Ethical Problems in the Practice of Law Jan 18 2022 Ethical Problems in the Practice of Law, Fourth Edition is a problem-based casebook with a contemporary and thoughtful approach to challenging ethical dilemmas, encouraging deep analysis and lively class discussion. Thoroughly updated, the Fourth Edition presents: Recent changes to the Model Rules and other new developments in the law governing lawyers, and numerous new examples of recent cases of lawyer misconduct Six new problems on conflicts of interest, a criminal defense lawyer's duty to investigate, prosecutorial investigations, and relationships between lawyers and judges Up-to-date discussions of how the Internet is affecting law practice, including the use of e-mail, social media, blogging, and raising capital for law firms by crowdfunding Expanded coverage of the post-recession changes in the legal profession Discussion of the implications for confidentiality of employer monitoring of employees, government monitoring of electronic communications, and hacking of law firm computer systems Deeper coverage of ethical issues for prosecutors Lerman/Schrag/Gupta Model Rules supplement includes 115 practice questions and detailed answers to help students prepare for the MPRE, and a selection of provisions from the state ethics codes that diverge from the Model Rules for comparative analysis

Handbook of Massachusetts Land Use and Planning Law, 4th Edition Jun 23 2022 When you're dealing with any piece of real estate in Massachusetts, you

need to understand the applicable land use regulations and cases. This revised Fourth Edition of Mark Bobrowski's Handbook of Massachusetts Land Use and Planning Law provides all the insightful analysis and practical, expert advice you need, with detailed coverage of such important issues as: Affordable housing Special permit and variance decisions Zoning in Boston Nonconforming uses and structures Administrative appeal procedures Enforcement requests Building permits Vested rights Agricultural use exemptions Current tests for exactions SLAPP suit procedures Impact fees Civil rights challenges. Helpful tables facilitate convenient case law review, while forms and extensive cross-references add to the book's usefulness. Previous Edition: Handbook of Massachusetts Land Use and Planning Law, Third Edition, ISBN 9781454801474

Venture Deals Feb 07 2021 Es gibt sie wirklich: junge GrÄ1/4nder mit einer erfolgversprechenden Idee und einem Plan. Doch meistens fehlen ihnen die finanziellen Mittel, um ihren Plan in die Tat umzusetzen. Auf der anderen Seite stehen Investoren, die gerne in solch ein Startup finanzieren wÄ1/4rden. Wenn diese beiden Gruppen zueinander finden und sich einig werden, ist das ein Venture Deal. Wie kommen Venture Capital-Deals zustande? Das ist eine der häufigsten Fragen, die von jeder Jungunternehmer-Generation gestellt wird. Äöberraschenderweise gibt es wenig zuverlässige Informationen zu diesem Thema. Niemand weiÄÿ es besser als Brad Feld und Jason Mendelson. Die GrÄ1/4nder der Foundry Group - eine Risikokapitalfirma, die sich auf Investitionen in Unternehmen der Informationstechnologie in der FrÄ1/4hphase konzentriert - waren an Hunderten von Risikokapitalfinanzierungen beteiligt. Ihre Investitionen reichen von kleinen Start-ups bis hin zu großÄÿen Risikofinanzierungsrunden der Serie A. In Venture Deals zeigen Brad Feld und Jason Mendelson Jungunternehmern das Innenleben des VC-Prozesses, vom Risikokapital-Term Sheet und effektiven Verhandlungsstrategien bis hin zur ersten Seed- und späteren Development-Phase. Venture Deals - gibt wertvolle, praxisnahe Einblicke in die Struktur und Strategie von Risikokapital - erklärt und verdeutlicht das VC-Term Sheet und andere missverständene Aspekte der Kapitalfinanzierung - hilft beim Aufbau kooperativer und unterstÄ1/4tzender Beziehungen zwischen Unternehmern und Investoren - vermittelt die jahrelange praktische Erfahrung der Autoren Venture Deals ist unverzichtbar fÄ1/4r jeden aufstrebenden Unternehmer, Risikokapitalgeber oder Anwalt, der an VC-Deals beteiligt ist und fÄ1/4r Studenten und Dozenten in den entsprechenden Studienbereichen.

