Transport Law in Sweden Aug 17 2021 Derived from the renowned multi-volume International Encyclopaedia of Laws, this book provides a systematic approach to transport law as applied in Sweden. The book describes the main sources of transport law, jurisdiction and courts, state immunity, and the legal role of transport intermediaries, with detailed reference to maritime law, transport by road, transport by air, transport by rail, and inland navigation. A special chapter is devoted to multimodal transport. Among the elements of transport law considered are the legal status of the vessel; its acquisition, ownership, and registration; vessel liens and mortgages; the position of master and crew; maritime salvage and assistance; marine pollution; collision; and carriage of passengers. Other topics discussed include liability and limitation of liability, charter parties, and transport under bill of lading. Case law, intergovernmental cooperation agreements, and interactions with environmental, tax, and competition law are also covered. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable resource for lawyers handling transport contracts or cases affecting Sweden. It will also be welcomed by researchers and academics for its contribution to a field that continues to gain significance in the study of comparative law.

Aggressive and Violent Peasant Elites in the Nordic Countries, C. 1500-1700 May 26 2022 This book investigates the forms that the aggression and violence of peasant elites could take in early modern Fennoscandia, and their role within society. The contributors highlight the social stratification, inner divisions, contradictions and conflicts of the peasant communities, but also pay attention to the elite as leaders of resistance against the authorities. With the formation of more centralised states, the elites' status and room for agency diminished, but regional and temporal variations were great in this relatively drawn-out process, and there still remained several favourable contexts for their agency. Even though the peasant elite was not a homogenous entity, the chapters in this collection present us one unifying feature – the peasant elites' tendency to assert themselves with an active and aggressive agency, even if this led to very different outcomes.

What Deters and Why Apr 24 2022 The challenge of deterring territorial aggression is taking on renewed

importance, yet discussion of it has lagged in U.S. military and strategy circles. The authors aim to provide a fresh look, with two primary purposes: to review established concepts about deterrence, and to provide a framework for evaluating the strength of deterrent relationships. They focus on a specific type of deterrence: extended deterrence of interstate aggression.

Rule Breaker Aug 29 2022 Spending the night in jail isn't exactly how I planned to spend Christmas, but I've had worse holidays... Now that I'm out, it's time to accept my real punishment. Coaching ten-year-old terrors on the ice, in my non-existent free time. My Coach thinks it'd be good for me. Remind me where I came from. He should know I've tried every day of my life for the last ten years to forget. The youth hockey league is a hell I didn't plan on and the worst penalty possible... Until the day a sweet, single mom cracks a joke about her kid, and then all bets are off. I'm the best defenseman in professional hockey, but I didn't see her coming... now what in the hell do I do? I'm not equipped for a relationship. I'm definitely not ready to have a kid depending on me, but I can't deny she makes me feel things— want things I never imagined I could have. I should save us both the trouble and stay far away from her. But rules were made to be broken, and I was never good at following them anyway.

Sowie sie alt genug ist, flieht sie vor dem Leben im Club, doch das Schicksal bringt sie wieder zurück. Schon als Kind haben sich ihre Wege immer wieder mit denen von Cage West, dem Sohn des Präsidenten des Motorrad Clubs, gekreuzt. Je älter Cage wurde, desto mehr wusste er, seinen Charme einzusetzen und eine unbedachte Nacht ändert Tegens Leben. Seither fliegen bei jedem Zusammentreffen von Tegen und Cage die Fetzen. Doch was keiner von ihnen bislang begriffen hat: sie sind füreinander bestimmt und waren das vom ersten Tag an. Aber nichts ist einfach in ihrem Leben, und je mehr sich Cage und Tegen aufeinander einlassen, desto heftiger kochen nicht nur Emotionen und Leidenschaft hoch, sondern auch Gefühle, die längst vergessen schienen ... Dies ist die Geschichte von Tegen und Cage. Liebe allein kann ein gebrochenes Herz nicht heilen, und sie kann auch die Menschen nicht ändern. Doch es ist egal wie zart oder zerschissen das Band der Liebe ist, wenn es einmal geknüpft ist, ist es doch das, was dich an die Menschen bindet, die du liebst.

In the Highest Degree Odious Feb 08 2021 During the Second World War, just under two thousand British citizens were detained without charge, trial, or term set, under Regulation 18B of the wartime Defence Regulations. Most of these detentions took place in the summer of 1940, soon after Winston Churchill became Prime Minister, when belief in the existence of a dangerous Fifth Column was widespread. Churchill, at first an enthusiast for vigorous use of the powers of executive detention, later came to lament the use of a power which was, in his words, in the highest degree odious'. This book provides the first comprehensive study of Regulation 18B and its precursor in the First World War, Regulation 14B. Based on extensive use of primary sources, it describes the complex history of wartime executive detention: the purposes which it served, the administrative procedures and safeguards employed, the conflicts between the Home Office and the Security Service which surrounded its use, the part played by individuals, by Parliament, and by the courts in restraining abuse of executive power, and the effect of detention upon the lives of individuals concerned, very few of whom constituted any threat to national security. Much of what was done was kept secret at the time, and even today the authorities continue to refuse access to many of the papers which have escaped deliberate destruction. This study is the first to attempt to penetrate the veil of secrecy and tell the story of the gravest invasion of civil liberty which has occurred in Britain this century.

