It gets straight to the point and avoids the annoying technobabble. He brings it down to a VERY readable level for everyone and covers everything under the sun." "Out of all the CCNP ROUTE material that I have, I must say, this is one of the best, if not the best, CCNP ROUTE study guides out there. The instructor, Mr. Bryant is extremely sharp at explaining complex topics about the CCNP ROUTE exam." "Along the way I have read textbooks by Todd Lammle, Cisco Press as well as others.
