No Country for Old Men Oct 31 2022 Llewelyn Moss is hunting antelope near the Texas/Mexico border when he stumbles upon several dead men, a big stash of heroin, and more than two million dollars in cash. He takes off with the money--and the hunter becomes the hunted. A drug cartel hires a former Special Forces agent to track down the loot, and a ruthless killer joins the chase as well. Also looking for Moss is the aging Sheriff Bell, a World War II veteran who may be Moss' only hope for survival.

The Ramblings of an Old Man Jul 04 2020 Do you long for a time when life was simpler? When everyone knew your name? Do you reminisce about family traditions, growing up in the 50's and 60's? Do you remember your teen years and that first kiss? Does your mouth

start to water and your heart start to swell as you think back to family holiday meals presided over by mom or grandma? Well then, you can now take that trip down memory lane and re-create those luscious foods in the pages of “The Ramblings of an Old Man” by well-known personal chef and culinary instructor, Chef Cal Kraft and his constant feline companion, Miss Kitty. It all began in 2006. The author realized that he had spent over half his life living in the suburban community of Danbury Forest, a quaint neighborhood where families, escaping the hustle and bustle of Metropolitan DC, played together and supported each other in times good and bad. So he wrote a story about that and sent it in to the neighborhood paper. Chef Cal initiated what became his hugely popular monthly column, “The Chef’s Corner,” for the community newsletter. In it he shared tales about his family and his life growing up in the suburbs of New York. He also wrote about events within the community along with tales of past traditions in his life and others. Several of his articles ventured into the world of fiction as he imagined stories that might have occurred. Each contribution was accompanied by a tasty recipe, often tying the articles and recipes together. A long time, popular culinary instructor in Northern Virginia’s Adult Community Education Program, Chef Cal is well-equipped with recipes that he knew his students, and now his readers, would rush to make themselves. Ramblings’ contributions of over fifty recipes include traditional Italian delicacies; tasty old-fashioned comfort dishes; soups and casseroles; quick and easy desserts and special holiday treats. Also included is Chef Cal’s

interpretation of miniature apple pies. Without a doubt his book will be pulled out to create his meals whenever family and friends are gathered. Several times as Chef Cal was writing his stories, he found that Miss Kitty, the gorgeous white cat that lived with the author and his wife during most of this time, had something to say. So he wrote about that too. In some instances, he even let Miss Kitty write her own story. While the “Ramblings of an Old Man” is dedicated to the residents, both past and current of that wonderful community known as Danbury Forest, it also resonates with communities all across America. No matter where you live, be it a small hamlet, a rural town, a village, or in a big city, these stories are for you. Some are humorous, others sad. Some true, some imagined. They all however, tell a story and offer an opportunity to re-create the foods that accompanied it. So sit back and enjoy, “The Ramblings of an Old Man.”

Not for Saints Oct 07 2020 Few things bring more happiness than those we achieve with our determination and self-control, when we lose weight, when we quit a bad habit, if we had a dependence on drugs and we are cleaned now, or if we were alcoholic and we overcome this weakness, we get a sense of real accomplishment like no other, because is indeed a monster we have defeated, “our own mind”, this mind guide me through all my life with many mistaken decisions, but I have woken up to the realization that I needed to change, is in our mind the root of all our problems and very little we do to remediate, because of the order we prioritize things we put our minds on autopilot, thinking we don't need to feed it anymore, but is in there where the secret to very real and permanent changes is hidden, we tend to exaggerate our problems whatever they are and expand them to make others feel sympathy for us, we need so much attention and this is one reason social media is so successful, many different state of minds, depressions and erratic behaviors this is why many jobs can be problematic despite of how great the work environment might be; behind this display of tough or toxic personalities we are in reality very lonely and fragile, there is

