[The Leader AZIMUTH Check](#) Jul 01 2020 "Enhancing the leadership skills of Soldiers is of primary importance to the U.S. Army. A critical step in the process of leader development is self-awareness through self-assessment. Such insight is important because identifying and assessing trainable competencies that facilitate maximum leadership effectiveness creates a strategic advantage. This report describes the psychometric properties and common competencies assessed by the Leader AZIMUTH Check, a 360-degree feedback instrument for Army leaders. The AZIMUTH was designed and implemented by the Army Research Institute (ARI) to improve leader common competency development, leader-directed feedback, and enhance leader self-awareness. The purposes of the present research project were to establish a factor structure of common competencies, the minimum number of raters required for adequate reliability, conceptual agreement across rating sources, rating patterns and behaviors, and validity evidence of the AZIMUTH."--DTIC.

**The Ballard Rules** Jul 25 2022 Lots of people write leadership books, but Greg Ballard had the confidence to put his own advice into practice personally. This new edition is full of great counsel, all road-tested in one of the toughest leadership challenges our society has to offer -Mitch Daniels, former governor of the state of Indiana and president of Purdue University Greg Ballard has formulated a remarkable list of rules for successful leadership and demonstrated their validity with historic service as mayor of Indianapolis -Richard G. Lugar, United States senator [ret.] Greg Ballard was an extraordinary mayor. He was an exceptional leader and served with humility, passion, creativity, integrity, inclusion, and the highest possible aspiration for his city. He did all of this with compassion, kindness, and unusual commitment. He and his wife are great parents and, working together, gave our community terrific leadership -James T. Morris, vice chairman of Pacers Sports & Entertainment Drawing on

his experiences in the US Marines, in the corporate world, as a coach, and as a small-business owner, Greg Ballard now publishes his concise yet definitive guide for new, junior-, and middle-level leaders. In addition to the realities, traits, and principles explained in the book, he also details the two overarching responsibilities of leadership and gives the three indicators of effective leadership. He also explains the relationship between responsibility, accountability, and authority. Additionally included are fourteen other thoughts, which are of great value. The accumulated knowledge in this valuable book will greatly benefit not only individuals in positions of responsibility but also those companies or organizations that have multiple levels of leadership. **Effective Multi-Unit Leadership** Aug 26 2022 There is a growing recognition of the increasing importance of 'local leadership' practice within multi-unit service contexts, given the threat to costly land-based retail infrastructures from smart technologies. Multi-site organizations are economically significant, but currently under-researched and poorly understood. In *Effective Multi-Unit Leadership*, Chris Edger looks at that key managerial cohort in the retail, hospitality and service sectors operating between the centre and unit - the Multi-Unit Leader (MUL). This district, area or regional manager, is tasked with maximising revenue and profit from a complex and ambiguous positional space, being sandwiched between the centre and unit, facing the MUL paradox: how do they motivate unit managers and team members to provide great service whilst simultaneously fulfilling the Centre's compliance agenda? Based on extensive case study research across a range of multi-unit service organisations, Edger advances an Integrated Model of MUL that elucidates how key activities (sales-led service, systems and standards - 3Ss) are driven through behavioural practices (commitment, control and change - 3Cs) underpinned by MUL personal characteristics (expertise, emotional intelligence and energy - 3Es). Central to this model is the notion of 'portfolio optimisation through social exchange' (POSE) where MULs apply 'local leadership', leveraging their portfolios through the deft application of exchange-based currencies. Replete with case studies,

*Effective Multi-Unit Leadership* will appeal to high potential unit managers; existing multi-unit leaders who want to improve their performance levels; and retail/service directors wishing to train and coach their direct reports; as well as business educators and those with an academic interest in organisational studies.

**The Program** Sep 22 2019 Discover the military's keys to excellent leadership and team building training The Program: Lessons From Elite Military Units for Creating and Sustaining High Performing Leaders and Teams offers a hands-on guide to the winning techniques and tactics of The Program, the acclaimed team building and leadership development company. Drawing on the actual experiences of The Program's instructors from their personal combat stories to working with world-class athletic teams and successful corporations, the book clearly shows how The Program's training operations can help to achieve life goals and ambitions. The Program offers a road map that contains illustrative examples, ideas, and approaches for improving teammates and leaders at all levels within an organization of any size or type. Bring your organization to the next level of success Discover how to hold your leaders and teammates to the highest standards Understand how accountability increases effectiveness Learn to communicate effectively This important book explores the military's leadership and team building concepts that can be implemented to ensure an organization creates and sustains performance that adheres to the highest standards of excellence.

