Papers for Pay May 09 2021 A disturbing trend faces education in the U.S.--not plagiarism but academic forgery (students purchasing and signing their names to work produced by others). This book, by a former professional forger, describes the difference between the two and presents case studies along with an expose of the trade. The author provides a thorough treatment of the topic and reveals the serious implications for the future of academia. Educators should educate themselves about forgery and join the conversation about solving the problem.

How to Write Essays Aug 24 2022 This 2nd edition of this straightforward guide to essay writing - an essential skill for students at all levels. it includes expert advice and practical guidance from an experienced author. Students can dramatically improve their grade assessments by putting into practice some simple, but invaluable principles of essay writing. it deals both with timed exam conditions and coursework essays. Students can use this book to understand exactly what is required of them and how to deliver it - a winning formula. REVIEWS: "The advice and practical guidance readers receive in this book will enable them to improve their grade assessments.' Education Today" AUTHOR BIOG: Don Shiach has 40 years experience as an educator, having taught at secondary and university levels and been involved in marking A level examination papers. He knows very well how students at all levels badly need clear guidance about how to put their ideas down on paper in the form of an essay and has at times specialised in helping them to acquire those skills. Don is also the author of over 30 educational textbooks on English and Drama aimed at students studying GCSE and AS/A levels. CONTENTS: 1. Introduction 2. Planning Your Essay 3. Academic and Student Affairs in Collaboration Feb 24 2020 Academic and Student Affairs in Collaboration provides a comprehensive and evidenced-based understanding of the partnerships necessary to achieve an institutional culture devoted to student success. Chapter authors explore how to design, implement, and assess collaborative efforts between student and academic affairs in support of increased student success. This book provides best practices for fostering and enhancing campus dialogue, career development pathways, academic support services, and other important initiatives to increase retention and learning outcomes, improve motivation and goal attainment, and enhance institutional accountability. This book is a must-read for scholars, faculty, leaders, and practitioners in Student Affairs and Higher Education interested in achieving student success at their universities and colleges.

Writing Alone and with Others Dec 16 2021 For more than a quarter of a century, Pat Schneider has helped writers find and liberate their true voices. She has taught all kinds--the award winning, the struggling, and those who have been silenced by poverty and hardship. Her innovative methods have worked in classrooms from elementary to graduate level, in jail cells and public housing projects, in convents and seminaries, in youth at-risk programs, and with groups of the terminally ill. Now, in Writing Alone and with Others, Schneider's acclaimed methods are available in a single, well-organized, and highly readable volume. The first part of the book guides the reader through the perils of the solitary writing life: fear, writer's block, and the bad habits of the internal critic. In the second section, Schneider describes the Amherst Writers and Artists workshop method, widely used across the U.S. and abroad. Chapters on fiction and poetry address matters of technique and point to further resources, while more than a hundred writing exercises offer specific ways to jumpstart the blocked and stretch the rut-stuck. Schneider's innovative teaching method will refresh the experienced writer and encourage the beginner. Her book is the essential owner's manual for the writer's voice.

Discourse Networks, 1800/1900 Feb 18 2022 This is a highly original book about the connections between historical moment, social structure, technology, communication systems, and what is said and thought using these systems - notably literature. The author focuses on the differences between 'discourse networks' in 1800 and in 1900, in the process developing a new analysis of the shift from romanticism to modernism. The work might be classified as a German equivalent to the New Historicism that is currently of great interest among American literary scholars, both in the intellectual influences to which Kittler responds and in his concern to ground literature in the most concrete details of historical reality. The artful structure of the book begins with Goethe's Faust and ends with Vale;ry's Faust. In the 1800 section, the author discusses how language was learned, the emergence of the modern university, the associated beginning of the interpretation of contemporary literature, and the canonization of literature. Among the writers and works Kittler analyzes in addition to Goethe's Faust are Schlegel, Hegel, E. T. A. Hoffman's 'The Golden Pot', and Goethe's Tasso. The 1900 section argues that the new discourse network in which literature is situated in the modern period is characterized by new technological media - film, the photograph, and the typewritten page - and the crisis that these caused for literary production. Along the way, the author discusses the work of Nietzsche, Gertrude Stein, Mallarme;, Bram Stroker, the Surrealists, Rilke, Kafka, and Freud, among others.

