*Let's Go Exploring* Mar 24 2022 A fascinating investigation of a beloved comic strip The internet is home to impassioned debates on just about everything, but there's one thing that's universally beloved: Bill Watterson's comic strip Calvin and Hobbes. Until its retirement in 1995 after a ten-year run, the strip won numerous awards and drew tens of millions of readers from all around the world. The story of a boy and his best friend — a stuffed tiger — was a pitch-perfect distillation of the joys and horrors of childhood, and a celebration of imagination in its purest form. In *Let's Go Exploring*, Michael Hingston mines the strip and traces the story of Calvin's reclusive creator to demonstrate how imagination — its possibilities, its opportunities, and ultimately its limitations — helped make Calvin and Hobbes North America's last great comic strip.

Toward a Ludic Architecture Feb 20 2022 "Toward a Ludic Architecture" is a pioneering publication, architecturally framing play and games as human practices in and of space. Filling the gap in literature, Steffen P. Walz considers game design theory and practice alongside architectural theory and practice, asking: how are play and games architected? What kind of architecture do they produce and in what way does architecture program play and games? What kind of architecture could be produced by playing and gameplaying?

Borderless Economics Sep 17 2021 A century ago, migrants often crossed an ocean and never saw their homelands again. Today, they call - or Skype - home the moment their flight has landed, and that's just the beginning. Thanks to cheap travel and easy communication, immigrants everywhere stay in intimate contact with their native countries, creating powerful cross-border networks. In *Borderless Economics*, Robert Guest, The Economist's Business Editor, travels through dozens of countries and 44 American states, observing how these networks create wealth, spread ideas and foster innovation. He shows how: \* Brainy Indians in America collaborate with brainy Indians in India to build \$70 fridges and \$300 houses \* Young Chinese study in the West and then return home (where they're known as "sea turtles"), infecting China with ideas that will eventually turn it democratic \* The so-called "brain drain" - the flow of educated migrants from poor countries to rich ones - actually reduces global poverty \* America's unique ability to attract and absorb migrants lets it tap into the energy of all the world's diaspora networks. So despite its current woes, if the United States keeps its borders open, it will remain the world's most powerful nation indefinitely. With on-the-ground reporting from Asia, Africa, Europe and even Idaho, this book examines how migration, for all the disruption it causes, makes the world wealthier and happier.

**Critical Thinking** Nov 27 2019 The city of Cork experienced a political odyssey between Easter 1916 and the end of 1918. Wartime policies conceived in London manifested themselves unexpectedly in Cork--The Defence of the Realm Act was used to repress political speech; deficit spending generated massive inflation; mandatory arbitration encouraged workers to join trade unions; food rationing panicked a country scarred by the Potato Famine; and military conscription generated virtual rebellion. As a result, the Cork public increasingly turned against the war. The book examines the political situation in Cork prior to the Easter Rising; local reactions to the rebellion; the rapid creation of the Republican mass movement; the dramatic decline of the Irish Party; the explosion of anti-authority street rioting; the mobilization of women in the independence struggle; disturbances against venereal disease treatments and visiting American sailors; the emergence of radical trade unionism; agitation over the retention of local food supplies; the nationalist mobilization during the Conscription Crisis; and Sinn Féin's triumph in the 1918 General Election.

**A Critical Analysis of the Efficacy of Law as a Tool to Achieve Gender Equality** Nov 19 2021 In this book, Natalie Persadie explains that, among developing countries, the achievement of legal advances for women—at either the international or national levels—is particularly difficult where practical measures are not subsequently implemented. She examines the need for financial and human resources to make such legal measures effective.

Confronting Animal Exploitation Dec 21 2021 As animal exploitation increases, animal liberation issues are of growing concern, as seen through the rise of veganism, academic disciplines devoted to animal issues, and mainstream critiques of factory farms. Yet as the dialogues, debates and books continue to grow, the voices of "street level" activists—not academics, journalists or vegan chefs—are rarely heard. This volume broadens animal liberation dialogues by offering the arguments, challenges, inspiration and narratives of grassroots activists. The essays show what animal advocacy looks like from a collective of individuals living in and around Minnesota's Twin Cities; the essayists, however, write of issues, both personal and political, that resound on a global scale. This collection provides a platform for rank and file activists to explain why and how they dedicate their time and what is being done for animals on a local level that can translate to global efforts to end animal exploitation.