no doubt we need to change for the people we love, because usually they are always the ones we hurt the most, the great majority of us have a good personality but we mostly reflect on the outside what our present emotions dictate, our minds fly away with so many worries, anxieties, frustrated desires and dreams, and little do we realize is just a decision, a mental attitude, we want the world to be miserable and in line with our mental state, many just become absent their mind is always somewhere distance, a reaction to a frustrated desire or our rejection to the present reality, but in this equation there is a factor that plays a major role in everything we do “our spirit”, this spirit will always be hungry and whatever we feed it, will have serious consequences in our entire existence, present and distance. I apologize for using my personal life as an example in many situations is not to be vain but to help others learn from my mistakes. This book is a little of my personal experience my small token, I’m not a professional nor a religious expert but my personal view from the perspective of a simple man, I have changed many things in my life, I’m always working on some others I still need to change every day, but now I’m aware of this fierce battle within, I take one day at a time, there are some days I lose this battle but I don’t allow this defeats to take over my life, I get up the next day with a will to fight to be better and not just for me anymore but for my creator, for my family and because this world needs so much change, and since we can’t change the world, if we individually change, we will create a chain reaction, if we change, others will change too, our love ones might get the very best version

of you and when we feed the spirit properly we will never feel lonely anymore; as with many self-help, spiritual books take only the things that might help you even if you only find something small, a little knowledge may go a long way, my mother always told me, even from the ignorant you can learn something, and in this case, the ignorant is me, take this humble message from my mother and perhaps here you might find something to set you truly free; this book is spiritual but even if you disagree with some things, disregard them and continue, I don't want to change your mind, I want to change your heart, open your heart; among the pages here you might find be the answer you were looking for, you might find a word to gain strength and a word to stand firm through the hurricanes and tornados of life; you might find some things I mention more than once but I truly believe they are important, nothing is new just a reminder that I wish you will never forget.

A Primate's Memoir Dec 29 2019 In the tradition of Jane Goodall and Dian Fossey, Robert Sapolsky, a foremost science writer and recipient of a MacArthur Genius Grant, tells the mesmerizing story of his twenty-one years in remote Kenya with a troop of Savannah baboons. "I had never planned to become a savanna baboon when I grew up; instead, I had always assumed I would become a mountain gorilla," writes Robert Sapolsky in this witty and riveting chronicle of a scientist's coming-of-age in remote Africa. An exhilarating account of Sapolsky's twenty-one-year study of a troop of rambunctious baboons in Kenya, **A Primate's Memoir** interweaves serious scientific observations with wry commentary

about the challenges and pleasures of living in the wilds of the Serengeti—for man and beast alike. Over two decades, Sapolsky survives culinary atrocities, gunpoint encounters, and a surreal kidnapping, while witnessing the encroachment of the tourist mentality on the farthest vestiges of unspoiled Africa. As he conducts unprecedented physiological research on wild primates, he becomes evermore enamored of his subjects—unique and compelling characters in their own right—and he returns to them summer after summer, until tragedy finally prevents him. By turns hilarious and poignant, *A Primate's Memoir* is a magnum opus from one of our foremost science writers.

The Old Man and the Medal Sep 17 2021 Writing in French in the 1950s, Ferdinand Léopold Oyono (1929–2010) had only a brief literary career, but his anticolonialist novels are considered classics of twentieth-century African literature. Like Oyono's *Houseboy*, also available from Waveland Press, this novel fiercely satirizes the false pretenses of European colonial rule in Africa. Meka, a village elder, has always been loyal to the white man. It is with pride that he first hears he is to receive a medal. While waiting for the ceremony, however, Meka's pride gives way to skepticism. At the same time, his wife has realized that the medal is being given to her husband as compensation for the sacrifices they have made. The events following the ceremony confirm Meka's new estimation of the white man. Both subtle and oftentimes humorous, this beautifully told story lays bare the hollowness of the mission in Africa. It fuels opportunities for discussing colonial politics

around class and race as well as for exploring indigenous Cameroon life and values.