*Leadership Competencies for Clinical Managers* Sep 15 2021 In accordance with today's practice environment in which patient care is delivered by a multidisciplinary healthcare team, Leadership

Competencies for Clinical Managers focuses on the wider scope of clinical leadership, addressing a range of different clinical managers, including nurses, physical therapists, radiology and laboratory managers, occupational therapists, and more. This text carefully integrates theory, research, and practice and discusses those leadership skills necessary to develop role competency.

*Courage to Execute* Feb 20 2022 How to build a culture of high performance within your organization The U.S. military in general, and its many elite organizations in particular, possesses a culture of high performance. *Courage to Execute* outlines the six basic principles that operate at the foundation of high performance, which include leadership, organization, communication, knowledge, experience, and discipline, known together as LOCKED. When all are practiced effectively, teamwork emerges. But the most elusive quality that exists at the heart of all elite military teams, the element that organizations and businesses deeply desire to perform more efficiently and effectively, is trust. Trust is easily spent, but hard won. Author James Murphy, an employer of approximately fifty senior military officers that have served in elite units such as the U.S. Navy Blue Angels, U.S. Navy SEALs, and U.S. Army Rangers, shares a multitude of personal leadership stories that illustrates the principles of LOCKED. Shares compelling anecdotes from leaders in elite units of the U.S. Military

Written by James D. Murphy, founder and CEO of Afterburner, Inc., which has trained over 1.5 million executives, sales professionals, and business people from every industry in Afterburner's Flawless Execution Model, and its unique, high-energy programs *Courage to Execute* will help you develop effective leadership skills and build high-performance teams that out-compete your rivals every time.

**Leadership in Psychiatry** May 11 2021 The psychiatric profession must ensure that its next generation of leaders has the appropriate skills to provide mental health services in the face of globalization and urbanization, new technologies, and competing demands for shrinking resources. Developing leadership skills and leaders is critical in order to optimise the use of resources, their application, service planning and delivery of services for patients and their families. This is the first book on leadership (rather than management skills) to focus on psychiatry and mental health care. Contributions from international experts with clinical and non-clinical backgrounds pull together the theories and practical skills required to be a successful leader. The aim is to guide mental health professionals in general and psychiatrists in particular on how to gain the relevant skills and on how to utilise these skills and training to take on leadership roles in clinical and organisational settings. The book covers the role of the leader and the skills required for leadership, including chapters on communication, decision-making, team development, mentoring, gender issues in leadership, burnout and more. It includes a section on assessment tools and learning material. Essential reading for all those who aspire to lead in psychiatry!

*The Human Side of Leadership: Navigating Emotions at Work* Oct 04 2020 Despite the ubiquitous nature of emotions as part of the human psyche, the emotional side of leadership is largely ignored in formal

and informal training of managers, often resulting in miscommunication and contributing to stress in the workplace. Though concepts such as emotional intelligence have entered the mainstream, they are often marginalized in managerial practice. This book argues that without acknowledging the powerful influence of emotions—your own as well as others'—managers are doomed to fail in their interactions with employees, peers, and bosses, and ultimately in their ability to manage and lead effectively. Ginsberg and Davies draw from primary research, including interviews with managers in a variety of settings, to introduce readers to the emotional side of leadership and demonstrate its positive effects on individual and organizational performance. They present practical tools for honing emotional navigation skills and applying them toward decision making, problem solving, communication, feedback, and performance improvement. Any management decision that involves people (in other words, any management decision) has an emotional component. Given the ubiquitous nature of emotions as part of the human psyche, one would expect leaders and managers to be well-trained and equipped to deal with emotions in the workplace. On the contrary, the emotional side of being a leader is largely ignored in formal and informal training programs, often resulting in miscommunication between managers and their employees, and contributing to workplace stress. Though concepts such as emotional intelligence have entered the mainstream, systematic development of skills in managing emotions in the workplace have yet to emerge, and are often relegated to the touchy-feely end of the spectrum. This book argues that without acknowledging the powerful influence of emotions—their own as well as others'—managers are doomed to fail in their interactions with employees, peers, and bosses, and ultimately in their ability to manage and lead effectively. Ginsberg and Davies draw from primary research, including interviews with managers in a variety of settings, to introduce readers to the emotional side of leadership and demonstrate its positive effects on individual and organizational performance. They present practical tools for honing emotional navigation skills and applying them toward decision making, problem solving, communication, feedback, and performance improvement.

