don't just move—they stay, grow, expand, and tell others to join them. Ed Curtis reveals why in this volume of insightful interviews with Texas-based Fortune 500 CEOs, entrepreneurs, leaders, and business icons. Did you know that San Antonio Texas is a major biotech center? Were you aware that the first 7-11 was founded in Dallas? Or that Kendra Scott's first venture was to help cancer patients? Or that podcast and publishing icon Tim Ferriss recently relocated to Austin? Filled with Texan pride, economic insight, and helpful tips from Dallas Stars CEO Jim Lites, T. Boone Pickens, and many more, this is a must-read for anyone contemplating a relocation—or even a visit—to Texas.

Lone Star Texas May 23 2022

The Lone Star and the Swastika Jan 27 2020 Presents an analysis of the prisoner of war program as it was carried out in Texas during World War II, looking at how camps were selected and constructed, camp routine, the treatment of prisoners, and the problems encountered with the pro-Nazi prisoners.

God Save Texas Apr 22 2022 A New York Times Notable Book National Book Critics Circle Award Finalist An NPR Best Book of the Year *God Save Texas* is a journey through the most controversial state in America. It is a red state, but the cities are blue and among the most diverse in the nation. Oil is still king, but Texas now leads California in technology exports. Low taxes and minimal regulation have produced extraordinary growth, but also striking income disparities. Texas looks a lot like the America that Donald Trump wants to create. Bringing together the historical and the contemporary, the political and the personal, Texas native Lawrence Wright gives us a colorful, wide-ranging portrait of a state that not only reflects our country as it is, but as it may become—and shows how the battle for Texas's soul encompasses us all.

Lone Star Legacy, a Texas Cookbook Feb 26 2020 Over 800 recipes are seasoned with cooking tips, spiced with Texas trivia, and frosted with breathtaking photos of Texas landmarks and landscapes.

Texas Jun 24 2022 Written in a narrative style, this comprehensive yet accessible survey of Texas history—from early times to the present—offers a balanced, scholarly presentation of all time periods and topics. From the beginning sections on geography and prehistoric people, to the concluding discussions on the start of the twenty-first century, this text successfully considers each era equally in terms of space and emphasis.

Lone Star Wildflowers Sep 15 2021 "In photographs and text, describes hundreds of Texas wildflowers. The 400 photographs are arranged by color to aid identification. The book describes past and present uses of the plants, the stories behind their scientific and common names, their medicin

I is for Lone Star Mar 21 2022 The letters of the alphabet are represented by words, set in short rhymes with additional information, relating to the state of Texas.

Lone Star Dec 18 2021