The 100-Year-Old Man Who Climbed Out the Window and Disappeared Jul 24 2019

A larger-than-life old man with a fondness for vodka goes on an unexpected adventure in this whimsical novel -- perfect for fans of Forrest Gump and A Man Called Ove. The international publishing sensation -- more than six million copies sold worldwide! A reluctant centenarian much like Forrest Gump (if Gump were an explosives expert) decides it's not too late to start over . . . After a long and eventful life, Allan Karlsson ends up in a nursing home, believing it to be his last stop. The only problem is that he's still in good health, and in one day, he turns 100. A big celebration is in the works, but Allan really isn't interested (and he'd like a bit more control over his vodka consumption). So he decides to escape. He climbs out the window in his slippers and embarks on a hilarious and entirely unexpected journey, involving, among other surprises, a suitcase stuffed with cash, some unpleasant criminals, a friendly hot-dog stand operator, and an elephant (not to mention a death by elephant). It would be the adventure of a lifetime for anyone else, but Allan has a

larger-than-life backstory: Not only has he witnessed some of the most important events of the twentieth century, but he has actually played a key role in them. Starting out in munitions as a boy, he somehow finds himself involved in many of the key explosions of the twentieth century and travels the world, sharing meals and more with everyone from Stalin, Churchill, and Truman to Mao, Franco, and de Gaulle. Quirky and utterly unique, *The 100-Year-Old Man Who Climbed Out the Window and Disappeared* has charmed readers across the world.

Rantings Of An Old Man Aug 05 2020 This book was written for all of you who remain in perpetual fear of expressing yourselves when it comes to the things that effect your lives: things that you hate to see, hear, and feel; things that constantly prevent you from living your lives the way you want to live them; things that you yearn to voice your opinion about but don't because of the politically correct stick that you have allowed the world to stick up your ass. Lucky you! I'm here to rescue you. "Rantings Of An Old Man" will say for you the things you are not willing to say for yourself. Of course, many who read this book will hate me and practically everything I say. What's more, they will brand me as being the king of bigots. But, you know what—if that turns out NOT to be the case, than I will have failed in my mission. And the thought of that scares me because it will indicate that my book was not pithy enough, truthful enough, and relevant enough to make a difference in their lives. (That includes your life as well.) Do yourself a favor, go to the Foreword of this book and

look at the last page which I have entitled, “Table Of Rantings.” There you will find listed the veritable plethora of topics I cover in the book. From that you will know right away whether or not this book is for you. A word to the wise: If your legs quiver whenever you see the “f-word” written, or if your hands begin to shake and/or your eyes begin to well every time you hear something negative about your own personal or political philosophy, your political party, or your race, then I suggest you refrain from reading this book. Make your move, pilgrim.

A Gathering of Old Men Aug 29 2022 This stage adaptation is about a white Cajun farmer shot dead outside of a home of an elderly black man named Mathu. After the murder, Candy Marshall, a headstrong owner of the plantation, starts to gather around all the men to bring all shotguns and take the blame for the farmer’s murder.

Older Men's Lives Feb 20 2022 The first comprehensive exploration on the subject of older men, *Older Men's Lives* offers a multidisciplinary portrait of men and their concerns in later life. Using both a life-course and gendered perspective, the contributors to this collection of original articles point out that the image and self-image of men are continuously reconstructed over the life cycle. They examine older men's position in society and the changes wrought in their status and roles over time. Their relationship with their spouses, children, grandchildren, and friends are also explored, as are policy implications of a gendered, life-cycle view of masculinity. This volume also discusses faith development in

older men, masculinity identity from work to retirement, older men's sexuality, and older men's friendship patterns. *Older Men's Lives* will be of interest to professionals and students interested in gender, men's studies, gerontology, and sociology. "This book begins to remedy the lack of information and provides data and research on aging men. . . .The strength of this book is the specificity of its focus. By focusing solely on male concerns the book is able to identify issues in the male aging process and discuss them on their own terms rather than simply as a contrast to females." --Clinical Gerontologist

The Old Man from Leftfield Mar 12 2021 When I was a kid in the late 1950s, while I was a student at Paoli Elementary School, I read the famous children's book that talks about the Kid from Leftfield. Also around that time, I always said to myself, "What is it going to be like in the year 2000? I'll be fifty years old!" I couldn't comprehend being that old; the thought of it scared me, and I'd probably be in a wheelchair or something worse. I bet a lot of people my age thought the same thing. This is the story of what that kid did when he reached the age of fifty.