*Leadership and Management Strategies for Creating Agile Universities* Apr 29 2020 The global higher education sector has changed dramatically as universities continue to face unprecedented challenges associated with the COVID-19 pandemic. Many are struggling to navigate this crisis while maintaining high-quality course delivery, ensuring strong student recruitment numbers, and providing clear communication to staff and students. Issues have emerged at an exponential rate, and coping with the pandemic has been particularly difficult for universities as they serve several functions, such as being educational institutions as well as major employers. *Leadership and Management Strategies for Creating Agile Universities* reflects on the challenges that higher education institutions have faced during the pandemic and the associated projected socio-economic impact yet to be felt. It also considers how different universities have addressed the challenges so as to learn what has and has not worked and speculates

what future implications exist for the vision of a new higher education sector in a changing world. Covering topics such as developmental leadership, IT governance, and lifelong learning, it is ideal for policymakers, industry professionals, academicians, researchers, governors, decision makers, teachers, and students.

*Perceived Role and Effectiveness of the Unit Leader in Conducting Unit Functions* Dec 18 2021

**Reinventing Leadership Development** Jan 19 2022 Diese Buch wendet sich an Profis aus Human Resources, Beratung und Lehre, an Führungsverantwortliche und Managementtrainer: Sie gewinnen hier ein tiefes, gemeinsames Fachverständnis für Leadership, zeitgemäßes Leadership Development und für eine völlig neue Praxis. Das Buch bewertet, welche Bedeutung die Leadership-Ansätze aus Industrie-, Konsum- und Change-Zeitalter heute angesichts umbruchartiger Entwicklungen in Organisationen und Führung haben. Es stellt Leitkonzepte vor, an denen sich das Leadership Development professionell ausrichten kann, beschreibt den neuen Aufgabenkern, eine Leadership Brand zu schaffen und zu pflegen, und beleuchtet die zunehmende Integration der Professionsfelder Leadership Development und Organisationsentwicklung. Wie lassen sich die Forderungen nach einem postheroischen, verbindenden Management, das Management-Innovationen und Wettbewerbsvorteile auf den Weg bringt, tatsächlich umsetzen? Das im Buch vorgestellte Fünf-Wetten-Modell basiert auf einem integrierten Development-Ansatz, der Führung als Wirkung im Unternehmenssystem fördert. Sie erfahren, wie Sie einen normativen Rahmen für ein kontextbezogenes Verständnis von Leadership-Schlüsselwirkungen setzen, wie Sie diesen weiterentwickeln und wie sich daraus innovative Entwicklungsportfolien für Personen, Teams und für eine Leadership Community ableiten. Darüber hinaus finden Sie viele überzeugende Praxistools.

**The 10 Cardinal Sins of Leadership** Apr 22 2022 Why do some leaders succeed and others fail? Is there a magic ingredient that the leaders must consider in their career journey to ensure the joy ride does not turn into a nightmare? What is the key to maximizing leaders' success in ways that are sustainable long term? The purpose of this book is to provide a simple road map for leaders, aspiring leaders, students, and anyone interested in the art of leadership to succeed in high-risk environments. Often, leaders don't know what they don't know. One main culprit is the lack of assessing, measuring, analyzing, and addressing risk. Simply put, we don't know what we don't measure. What is not known can and will eventually harm leaders, organizations, and their customers. Change is the new normal and only constant. As change grows, so does risk. Risk can be a friend or foe to thought leaders. It all depends on perspective, insight, and knowledge. Ignorance is never bliss, and leaders must leverage knowledge to mitigate risks at every turn. In *The 10 Cardinal Sins of Leadership: What Thought Leaders Must Never Do to Succeed in High-Risk Environments*, readers will learn: How to identify, measure, analyze, and address various types of risk How to determine if risk is a friend or a foe Strategic planning concepts that will allow leaders to

magnify, plan for, leverage, and marginalize risks long term Methods to ensure that inclusion efforts do not become overly exclusive, thus excluding key stakeholders and creating new levels of organizational risk Techniques for looking back at organizational yesteryears to create a high-performing journey map for the road ahead The value of perspective - how we view things determines how we respond or wait to be disrupted unknowingly

