**The Rays before Satyajit** Oct 01 2020 In the history of Indian cinema, the name of Satyajit Ray needs no introduction. However, what remains unvoiced is the contribution of his forebears and their tryst with Indian modernity. Be it in art, advertising, and printing technology or in nationalism, feminism, and cultural reform, the earlier Rays attempted to create forms of the modern that were uniquely Indian and cosmopolitan at the same time. Some of the Rays, especially Upendrakishore and his son, Sukumar, are iconic figures in Bengal. But even Bengali historiography is almost exclusively concerned with the family's contributions to children's literature. However, as this study highlights, the family also played an important

role in engaging with new forms of cultural modernity. Apart from producing literary works of enduring significance, they engaged in diverse reformist endeavours. The first comprehensive work in English on the pre-Satyajit generations, *The Rays before Satyajit* is more than a collective biography of an extraordinary family. It interweaves the Ray saga with the larger history of Indian modernity.

*Colour, Art and Empire* Jan 16 2022 *Colour, Art and Empire* explores the entanglements of visual culture, enchanted technologies, waste, revolution, resistance and otherness. The materiality of colour offers a critical and timely force-field for approaching afresh debates

on colonialism. This book analyses the formation of colour and politics as qualitative overspill. Colour can be viewed both as central and supplemental to early photography, the totem, alchemy, tantra and mysticism. From the eighteenth-century Austrian Empress Maria Theresa to Rabindranath Tagore and Gandhi, to 1970s Bollywood, colour makes us adjust our take on the politics of the human sensorium as defamiliarising and disorienting. The four chapters conjecture how European, Indian and Papua New Guinean artists, writers, scientists, activists, anthropologists or their subjects sought to negotiate the highly problematic stasis of colour in the repainting of modernity. Specifically, the thesis of this book traces Europeans' admiration and emulation of what they termed 'Indian colour' to its gradual

denigration and the emergence of a 'space of exception'. This space of exception pitted industrial colours against the colonial desire for a massive workforce whose slave-like exploitation ignited riots against the production of pigments - most notably indigo. Feared or derided, the figure of the vernacular dyer constituted a force capable of dismantling the imperial machinations of colour. Colour thus wreaks havoc with Western expectations of biological determinism, objectivity and eugenics. Beyond the cracks of such discursive practice, colour becomes a sentient and nomadic retort to be pitted against a perceived colonial hegemony. The ideological reinvention of colour as a resource for independence struggles make it fundamental to multivalent genealogies of artistic and political action and their relevance to the present.

**Indigo** Oct 25 2022 Indigo is a collection of stories about the supernatural, the peculiar and the inexplicable from Satyajit Ray, one of the best-loved writers of our times. There are tales here of dark horror, fantasy and adventure along with heart-warmingly funny stories about ordinary people in extraordinary situations. In 'Big Bill' Tulsī Babu picks up a newly-hatched chick from a forest and brings it home only to find it growing bigger and fiercer by the day; in 'Khagam' a man kills a sadhu's deadly pet snake and invites a curse which brings about horrifying changes in his body; and in the title story, a young executive resting in an old abandoned bungalow for a night, finds himself caught up in a chilling sequence of events which occurred more than a century ago. Also included here is 'The Magical Mystery', a brand new Feluda story discovered amongst Ray's papers after his death, and several tales featuring Uncle Tarini, the master storyteller who appears in translation for the first time. From Mr. Shasmal, who is visited one night by all the creatures he has ever killed, to Ashamanja Babu, who does not know what to do when his pet dog suddenly begins to laugh, the unforgettable characters in these stories surprise, shock and entertain us in equal measure. Indigo is a veritable treasure trove especially for those who like a taste of the unusual in a short story and an unexpected twist at the end. Translated from the Bengali by the author and Gopa Majumdar.

honours, his contributions to works by others, discography, bibliography, citations received on several occasions, the text of his earliest literary work, reproductions of his earliest artistic works, and portfolios on the making of Pather Panchali, his masterwork, and his involvement with Sandesh, the popular children's periodical launched by his grandfather that Ray revived in 1961, from a passionate concern for the enlightenment of children, a project that grew to be a passion of his in his last years. A selection of reviews of Ray's films, national and international, arranged chronologically and filmwise offer a record of the world's perception of and response to his films over four decades, in historical perspective. The volume as a whole, the product of several years' research, has drawn on the rich collection of relevant documentary and archival material and memorabilia lying with the Ray family; and with the thoroughness that has gone into its documentation, it will be, for several years to come, the most authoritative and exhaustive and reliable work on Satyajit Ray. The contributors include artists Dinkar Kowshik, Paritosh Sen and K G Subramanyan, filmmaker Adoor Gopalakrishnan, musician and music critic Adi Gazdar, film critics Gaston Roberge and Charles Tesson, advertising and public relations men R P Gupta and Subrata Banerjee, social activist Kalyani Karlekar, and literary critic Saroj Bandyopadhyay.