Myths and Tales of the Chiricahua Apache Indians Jan 28 2020 "We are dealing here with a living literature," wrote Morris Edward Opler in his preface to *Myths and Tales of the Chiricahua Apache Indians*. First published in 1942, this is another classic study by the author of *Myths and Tales of the Jicarilla Apache Indians*. Opler conducted field work

among the Chiricahuas in the American Southwest, as he had earlier among the Jicarillas. The result is a definitive collection of their myths. They range from an account of the world destroyed by water to descriptions of puberty rites and wonderful contests. The exploits of culture heroes involve the slaying of monsters and the assistance of Coyote. A large part of the book is devoted to the irrepressible Coyote, whose antics make cautionary tales for the young, tales that also allow harmless expression of the taboo. Other striking stories present supernatural beings and “foolish people.”

Human Rights in the Americas Aug 24 2019 This interdisciplinary book explores human rights in the Americas from multiple perspectives and fields. Taking 1492 as a point of departure, the text explores Eurocentric historiographies of human rights and offer a more complete understanding of the genealogy of the human rights discourse and its many

manifestations in the Americas. The essays use a variety of approaches to reveal the larger contexts from which they emerge, providing a cross-sectional view of subjects, countries, methodologies and foci explicitly dedicated toward understanding historical factors and circumstances that have shaped human rights nationally and internationally within the Americas. The chapters explore diverse cultural, philosophical, political and literary expressions where human rights discourses circulate across the continent taking into consideration issues such as race, class, gender, genealogy and nationality. While acknowledging the ongoing centrality of the nation, the volume promotes a shift in the study of the Americas as a dynamic transnational space of conflict, domination, resistance, negotiation, complicity, accommodation, dialogue, and solidarity where individuals, nations, peoples, institutions, and intellectual and political movements share struggles, experiences, and imaginaries. It will be of interest to all scholars and students of InterAmerican studies and those from all disciplines interested in Human Rights.

Don't Let the Old Man In! Jun 02 2020 Dont Let the Old Man In! is the new war cry for those men seeking to live for the better, for longer and in good humor. This war cry doubles neatly as the title for this working manual. A confronting revelation at the age of sixty leads the author to his desired destiny along a pathway illuminated with this manuals memorable commandments. With their evocative reasons, these commandments combine to give a no-fuss code for living well in the last quarter of an average lifetime. Adopting this code

delivers the reader and his inner disciple a mechanism to exact swift changes to living and dealing with the challenges that ageing inevitably presents.

Left Handed, Son of Old Man Hat Oct 19 2021 With a simplicity as disarming as it is frank, *Left Handed* tells of his birth in the spring of 1868 “when the cottonwood leaves were about the size of [his] thumbnail,” of family chores such as guarding the sheep near the hogan, and of his sexual awakening. As he grows older, his account turns to life in the open: nomadic cattle-raising, farming, trading, communal enterprises, tribal dances and ceremonies, lovemaking, and marriage. As *Left Handed* grows in understanding and stature, the accumulated wisdom of his people is revealed to him. He learns the Navajo lifeway, which is founded on the principles of honesty, foresightedness, and self-discipline. The style of the narrative is almost biblical in its rhythms, but biblical, too, in many respects, is the traditional way of life it recounts.

