What's the Buzz? For Early Learners Jun 18 2019 For many, social thinking is hard-wired at birth and strengthens, quite naturally, through progressive experiences and encounters with others. However, for a variety of reasons, some children find it harder to think socially, develop socially and use their social tools suitably when it really counts. 'What's the Buzz?' is the original social skills programme and became an instant best-seller, used by practitioners around the globe with children and young people, helping them to successfully transfer these skills into their everyday lives. What's the Buzz? For Early Learners : is a simple, structured programmes to teach students in early learning and early primary school settings, within the 4 to 7 year age range. is designed to bring children together, including those who may be on the autistic spectrum explicitly demonstrates methods of how children can get along with one another and nurture friendship groups. Uses a developmental model to ensure its relevance throughout By drawing on the modelling of targeted social skills, role play, explicit guidance, feedback and games, this resource is imaginative, very practical and is enhanced with visual materials and worksheets to accompany each lesson.

Novel Diagnostic Methods in Ophthalmology Jun 30 2020 In the last 10 years, there has been huge progress in the general understanding of ocular disorders due to the availability and development of new in vivo imaging techniques, such as anterior and posterior eye segment optical coherence tomography as well as biochemical methods allowing rapid confirmation of clinical diagnosis. Introducing noninvasive diagnostic methods in ophthalmology led to an improvement in early differential diagnosis of conditions such as corneal dystrophies, dry eye disease, and various retinal and optic nerve diseases. Recent advances in diagnostic methods have also impacted the treatment methods. This book intends to provide the reader with a comprehensive overview of current ocular diagnostic methods, including the theoretical basis as well as practical

New Yorkers: A City and its People in Our Time Jun 11 2021 Winner of the 2021 Brooklyn Public Library Literary Prize A symphony of contemporary New York through the magnificent words of its people—from the best-selling author of *Londoners*. In the first twenty years of the twenty-first century, New York City has been convulsed by terrorist attack, blackout, hurricane, recession, social injustice, and pandemic. *New Yorkers* weaves the voices of some of the city's best talkers into an indelible portrait of New York in our time—and a powerful hymn to the vitality and resilience of its people. Best-selling author Craig Taylor has been hailed as “a peerless journalist and a beautiful craftsman” (David Rakoff), acclaimed for the way he “fuses the mundane truth of conversation with the higher truth of art” (Michel Faber). In the wake of his celebrated book *Londoners*, Taylor moved to New York and spent years meeting regularly with hundreds of New Yorkers as diverse as the city itself. *New Yorkers* features 75 of the most remarkable of them, their fascinating true tales arranged in thematic sections that follow Taylor's growing engagement with the city. Here are the uncelebrated people who propel New York each day—bodega cashier, hospital nurse, elevator repairman, emergency dispatcher. Here are those who wire the lights at the top of the Empire State Building, clean the windows of Rockefeller Center, and keep the subway running. Here are people whose experiences reflect the city's fractured realities: the mother of a Latino teenager jailed at Rikers, a BLM activist in the wake of police shootings. And here are those who capture the ineffable feeling of New York, such as a balloon handler in the Macy's Thanksgiving Day Parade or a security guard at the Statue of Liberty. Vibrant and bursting with life, *New Yorkers* explores the nonstop hustle to make it; the pressures on new immigrants, people of color, and the poor; the constant battle between loving the city and wanting to leave it; and the question of who gets to be considered a “New Yorker.” It captures the strength of an irrepressible city that—no matter what it goes through—dares call itself the greatest in the world.

The Woman in White Oct 23 2019 A fascinating look at the partnership of artist James McNeill Whistler and his chief model, Joanna Hiffernan, and the iconic works of art resulting from their life together “[A] lavish volume. . . . Illuminating. . . . MacDonald's deep research has . . . unearthed important new facts.”—Gioia Diliberto, *Wall Street Journal* In 1860 James McNeill Whistler (1834–1903) and Joanna Hiffernan (1839–1886) met and began a significant professional and personal relationship. Hiffernan posed as a model for many of Whistler's works, including his controversial *Symphony in White* paintings, a trilogy that fascinated and challenged viewers with its complex associations with sex and morality, class and fashion, academic and realist art, Victorian popular fiction, aestheticism and spiritualism. This luxuriously illustrated volume provides the first comprehensive account of Hiffernan's partnership with Whistler throughout the 1860s and 1870s—a period when Whistler was forging a reputation as one of the most innovative and influential artists of his generation. A series of essays discusses how Hiffernan and Whistler overturned artistic conventions and sheds light on their interactions with contemporaries, including Gustave Courbet, for whom she also modeled. Packed with new insights into the creation, marketing, and cultural context of Whistler's iconic works, this study also traces their resonance for his fellow artists, including Dante Gabriel Rossetti, Edgar Degas, John Singer Sargent, and Gustav Klimt.