Kratu Jul 19 2019 Cursed with eternal memory for transgressing the thin line between orthodoxy and liberty, Kratu, a young man from the ancient era, moves through time and worldly spheres, exploring both the illusions and the wisdom permeating the universe. Burdened by deathless memory, he pines for freedom while traversing successive worlds and epochs, deeply empathizing with the characters, bound in various shades of shackles that populate these sojourns. By the time he is born in a city in the present time, Kratu has dedicated himself to sprinkling joy and freedom from entrapment to people and personalities of all hues. As the story weaves together the successive births of Kratu, tales of wisdom, told masterfully through the medium of divinities and great seers, get knit into a unified whole of past, present and future, bringing alive the consciousness of a millennia of Indian tradition. Kratu, as an engaging novel, not only narrates a multitude of absorbing tales but goes beyond – indeed, as Kratu, the pan-temporal traveller, embeds our psyche with priceless wisdom deeply imbued in the numerous streams coursing through the consciousness of India and its people.

American Indian Persistence and Resurgence Mar 27 2020 This collection celebrates the resurgence of Native Americans within the cultural landscape of the United States. During the past quarter century, the Native American population in the United States has seen an astonishing demographic growth reaching beyond all biological probability as increasing numbers of Americans desire to admit or to claim Native American ancestry. This volume illustrates a unique moment in history, as unprecedented numbers of Native Americans seek to create a powerful, flexible sense of cultural identity. Diverse commentators, including literary critics, anthropologists, ethnohistorians, poets and a novelist address persistent issues facing Native Americans and Native American studies today. The future of White-Indian relation, the viability of Pan-Indianism, tensions between Native Americans and North American anthropologists, and new developments in ethnohistory are among the topics discussed. The survival of Native Americans as recorded in this collection, an expanded edition of a special issue of boundary 2, brings into focus the dynamically adaptive values of Native American culture. Native Americans’ persistence in U.S. culture—not disappearing under the pressure to assimilate or through genocidal warfare—reminds us of the extent to which any living culture is defined by the process of transformation. Contributors. Linda Ainsworth, Jonathan Boyarin, Raymond J. DeMallie, Elaine Jahner, Karl Kroeber, William Overstreet, Douglas R. Parks, Katharine Pearce, Jarold Ramsey, Wendy Rose, Edward H. Spicer, Gerald Vizenor, Priscilla Wald

The Plagiarism Plague Apr 20 2022 Presents a collection of essays about plagiarism in education, covering such topics as the methods students use to cheat, the steps institutions have taken to attack plagiarism, and tools educators can use to detect plagiarism.

Wer hat **Angst vor Jasper Jones?** Nov 15 2021 Laura Wishart ist fort. Ein für alle Mal. Sie wurde auf einer seltsamen Lichtung getötet, die nur Jasper Jones bekannt ist. Und ich habe sie dort hängen sehen. Australien 1965. Mitten in der Nacht wird der 13-jährige Charlie Bucktin vom Klopfen an seinem Fenster geweckt. Draußen steht Jasper Jones, der Außenseiter der kleinen Stadt Corrigan und zugleich ein unbestimmter Held für Charlie. Jasper bittet ihn um Hilfe, und so stiehlt sich Charlie mit ihm durch den nächtlichen australischen Busch – voller Angst, aber auch voller Abenteuerlust. Auf einer geheimen Lichtung wird Charlie Zeuge von Jaspers schrecklicher Entdeckung. Mit diesem beklemmenden Geheimnis in seinem Herzen durchlebt Charlie eine Zeit der Angst, der falschen Verdächtigungen – und des Erwachens. In einem einzigen drückend heißen Sommer, in dem sich Charles Leben für immer verändert, wird er lernen, die Wahrheit von der Lüge zu unterscheiden und sich vor Gerichten zu fürchten wie vor einem Fluch. "Der wunderbar geschriebene Roman erzählt von Freundschaft, Rassismus und sozialer Ausgrenzung. Eine Hommage an «Wer die Nachtigall stört» und «Die Abenteuer des Huckleberry Finn»." (Marie Claire UK)

