asked the question "When are you going to have a baby?" so many times that you feel as though your uterus is starring in a new reality TV show, this hilarious, insightful book is for you. Carrie Friedman shares her daily struggles with what she calls her "pre-partum depression"—from baby lust to panic, and everything in between. Fending off the "dreaded question" from everyone, including her yoga teacher, and navigating the minefield of toddler birthday parties, as well as creating her own faux baby registry under an assumed name, Carrie Friedman captures the process of deciding to have a baby with humor and smarts. If you're looking for refuge from prying questions, pet substitution, and the call of your biological clock, this book is a hilarious diversion." --Adrienne Frost, *I Hate Other People's Kids* "An absolute delight!" --Jamie Cat Callan, *French Women Don't Sleep Alone*

Twenty-four-year-old Natalie Taylor was leading a charmed life. At the age of twenty four, she had a fulfilling job as a high school English teacher, a wonderful husband, a new house and a baby on the way. Then, while visiting her sister, she gets the news that Josh has died in a freak accident. Four months before the birth of her son, Natalie is leveled by loss. What follows is an incredibly powerful emotional journey, as Natalie calls upon resources she didn't even know she had in order to re-imagine and re-build a life for her and her son. In vivid and immediate detail, Natalie documents her life from the day of Josh's death through the birth their son, Kai, as she struggles in her role as a new mother where everyone is watching her for signs of impending collapse. With honesty, raw pain, and most surprising, a wicked sense of humor, Natalie recounts the agonies and unexpected joys of her new life. There is the frustration of holidays, navigating the relationship with her in-laws, the comfort she finds and unlikely

friendship she forges in support groups and the utterly breathtaking, but often overwhelming new motherhood. When she returns to the classroom, she finds that little is more healing than the honesty and egocentricity of teenagers. Drawing on lessons from beloved books like *The Color Purple* and *The Catcher in the Rye* and the talk shows she suddenly can't get enough of, from the strength of her family and friends, and from a rich fantasy life—including a saucy fairy godmother who guides her grieving—Natalie embarks on the ultimate journey of self-discovery and realizes you can sometimes find the best in yourself during the worst life has to offer. And she delivers these lessons, in way that feels like she's right beside you in her bathrobe and with a glass of wine--the cool, funny girlfriend you love to stay up all night with. Unforgettable and utterly absorbing, *Signs of Life* features a powerful, wholly original debut voice that will have you crying and laughing to the very last page.

Precious Cargo Oct 21 2019 Precious Cargo is a term safety advocates use to describe helpless children who are at risk when riding in automobiles. These fragile passengers are dependent upon parents and caregivers to protect them and ensure their wellbeing. Motor vehicle crashes claim thousands of child fatalities and debilitating injuries every year. Unrestrained children are at the greatest risk of death and serious injury. Use of Child Restraint Systems is essential to protect your loved ones. The author reviews the historical basis of child car seats and the evolution of child safety restraints to date. Child restraint systems have a proven record of saving the lives of numerous children, and reducing serious injury of thousands of others. However, it has been a rocky road. Current child seats are effective when used correctly but misuse; confusion, and product recalls have tainted the industry. Progress toward advancing child safety has

stalled; with little progress over the past 40 years. Obsolete and ineffective testing methodology needs to be corrected to advance the state-of-art. The Car companies are not involved in child restraint design, crash testing or vehicle installation problems. The National Highway Traffic safety Administration (NHTSA) oversight has been negligent and ineffective in advancing child safety technology. Cooperation between car companies, child seat manufacturers, NHTSA, and concerned safety advocates as the way-forward to advancing child safety is presented.

life throws you a curveball that makes all of your previous ineptitudes in life pale in comparison. With the appearance of one little extra line on a pregnancy test, you're thrown into a world of covering up leaks on shirts and taking a pacifier away from a two-year-old who has the grip of a pit bull. In this funny, smart, and honest book, Jane Buckingham cuts through the clutter to give you simple information and practical advice for navigating the different stages of motherhood. From how to get your child to sleep and how to wean, to how to get him off the pacifier and how to stop his tantrums, this book will help moms feel in the know and in control! Some of Buckingham's favorite tips: If your baby has a hard time feeding because of a stuffy nose, turn on the shower to steam up the bathroom and feed her there. Put your children's paints in an empty egg carton -- it's the perfect size, and there's no mess to clean up when you're done. Use an old raincoat with the arms cut off as a smock. You should buy a new car seat, rather

than borrowing a friend's old car seat, as there are constant safety upgrades. Also, be sure you are the person registered to that car seat (send in that registration card!) so that you'll be notified in case of a recall. Keep the three-day rule in mind: Almost any bad habit can be broken in three days. Granted, they may be tough, torturous days, but you can do it! Design Your Life Jul 18 2019 Design Your Life is a series of irreverent and realistic snapshots about objects and how we interact with them. By leading design thinker Ellen Lupton and her twin sister Julia Lupton, it shows how design is about much more than what's bought at high-end stores or the modern look at IKEA. Design is critical thinking: a way to look at the world and wonder why things work, and why they don't. Illustrated with original paintings of objects both ordinary and odd, Design Your Life casts a sharp eye on everything from roller bags, bras, toilet paper, and stuffed animals to parenting, piles, porches, and potted plants. Using humor and insight Ellen and Julia explore the practical side of everyday design, looking at how it impacts your life in unexpected ways and what you can do about it. Speaking to the popular interest in

