How to Turn Down a Billion Dollars Sep 30 2022 "In the grand tradition of Ben Mezrich's The Accidental Billionaires (2009)... an engaging look into a fascinating subculture of millions." —Booklist "Breezy...How to Turn Down a Billion Dollars ably if uncritically chronicles the short history of a young company catering to young users, with a young chief executive, and reveals, intentionally or not, the limitations that come with that combination." —Wall Street Journal The improbable and exhilarating story of the rise of Snapchat from a frat boy fantasy to a multi-billion dollar internet unicorn that has dramatically changed the way we communicate. In 2013 Evan Spiegel, the brash CEO of the social network Snapchat his co-founder Bobby Murphy stunned the press when they walked away from a three-billion-dollar offer from Facebook: how could an app teenagers use to text dirty photos dream of a higher valuation? Was this hubris, or genius? In How to Turn Down a Billion Dollars, tech journalist Billy Gallagher takes us inside the rise of one of Silicon Valley's hottest start-ups. Snapchat developed from a simple wish for disappearing photos as Stanford junior Reggie Brown nursed regrets about photos he had sent. After an epic feud between best friends, Brown lost his stake in the company, while Spiegel has gone on to make a name for himself as a visionary—if ruthless—CEO worth billions, linked to celebrities like Taylor and his wife, Miranda Kerr. A fellow Stanford undergrad and fraternity brother of the company's founding trio, Gallagher has covered Snapchat from the start. He brings unique access to a company Bloomberg Business called "a cipher in the Silicon Valley technology community." Gallagher offers insight into challenges Snapchat faces as it transitions from a playful app to one of the tech industry's preeminent public companies. In the tradition of great business narratives, How to Turn Down a Billion Dollars offers the definitive account of a company whose goal is no less than to remake the future of entertainment.

KIA Apr 25 2022 The Pentagon brass make the designations: AWOL. MIA. KIA. Every soldier with a designation, and no man left behind. And Dr. Kel McKelvey is the man to bring those soldiers home -- from battlefields around the world. When a soldier's remains are found in the Calvary cemetery of Thanh Lay Hamlet outside of the rechristened Ho Chi Minh City, a reluctant Vietnamese government agrees to the repatriation of the body believed to be Master Sergeant Jimmy Lee Tenkiller. Tenkiller was a Native American soldier who went missing in the chaos of Saigon during the summer of 1970. For fourteen years, his designation was AWOL, until the Status Review Board voted 2-1 to change it to KIA. Before the case can be closed, Dr. Kel McKelvey and his team at the Central Identification Lab must positively identify the body believed to be Jimmy Tenkiller. The skull's noble features suggest the sergeant's proud Choctaw-Cherokee heritage, but Kel's instincts give him pause. Using a combination of cutting-edge forensic technique and old fashioned anthropology, he sets out to unravel the chilling mystery of the body's identity. What he discovers leads him deep into the Vietnamese wartime black market and into the haunted mind of Jimmy Tenkiller. Assisting Kel on the case is his colleague and friend, Chief Warrant Officer Thomas Edward Lafayette "Shuck" Deveroux of the Army's Criminal Investigative Division. Shuck has been assigned to solve a series of brutal murders on military bases in Kentucky and Tennessee, and he reluctantly adds Kel's identification to his caseload. But when the two investigators team up, they soon realize that all of their dead men may be telling the same tale. Dr. Kel McKelvey devoted his life to bringing closure to the families of brave men and women who died fighting for their country. In KIA, he faces his greatest challenge yet -- to solve a chain of crimes committed by desperate men in times of war and peace. The result is a mesmerizing thriller -- an engrossing forensics case involving a fallen United States serviceman, from an author who is an expert in the field.

