Memories of Peking Oct 27 2022 Through the keen eyes and curious mind of a young girl, Ying-tzu, we are given a glimpse into the adult world of Peking in the 1920s. The five sequential stories in this collection can be read as either stand-alone pieces, or as a novel, due to the cleverly constructed themes and character development. Exploring ideas of loss and bewilderment, Lin Hai-yin carefully captures the transition from childhood to adulthood. Shielded by a child's innocence, we are taken on a journey of discovery as Ying-tzu grapples with the uncertainties of human relationships as well as her developing awareness of the world around her. Poignant and poetic, it is hard not to be moved by Memories of Peking: South Side Stories."

Mao Tse-tung and the Chinese People Oct 23 2019 This book, first published in 1977, attempts to show Mao Tse-tung in his relationship with the Chinese people. The author makes extensive use of a number of interviews with a cross-section of Chinese people, as well as examining the written records made by foreign visitors. *Lost in Translation* Mar 20 2022 A novel of searing intelligence and startling originality, Lost in Translation heralds the debut of a unique new voice on the literary landscape. Nicole Mones creates an unforgettable story of love and desire, of family ties and human conflict, and of one woman's struggle to lose herself in a foreign land--only to discover her home, her heart, herself. At dawn in Beijing, Alice Mannegan pedals a bicycle through the deserted streets. An American by birth, a translator by profession, she spends her nights in Beijing's smoke-filled bars, and the Chinese men she so desires never misunderstand her intentions. All around her rushes the air of China, the scent of history and change, of a world where she has come to escape her father's love and her own pain. It is a world in which, each night as she slips from her hotel, she hopes to lose herself forever. For Alice, it began with a phone call from an American archaeologist seeking a translator. And it ended in an intoxicating journey of the heart--one that would plunge her into a nation's past, and into some of the most rarely glimpsed regions of China. Hired by an archaeologist searching for the bones of Peking Man, Alice joins an expedition that penetrates a vast, uncharted land and brings Professor Lin Shiyang into her life. As they draw closer to unearthing the secret of Peking Man, as the group's every move is followed, their every whisper recorded, Alice and Lin find shelter in each other, slowly putting to rest the ghosts of their pasts. What happens between them becomes one of the most breathtakingly erotic love stories in recent fiction. Indeed, Lost in Translation is a novel about love--between a nation and its past, between a man and a memory, between a father and a daughter. Its powerful impact confirms the extraordinary gifts of a master storyteller, Nicole Mones.

Bleicher Jasmin Dec 05 2020 Einmal in China leben? Helen freut sich auf ein Abenteuer. Davon kriegt sie dann doch zu viel, denn der plötzliche Tod ihrer Nachbarin wirft einen Schatten auf das Idyll in der Fremde: vielleicht ist doch nicht alles so unbeschwert und arglos, wie es scheint? Aber was geht es Helen an? Auf keinen Fall will sie in das Wespennest von ehrgeizigen Geschäftsleuten, gelangweilten Nachbarn und dynamischen Müttern stechen. Doch bald schon entwickeln sich die Dinge so, dass ihr keine andere Wahl bleibt. Natürlich ermittelt man als Hausfrau und Mutter besser sehr diskret. Doch im Kreis der Ausländer bleibt vieles nicht lange geheim. Wenn man freundlich nachfragt, erfährt man immer etwas: beim Ausflug mit dem Elternbeirat zu einem Kloster in die Berge ebenso wie beim Wandern auf der Chinesischen Mauer; beim Kaffee mit den Damen vom Yoga genauso wie beim teuren Mineralwasser im Penthousebüro des Investmentfonds mit Blick auf die Verbotene Stadt. Die Nachforschungen führen durch Pekings weite Strassen und enge Hutongs, in protzige Villen und kulinarische Tempel. Was lauert hinter den gepflegten Fassaden? Mit was für Leuten hat man es eigentlich zu tun, wenn man in die weite Welt zieht? China ist gross und der Fall verzwickt, doch wenn man sich nicht immer an alle Regeln hält, kann man fast alles erreichen!

Memories of Peking Jun 23 2022 In five stories with a continuing cast of characters and many of the qualities of a novel, Memories of Peking: South Side Stories portrays Peking of the 1930s as seen through the eyes of a little girl. These stories differ greatly from many other books on life in China -- whether about past times or the present day -- in that they neither dwell on politics nor try to propound beliefs of any kind. The stories are simple, direct, and personal. The reader experiences life in Peking through the eyes and innocent mind of the child. The author is well known for her perception and humor. She handles with great sensitivity and lyricism the sense of loss and bewilderment that arouses the child's awareness of the uncertainties of human relationships, even of life itself, and which finally catapults her away from childhood joys into the sorrows of the adult world.