### **University Leadership and Public Policy in the Twenty-First**

**Century** Jan 07 2021 Drawing on more than a decade of service as president of one of Canada's major research universities, Peter MacKinnon offers an insider's perspective on the challenges involved in bringing students, faculty, and governments together in the pursuit of excellence.

Jul 13 2021 Summary: "This book brings together case study examples in the fields of sustainability, sustainable development, and education for sustainable development"--

*Leadership Lessons from West Point* Mar 09 2021 With Leadership Lessons from West Point as a guide, leaders in the business, nonprofit, and government sectors can learn leadership techniques and practices from contributors who are teaching or have taught at the U.S. Military Academy at West Point and have served in positions of leadership that span the globe. These military experts cover a broad range of topics that are relevant to any leadership development program in any sector. The articles in this important resource offer insight into what leadership means to these experts—in both war and peacetime—and describe their views on quiet leadership, mission, values, taking care of people, organizational learning, and leading change.

*The Military Leader* Mar 29 2020 As a leader, you know that developing leaders is crucial to your team's success. You also know that when life gets busy, meaningful leader development activities take a back seat to the swarm of everyday tasks. Who has time to discuss—let alone research and refine—quality content that will make a real difference? Andrew Steadman has lived this frustration and wrote *The Military Leader* to give leaders straightforward, highly relevant, inspirational leader development insight they can use to grow themselves and their teams. The *Military Leader* is your leader development program when you don't have time for one.

[Leadership, Education, and Training](#) Sep 03 2020

[Transformational Nursing Leadership](#) Aug 02 2020 Nursing leadership is in crisis! Nurses are dissatisfied with their practice settings; with the attitudes and behaviors of nurse managers; with limited professional growth, advancement and achievement; with oppressive organizational hierarchies that hinder autonomy in practice; and with the lack of job status and power.

[Education and Military Leadership. A Study of the ROTC](#) Dec 26 2019 Rapid turnover of ROTC officers, the decline in ROTC enrollment, inadequate training for the specialized techniques of modern warfare, and the quick obsolescence of technical training have created an acute problem in the development of a body of highly-trained professional career officers. This book takes a fresh view of this vital problem and

provides a starting point for a revision of our methods for providing the military leadership that our nation requires. Originally published in 1959. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

*Small Unit Leadership* Oct 28 2022 Required reading for all present and future leaders, this classic is for those who have to "get the job done"--military or not.

*Leadership and Followership in an Organizational Change Context* Dec 06 2020 Often it seems that people place a spotlight on leaders and disregard the probability that the success of the organization lies somewhere in the followers. However, literature on followership is often overlooked and research on it ignored. As organizations rapidly change, it is essential to understand organizational change through simultaneous discussions of both leaders and followers and the roles they play in the ultimate success of the company. *Leadership and Followership in an Organizational Change Context* is a pivotal reference source that establishes the concept and definitions of leadership and followership in the context of organizational change and discusses the leadership and followership styles that can contribute to organizational effectiveness. While highlighting topics such as leadership style, employee engagement, and succession planning, this book is ideally designed for managers, executives, directors, upper-level management, business professionals, academicians, researchers, industry professionals, and students seeking current research on the types of changes that organizations are facing and how such changes can be managed.

