Sir Arthur Conan Doyle (1859-1930) is known the world over as the creator of the famous consulting detective, Sherlock Holmes. But Conan Doyle was a prolific writer who produced a large body of work ranging from non-fiction and full-length novels to a wide-ranging collection of short stories. Doyle's first major success as a writer came with the debut of Sherlock Holmes in the 1887 publication of *A Study in Scarlet*,. Holmes was a popular sensation, and more stories followed. By 1891, Sherlock Holmes was enough to provide Doyle a living, but Doyle came to resent Holmes, who kept him from what he considered "more important" work. In 1893 he "killed" Holmes, as the detective and his archenemy, Professor Moriarty, plunged to their deaths at Reichenbach Falls in "The Final Problem". It was no mere publicity stunt. Doyle considered himself finished with Mr. Sherlock Holmes. The public uproar in reaction to Holmes' "death" shocked Doyle, with even his own mother complaining, and as the clamor continued he was forced to bring the detective back in *The Hound of the Baskervilles*, published, to a vast public sigh of relief, in 1901. Ironically, the character Doyle resented as a "distraction" from serious work would ultimately appear in fifty-six short stories and four novels, together with countless adaptations to films, television, cartoons, and modern pastiches by an assortment of authors. In fact, the "world's first consulting detective" and Edgar Rice Burroughs' Tarzan are widely regarded as the best-known fictional characters in the world.
