Tales of King Arthur And His Knights of the Round Table Mar 08 2021 "Since the appearance of Geoffrey of Monmouth's 'Historia Regum Britanniae' around 1135, The Arthurian legends had rapidly acquired popularity in England as well as in France, where Chrétien de Troyes and Marie de France developed the tradition at a highly sophisticated level. In no time at all, King Arthur had come to embody every contemporary ideal of knighthood and kingship. Many stories were told, most of them mythical, but in their day they were accepted as historical fact and eagerly retold by writers and poets. Whilst Geoffrey of Monmouth had collected old Celtic legends and written the first popular account of King Arthur, Robert Wace was the first to mention the Round Table, where no one Knight had precedence. By the 1170s, as a result of royal interest, the Arthurian legends had become enormously popular, both at Court and throughout England, and indeed Christendom. It became fashionable for knights and ladies to emulate the chief characters, whose Chivalric ethic reflected the aristocratic values of the twelfth century." Adapted and taken from the book by Alison Weir called 'Eleanor of Aquitaine, By the Wrath of God, Queen of England', published by Jonathan Cape.

The Story of King Arthur and his Knights Oct 15 2021 AFTER several years of contemplation and of thought upon the matter herein contained, it has at last come about..., that I have been able to write this work with such pleasure of spirit that, if it gives to you but a part of the joy that it hath afforded me, I shall be very well content with what I have done. For I believe that King Arthur was the most honorable, gentle Knight who ever lived in all the world. And those who were his fellows of the Round Table... made, altogether, such a company of noble knights that it is hardly to be supposed that their like will ever be seen again in this world... So in the year of grace one thousand nine hundred and two I began to write this history of King Arthur and his Knights of the Round Table and, if I am able so to do, I shall endeavor, with love of that task, to finish the same at some other time in another book and to the satisfaction of whosoever may care to read the story thereof.