design as well as people's desire to make their own way through a mass-produced world, this thoughtful book takes a fresh and humorous approach to make some serious points about the impact of design on our lives. Find out what's wrong with the bras, pillows, potted plants, and the other hopeless stuff you use, buy, clean, water, or put away everyday. Discover how to secretly control the actions of those around you by choosing and placing objects carefully. Find out how roller bags are threatening civilization, and how the layout of your own house might be making you miserable. Use the tools of self-publishing to take the power of branding into your own hands. Taking a fresh, funny look at parenthood, housekeeping, entertaining, time management, crafting, and more, Design Your Life shows you how to evaluate the things you use, and how to recognize forms of order that secretly inhabit the messes of daily life, be it a cluttered room or a busy schedule. Use this book to gain control over your environment and tap

into the power of design to communicate with friends, family, and the world.

Word of Mouth and Social Media Sep 12 2021

This collection examines a key new development in the contemporary marketing landscape, the relationship between the informal exchange of information and advice among consumers - known as word of mouth (WOM) - and emerging social media. Whereas WOM has been around since as long as people have engaged in conversations, its transmission is no longer limited to face-to-face interactions over the clothesline and across backyard fences. Today, the dissemination of WOM through online channels such as Facebook, Twitter, LinkedIn, YouTube channels, blogs, and consumer forums has significantly altered the alacrity by which product and service messages are spread across a dramatically expanded consumer audience. As marketing practitioners have come to recognize the power of online WOM in terms of its impact

on consumer beliefs, attitudes, and purchasing behavior, effective strategies for leveraging the consumer conversation require greater insight and understanding of WOM and social media. Towards that end, this book offers groundbreaking research from an impressive array of internationally renowned marketing researchers on the nature and dynamics of WOM transmitted through social media channels, advancing our understanding of consumer influence, which to date has largely focused on offline WOM. Among the topical issues covered are best practices for marketing practitioners, the conversational nature of online WOM, the dynamic interplay between online and offline WOM, WOM measurement and monitoring, and cross-cultural influences on WOM. This book was originally published as a special issue of the Journal of Marketing Communications.

Aug 23 2022 Newly Diagnosed? Long Time Sufferer? You are NOT alone! You CAN change

your life and REVERSE this highly frustrating, emotionally confusing, very often unrecognized "invisible" illness. Too many fibromyalgia/chronic fatigue syndrome patients find themselves suffering in pain, depressed, and alone. Abandoned and misunderstood by their families, the medical community, and society in general, they retreat to their medicine cabinets full of prescription drugs and supplements—mere bandages—that won't reverse their condition. Chantal's story removes the bandages and offers these patients real hope and help. Part memoir/part self-help, Chantal chronicles the steps she took to reclaim her life while following the Guaifenesin Treatment Protocol. Join Chantal in her journey. "A must-read, Chantal's book will bring you HOPE, INSIGHTFUL tips and POSITIVE results. This is AMAZING book has changed my Fibromyalgia life." — Kris Bruinsma, FMS survivor "I am so proud to read this book written by my friend, Chantal. Her articles have graced many

publications including my own and I am thrilled that she has taken the time to make her story public. I know firsthand the power of shared experiences on recovery and know her book will make a difference to so many." —Claudia Marek, co-author of *What Your Doctor May Not Tell You about Fibromyalgia* "This is a story of hope and determination written by an individual who has been a patient in my integrative medical practice for the past eight years. She is an outspoken advocate and our resident expert in the protocol of R. Paul St. Amand, MD. She has graced us with her knowledge and exuberant energy at our clinic's monthly fibromyalgia support group meetings. She is the consummate teacher and is always available to help our other fibromyalgia patients working through the subtleties of the Guaifenesin Protocol. A must-read for anyone lost in the abyss of fibromyalgia with seemingly no apparent way out." —Thaddeus P. Srutwa, MD, Spring Lake, MI

Parenting, Inc. Jan 04 2021 A leading social critic goes inside the billion-dollar baby business to expose the marketing and the myths, helping parents determine what's worth their money—and what's a waste Parenting coaches, ergonomic strollers, music classes, sleep consultants, luxury diaper creams, a never-ending rotation of DVDs that will make a baby smarter, socially adept, and bilingual before age three. Time-strapped, anxious parents hoping to provide the best for their baby are the perfect

mark for the "parenting" industry. In *Parenting, Inc.*, Pamela Paul investigates the whirligig of marketing hype, peer pressure, and easy consumerism that spins parents into purchasing overpriced products and raising overprotected, overstimulated, and over-provided-for children. Paul shows how the parenting industry has persuaded parents that they cannot trust their children's health, happiness, and success to themselves. She offers a behind-the-scenes look at the baby business so that any parent can decode the claims—and discover shockingly unuseful products and surprisingly effective services. And she interviews educators, psychologists, and parents to reveal why the best thing for a baby is to break the cycle of self-recrimination and indulgence that feeds into overspending. Paul's book leads the way for every parent who wants to escape the spiral of fear, guilt, competition, and consumption that characterizes modern American parenthood.