Australian Insolvency Law Aug 13 2021 Australian Insolvency Law provides an accessible and concise explanation and analysis of the important aspects of both personal and corporate insolvency law and practice. The fully revised fourth edition takes the reader through the technical and procedural aspects of each regime, to provide a clear understanding of fundamental concepts, technical detail and practical issues. International aspects of insolvency law and, in particular, the cross-border insolvency regime, are also included. Key cases, legislation and further reading are clearly set out, and problems are provided to enable readers to test their knowledge of applicable concepts. Features ÿ Accessible and easy to read ÿ Problem questions and case studies assist development of analytical and problem solving skills ÿ Aligned to Australian insolvency units

Land Use Planning and Development Regulation Law Dec 25 2019 This Hornbook introduces the fundamentals of land use planning and control law. Subjects covered include the planning process, zoning, development permission, subdivision control law, and building and housing codes. Discusses constitutional limitations and the environmental aspects of land use controls. Explores aesthetic regulation, historic preservation, and agricultural land protection.

Die Vierte Politische Theorie Sep 21 2019 Alle politischen Systeme der Moderne sind die Ergebnisse dreier unterschiedlicher Ideologien: Die erste und älteste ist die liberale Demokratie, die zweite ist der Marxismus und die dritte ist der Faschismus. Die zwei letzteren sind längst gescheitert und aus der Geschichte ausgeschieden; die erstere fungiert nicht mehr als Ideologie, sondern als etwas Selbstverständliches. Die Welt befindet sich heute am Rand einer postpolitischen Realität, in der die Werte des Liberalismus so tief eingewurzelt sind, daß sich der Durchschnittsmensch der Wirkung einer Ideologie in seiner Umwelt gar nicht bewußt ist. So droht der Liberalismus den politischen Diskurs zu monopolisieren, die Welt mit einer universalistischen Gleichheit zu überschwemmen und alles zu vernichten, was die verschiedenen Kulturen und Völker einzigartig macht. Laut Alexander Dugin bedarf es, um diesem Schicksal

zu entgehen, einer vierten Ideologie, welche in den Scherben der ersten drei nach etwaigen brauchbaren Elementen sucht, doch selbst innovativ und einzigartig bleibt. Dugin bietet für diese neue Theorie nicht Punkt für Punkt ein Programm, sondern zeichnet in Umrissen den Rahmen, in dem sie sich entwickeln könnte und die Thematik, die sie behandeln muß. Die Vierte Politische Theorie soll die Mittel und Begriffe der Moderne gegen sie anwenden, um gegenüber der Kommerzialisierung eine Rückkehr der kulturellen Vielfalt, der traditionellen Weltanschauungen aller Völker der Welt zu zeitigen - und das in einem völlig neuen Kontext. Geschrieben von einem Wissenschaftler, der die Ausrichtung heutiger russischer Geopolitik aktiv beeinflußt, ist Die Vierte Politische Theorie eine Einführung in eine Idee, die die politische Zukunft der Welt verändern könnte.

Sports Law Oct 27 2022 This book is designed to introduce students to broad topics in sports law, rather than just focusing on sports agency. Sports agency comprises only a small portion of sports law-so students will benefit greatly from learning about sports law with a broader perspective.

Law Alive Dec 05 2020

Private Security and the Investigative Process, Fourth Edition Jun 11 2021 Private Security and the Investigative Process, Fourth Edition is fully updated and continues to provide complete coverage of the investigative process for private investigations by both individuals and in corporate security environments. This edition covers emerging technology, revised legal and practical considerations for conducting interviews, and new information on case evaluation. Written by a recognized expert in security, criminal justice, ethics, and the law—with over three decades of experience—the updated edition of this popular text covers concepts and techniques that can be applied to a variety of investigations including fraud, insurance, private, and criminal. It details the collection and preservation of evidence, the handling of witnesses, surveillance techniques, background investigations, and report writing. The book reflects best practices and includes tips for ensuring accurate and reliable private sector security investigations. This new edition includes: A new section on career opportunities in paths in the investigative field A rundown of the leading security Industry associations and professional standards being published Added discussion of observational interviews include current protocols analyzing data Details of the current legal implications for security surveillance and practices Advances in technology to thwart crime and fraud in retail and other business settings An entirely new section on e-records from criminal and civil judgments Authoritative, yet accessible, this book is one of the only textbooks dedicated to the subject. It also serves as an important reference for private investigators and security professionals. Complete with numerous forms, checklists, and web exercises, it provides the tools and understanding required to conduct investigations that are professional, ethical, and effective.

