**Pells Stern** - Mar 24 2022 Der Company-Krieg beginnt Die raumfahrende Menschheit hat sich entlang des Spiralarms der Galaxis ausgebreitet. In immer größerer Entfernung von der Erde werden Planeten besiedelt, und große Raumstationen dienen als Haltepunkte bei den langen Reisen. Eine davon ist die Station Downbelow, die Pells Stern umkreist. Als die Siedlerwelten jenseits von Pell sich zu einer Union zusammenschließen und gegen die Erdkompanie in den Krieg ziehen, gerät Downbelow in Bedrängnis: Die geschlagene Kompanieflotte zieht sich ins Pell-System zurück. Ihr folgt ein Konvoi aus Frachtschiffen, vollgepfert mit Flüchtlingen, oft mit mehr Leichen an Bord als Überlebenden. Die Militärs nehmen darauf allerdings keine Rücksicht. Downbelow droht zwischen die Fronten zu geraten, wenn nicht bald etwas passiert ...

**Inheritor** Jan 28 2020 The third novel in Cherry's Foreigner space opera series, a groundbreaking tale of first contact and its consequences... Six months have passed since the reappearance of the starship Phoenix—the same ship which brought a colony of humans to the hostile environment of alien atevi nearly two hundred years ago. During these six months, the atevi have reconfigured their fledgling space program in a bid to take their place in the heavens alongside humans. But the return of the Phoenix has added a frighteningly powerful third party to an already volatile situation, polarizing both human and atevi political factions, and making the possibility of all-out planetary war an even more likely threat. On the atevi mainland, human ambassador Bren Cameron, in a desperate attempt to maintain the peace, has arranged for one human representative from the Phoenix to take up residence with him in his apartments, and for another to be stationed on humanity's island enclave. Bren himself is unable to return home for fear of being arrested or assassinated by the powerful arch conservative element who wish to bar the atevi from space.

Responsible for a terrified, overwhelmed young man, and desperately trying to keep abreast of the atevi associations, how can Bren possibly find a way to save two species from a three-sided conflict that no one can win? The long-running Foreigner series can also be enjoyed by more casual genre readers in sub-trilogy installments. Inheritor is the 3rd Foreigner novel. IT is also the final book in the first subtrilogy.

**Downbelow Station** Jun 14 2021 The Hugo Award-winning classic sci-fi novel about interstellar war. The Beyond started with the Stations orbiting the stars nearest Earth. The Great Circle the interstellar freighters traveled was long, but not unmanageable, and the early Stations were emotionally and politically dependent on Mother Earth. The Earth Company which ran this immense operation reaped incalculable profits and influenced the affairs of nations. Then came Pell, the first station centered around a newly discovered living planet. The discovery of Pell's World forever altered the power balance of the Beyond. Earth was no longer the anchor which kept this vast empire from coming adrift, the one living mote in a sterile universe. But Pell was just the first living planet. Then came Cyteen, and later others, and a new and frighteningly different society grew in the farther reaches of space. The importance of Earth faded and the Company reaped ever smaller profits as the economic focus of space turned outward. But the powerful Earth Fleet was still a presence in the Beyond, and Pell Station was to become the last stronghold in a

titanic struggle between the vast, dynamic forces of the rebel Union and those who defended Earth's last, desperate grasp for the stars. *The Chanur Saga* Jul 16 2021 This omnibus contains the first three novels in C.J. Cherryh's Chanur series: *Pride of Chanur*, *Chanur's Venture*, and *The Kif Strike Back*. This classic adventure series features interstellar politics, a spacefaring fugitive, and first contact with a strange race known as “humans.” No one at Meetpoint Station had ever seen a creature like the Outsider. Naked-hided, blunt toothed and blunt-fingered, Tully was the sole surviving member of his company of humans? a communicative, spacefaring species hitherto unknown? and he was a prisoner of his discoverers and captors? the sadistic, treacherous kif? until his escape onto the hani ship *The Pride of Chanur*. Little did Tully know when he threw himself on the mercy of the crew of *The Pride* that he put the entire hani species in jeopardy and imperiled the peace of the Compact itself. This seemingly defenseless fugitive held information which could prove the ruin or glory of any species at Meetpoint Station, and whomever Tully allied with would stand to gain power and riches beyond imagining. For with Tully came the key to opening trade with a previously unknown sector of space -- a sector of space controlled by a race called “humans”. And what began as a simple rescue attempt would soon blossom into a dangerous game of interstellar politics where today's ally could become tomorrow's executioner, and where methane breathers become volatile wild cards playing for stakes no oxy breather could even begin to understand....

*Foreigner: 10th Anniversary Edition* Oct 31 2022 The groundbreaking novel that launched Cherryh's eponymous space opera series of first contact and its consequences... It had been nearly five centuries since the starship Phoenix, lost in space and desperately searching for the nearest G5 star, had encountered the planet of the atevi. On this alien world, law was kept by the use of registered assassination, alliances were defined by individual loyalties not geographical borders, and war became inevitable once humans and one faction of atevi established a working relationship. It was a war that humans had no chance of winning on this planet so many light-years from home. Now, nearly two hundred years after that conflict, humanity has traded its advanced technology for peace and an island refuge that no atevi will ever visit. Then the sole human the treaty allows into atevi society is marked for an assassin's bullet. The work of an isolated lunatic? The interests of a particular faction? Or the consequence of one human's fondness for a species which has fourteen words for betrayal and not a single word for love?

Now, it is up to Morgaine, a mysterious woman aided by a single warrior honor-bound to serve her, to travel from world to world sealing the ancient gates whose very existence threatens the integrity of all worlds...

**The Faded Sun Trilogy Omnibus** Aug 05 2020 Now in trade paperback, all three books of the epic science fiction Faded Sun trilogy—Kesrith, Shon'jir, and Kutath—collected in one volume. They were the mri—tall, secretive, bound by honor and the rigid dictates of their society. For

aeons this golden-skinned, golden-eyed race had provided the universe mercenary soldiers of almost unimaginable ability. But now the mri have faced an enemy unlike any other—an enemy whose only way of war is widespread destruction. These "humans" are mass fighters, creatures of the herb, and the mri have been slaughtered like animals. Now, in the aftermath of war, the mri face extinction. It will be up to three individuals to save whatever remains of this devastated race: a warrior—one of the last survivors of his kind; a priestess of this honorable people; and a lone human—a man sworn to aid the enemy of his own kind. Can they retrace the galaxy-wide path of this nomadic race back through millennia to reclaim the ancient world that first gave them life?

Over a thousand books were covered during the single year of publication, many of them having been reviewed no where else, before or since. The January 1980 issue includes a comprehensive index of all the works featured during the preceding year. This reprint will be a welcome addition to the literature of science fiction and fantasy criticism. *The Collected Short Fiction of C.J. Cherryh* May 26 2022 All of C.J. Cherryh's award-winning short fiction, collected in one volume for the first time... "It's rare that I'm not working on a novel. Short stories often happen between novels. Consequently my output is fairly small. Cherryh in the introduction to this book, the first comprehensive collection of her independent short fiction.