Competing Economic Paradigms in China Oct 03 2020 When the Chinese economic reforms began in 1978, Marxist economics infused all the institutions of economic theory in China, from academic departments and economics journals to government departments and economic think tanks. By the year 2000, neoclassical economics dominated these institutions and organized most economic discussion. This book explains how and why neoclassical economic theory replaced Marxist economic theory as the dominant economics paradigm in China. It rejects the idea that the rise of neoclassical theory was a triumph of reason over ideology, and instead, using a sociology of knowledge approach, links the rise of neoclassical economics to broad ideological currents and to the political-economic projects that key social groups inside and outside China wanted to enable. The book concludes with a discussion of the nature of economic theory and economics education in China today.

Gezeiten May 22 2022 ›Gezeiten‹, der erste Roman von Bei Dao, einem der meistbeachteten Autoren Chinas, spiegelt die verzweifelte Situation junger Intellektueller in der verworrenen End- und Auflösungsphase der Kulturrevolution. Mao Jun 11 2021 The most authoritative life of the Chinese leader every written, Mao: The Unknown Story is based on a decade of research, and on interviews with many of Mao’s close circle in China who have never talked before — and with virtually everyone outside China who had significant dealings with him. It is full of startling revelations, exploding the myth of the Long March, and showing a completely unknown Mao: he was not driven by idealism or ideology; his intimate and intricate relationship with Stalin went back to the 1920s, ultimately bringing him to power; he welcomed Japanese occupation of much of China; and he schemed, poisoned, and blackmailed to get his way. After Mao conquered China in 1949, his secret goal was to dominate the world. In chasing this dream he caused the deaths of 38 million people in the greatest famine in history. In all, well over 70 million Chinese perished under Mao’s rule — in peacetime.

Korean War Mar 28 2020 It was the first war we could not win. At no other time since World War II have two superpowers met in battle. Now Max Hastings, preeminent military historian takes us back to the bloody bitter struggle to restore South Korean independence after the Communist invasion of June 1950. Using personal accounts from interviews with more than 200 vets—including the Chinese—Hastings follows real officers and soldiers through the battles. He brilliantly captures the Cold War crisis at home—the strategies and politics of Truman, Acheson, Marshall, MacArthur, Ridgway, and Bradley—and shows what we should have learned in the war that was the prelude to Vietnam.

On the Noodle Road Dec 17 2021 A food writer travels the Silk Road, immersing herself in a moveable feast of foods and cultures and discovering some surprising truths about commitment, independence, and love. As a newlywed traveling in Italy, Jen Lin-Liu was struck by culinary echoes of the delicacies she ate and cooked back in China, where she’d lived for more than a decade. Who really invented the noodle? she wondered, like many before her. But also: How had food and culture moved along the Silk Road, the ancient trade route linking Asia to Europe—and what could still be felt of those long-ago migrations? With her new husband’s blessing, she set out to discover the connections, both historical and personal, eating a path through western China and on into Central Asia, Iran, Turkey, and across the Mediterranean. The journey takes Lin-Liu into the private kitchens where the headscarves come off and women not only knead and simmer but also confess and confide. The thin rounds of dough stuffed with meat that are dumplings in Beijing evolve into manti in Turkey—their tiny size the measure of a bride’s worth—and end as tortellini in Italy. And as she stirs and samples, listening to the women talk about their lives and longings, Lin-Liu gains a new appreciation of her own marriage, learning to savor the sweetness of love freely chosen.

Finance & Development, September 2012 Mar 08 2021 Technology is generating a global convergence. A "big bang" of information—and education as well—is improving human lives. And with global interconnectivity growing by leaps and bounds, we are all witness to a rapid spread of information and ideas. But, as we have seen from the prolonged global financial crisis, our interconnectedness carries grave risks as well as benefits. This issue of F&D looks at different aspects of interconnectedness, globally and in Asia. • Brookings VP Kemal Devis presents the three fundamental trends in the global economy affecting the balance between east and west in "World Economy: Convergence, Interdependence, and Divergence." • In "Financial Regionalism," Akihiro Kawai and Domenico Lombardi tell us how regional arrangements are helping global financial stability. • In "Migration Meets Slow Growth," Migration Policy Institute president Demetrios Papademetriou examines how the global movement of workers will change as the economic crisis continues in advanced economies. • "Caught in the Web" explains new ways of looking at financial interconnections in a globalized world. • IMF Managing Director Christine Lagarde provides her take on the benefits of integration and the risks of fragmentation in "Straight Talk." Also in this issue, we take a closer look at interconnectedness across Asia as we explore how trade across the region is affected by China's falling trade surplus, how India and China might learn from each others' success, and what Myanmar's reintegration into the global economy means for its people. F&D's People in Economics series profiles Justin Yifu Lin, first developing country World Bank economist, and the Back to Basics series explains the origins and evolution of money.