[Powerful Leadership Through Coaching](#) Jan 27 2020 On-going coaching and development that can be a "game changer" for all employees! All great coaches know how to ask good open-ended questions and how to give effective feedback. They keep a balanced and honest perspective that separates the person from the problem or issue; coaching to leverage their unique strengths and helping them improve weaknesses with a mindset focused on continuous improvement. This ongoing coaching and development can be a "game changer" for all people and teams with access to it. But what about the teams and players that aren't empowered—or even allowed—to expand their roles? Or the team members whose careers don't inspire or play to their natural gifts, talents, and strengths? It's painful for any organization or manager when people on their team aren't given the tools to succeed; and more painful still when the team member doesn't yet realize it. But by coaching through leadership, any manager of any organization can create a supportive structure that helps assign the right roles, resources, tools, and career opportunities that will best leverage their strengths. Determines coachability and readiness for employee change and improvement Builds awareness to deal with the

right issues, challenges, and opportunities Offers leaders/managers the tools to help a performer leverage their greatest gifts, talents, and strengths Allows for dialogue and tactics to close gaps in experience, communication styles, and personality Guides managers in how to have dialogue around difficult and important issues with their employees Includes coaching principles, practices, and tools with practical, real-world examples Offers strategies and tools to help employees become more motivated for effective change, action, and accountability Each chapter includes a series of powerful and provocative coaching questions for any leader or manager to use immediately in the workplace.

[Becoming the Best in Our Field](#) Nov 17 2021 Back Book Cover with Picture Dr. Mulligan has developed three workbooks that help team unit leaders execute the Triangle Team Leadership Model: *Becoming the Best in Our Field* with direct reports. The first is this workbook, *Becoming the Best in Our Field: The Team Unit Leader's Plan*. The second is *Becoming the Best in Our Field: The Team Unit Plan* and the third is *Becoming the Best in Our Field: The Team Members' Plan*. This workbook, only for team unit leaders, helps them develop a plan that will transform themselves, direct reports and the team unit into the best in their work field. Dr. Mulligan also developed the Mulligan Leadership Analysis Survey to help employees grow as a leader. Dr. Mulligan obtained his Ph.D. in counseling psychology from the University of Georgia, M.A. in counseling from Michigan State University and B.A. from Alma College. Dr. Mulligan is certified as a Fellow Manager with the International Career Certification Institute. Dr. Mulligan directed Century 21's Leadership & Management Development Academy for several years and has been CEO of Mulligan & Associates, a career management consulting firm, for the last 25 years where he has personally counseled over 100 CEO's, 500 Chief Level Officers and 1,500 managers and professionals. Review [www.mikemulliganphd.com](http://www.mikemulliganphd.com) to learn about the Triangle Team Leadership Model: *Becoming the Best in Our Field* program

[Platoon Leader](#) Jun 19 2019 A remarkable memoir of small unit leadership and the coming of age of a young soldier in combat in Vietnam. Truly a classic of military history. Col. James McDonough graduated from West Point and served in Vietnam as an infantry platoon leader in the legendary 173d Airborne Brigade.

[Leadership Strategy and Tactics](#) May 31 2020 The instant #1 international bestseller, *Leadership Strategy and Tactics: Field Manual* by Jocko Willink is the essential and practical guide to leadership and how to excel at it, from the co-author of the number one New York Times bestseller *Extreme Ownership*. Leadership is the most challenging of human endeavours. It is often misunderstood. It can bewilder, mystify and frustrate even the most dedicated practitioners. Leaders at all levels are often forced to use theoretical guesswork to make decisions and lead their troops. It doesn't have to be that way. There are principles that can be applied and tenets that can be followed. There are skills that can be learned and manoeuvres that can be practised and executed. There are leadership strategies and tactics that have been tested and proven on the battlefield, in

business and in life. Retired Navy SEAL Officer Jocko Willink delivers his powerful and pragmatic leadership methodology that teaches how to lead any team in any situation to victory. Here, you will learn how to: \*Deal with egos and the problems they cause \*Earn and build trust with both your subordinates and superiors \*Instil pride in your team, without creating arrogance \*Overcome challenges presented by a micromanaging, indecisive or weak boss \*Create a disciplined team that regulates itself \*Use leadership as a tool to teach, mentor, train and correct behaviour of team members \*Operate at a maximum level of efficiency - and reap the rewards . . . and more. This book is step one towards becoming the commander of your own life. The rest is up to you.

**Leadership in Action** Mar 21 2022

The New CIO Leader Nov 05 2020 As information technology becomes increasingly essential within organizations, the reputation and role of the CIO has been diminishing To regain credibility and avoid obscurity, CIOs must take on a larger, more strategic role. Here is a blueprint for doing exactly that. This book shows how CIOs can bridge the gap between IT and the rest of the organization and finally make IT a strategic advantage rather than a cost sink.