*Hitlers Griff nach Asien* 2 Jun 16 2019 Horst H. Geerken lebte zwischen 1963 und 1981 in der noch jungen Republik Indonesien, die sich nach Beendigung der fast 350jährigen Kolonialzeit und Ausbeutung durch die Niederlande im Aufbruch befand. Neben seiner beruflichen Tätigkeit für einen deutschen Konzern bereiste er intensiv große Teile des indonesischen Archipels und wurde so zum Kenner von Land, Kultur und Menschen. Immer wieder stieß er sowohl bei seinen beruflichen als auch privaten Aktivitäten auf deutsche, japanische und indonesische Zeitzeugen, die die Zeit der japanischen Besetzung und die Präsenz der Deutschen Kriegsmarine in Indonesien noch erlebt hatten. Das weckte sein Interesse dauerhaft und später recherchierte er ausgiebig in deutschen und indonesischen Archiven und gewann

erstaunliche Erkenntnisse. Die Beziehungen des Deutschen Reichs zum damaligen Niederländisch-Indien waren offenkundig viel intensiver und vielfältiger als bisher angenommen. Kaum jemandem ist bekannt, dass Hitlers Interesse an dem so weit entfernten Archipel von Niederländisch-Indien außergewöhnlich stark war und dass tausende deutscher Offiziere und Marinesoldaten in Ost- und Südostasien im Einsatz waren. Wer weiß schon, dass deutsche U-Boote und Hilfskreuzer während des Zweiten Weltkriegs bis weit in den Pazifik vordrangen, oder dass Hitler die Unabhängigkeitsbewegungen in Indonesien und Indien massiv unterstützte. Viele der deutschen Marinesoldaten schlossen sich nach Kriegsende den indonesischen Freiheitskämpfern an und fanden in Indonesien eine neue Wahlheimat. Der Zweite Weltkrieg hat das Ende der Kolonialzeit in Asien und vornehmlich in Südost-Asien eingeläutet. Die Rolle, die das Dritte Reich dabei gespielt hat, ist nicht zu unterschätzen. Auch die Zusammenarbeit der Dreimächte-Achse, besonders zwischen dem Japanischen Kaiserreich und dem Dritten Reich mit all seinen Problemen wird beleuchtet. Es fand ein reger Austausch der neuesten Waffentechnologien statt. Der Autor hat seine durch langjährige Recherchen gewonnenen Erkenntnisse in den zwei Bänden ‚Hitlers Griff nach Asien‘ verarbeitet. Es ist eine faszinierende Dokumentation über einen

Dog Of The Gods And The Ancestor Of All Dogs. In Sarama And Her Children, The Evolution Of The Indian Attitude Towards Dogs Is Traced Through The Vedas, Epics, Puranas, Dharmashastras And Niti Shastras. The Widespread Assumption Is That Dogs Have Always Been Looked Down Upon In Hinduism And A Legacy Of That Attitude Persists Even Now. Tracing The Indian Attitude Towards Dogs In A Chronological Fashion, Beginning With The Pre-Vedic Indus Valley Civilization, Bibek Debroy Discovers That The Truth Is More Complicated. Dogs Had A Utilitarian Role In Pre-Vedic And Vedic Times. There Were Herd Dogs, Watchdogs And Hunting Dogs, And Dogs Were Used As Beasts Of Burden. But By The Time Of The Mahabharata, Negative Associations Had Begun To Creep In. Debroy Argues Convincingly That The Change In The Status Of The Dog In India Has To Do With The Progressive Decline Of The Traditional Vedic Gods Indra, Yama And Rudra (Who Were Associated With Dogs), And The Accompanying Elevation Of Vishnu, Associated With An Increase In Brahmana Influence. Debroy Demonstrates That Outside The Mainstream Caste Hindu Influence, As Reflected In Doctrines Associated With Shiva And In Buddhist Jataka Tales, Dogs Did Not Become Outcasts Or Outcastes. Her Children Dispels Some Myths And Ensures That The Indian Dog Also Has Its Day. Routledge Handbook of Indian Politics Mar 26 2020 India's growing economic and socio-political importance on the global stage has triggered an increased interest in the country. This Handbook is a reference guide, which surveys the current state of Indian politics and provides a basic understanding of the ways in which the world's largest democracy functions. The Handbook is structured around four main topics: political change, political economy, the diversity of regional development, and the changing role of India in the world. Chapters examine how and why democracy in India put down firm roots, but also why the quality of governance offered by India's democracy continues to be low. The acceleration of economic growth since the mid-1980s is discussed, and the Handbook goes on to look at the political and economic changes in selected states, and how progress across Indian states continues to be uneven. It concludes by touching on the issue of India's international relations, both in South Asia and the wider world. The Handbook offers an invigorating initiation into the seemingly daunting and complex terrain of Indian politics. It is an invaluable resource for academics, researchers, policy analysts, graduate and undergraduate students studying Indian politics.

