Chicago by the Book Feb 25 2020 Despite its rough-and-tumble image, Chicago has long been identified as a city where books take center stage. In fact, a volume by A. J. Liebling gave the Second City its nickname. Upton Sinclair's *The Jungle* arose from the midwestern capital's most infamous industry. The great Chicago Fire led to the founding of the Chicago Public Library. The city has fostered writers such as Nelson Algren, Saul Bellow, and Gwendolyn Brooks. Chicago's literary magazines *The Little Review* and *Poetry* introduced the world to Eliot, Hemingway, Joyce, and Pound. The city's robust commercial printing industry supported a flourishing culture of the book. With this beautifully produced collection, Chicago's rich literary tradition finally gets its due. *Chicago by the Book* profiles 101 landmark publications about Chicago from the past 170 years that have helped define the city and its image. Each title—carefully selected by the Caxton Club, a venerable Chicago bibliophilic organization—is the focus of an illustrated essay by a leading scholar, writer, or bibliophile. Arranged chronologically to show the history of both the city and its books, the essays can be read in order from Mrs. John H. Kinzie's 1844 Narrative of the Massacre of Chicago to Sara Paretsky's 2015 crime novel *Brush Back*. Or one can dip in and out, savoring reflections on the arts, sports, crime, race relations, urban planning, politics, and even Mrs. O'Leary's legendary cow. The selections do not shy from the underside of the city, recognizing that its grit and graft have as much a place in the written imagination as soaring odes and boosterism. As Neil Harris observes in his introduction, "Even when Chicagoans celebrate their hearth and home, they do so while acknowledging deep-seated flaws." At the same time, this collection heartily reminds us all of what makes Chicago, as Norman Mailer called it, the "great American city." With essays from, among others, Ira Berkow, Thomas Dyja, Ann Durkin Keating, Alex Kotlowitz, Toni Preckwinkle, Frank Rich, Don Share, Carl Smith, Regina Taylor, Garry Wills, and William Julius Wilson; and featuring works by Saul Bellow, Gwendolyn Brooks, Sandra Cisneros, Clarence Darrow, Erik Larson, David Mamet, Studs Terkel, Ida B. Wells-Barnett, Frank Lloyd Wright, and many more.

Quicklet on David McNally and Karl Speak's Be Your Own Brand: Achieve More of What You Want by Being More of Who You Are Mar 08 2021 ABOUT THE BOOK First released in 2003, this book was originally titled *Be Your Own Brand: A Breakthrough Formula for Standing Out From the Crowd*. Authors David McNally and Karl Speak realized that with the advent of our current technology, specifically, the rise in social networking, our personal and professional interactions have significantly changed. Because of this the later edition, *Be Your Own Brand: Achieve More of What You Want By Being More of Who You Are* has an additional chapter devoted to social networking and how this phenomenon fits into the concepts of brand management. The result is a refreshed version that walks the reader through the process of building your personal brand in a constantly changing world of growth and technology. The emphasis in this book is on making a positive difference to other people. McNally and Speak advocate the concept that to discover who you really are and grow your brand you need to determine your values and begin to build trust in your community. The idea of building trust within your community extends globally, as the significance of social media networking is discussed as well as techniques you need to adhere to in order to create a successful brand strategy. The new title in the second edition reflects the authors desire to help people achieve authenticity in their lives instead of forcing themselves into contrived versions of themselves. EXCERPT FROM THE BOOK Being alone is fine, but your work and endeavors must be shared with the world for people to truly know you. Authenticity: Time to Step Up A strong personal brand is a powerful way for the world to see and value the authentic you. In this section the authors really begin to delve into the concept of authenticity on a deeper level. Being authentic means being true to who you are, which, as stated previously, takes courage. By living authentically we build trust with others, because they feel they can believe in us. You have to believe that other people will understand where you are coming from, and let go of the worry that you will be misunderstood. To do this, commit to your authenticity. The authors have created a series of signposts that are designed to guide you to your authentic self. These signposts are: What is your purpose? What is your life's vision? How will you reach your goals? By defining yourself using the above guides you will more successfully develop and deepen your brand. First Signpost: Purpose - What Is My Life About? Purpose is what gives meaning to everyone's life. The author's tone becomes very earnest here, as they try to convey the importance of the signposts as guides to building not just a better personal brand but a better life. Their theory, that our convictions dictate our actions, suggests that our convictions affect our relationship to others. When we introduce sales techniques such as manipulation into our lives we damage the strength of our convictions. It is important to be positive and honest to cultivate deserved trust. When you are able to solve

problems and meet other people's needs this demonstrates the depth of your convictions. Therefore, if you consistently show yourself to be driven by purpose this will underline the strength of your personal brand. Second Signpost: Vision - What Do I Want to Create? To create means to bring into being something that has never existed before. Children are very good at creating, usually because they are not mired in the world of adult responsibilities and limitations. Their perception that anything is possible provides a natural outlet for creativity. Gradually that changes for all of us, and some people construct walls and blocks around themselves that create limitations. This signpost is about creating a purpose around the idea that anything is possible and not being constrained by our perceived limitations.

McNally's Folly Sep 26 2022 When the husband of an actress sips a poisoned potable, Lawrence Sanders's beloved Palm Beach PI must stage an investigation from his director's chair. One of the most celebrated stars of Hollywood's Golden Age, Desdemona Darling, has come South for the season. She makes headlines when she agrees to star in the Palm Beach Community Theater's production of Arsenic and Old Lace. Archy McNally somehow gets roped into directing—and into discreetly investigating who could be blackmailing his star. Life tragically imitates art when Richard Holmes—Darling's Husband Number Seven—sips some elderberry wine laced with arsenic at the cast party. Holmes was a self-made millionaire with a genius for betting on pork bellies. But who'd want him dead? As McNally tries to smoke out the culprit, he wonders if he's getting too close to a remorseless killer who's about to drop the curtain on another victim.

The Theater of Terrence McNally Aug 21 2019 This first book-length work on Terrence McNally shows how his decades in the theater have refined his thoughts on subjects like growing up gay in mannish, homophobic Texas, Shakespeare's legacy in contemporary drama, and the life-giving power of forgiveness. McNally believes that the ability to forgive—a challenge to even the most high-minded—confirms our humanity because the wrongs done to us usually don't deserve to be forgiven. The author shows how McNally's impeccable timing, his instinct for a good laugh line, and his preference for physical sensation and character over plot helps him reveal both what's important to his people and why his people are important. These revelations can shake up audiences while providing a great evening at the theater.

Reflections from McNally's Mirror Jun 23 2022 In 1896, Andrew McNally dreamed of Country Gentleman Estates in LaMirada, California. His dream did not come to pass as he planned, but in the early 1950s the area developed and young families moved here from all over and found it really was a dream place to live and raise a family. In 2003 when Tony and a group of equally dedicated people started the LaMirada Blog, it soon became obvious that there were many others out there willing to share their varied stories. When these three got together, Tony, Glen and Raymond, they realized these fantastic memories needed to be put down in print for posterity, not out there getting lost in cyberspace. Thus, Reflections from McNally's Mirror was born and you are holding those personal stories in your hands.