Im Dialog mit dem chinesischen Schauspieljahrhundert Jun 30 2020 Seit über dreißig Jahren erkundet der »große Regisseur« Lin Zhaohua (geb. 1936) verschiedene Möglichkeiten für das chinesische Schauspiel der Gegenwart. Dabei fordert er die Betrachter zu unterschiedlichen Reaktionen heraus: Die einen bezeichnen ihn als »Avantgarde«, die anderen gar als »Abtrünnungen«, er selbst meint oft, er sei »sehr traditionell«. Die vorliegende Studie untersucht zwölf von Lin Zhaohuas Inszenierungen seit den 1990er Jahren im Kontext des 2007 beschlossenen chinesischen Schauspieljahrhunderts. Dabei werden neben Aufführungen aktueller chinesischer Dramen auch Lin Zhaohuas Interpretationen großer Theaterklassiker wie Shakespeare, Ibsen oder Tschechow berücksichtigt. Seine Arbeiten mit chinesischen Schauspielgenres sind ebenso Thema wie die Verbindungen zwischen Sprechtheater und traditionellem Musiktheater. Doch vor allem wird versucht, einen Zugang zu Lin Zhaohuas spezieller Art des Theatermachens zu schaffen, seinen Themen, seinen Räumen, seinen Vorschlägen für eine Schauspielkunst des 21. Jahrhunderts.

The People's Peking Man Feb 25 2020 In the 1920s an international team of scientists and miners unearthed the richest evidence of human evolution the world had ever seen: Peking Man. After the communist revolution of 1949, Peking Man became a prominent figure in the movement to bring science to the people. In a new state with twin goals of crushing “superstition” and establishing a socialist society, the story of human evolution was the first lesson in Marxist philosophy offered to the masses. At the same time, even Mao’s populist commitment to mass participation in science failed to account for the power of popular culture—represented most strikingly in legends about the Bigfoot-like Wild Man—to reshape ideas about human nature. The People’s Peking Man is a skilled social history of twentieth-century Chinese paleoanthropology and a compelling cultural—and at times comparative—history of assumptions and debates about what it means to be human. By focusing on issues that push against the boundaries of science and politics, The People’s Peking Man offers an innovative approach to modern Chinese history and the history of science.

Lin Shu, Inc. Nov 16 2021 Lin Shu, Inc. explores the dynamic interactions between literary translation, commercial publishing, and the politics of "traditional" Chinese culture in the late nineteenth and early twentieth centuries, as it traces how Lin Shu and a team of translators brought classic Western novels by Melville, Stowe, Dickens, and others to China.

Liang and Lin May 10 2021 Wilma Fairbank documents, from both a historical and a uniquely personal perspective, the professional and personal achievements of Lin Whei-yin and Liang Sicheng. Liang and Lin were born in early twentieth-century China, a time when the influences of modernism were slowly bearing down on the traditional culture. In the 1920s, they traveled together to the Beaux Arts universe of Philadelphia, where they both graduated with honors from the architecture department of the University of Pennsylvania. Married in 1928, they returned to their native land and became the first two professors at the newly founded school of architecture in Shenyang's Tung Pei University. Wilma Fairbank and her husband, John King Fairbank, Harvard University's eminent historian of modern China, were lifelong friends of Liang and Lin. This relationship allows the author, herself a noted researcher of art and architecture, to paint a vivid picture of the couple within the context of China's turbulent past. Fairbank recounts how Liang and Lin used their Western training to initiate the study of China's architectural evolution. She also documents—as seen through the eyes of Liang and Lin—the tragic events that ravaged the Chinese homeland and its people: the 1937 invasion and bombings by the Japanese military and the ensuing illness and poverty; World War II and the civil war; the rise to power of the Communist government in 1949; and the victimization of the scholar class during the Cultural Revolution of 1966-76. Fairbank provides a highly readable, emotionally charged personal account of the couple's lives, and the numerous and sometimes horrific torments and humiliations they suffered. And, finally, when it was all too late, the posthumous praise and recognition.

Medio-translatology Jun 18 2019 This book introduces the theory of Medio-translatology. Proposed by Professor Tianzhen Xie, Medio-translatology combines comparative literature with translation studies. It has been influential in Chinese Translation Studies since its emergence in the 1990s and has since generated a myriad of heated discussions and productive applications of the theory in the analysis of translation both as an activity and a product. With ten chapters authored by leading scholars in this area, this book explicates the development and the main theoretical tenets of Medio-translatology in the first part and demonstrates the application of the theory with a number of case analysis of translations by different translators in the second part. As the first and only edited book on Medio-translatology written in English, this volume will also provide a useful window on contemporary translation studies in China.