"I can never forget the excitement in my mind after seeing 'Pather Panchali'", noted Akira Kurosawa. Satyajit Ray's three films about the boyhood, adolescence and manhood of Apu, 'Pather Panchali' (1955), 'Aparajito' (1956) and 'The World of Apu' (1959) - collectively known as The Apu Trilogy - are established classics of world cinema. The Trilogy was the chief reason for Satyajit Ray's receiving a Hollywood Oscar for lifetime achievement in 1992, just before his death. This book by Ray's biographer and world authority Andrew Robinson is the first full study of the Trilogy. Robinson - who came to know the director well during the last decade of his career - covers the literary and cultural background to the films, their production, their music composed by Ravi Shankar, their aesthetic value, and their complex critical reception in the East and the West, from 1955 up to the present day. Extensively and beautifully illustrated and a pleasure to read, 'The Apu Trilogy' will appeal to anyone captivated by the unique world created by Satyajit Ray.

la diversité du talent de Satyajit Ray écrivain. Leur coloration fantastique agrémentée avec bonheur l'observation de la réalité indienne à laquelle le célèbre cinéaste nous a habitués dans ses films. Khagam fait froid dans le dos: un homme tué par une bête un serpent, il se retrouvera quelque temps plus tard dans la peau de ce serpent. Dans Patol Babu, un vieil acteur dépassé par les progrès du cinéma se berce de ses dernières illusions. La nuit de l'indigo, nouvelle qui donne son titre au recueil, s'inspire des souvenirs de jeunesse de l'auteur pour dériver vers un étrange récit de réincarnation et de dédoublement de personnalité. D'autres textes pourraient encore faire songer à Conan Doyle ou Wells, s'ils n'étaient rehaussés par la fantaisie, la magie du regard indien. Comme toute nouvelle réussie, il est difficile de résumer celles de Satyajit Ray, dont tout le charme tient à une couleur, une manière, un rythme originaux.

**The Complete Adventures of Feluda** Jan 24 2020 Nineteen gripping tales of suspense and mystery For readers who enjoyed the adventures of Feluda in Volume 1, this second omnibus volume holds more delights. Accompanied by his cousin Topshe and the bumbling crime writer Lalmohan Ganguly (Jatayu), Feluda travels from Puri to Kedarnath, from Kathmandu to

London in his pursuit of culprits; he tracks down Napoleon's last letter, a forgotten painting by Tintoretto and a stolen manuscript. Satyajit Ray: The Inner Eye Oct 13 2021 Akira Kurosawa said of the great director: 'Not to have seen the cinema of Ray means existing in the world without seeing the sun or the moon.' Martin Scorsese remarked on Ray's birth centenary in 2021: 'The films of Satyajit Ray are truly treasures of cinema, and everyone with an interest in film needs to see them.' *Satyajit Ray: The Inner Eye* is the definitive biography, based on extensive interviews with Ray himself, his actors and collaborators, and a deep knowledge of Bengali culture. Andrew Robinson provides an in-depth critical account of each film in an astonishingly versatile career, from Ray's directorial debut *Pather Panchali* (1955) to his final feature *Agantuk* (1991). The third (centenary) edition includes new material: an epilogue, 'A century of Ray', about the nature of his genius; a wide-ranging conversation with Ray drawn from the author's interviews; and an updated comprehensive bibliography of Ray's writings. **India Today** May 08 2021 **Art Cinema and India's Forgotten Futures** May 20 2022 The project of Indian art cinema began in the years following independence in 1947, at once evoking the global reach of the term "art film" and speaking to the aspirations of the new nation-state. In this pioneering book, Rochona Majumdar examines

key works of Indian art cinema to demonstrate how film emerged as a mode of doing history and that, in so doing, it anticipated some of the most influential insights of postcolonial thought. Majumdar details how filmmakers as well as a host of film societies and publications sought to foster a new cinematic culture for the new nation, fueled by enthusiasm for a future of progress and development. Good films would help make good citizens: art cinema would not only earn global prestige but also shape discerning individuals capable of exercising aesthetic and political judgment. During the 1960s, however, Satyajit Ray, Mrinal Sen, and Ritwik Ghatak—the leading figures of Indian art cinema—became disillusioned with the belief that film was integral to national development. Instead, Majumdar contends, their works captured the unresolvable contradictions of the postcolonial present, which pointed toward possible, yet unrealized futures. Analyzing the films of Ray, Sen, and Ghatak, and working through previously unexplored archives of film society publications, Majumdar offers a radical reinterpretation of Indian film history. *Art Cinema and India's Forgotten Futures* offers sweeping new insights into film's relationship with the postcolonial condition and its role in decolonial imaginations of the future.
