Finding the End of the World Nov 19 2021 Learn tools and techniques you can use in any Biblical study and then explore the History of Israel. Use what you learn to analyze Old Testament prophecies and apocalyptic writings - all in preparation for comparing accounts of what Jesus told His disciples on the Mount of Olives and for analyzing the Revelation given to John. Round out your experience with in-depth studies of end-times players such as the Antichrist and the 144,000 'redeemed from the earth'. Finally, explore in great detail the major rapture positions and challenges presented by each.Ron Braley's book, Finding the End of the World, is a great resource for any serious student of God's Word. However, it will frustrate those who look to it for easy answers to questions surrounding the books of Daniel and Revelation, events of the End Times, and eschatological controversies. Instead, the author gives the reader and student the tools to delve into the Scriptures and discover the answers. Caution: This may lead the reader to question and even jettison some previously held views of the End of Times. While offering historical and theological background materials to consider, I believe the greatest value of this book is the study tools, guides and exercises it offers each student. The result is creating students of the Bible who know how to read and study for themselves. Ron Almborg, Jr. (B.A., Th.B., M.Div.).Ron Braley lives in Texas with Joanne, his wife of 27 years. They have 4 grown children and 2 grandchildren. Passion for spreading the Gospel and helping others to build their faith has led to the development of this comprehensive guide and the creation of Finding Discipleship, Inc. Please visit [www.findingrevelation.com](http://www.findingrevelation.com) for free instructor materials, discussion boards, and opportunities to contribute to the discipleship cause.

Jun 14 2021 The must-have guide to honestly and sensitively answering your clients' questions Written to help therapists view their clients' questions as collaborative elements of clinical work, What Do I Say? explores the questions—some direct, others unspoken—that all therapists, at one time or another, will encounter from clients. Authors and practicing therapists Linda Edelstein and Charles Waehler take a thought-provoking look at how answers to clients' questions shape a therapeutic climate of expression that encourages personal discovery and growth. Strategically arranged in a question-and-answer format for ease of use, this hands-on guide is conversational in tone and filled with personal examples from experienced therapists on twenty-three hot-button topics, including religion, sex, money, and boundaries. What Do I Say? tackles actual client questions, such as: Can you help me? (Chapter 1, The Early Sessions) Sorry I am late. Can we have extra time? (Chapter 9, Boundaries) I don't believe in all this therapy crap. What do you think about that? (Chapter 3, Therapeutic Process) Why is change so hard? (Chapter 4, Expectations About Change) Will you attend my graduation/wedding/musical performance/speech/business grand opening? (Chapter 20, Out of the Office) Where are you going on vacation? (Chapter 10, Personal Questions) I gave your name to a friend . . . Will you see her? (Chapter 9, Boundaries) Should I pray about my problems? (Chapter 12, Religion and Spirituality) Are you like all those other liberals who believe gay people have equal rights? (Chapter 13, Prejudice) The power of therapy lies in the freedom it offers clients to discuss anything and everything. It's not surprising then, that clients will surprise therapists with their experiences and sometimes with the questions they ask. What Do I Say? reveals how these questions—no matter how difficult or uncomfortable—can be used to support the therapeutic process rather than derail the therapist–client relationship.