Corporate Law Nov 16 2021 Many students find their Corporation Law class difficult because they do not understand the transactions giving rise to those cases. As with its predecessors, this third edition is intended to assist students by not only restating the law but also by putting the law into its business and financial context. The pedagogy is up-to-date, with a strong emphasis on the doctrinal issues taught in today's Corporations classes. The text is highly readable: The style is simple, direct, and reader-friendly. Even when dealing with complicated economic or financial issues, the text seeks to make those issues readily accessible. This new edition brings the material up-to-date with complete coverage of developments in both state corporate law and federal securities law.

The Complete Book of Wills, Estates & Trusts (4th Edition) Dec 17 2021 Whether grappling with modest or extensive assets, The Complete Book of Wills, Estates, & Trusts has long been the indispensable guide for protecting an estate for loved ones. In this completely revised fourth edition, updated to cover the latest changes in estate law, attorney Alexander A. Bove, Jr. synthesizes his decades of field and classroom experience into honest, clear, and entertaining explanations of a host of complex legal topics, including: • how to create a will and living trust • how to use a will to avoid probate and legal complications • how trusts work and how to use trusts to save taxes • how to contest a will and how to avoid a contest • how to settle an estate or make a claim against one • how to establish a durable power of attorney • how to protect assets from creditors In his straightforward and humorous style, Bove shares easy-to-understand legal definitions, savvy advice on taxes, and pragmatic and simple sample forms, all illustrated with entertaining examples and actual cases. This is the only legal guide readers will ever need to ensure that their money and holdings remain in the family.

Contemporary Family Law Sep 14 2021 In the fourth edition, all 17 chapters are fully updated to reflect the latest family law developments. Developments based on *Obergefell v. Hodges* are treated fully throughout the new edition. This popular family law casebook engages students with the significant changes to the American family and the corresponding evolution of family law doctrine and policy. The book emphasizes that contemporary families take a variety of forms, including marital and nonmarital relationships, and that constitutional considerations play an increasingly important role in family law. The fourth edition preserves and builds on the approach of the earlier editions: presenting core substantive family law doctrine while also exploring ongoing and emerging policy debates and discussing the importance of cross-disciplinary collaborations with experts in fields such as psychology and accounting. The book introduces the myriad issues central to family law practice and to a lawyer's ethical and professional responsibilities. New cases have been substituted where appropriate, and the notes following each lead case, statute or article have been thoroughly updated. In addition, new Problems expand the number of opportunities for actively engaging students. *Contemporary Family Law* highlights the issues of professional and ethical responsibility that arise in family law, not only by using Problems that invite students to engage in role playing, but also by devoting separate chapters to legal ethics, alternative dispute resolution, and private ordering. While providing a grounding in the historical and contemporary regulation of marriage, the book also devotes chapters to nonmarital couples and to establishing parenthood. The book also emphasizes concrete aspects of legal practice and professional responsibility by, for example, including material at the end of the first chapter on shifting paradigms within family law practice and the roles of family lawyers, by addressing jurisdictional issues in one integrated chapter, and by presenting problems for discussion in each chapter that enable students to apply doctrine in real-life settings that lawyers face. Moreover, because child custody arrangements lead to some of the most acrimonious family disputes, this casebook devotes two chapters to custody: the first treats the initial custody decision, and the second explores continuing litigation concerning visitation, custody, and key childrearing decisions after the initial disposition, including disputes involving third parties such as cohabitants and grandparents. Both custody chapters include disputes involving nonmarital children. New and expanded material in the fourth edition includes full treatment of *Obergefell v. Hodges* (2015), the Supreme Court's ruling on the fundamental right of same-sex couples to marry and to have every state recognize their marriage, and its ramifications throughout family law. This edition has added a separate chapter on nonmarital couples, including a section on domestic partnerships, civil unions, and other legal statuses in the wake of *Obergefell*; extensive coverage of debt and family finances, reflecting the current economic climate, as well as new material on how taxes affect families; substantially updated discussion of the impact of gender in child custody decisions and the current legal status of shared parenting; an expanded Section on the Hague Convention; detailed discussion of new and emerging reproductive technologies; and major revisions to the chapter on child support (including recent data on the central role of child support in low-income families). The chapter on private ordering integrates the new Uniform Premarital and Marital Agreements Act. Finally, the comprehensive 700-page teachers manual presents explanations and pedagogical strategies, including extended exercises, that will help new adopters design a rich course that meets their students'