The Purposes of Education Jul 31 2020 What are the purposes of education and what is the relationship between educational research and policy? Using the twin lenses of Visible Learning and educational philosophy, these are among the many fascinating topics discussed in extended conversations between John Hattie and Steen Nepper Larsen. This wide-ranging and informative book offers fundamental propositions about the nature of education. It maps out in fascinating detail a coming together of Hattie’s empirical data and world-famous Visible Learning paradigm with the rich heritage of educational philosophy. Additionally, it explores the inevitable questions of the purpose of education and the development of students in a learning society. Part clash of cultures, part meeting of minds, always fascinating and illuminating, this intriguing book will inspire teachers, students, and parents at all levels of the educational system – from kindergarten through school to university. Conversations include: What are the purposes of education? Does educational data speak for itself? What is the role of the teacher? Is learning a visible phenomenon? Is it important to teach and learn specific subjects? What is the role of neuroscience research? What is the relationship between educational research and educational politics? What is the role of the state in education?

Freiheiten Aug 12 2021 Großartige Essays von Zadie Smith, "einer der wichtigsten literarischen Stimmen unserer Zeit" (Die Welt). Zadie Smith ist nicht nur Autorin vieler hochgelobter Romane, sondern sie brilliert auch besonders in dieser kurzen Form, den Essays. Der vorliegende Band zeigt sie politischer denn je, denn Zadie Smith hat viel zu sagen über die zunehmend bedrohliche Verfasstheit der Welt und der Gesellschaft und bezieht sehr persönlich Stellung. Die Essays sind in fünf Kategorien unterteilt, und alle haben es in sich: "In der Welt" versammelt die politischen Essays, und gerade ihre Gedanken zum Brexit und zu Trump sind vielschichtig und erhellend, authentisch und engagiert. Die Kapitel "Im Publikum", "Im Museum", "Im Bücherregal" und "Freiheiten" erzählen uns ihre Sicht auf kulturelle Ereignisse oder persönlich Erlebtes und geben dabei immer ganz viel über sie selbst preis. Da sie sich mit schlechter Politik, guten Büchern, amerikanischen Rappern, Facebook und alten Meistern ähnlich gut auskennt, schreibt sie mit leichter Hand und mal böse, mal bewundernd Essays von besonderer Qualität, die uns die Welt schärfer sehen lassen. Ein Muss für jeden politisch denkenden Leser!

The Secular Chronicle May 29 2020

Stumbling Towards the Constitution Oct 14 2021 Jonathan Chu explores individual economic and legal behaviors, connecting them to adjustments in trade relations with Europe and Asia, the rise in debt litigation in Western Massachusetts, deflation and monetary illiquidity, and the Bank of North America.