Die Calvin-und-Hobbes-Sonntagsseiten Aug 29 2022 Comicpass: Calvin und Hobbes gehören mittlerweile fast zu den Comic-Klassikern, wohl auch weil der Autor sich wie kaum ein anderer in die Phantasiewelt eines kleinen Jungen hineinversetzen kann. Der beste Freund des sechsjährigen Calvin ist sein Stofftiger Hobbes. Der wird zum echten Tiger, wenn keiner hinsieht. Ein Abenteuer folgt dem nächsten und selbstredend geraten die beiden regelmässig in Schwierigkeiten. Dieser Band der Comicreihe besteht nur aus den sogenannten Sonntagscomics. Die Geschichten haben eine ganze Seite Platz, sich zu entwickeln und nicht nur drei Bilder wie die meisten aktuellen Cartoons. Watterson trauert der Zeit nach, in der die Künstler noch richtig Platz für ihre Arbeiten hatten und die Geschichten, Dialoge und Bilder noch Raum hatten, sich zu entwickeln. Er versucht, wenigstens für die Sonntagsausgaben der Zeitung, an die Tradition anzuknüpfen und hat diese grösseren Arbeiten hier zusammengefasst. Wie meint Watterson zum Abschluss passend: "Eins ist gewiss: Kleine Jungs werden - genau wie Tiger - das ganze Terrain erkunden, das ihnen zur Verfügung steht." Ab 8 Jahren, \*\*\*\*, Alexandra von Ascheraden.

**Subversive Sabbath** Jan 22 2022 We live in a 24/7 culture of endless productivity, workaholism, distraction, burnout, and anxiety--a way of life to which we've sadly grown accustomed. This tired system of "life" ultimately destroys our souls, our bodies, our relationships, our society, and the rest of God's creation. The whole world grows exhausted because humanity has forgotten to enter into God's rest. This book pioneers a creative path to an

alternative way of existing. Combining creative storytelling, pastoral sensitivity, practical insight, and relevant academic research, *Subversive Sabbath* offers a unique invitation to personal Sabbath-keeping that leads to fuller and more joyful lives. A. J. Swoboda demonstrates that Sabbath is both a spiritual discipline and a form of social justice, connects Sabbath-keeping to local communities, and explains how God may actually do more when we do less. He shows that the biblical practice of Sabbath-keeping is God's plan for the restoration and healing of all creation. The book includes a foreword by Matthew Sleeth.

**Keep Looking** Dec 09 2020 Hector Feck found gold for the first time at age sixty-six. It was a transforming experience. As he pinched the single gold nugget from the black sand collected on the ridges of his pan, he was astounded he felt no satisfaction in this discovery, even after twenty years of occasional gold panning, dredging, and metal detector searches. Instead, he was disappointed. Not because the nugget was too small. It was not. When washed and cleaned, the nugget would fetch at le

**Excursions in Ill-Condensed Quantum Matter** Jul 28 2022 Impurities, disorder or amorphous systems – ill-condensed matter – are mostly considered inconveniences in the study of materials, which is otherwise heavily based on idealized perfect crystals. The Kondo effect and the scaling theory of localization are among the fundamental and early discoveries which revealed the novelty hidden in impure or disordered systems. Recent advances in condensed matter physics have emphasized the role of topology, spin-orbit coupling, and certain discrete symmetries such as time reversal in many physical phenomena. These have irreversibly transformed the essential ideas and purview of condensed matter physics, both in theoretical and experimental directions. However, many of these recent developments and their implications are limited to, or by, ideas that pertain to clean systems. This thesis deals with various aspects of these new developments, but in the case of unclean systems. The author introduces new ideas such as amorphous topological insulators, fractalized metals and fractionalized spins.

**The Leader's Greatest Return Workbook** Apr 24 2022 What is the greatest return on a leader's time? After leaders have invested in their own leadership growth, what is the best way to accomplish their vision and grow their organizations and teams? Develop leaders! The more leaders an organization has and the better equipped they are to lead, the more successful the organization and all of its leaders. In this new workbook, based on the title of the same name, number one New York Times bestselling author John C. Maxwell takes the process of developing leaders to the next level by relating some of the key principles he has learned over the last quarter century as his organizations have developed millions of business, government, and non-profit leaders from every country around the world. He instructs leaders how to . . . Recognize potential leaders Attract leaders by creating a leadership "table" Work themselves out of a job by equipping and empowering leaders Position leaders to build a winning team Coach leaders to higher levels and make them leadership developers themselves This is where leaders really experience the compounding value of developing leaders and go to the highest levels of leadership themselves. The Leader's Greatest Return Workbook walks you through the process and helps you create a roadmap for success. Anyone who wants to take the next step in their leadership, build their organization or team today, and create their legacy for tomorrow needs to read *The Leader's Greatest Return*. Also available as a trade book.

*This Strange and Sacred Scripture* Oct 19 2021 The Old Testament can seem strange and disturbing to contemporary readers. What should Christians make of Genesis 1-3, seemingly at odds with modern scientific accounts? Why does the Old Testament contain so much violence? How should Christians handle texts that give women a second-class status? Does the Old Testament contradict itself? Why are so many Psalms filled with anger and sorrow? What should we make of texts that portray God as filled with wrath? Combining pastoral insight, biblical scholarship, and a healthy dose of humility, gifted teacher and communicator Matthew Schlimm explores perennial theological questions raised by the Old Testament. He provides strategies for reading and appropriating these sacred texts, showing how the Old Testament can shape the lives of Christians today and helping them appreciate the Old Testament as a friend in faith.