[Postcolonial Plays](#) Dec 10 2020 This collection of contemporary postcolonial plays demonstrates the extraordinary vitality of a body of work currently influencing the shape of contemporary world theatre. This anthology encompasses both internationally admired 'classics' and previously unpublished texts, all dealing with imperialism and its aftermath. It includes work from Canada, the Caribbean, South and West Africa, South Asia, India, New Zealand and Australia. A general introduction outlines major themes in postcolonial plays. Introductions to individual plays include information on authors as well as overviews of cultural contexts, major ideas and performance history. Dramaturgical techniques in these plays draw on Western theatre as well as local performance traditions and include agit-prop dialogue, musical routines, storytelling, ritual incantation, epic narration, dance, multimedia presentation and puppetry. The plays dramatize diverse issues, such as: \*globalization \* political corruption \* race and class relations \*slavery \*gender and sexuality \*media representation \*nationalism

[Fruit and Vegetables](#) Jul 05 2020 The second edition of this very well-received book, which in its first edition was entitled Postharvest Technology, has been welcomed by the community of postharvest physiologists and technologists who found the first edition of use. The book covers, in comprehensive detail, postharvest physiology as it applies to postharvest quality, technology relating to maturity determination, harvesting, packaging, postharvest treatments, controlled atmosphere storage, ripening and transportation on a very wide international range of fruits and vegetables. The new edition of this definitive work, which contains many full colour photographs, provides practical and commercially-oriented information of great use in helping to ensure that fruit and vegetables reach the retailer in optimum condition, with the minimum of loss and spoilage. Fruits and vegetables, 2nd edition is essential reading for fruit and vegetable technologists, scientists and food technologists, agricultural scientists, commercial growers, shippers and warehousing operatives and personnel within packaging companies. Researchers and upper level students in food science, food technology, plant and agricultural sciences will find a great use within this landmark book. All libraries in research establishments and universities where these subjects are studied and taught should have copies readily available for users. A. K. Thompson was formerly Professor and head of Postharvest Technology, Silsoe College, UK.

[Der Kuss der Lüge](#) Sep 06 2020 Sie befahl, und das Licht gehorchte. Auf einen Wink von ihr fielen Sonne, Mond und Sterne auf die Knie und erhoben sich wieder. Es war einmal eine Prinzessin, mein Kind, und die ganze Welt lag ihr zu Füßen ... Blonde Locken, ein warmer Blick, freundlich - der eine. Dunkle Augen, braungebrannt, ein beunruhigendes Lächeln - der andere. Gleich zwei Männer sind es, die Lias Aufmerksamkeit auf sich ziehen. Es ist der erste Abend, an dem Lia als Schankmädchen in der Taverne arbeitet. Dabei ist sie eigentlich eine Prinzessin. Doch sie ist auf der Flucht, weggelaufen von zu Hause, weil sie sich nicht auf die Ehe mit einem Prinzen einlassen wollte, den sie in ihrem Leben gesehen hat. Was sie nicht ahnt: Einer der beiden Männer ist der Prinz, gegen den sie sich entschieden hat. Und der andere ein Mörder, losgeschickt, um Lia zu töten. Während Lia sich zu beiden hingezogen fühlt, ahnt sie nicht, dass sie längst in größter Gefahr schwebt.

[Crossing Borders](#) Jul 29 2022 Crossing Borders helps students develop a framework for understanding the various disciplines that constitute international studies by exploring the many boundaries they knowingly (and unknowingly) cross on a daily basis. Renowned authors Harry I. Chernotsky and Heidi H. Hobbs address the diverse fields of international studies—geography, politics, economics, sociology, and anthropology—giving instructors a launching point to pursue their own disciplinary interests. This bestseller not only helps students to better understand international affairs, but also offers advice on how they can engage with global issues through study abroad, internships, and career options. Updated thoroughly to reflect recent events and trends, the Fourth Edition assesses the COVID-19 pandemic; the use of social media to influence elections; the role of China in trade, investment, and finance; and the tensions surrounding persistent racial and gender inequities around the world.