Schein's Common Sense Emergency Abdominal Surgery, 4th Edition Jan 26 2020 This, the fourth edition of Schein's *Common Sense Emergency Abdominal Surgery*, builds on the reputation of the three previous editions. Already a worldwide benchmark, translated into half a dozen languages, this book guides surgical trainees logically through the minefields of assessment and management of acute surgical abdominal conditions. General surgery as a concept may have been overtaken in many parts of the world by the development of niche specialties, but the need for a cohort of generalists able to deal competently with common surgical emergencies has not gone away. If you recognise this need then this is the book for you! Tyro surgeons and experienced practitioners alike will benefit from the distilled wisdom contained in these pages. The direct, no nonsense, writing style, supported by entertaining cartoons, gives clear guidance while at the same time providing amusing insights into our collective surgical psyche. NOT a standard textbook. Buy it! You'll not regret it. Some new editors and authors enhance the new edition. Almost all chapters have been revised to take account of new concepts and modern developments. New chapters have been added and some completely rewritten often with a new emphasis on the importance of a laparoscopic approach. Reviews of previous

editions “This is written with short punchy chapters making it a very difficult book to put down... “. R.A.B. Wood, Journal of the Royal College of Surgeons of Edinburgh “Since Mondor’s times in the forties of the last century there was no other book in surgery to be written so easy and witty ...”. Boris D. Savchuk, World Journal of Surgery “By the end I was a total enthusiast... this is a text like no other I read... Unreservedly recommended to old and young and alike.” M. Winslet, Royal Free Hospital, London, Colorectal Disease “The title describes this book perfectly. This is a no-nonsense approach to the sometimes very difficult situations in general surgery.... The authors describe their experiences in tough situations of patient care for residents and young attendings.... the historical quotes add a good amount of insight and interest. I have not come across another book like this.... Focused on the real situations that surgeons come across, the book answers the questions that are not addressed in the major textbooks.” Robert A. Hanfland, Doody’s Review Service “This book covers emergency abdominal surgery in a useful and interesting way. [It is] a small and handy book yet the coverage is wide. It would be of interest to any general surgeon and should certainly be read by surgical trainees. [It] allows mention of many things which would otherwise be excluded from a more rigidly structured work. I was also glad to be reminded of many things which I had known but forgotten. The writers clearly know what they are talking about.” David Evans, Annals of the Royal College of Surgeons of England A sample of testimonials posted on amazon... By Donald Dupuis, MD, Lahey Clinic ««««« “A Must Have Book. I am about to end my chief year in general surgery residency — my copy of the first edition shows the wear of half a dozen total read throughs and probably hundreds of referencings. Newest edition is equally good. For the last 3 years I have given this book to our interns if they finish their surgical internship. And I’ve paid for this myself — if you know how little residents get paid you will know how important I think it is. If you are in surgical training DO NOT WAIT ANOTHER DAY BEFORE YOU BUY THIS BOOK. I do agree with another reviewer who thought a bit of cool surgical technique would have been good too. But, all in all, best, most useful little book on surgery ever. Nuff said.” By Chet A. Morrison, Assistant Professor of Surgery, Director of Surgical Critical Care, Michigan State University «««« “A very useful practical guide. This is a fine book in the tradition of ‘guides to being on call’ — or maybe the ‘guide to the perplexed’. I like the straightforward get to the point style, and the directness of the book makes this a useful book to have handy when confronted with some of the emergency surgery problems. I would only say it could have had a bit more on surgical technique, and one or two references would have been useful (instead there was almost a militant insistence on as few as possible). But I would recommend it for any resident who is on call, and I find it useful as a staff sugeon as well.” By K. M. Kemp ««««« “Love it. I’m a big fan of this book, having just finished it a month ago. It’s a good mix of the author’s own experience as well as expert commentary when indicated. Compared to a textbook, it’s much more engaging and easier to read. Also compared to a text, it seems much more practical in the advice it gives. As a brand new intern, I gleaned a lot from this book. Highly recommended for fellow trainees.” By Jendri ««««« “A surgical must have. This is a very well written and very practical guide to emergency surgery. It covers virtually all aspects of emergency general surgery and does it in a very interesting way. I think this is one of the best books on the subject. For me it certainly is a must have. In the next edition, probably the only thing that I would like to add to this book would be the information about the military uniform worn by Dr Karl Schein on the photograph on one of the first pages. Dr Schein is wearing a uniform of the 1st Polish Army formed in Soviet Union in 1943. Altogether a great book.” By andrromeo ««««« “A must. Dr. Moshe Schein has a very personal view about medicine and about the art of surgery, and that is why this book is really a must for clinicians and surgeons.” By Andy ««««« “Simply perfect. The best choice in surgery for trainees! It makes the more difficult surgery areas very easy to understand. I recommend it to all surgeons.” By maxim ««««« “Worth every penny. Invaluable as a guide to assist in the resolution of a broad range of abdominal problems. The book is well structured, running from opening chapters addressing pre-operative issues, and on through a pretty complete spectrum of gut complaints likely to arise in the real world, and how best to sort them out. It’s not only useful, but very well written, and, for a text book, an absolute pleasure to read. Short bite size chapters combined with the occasional cartoon make this 3rd edition of Schein well worth the investment. Blend with Cope’s Diagnosis of the Acute Abdomen for the ideal cocktail.” By J. D. Wassner ««««« “Well-written, easy to read. Should be required reading for any General Surgery resident, & anyone who does acute-care & trauma.”

