The Work of Teaching Writing Dec 29 2019 Film and literature can illuminate the experience of teaching and learning writing in ways that academic books and articles often miss. In particular, popular books and movies about teaching reveal the crucial importance of taking students seriously as writers and intellectuals. In this book, Joseph Harris explores how the work of teaching writing has been depicted in novels, films, and plays to reveal what teachers can learn from studying not just theories of discourse, rhetoric, or pedagogy but also accounts of the lived experience of teaching writing. Each chapter examines a fictional representation of writing classes/Dead Poets Society, Up the Down Staircase, Educating Rita, Push, and moreland shifts the conversation from how these works portray teachers to how they dramatize the actual work of teaching. Harris considers scenes of instruction from different stages of the writing process and depictions of students and teachers at work together to highlight the everyday aspects of teaching writing. In the writing classroom the ideas of teachers come to life in the work of their students. The Work of Teaching Writing shows what fiction, film, and drama can convey about the moment of exchange between teacher and student as they work together to create new insights into writing. It will interest both high school and undergraduate English teachers, as well as graduate students and scholars in composition and rhetoric, literary studies, and film studies.

Women and English Piracy, 1540-1720 Jun 02 2020 Piracy was one of the most gendered criminal activities during the early modern period. As a form of maritime enterprise and organized criminality, it attracted thousands of male recruits whose venturing acquired a global dimension as piratical activity spread across the oceans and seas of the world. At the same time, piracy affected the lives of women in varied ways. Adopting a fresh approach to the subject, this study explores the relationships and contacts between women and pirates during a prolonged period of intense and shifting enterprise. Drawing on a wide body of evidence and based on English and Anglo-American patterns of activity, it argues that the support of female receivers and maintainers was vital to the persistence of piracy around the British Isles at least until the early seventeenth century. The emergence of long-distance and globalized predation had far reaching consequences for female agency. Within colonial America, women continued to play a role in networks of support for mixed groups of pirates and sea rovers; at the same time, such groups of predators established contacts with women of varied backgrounds in the Caribbean and the Indian Ocean. As such, female agency formed part of the economic and social infrastructure which supported maritime enterprise of contested legality. But it co-existed with the victimisation of women by pirates, including the Barbary corsairs. As this study demonstrates, the interplay between agency and victimhood was manifest in a campaign of petitioning which challenged male perceptions of women's status as victims. Against this background, the book also examines the role of a small number of women pirates, including the lives of Mary Read and Ann Bonny, while addressing the broader issue of limited female recruitment into piracy. JOHN C. APPLEBY is Senior Lecturer in History at Liverpool Hope University.

To Redeem One Person Is to Redeem the World Jul 16 2021 In this marvelously researched and moving biography closely grounded in Frieda Fromm-Reichmann's work, Gail Hornstein brings back to life the maverick psychiatrist who accomplished what Freud and almost everyone else thought impossible: successfully treating schizophrenics and other seriously disturbed mental patients with intensive psychotherapy, not lobotomy, shock treatment, or drugs. To Redeem One Person Is to Redeem the World tells the extraordinary life story of the German-Jewish refugee analyst, who was the first wife of Erich Fromm. Written with unprecedented access to a rich archive of Frieda Fromm-Reichmann's clinical work at the legendary Chestnut Lodge Hospital in Rockville, Maryland, and using newly discovered family records and documents from across Europe and the United States, this is the definitive biography of a remarkable woman. Best known to millions as the courageous therapist in I Never Promised You a Rose Garden, Joanne Greenberg's bestselling chronicle of madness and recovery, Fromm-Reichmann (1889-1957) is a fascinating and controversial figure in twentieth-century psychiatry. To Redeem One Person Is to Redeem the World traces the story of her life and education, from a loving childhood as the eldest of three daughters in an Orthodox Jewish family to medical school at seventeen, as one of the first women admitted to study at a Prussian university. During World War I, Fromm-Reichmann took charge of a military hospital in Königsberg, transforming it into a pioneering center for the treatment of brain injury. By her mid-thirties, she had opened her own psychiatric sanitarium in Heidelberg, where she and her staff put into practice a unique and hopeful integration of psychotherapy and tikkun, the Jewish ethical principle that every person is worth saving. At thirty-six, she had an affair with and then married her patient, Erich Fromm, later the celebrated author of Escape from Freedom, The Art of Loving, and other psychological classics. Her close friends and colleagues in pre-World War II Germany included some of the most visionary intellectuals and therapists of the era: Martin Buber, Karen Horney, Franz Rosenzweig, Gershom Scholem, and Georg Groddeck, among others. Hornstein recounts Fromm-Reichmann's dramatic escape from Nazi Germany, exile in France and Palestine, and her flight to the United States, where she found asylum at a tiny hospital outside Washington, D.C. Over the following decades, Fromm-Reichmann would emerge as the most distinguished figure at Chestnut Lodge, a mental hospital unlike any other -- intellectually radical, yet filled with warm family feeling and deeply respectful of individual difference. Fromm-Reichmann was not only pivotal in creating a beacon of hope at Chestnut Lodge, which stood alone as the place where the sickest patients could go to be cured. She was also a maverick in her field -- the only prominent woman analyst of her day to write about schizophrenia, not femininity or children. And she had little interest in the arcane theoretical disputes that obsessed most of her colleagues; curing patients was her consuming goal. As the pendulum swings back from psychiatry's addiction to drugs as the sole treatment for mental illness, Fromm-Reichmann's breadth of vision makes this biography of a heroic, yet all-too-human, woman a timely and compelling work.
