[Encyclopedia of US Labor and Working-Class History](#) May 26 2022 A RUSA 2007 Outstanding Reference Title The Encyclopedia of US Labor and Working-Class History provides sweeping coverage of US labor history. Containing over 650 entries, the Encyclopedia encompasses labor history from the colonial era to the present. Articles focus on states, regions, periods, economic sectors and occupations, race-relations, ethnicity, and religion, concepts and developments in labor economics, environmentalism, globalization, legal history, trade unions, strikes, organizations, individuals,

management relations, and government agencies and commissions. Articles cover such issues as immigration and migratory labor, women and labor, labor in every war effort, slavery and the slave-trade, union-resistance by corporations such as Wal-Mart, and the history of cronyism and corruption, and the mafia within elements of labor history. Labor history is also considered in its representation in film, music, literature, and education. Important articles cover the perception of working-class culture, such as the surge in sympathy for the working class following September 11, 2001. Written as an objective social history, the Encyclopedia encapsulates the rise and decline, and continuous change of US labor history into the twenty-first century.

Cooperative Apprenticeships Aug 24 2019 Apprenticeship education and training programs for today's youth and tomorrow's workers have become increasingly important in today's schools. This guide provides

examples and tools for designing and developing apprenticeship education and training programs. Industry, labor, education, and government leaders are concerned with strategies to improve the skills of America's current and future workers. A key to the solution is shared responsibility for worker preparation based upon industry derived training standards, which this guide outlines.