Shipping Law Aug 25 2022 "Shipping Law Fourth Edition is the landmark work in its field and provides comprehensive coverage of all aspects of maritime law from a uniquely Australian perspective. The Fourth Edition of this well-respected text on Australian maritime law captures the many developments that have occurred since the last edition published in 2004 and will include comparative reference to English and American law. Commonly-occurring maritime law issues such as ship financing, insurance and liability are dealt with in useful detail alongside more occasional matters concerning pollution from ships, shipwrecks and the salvage of vessels. ... Shipping Law Fourth Edition is an authoritative and invaluable resource for maritime law practitioners, maritime insurers and organisations involved in transporting goods by sea."--Back cover.

Psychology and Law Mar 08 2021 A comprehensive guide to the complex interactions between psychology and criminal law both in and out of the courtroom.

Asking the Law Question Oct 23 2019 In *Asking the Law Question*, Margaret Davies provides an up-to-date account of traditional and contemporary legal theory. This edition retains the critical and contemporary focus of the first three editions. It has been updated to incorporate discussion of recent works and current trends in legal theory, without losing the emphasis on seeing legal theory in its historical, social and political contexts. This fourth edition includes two new chapters on socio-legal theory and environmental jurisprudence. Legal theory means different things to different scholars. *Asking the Law Question* reflects the diversity of approaches without attempting to reduce them all into a logical narrative. It is an interdisciplinary work and draws upon a wide range of literary and philosophical sources. *Asking the Law Question* is an accessible, original and highly readable account of legal philosophy. The text provides succinct explanations of key ideas, as well as in-depth analysis and critique. Suitable for students of jurisprudence, introductory law, feminist legal theory and sociology of law, this book has also proved to be of considerable interest to legal scholars wishing to improve their knowledge of legal theory.

Contract Law Oct 03 2020 This textbook covers the Contract Law option of the new A-level law syllabus, and provides at the same time an ideal introduction for anybody coming to the subject for the first time. The book covers all A-level syllabuses/specification requirements, and is written by the principal examiner in Contract Law for one of the major examination boards. It contains extensive case illustration, and a range of examination related questions and activities. There is a special focus on key skills, and on the new synoptic assessment syllabus requirements. This fully updated fourth edition builds upon the success of the first three editions, with new case law (especially on offer and acceptance, legal intent, terms, exemption clauses and misrepresentation remedies) and coverage of new statute law (especially Unfair Terms in Consumer Contracts Regulations).

Law, Economics, and Game Theory Nov 23 2019 This book uses game theory to explain conflict between individual self-interested behavior and cooperation in economic markets, lawsuits, and legislative bodies. It demonstrates the need for social regulation in addition to free markets and judicial decisions in common law cases.