The State and Business in the Major Powers Jan 22 2022 In the 19th and early 20th centuries, the state emerged as a major player in the economies of the Western World. This important new volume provides an economic history for the period 1815-1939 of state/business relations in the major powers: France, Germany, Japan, Russia, UK and the USA. The book challenges the traditional story that the scale of state intervention reflected the degree to which each country was ideologically committed to laissez-faire, and which also tended to assume that governments were interested in economic growth and raising average

living standards. Robert Millward gives a rather different perspective, arguing that the scale of state intervention and the differences across countries were motivated more by considerations of external defence and internal unification than by any notions of promoting economic growth or adherence to laissez-faire. This book provides, for the first time, an integrated economic history of these state /business relations in the major powers in the period 1815-1939, and offers a completely new perspective on the links between tariff policies, state enterprise in manufacturing, the treatment of the peasantry, regulation of railways, taxation of the business sector, policies on cartels, trusts and competition.

The European Union's Foreign Policy in Comparative Perspective Dec 21 2021 This ground-breaking volume provides a new perspective on the EU's foreign policy and offers a reconstruction of EU research that extends beyond narrow-minded concepts of 'power' and 'actorness'. Focusing on two intertwined research questions, it presents a more sustainable base for studying EU foreign policy: What is the EU's foreign policy quality in terms of 'actorness' and 'power' compared to other types of actors in international relations and global politics? What factors influence the EU's foreign policy performance in comparison to states and international organizations? This guiding principle and application of a 'grounded theory' or 'heuristic case study' approach allows the book to deliver a structured comparative analysis of EU foreign policy, comparing findings across policy fields, different legal foundations and respective policy modes of governance. This book will be of key interest to students and scholars of European Union studies, European Union foreign policy studies, international relations, and security policy studies.

Kolonialität und Geschlecht im 20. Jahrhundert Jun 22 2019 Auf welche Weise ist Kolonialität an der Herausbildung von Geschlecht beteiligt? Diese Frage erörtert Patricia Purtschert am Beispiel der Schweiz im 20. Jahrhundert. Dabei wird der Blick auf zwei Figuren gerichtet, die zentral sind für die Herstellung der Schweizer Nation: die »Hausfrau« und der »Bergsteiger«. Die Studie zeichnet nach, wie die bürgerliche Hausfrau, die als Norm für die Schweizerin fungiert, in ständiger Abgrenzung von rassifizierten Anderen als weiße Vorsteherin einer zivilisierten und konsumorientierten Häuslichkeit entworfen wird. Im Unterschied dazu entsteht das Ideal des weißen Bergsteigers, das als Vorbild für den männlichen Schweizer Bürger dient, im kolonialen Wettstreit um die höchsten Gipfel der Welt. Koloniales Weiß-Machen erweist sich in dieser postkolonialen Analyse als grundlegendes Element einer zutiefst vergeschlechtlichten Nation.

Law and Responsible Supply Chain Management Mar 12 2021 Corporate Social Responsibility has for long been on the agenda in the business world and recently, it has also become a political agenda in the European Union. Focusing on international supply chains and their control based on studies of law in several European jurisdictions, this book aims to advance the discussion on the application and enforcement of CSR. Drawing parallels to US and Canadian law, the book explores to what extent private law tools can be used as an enforcement device and it ultimately asks if what we are witnessing is the formation of a new area of law, employing the interplay of contract and tort - a law of "production liability", as a corollary of the concept of "product liability".

Victors' Justice Jan 10 2021 International tribunals are shown to be little more than a tool of Western

imperialism Victors' Justice is a potent and articulate polemic against the manipulation of international penal law by the West, combining historical detail, juridical precision and philosophical analysis. Zolo's key thesis is that contemporary international law functions as a two-track system: a made-to-measure law for the hegemon and their allies, on the one hand, and a punitive regime for the losers and the disadvantaged, on the other. Though it constantly advertised its impartiality and universalism, international law served to bolster and legitimize, ever since the Tokyo and Nuremberg trials, a fundamentally unilateral and unequal international order.

It addresses the broad range of aspects, including privacy, liability, transparency, justice, and others, from the perspective of different jurisdictions. Including a discussion of the role of AI in industry during the Covid-19 pandemic, the chapters also offer a set of recommendations for optimal regulatory interventions. Home and Sense of Belonging among Iraqi Kurds in the UK May 14 2021 In *Home and Sense of Belonging among Iraqi Kurds in the UK*, Ali Zalme explores how Iraqi Kurdish generations in the UK conceptualise home and belonging. Zalme challenges the essentialist and nationalist approach that often

dominates discussions of diasporic community research, instead promoting perspectives from individuals' experiences and their social practices. *Home and Sense of Belonging* investigates the Iraqi Kurdish community using a bottom-up approach, analyzing the new generation of Kurdish immigrants in the UK as a new culture with complex practices and rituals of their own. Throughout the book, Ali Zalme focuses on lived experiences from Iraqi Kurdish diasporic communities in the United Kingdom and acknowledges the diversity of both gender and generational distinctions. Using an autoethnographic approach and interviews with Iraqi Kurdish immigrants in the UK, Zalme questions the homogeneity of Kurdishness and examines its particularities in diaspora.

Shot Taker Jul 28 2022 A week away for brother's wedding was supposed to be a chance to unwind, not get tangled up with a bridesmaid... I have an injury that could end my career— and unless I'm ready to hang up my skates and become a hockey has been, the only thing I should be focusing on is getting healthy and playing my next season. Kimmy saunters into my life at the worst possible time, but when she proposes a "what happens in Vegas" type situation, I figured what could it hurt. Especially when we're both on the same page—one week and then we go our separate ways... three hundred miles apart. Before I know it, I'm all wrapped up in her—and not just her body. Her smiles. That wild, untamable hair. Her laughter. Confidence. Hell, she's everything I've been looking for and I can't keep my hands off her. It was supposed to be a fling, but now I want more. Even if it means I'm in for the fight of my life. This might be my only shot... and I'm taking it.
