Harley-Davidson Sportster Performance Handbook, 3rd Edition Sep 03 2020 For Harley-Davidson aficionados, the very name Sportster conjures an image of a fire-breathing mechanical beast scorching

the world's tarmac image the Sportster itself often does not live up to. Straight from the factory, in standard form, the Sportster routinely proves an entry-level motorcycle providing a relatively tame ride. This book aims to change all that and to show every Sportster rider how to free the beast in his or her bike. With expert, detailed advice on the proper mechanical massaging and plenty of helpful diagrams and photos this updated, third edition of Buzz Buzzelli's best-selling handbook shows how the Sportster can be transformed into the superbike of old. Including a history of the Sportster from its birth in 1959 to the recent introduction of a new engine (only the third in its long life), this book has everything it takes to open up the gates of hell and give the Sportster its head.
