Hugh Gainé: a Colonial Printer-editor's Odyssey to Loyalism Jun 11 2021 Hugh Gainé was a Colonial New York printer who in the second year of the American Revolution first allied his press to the American cause, then deserted to publish his newspaper for the British. This first book-length biography of Gainé contributes substantially to our knowledge of journalism in the Colonial period and provides fascinating insights into life in Revolutionary times. Gainé was more than a turncoat American, Lorenz shows. From his reading of the files of Gainé's newspaper, from unpublished material, and from a wide variety of printed sources, Lorenz has pieced together this study of economic and political conservatism, religious belief, and social class feelings which made Gainé a prototypical Loyalist to the British cause, though a citizen, or at least a resident, of the United States, to the end of his days, in 1807.