Checklist of United States Public Documents 1789-1909 Jun 30 2020

Public Health Law in a Nutshell Mar 28 2020 *Public Health Law in a Nutshell*, 4th Edition provides a compelling and informative assessment of the critical role of law in American society to protect the community's health, a theme punctuated by the COVID-19 pandemic. Understanding the field of public health law encompasses its constitutional sources and limits as well as historic and modern attempts to regulate in the interests of public health and safety. This new edition of the *Nutshell* explains and addresses these issues within a modern framework supporting the role of law toward improved health outcomes in routine and emergency applications. Updated to reflect key developments through the COVID-19 pandemic in mid-2021, the *Nutshell's* 12 chapters and 150+ graphics, illustrations, and figures lay out definitive legal issues underlying core public health powers to prevent and control communicable and chronic conditions as well as injuries and related deaths. It also explores legal routes to counter other public health threats, including tobacco and alcohol use, guns, vehicles, and defective products. Additional chapters center on difficult trade-offs related to public health information surveillance and privacy, commercial speech regulation, zoning and the built environment, and emergency legal preparedness generally. The all-new Chapter 12 centers on the dynamic legal and

policy issues implicated during the COVID-19 pandemic, the most impactful public health crisis in U.S. history. This edition of the Nutshell is a "must read" and "go to" resource text for thousands of legal or public health practitioners in the field, law- and policy-makers, and collegiate or graduate students in schools of law, public health, or medicine assessing these issues as part of their coursework or research interests.

Essentials of Health Policy and Law May 22 2022 Awarded by Book Authority one of the best Public Health books of all time, *Essentials of Health Policy and Law*, Fourth Edition explores the essential policy and legal issues impacting and flowing out of the healthcare and public health systems and the way health policies and laws are formulated. Concise and straightforward, this textbook is an introduction to the seminal issues in U.S. health policy and law, with a particular focus on national health reform under the Affordable Care Act (ACA).

Unlocking Contract Law Apr 28 2020 The *Unlocking the Law* series makes the law accessible. Each chapter contains activities such as quick quizzes and self-test questions, key facts charts to consolidate your knowledge and diagrams to aid learning. Cases, judgments and primary source quotations are prominently displayed. Summaries help you understand each chapter, there is a glossary of legal terminology. New features include problem questions with guidance on answering, as well as essay questions and answer plans, plus cases and materials exercises. All titles in the series follow the same formula and include the same features so students can move easily from one subject to another. www.unlockingthelaw.co.uk provides free resources such as multiple choice questions, key questions and answers, revision mp3s and cases and materials exercises.

Perspectives on Property Law Sep 02 2020 This reader on property law continues its lengthy track record of success of combining fascinating and essential readings and materials pertaining to property law with author commentary. Now in its Fourth Edition, *Perspectives on Property Law* adds nationally renowned property scholar Henry E. Smith as co-author to its already impressive author team. Features: Among the new readings included in the Fourth Edition: William Fischel's book on the Homevoter Hypothesis Libecap and Lueck's article on systems of land demarcation Penalver and Katyal's book on property outlaws Robert Merges's article on the new dynamism in the public domain

BUSINESS LAW - FOURTH EDITION Oct 15 2021

Concise Introduction to EU Private International Law Feb 19 2022 The third edition of this concise book is mainly intended to be used as an introduction to the rules of private international law belonging to the legal system of the European Union. It provides legal practitioners with an overview of this highly complex field of law and can serve as an introductory textbook in elective undergraduate courses and master programs offered by many law schools, both to their own students and to exchange students from other countries. The book will also be useful as a springboard towards more profound studies of statutory texts, case law, and legal literature.

Scott on Multimedia Law, 4th Edition Jul 24 2022

An Introduction to International Criminal Law and Procedure May 10 2021 Written by a team of international lawyers with extensive academic and practical experience of international criminal law, the fourth edition of this leading textbook offers readers comprehensive coverage and a high level of academic rigour

while maintaining its signature accessible and engaging style. Introducing the readers to the fundamental concepts of international criminal law, as well as the domestic and international institutions that enforce that law, this book engages with critical questions, political and moral challenges, and alternatives to international justice. Suitable for undergraduate and postgraduate students, academics and practitioners in the field, and cited by the International Criminal Tribunal for Yugoslavia, the International Criminal Court, the Special Court for Sierra Leone, the Extraordinary Chambers in the Courts of Cambodia, and the highest courts in domestic systems, this book is a must-read for anyone interested in learning more about international criminal law.

Catalogue of the Library of the Supreme Court of Victoria. Second Edition Jun 18 2019