College Admission Essays For Dummies Nov 22 2019 The competition to get into your college of choice has never been fiercer. Unfortunately, much of the application process is out of your hands. But one major aspect of the admission process is under your control—your personal statement. Your application essay provides you with the opportunity to let your true, unique and totally irresistible self shine through. College Admission Essays For Dummies is your total guide to crafting application essays that will make people sit up and take notice. It demystifies the authority figures who’ll judge your work, helps you decide what to write, and then arms you with the knowledge and skills you need to write your essay on time and on target. Step by step, it walks you through the entire essay-writing process, offering priceless tips on how to: Choose the best topic, tone, and structure for your essay Capture the crucial stories that reveal who you are Avoid common pitfalls that can sabotage your application Overcome writer’s block Know how to respond to unusual and off-the-wall essay questions Write successful short answers to specific application questions College admission guru Geraldine Woods punctures common myths about application essays and tells you what you absolutely must do to write a good one. With the help of many inspiring and instructive killer essays, she shows you how to: Put yourself in the right mental state for writing well Gather ideas, focus on a topic and choose the best structure for your essay Use topic sentences, detail, and strong introductions and conclusions Write a rough draft Show rather than tell your story Make sure your spelling and grammar are pitch perfect Create smooth transitions and avoid repetitions Your college application essay is your chance to show the committee that you’re more than just a statistic. Let College Admission Essays For Dummies show you how to write “admit-clinching” college essays.

Competition and Currency Dec 24 2019 "Lawrence H. White deals with a major issue of the 1990s—reprivatization of money. He makes a cogent argument and presents evidence that private, competing currencies would provide more monetary stability than do central banks. Surprisingly enough, modern private money may emerge first in Eastern Europe, where the gap between the economy's need and the government's money is greatest." —Richard Rahn, Vice President and Chief Economists, U.S. Chamber of Commerce. "Boldly, White makes a persuasive case for free banking...In time, we may well look back and regard Competition and Currency as crucial in the development of the economy and economic thought of the future." —The New York City Tribune "White is a leading analyst of a laissez-faire monetary system featuring a privately issued money supply. His perceptive insights force a rethinking of our present regulated monetary system and of what kind of reforms will remedy its defects. A very worthwhile collection of essays for all students of monetary theory." —Philip Cagan, Columbia University "White is a leading analyst of a laissez-faire monetary system featuring a privately issued money supply. His perceptive insights force a rethinking of our present regulated monetary system and of what kind of reforms will remedy its defects. A very worthwhile collection of essays for all students of monetary theory." —Phillip Cagan, Columbia University "Newcomers to the literature...would be recommended to start with White's volume, where each paper is self-contained in its handling of particular aspects of free banking...Highly recommended as clear, well-argued expositions of the case for free banking, challenging assumptions common to much of monetary economics. It is particularly apposite that these assumptions be questioned at a time when institutional reform is so much on the agenda." —Sheila C. Dow, The Economic Journal

Fate, Time, and Language Jan 25 2020 In 1962, the philosopher Richard Taylor used six commonly accepted presuppositions to imply that human beings have no control over the future. David Foster Wallace not only took issue with Taylor's methods, but also noted a semantic trick at the heart of Taylor's argument. Fate, Time, and Language presents Wallace's critique of Taylor's work. Wallace's thesis reveals his great skepticism of abstract thinking made to function as a negation of something more genuine and real. He was especially suspicious of the cerebral aestheticism of modernism and the clever gimmickry of postmodernism, which abandoned "the very old traditional human verities that have to do with spirituality and emotion and community." As Wallace rises to meet the challenge to free will presented by Taylor, we witness the developing perspective of this major novelist and his struggle to establish logical ground for his convictions. This volume, edited by Steven M. Cahn and Maureen Eckert, reproduces Taylor's original article and other works on fatalism cited by Wallace. James Ryerson's introduction connects Wallace's early philosophical work to the themes and explorations of his later fiction, and Jay Garfield supplies a critical biographical epilogue.

