The Missing Letters Jan 29 2020 Mohan, Shobha, and I are fast friends. Perhaps that is why they have been branded as 'Fevicol friends.' To be honest, the last four years during our graduation, they were more like family to me than friends. I am Vineet Sabrawal, hailing from a middle-class business family in Udipi. On the other hand, my friend Shobha is a carefree girl from a well to do family who has nothing to worry about. Mohan is the more sincere and upright among the three of us. He comes from a family struggling to meet their end needs and is seldom wrong between us. When he found something fishy about a person on the streets of Udipi, I and Shobha had to be a part of his journey. We could not have left him alone in his quest to know to investigate this mysterious guy. After all, we are friends through thick and thin. A small suspicion of Mohan's overworked mind has put us all on a path that will eventually change our lives and the lives of everyone around us. We were happy that we were serving our country, India, my first valentine, that has suffered from the enemies who are inside her territory like termites and trying everything to devour it. The Indian forces are doing all in their hands to protect our beloved motherland, and without wearing the uniforms, fate has given us a golden chance to serve our nation in some unanticipated circumstances. We would not have thought that a small mere hunch of Mohan will put us on the path that would make us most unlikely heroes. Not realising what was in store for us, ultimately, we helped the agencies crack one of the most compelling cases in Indian intelligence in recent times. I feel like quoting my favourite quote from the movie THE IMITATION GAME, "We have a lot more unlikely heroes now, it's not just the guy with the guns, but the guy with the brains." Thank you, Mohan, for making us those heroes and Shobha for being there with us through and through. Your friend forever, Vineet Sabrawal

Advanced Study in the History of Modern India 1707-1813 Sep 26 2019 An analytical and critical account of the political history of early modern India from 1707 to 1813. The narrative shatters the contention of contemporary European writers that it was 'the dark age' of Indian history, characterised by 'political anarchy and misgovernment', until the British brought it under their sway. The main thesis of the author is that the period was marked by two distinct phases; the first phase, which lasted from 1707 to 1760, saw the rapid disintegration of the Mughal power and its replacement by the Maratha hegemony. Meanwhile, the English traders turned colonialists, after consolidating their hold along the Indian seacoasts and conquest of 'Carnatic' and Bengal, challenged the Maratha hegemony. The second phase of developments was thus marked by the struggle for supremacy between these two powers. The author makes use of contemporary English and Marathi sources and the intensive researches of modern historians to portray a compact picture of their findings in the form of a text book for the benefit of the degree students. Historical facts are reinterpreted through illuminating expositions, refreshing characterisation of historic personalities, and objective assessment of events and movements. Together with maps, a select bibliography, glossary and an elaborate index, the volume makes a rich contribution to the advancement of modern historical literature.

Playing It My Way Apr 01 2020 'I don't think anyone, apart from Don Bradman, is in the same class as Sachin Tendulkar.' -Shane Warne This is cricket icon, Sachin Tendulkar's life story in his own words - his journey from a small boy with dreams to becoming a cricket god. His amazing story has now been turned into a major film, A Billion Dreams, in which he stars. The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.