The Wise Old Man Feb 29 2020 The inner world of the imagination, with its own unique events and cast of characters, is active in most people, but many lose touch with it in their absorption with external life. Pieter Middlekoop shows how this dreamlike inner world can be entered deliberately while awake in order to gain self-knowledge and resolve conflicts. The book presents accounts of several people who entered the imaginal world by means of a technique called Imagination Therapy, which Middlekoop developed as a variation of C. G. Jung's Active Imagination. In a series of “imaginings,” they encounter

their joys and sorrows, their anxieties, their problems with relationships—and also the keys to solving their difficulties. During the course of therapy it becomes clear that there is an active center within the personality that communicates to the conscious self in the symbolic language of imagery. Often personified in fantasies and dreams as the archetypal Wise Old Man, this inner source of wisdom guides the individual to healing and wholeness.

Wisdom of Eccentric Old Men Jul 28 2022 Bly's principal revelation is that Galdós deliberately and consistently used this secondary type to emphasize the significance of the major plot developments and to underline the strengths or weaknesses of principal characters. In filling these roles the eccentric old men develop from comic shallow types into more complex secondary characters, men of insight and wisdom, who occupy a pivotal position in the novels.

The Old Man in the Club Jan 22 2022 He's the "old guy in the club" who everyone judges and scorns, but there's so much more to his story... Travel into the mind and soul of a complex man on the road to redemption in this riveting, true-to-life novel. Almost everyone who has been to a nightclub has seen him: the "old man in the club." He's the graying, balding loner looking totally out of place, like he could be everyone's father. Or grandfather. And almost everyone's wondering the same thing: Why is he in here? In Curtis Bunn's *The Old Man in the Club*, you learn why. Meet Elliott Thomas, sixty-one years old, and not afraid of spending a night among twenty-something strangers. But his motivation

for hanging out in clubs isn't his fear of growing old; it's his desire to "catch up on what I have missed." Life hasn't been easy for Elliott, and now he's on a journey to redemption. How he goes about it, however, gives some people pause. Some find him charming, some find him creepy. The women his age find him disgusting. His buddies marvel at his nerve. His children loathe his existence. But no matter who judges him, Elliott is set on reclaiming his youth—the way he wants to. A page-turner that outlines the depth, complexities, and motivations of an intriguing character, this novel will surprise and touch you—and make sure you'll never look at the "old man in the club" the same way again.

Numen, Old Men Nov 19 2021 Since the early 1990s there have been various movements designed to encourage 'masculine spirituality'. All these movements share a concern that spirituality has become too feminine and that men's experiences of the spiritual are being marginalized. The task of masculine spirituality is to promote 'authentic' masculine characteristics within a spiritual context. *Numen, Old Men* examines these characteristics to argue that masculine spirituality is thinly veiled patriarchy. The mythopoetic, evangelical, and Catholic men's movements are shown to promote a hetero-patriarchal spirituality by appealing to either combative and oppressive neo-Jungian archetypes or biblical models of man as the leader of the family. *Numen, Old Men* examines spiritualities that aim to honour and transcend both the masculine and feminine, and offers gay spirituality as an example of masculine spirituality that resists patriarchy.

Ceremonies in Dark Old Men Nov 07 2020 Ceremonies in Dark Old Men, a classic of American theater, is the poignant story of a family in 1950s Harlem. In timeless prose, Lonne Elder explores the discontent of a generation that has grown old before its time, and the determination of the next generation to avoid such a fate. In the play, Russel B. Parker is a prodigal father and failed barber who exists on memories and "ceremonies" for survival. He spends his time recounting atmospheric tales of his life in vaudeville and tells, in darkly comic detail, about his days on the chain gang. Just beneath the surface of Elder's work lie the terrors of day-to-day life in a racist society--never directly mentioned, but always simmering unforgettably. Ceremonies in Dark Old Men had its debut Off-Broadway in 1969. It received enthusiastic reviews and moved into an extended run. Since its first performance, the play has been produced numerous times both on television and on the stage, with the leads being played by an honor roll of actors, including Laurence Fishburne, Denzel Washington, and Billy Dee Williams.