Business Design Thinking and Doing Oct 22 2019 This textbook aims to guide, instruct and inspire the next generation of innovation designers, managers and leaders. Building upon an evidence-based innovation development process, it introduces, explains and provides visual models and case examples of what Business Design is, how it is applied across sectors and organizations, and its impact on decision-making and value creation. Students will read and analyze design-led innovation business cases from across the globe, discover multi-disciplinary strategies (from marketing to anthropology) and practice applying a designer's toolkit to find, frame, and solve business problems in contemporary ways. Throughout the book, students will break down the process of innovation and move from initiation to implementation, engage in iterative feedback loops, and develop concrete plans for personal and professional collaboration and workplace application. For MBA and senior undergraduate students, this book offers a step-by-step and comprehensive reference guide to creative problem framing and solving -- inside and beyond the classroom. It integrates marketing principles and management frameworks, with anthropological and design methods reflecting the diverse and in-demand skills vital to tomorrow's workforce. For instructors, this book offers a way to confidently engage learners in the realm of design practices and strategies relevant to business decision-making. The pedagogical framework, along with a comprehensive suite of techniques and templates, offers both novice and experienced teachers a step-by-step reference guide that facilitates skills development in creative problem framing and solving. Angèle Beausoleil is Assistant Professor of Business Design and Innovation in the Rotman School of Management at the University of Toronto, Canada. She is a 'pracademic' who teaches design methodologies for business innovation and leads research on organizational innovation process design, navigation and management. A former communications designer, senior strategist and innovation lab executive, she applies her extensive industry experience to crafting high impact student-centred learning experiences. At Rotman, Beausoleil is the Academic Director of the Business Design Initiative, an emerging education and research centre focused on design-led innovation leadership. She also teaches human-centred design, innovative leadership and creativity to executives, MBA and Commerce students.

Die gelbe Tapete Jul 23 2022 Charlotte Perkins Gilman (1860-1935) ist das zweite Kind von Mary A. Finch und Frederick B. Perkins, einem Neffen von Harriet Beecher Stowe, der Autorin von "Onkel Toms Hütte". Der Vater, Schriftsteller und Bibliothekar, verlässt die Familie bald. Die Mutter schlägt die Familie mit Gelegenheitsarbeiten durch. Gilman besucht die Kunstgewerbeschule, danach entwirft sie Grußpostkarten und arbeitet als Hauslehrerin. 1884 heiratet sie den Kunstmaler Charles Walter Stetson und bekommt von ihm 1885 eine Tochter. Nach der Geburt hat Charlotte Perkins Gilman tiefe Depressionen. Ein Spezialist in Philadelphia verordnet ihr eine Ruhetur, bei der jegliche geistige Anstrengung eingeschränkt und das Schreiben untersagt ist. Durch diese Kur fühlt sie sich so zerrüttet, dass sie ihre Familie verlässt und zu einer Freundin nach Pasadena in Kalifornien flieht. 1892 veröffentlicht sie mit "Die gelbe Tapete" ihre erste Kurzgeschichte, die auf den Erfahrungen aus der Zeit ihrer Nervenkrise basiert. Die Veröffentlichung führt zu heftigen Reaktionen. "Die gelbe Tapete" gilt bis heute als literarisches Meisterwerk. Nach Charlotte Perkins Gilman 1934 an Brustkrebs erkrankt war, nahm sie sich ein Jahr später, mittels einer Überdosis Chloroform, das Leben.

New Essays in Free Logic May 21 2022 Free logic - i.e., logic free of existential presuppositions in general and with respect to singular terms in particular- began to come into its own as a field of research in the 1950s. As is the case with so many developments in Western philosophy, its roots can be traced back to ancient Greek philo sophy. It is only during the last fifty years, however, that it has become well established as a branch of modern logic. The name of Karel Lambert is most closely connected with this development: he gave it its name and its profile as a well defined field of research. After a development of fifty years, it is time to look back and take stock while at the same time scanning for new perspectives. This is the purpose of the papers collected in this volume. The first paper is written by Karel Lambert himself who also comments on all the papers of the other authors. In an introductory essay we give a survey of the present status of and new directions in free logic.

Das Faß Amontillado Oct 26 2022 "Das Fass Amontillado", engl. "The Cask of Amontillado", ist eine der berühmten späten Kurzgeschichten von Edgar Allan Poe, die erstmals 1846 in der November-Ausgabe von "Godey's Lady's Book" veröffentlicht wurde.