**What's Wrong With Leadership?** Jul 21 2019 Leadership practitioners and those who seek to develop leadership are concerned with whether they are using evidence-based best practices to develop leadership capacity in themselves and others. Are we indeed using best practices in the study, practice, and development of leadership? This book seeks to draw attention to the limitations of extant work on leadership, and to provide suggestions for a way forward. Presenting chapters on topics ranging from research methodology, gender and cross-cultural issues in leadership studies, and the role of the humanities in our understanding of leadership, the book represents a rigorous multidisciplinary collaboration. This is a must-read for graduate students studying leadership, leadership consultants and trainers, leadership scholars, and anyone who practices, teaches, or seeks to develop leadership. It will help expand the horizons of how we think about and practice leadership.

**ICMLG2015-The 3rd International Conference on Management, Leadership and Governance** Feb 08 2021 The conference committee encourages contributions on this wide range of topics through the use

of a variety of rigorous approaches, including theoretical and empirical papers employing qualitative, quantitative and critical methods. Action-based research, case studies and work-in-progress/posters are enthusiastically welcomed. PhD research, proposals for roundtable discussions, practitioner contributions and product demonstrations based on the conference themes are also invited.

**Rules for Leadership** Jun 24 2022

Executive Leadership Oct 24 2019 Strong managerial leadership is a major factor in competitiveness and effectiveness in business. Companies must establish a managerial organization structure that puts competent managerial leaders into suitable roles. The aim of this practical text is to provide a foundation for leadership at a down-to-earth and understandable level.

**Leadership for American Army Leaders** Jun 12 2021

**Lessons in Library Leadership** May 23 2022 "Lessons in Library Leadership: A Primer for Library Managers and Unit Leaders" takes on the topic of management positions within libraries and how many of them are filled by candidates with no formalized training. This lack of preparation often leads to added stress as they scramble to learn how to lead, to formulate departmental goals, to conduct effective assessment, to think and plan strategically, to counsel employees, and much more. This book will serve equally as a primer for librarians new to management and those needing a refresher in basic management concepts. Seasoned managers may also look to this guide as a quick reference resource covering multiple management subjects. The contents of the monograph include basic concepts, real word examples/case studies, and bibliographic information for further management skill development. Ideal for both new and currently practicing library managers and leadersWritten from a librarian s point of viewIncludes examples directly related to librariesCombines theory and real-world examples in new and innovative ways"

**Building Innovative Nurse Leaders at the Point of Care,An Issue of Nursing Clinics** Aug 14 2021 Together with Consulting Editor Dr. Stephen Krau, Dr. Kelly Wolgast has put together a unique issue that discusses nursing leadership. Expert authors have contributed clinical review articles on the following topics: Sustainability Strategies and Nursing; Building Skills in Policy, Advocacy, and Media to Promote

Population Health; Integrating Technology Innovation Into Practice; Leading Change in Nurse Bedside Shift Reporting; Decision-making at the Bedside; Making Good Use of Your Limited Time; Nursing Model of Care in Behavioral Health; Mentor Relationships to Build Individual Leader Skills; Sepsis Management in the ED; Importance of GIS Mapping and Disaster Preparedness; Nurse Characteristics and Effects on Quality; Interprofessional Models of Care; Magnet and the Direct Care Nurse; and Home Health Nursing Satisfaction and Retention. Readers will come away with the information they need to create a successful environment for nurses that ultimately results in improving patient outcomes.

**Multi-Unit Leadership** Sep 27 2022 Multi-Unit Leadership is the best-selling book used in over 170,000 businesses worldwide. Managing multiple units requires significantly different skills than managing just one. This book details those skills in seven distinct stages and shares the best practices from successful multiunit leaders worldwide. Perfect for regional managers and franchisees who need to know the difference between hands-on management and indirect influence. Written in a detailed and fun format perfect for today's Digital Age leaders, Multiunit Leadership examines the unique role and requirements of managers who are responsible for two to forty units. Our research with over 500 successful Multi-Unit Leaders (MULs) reveals the best practices and unique expertise that differentiates high-performing mulitunit leaders from average ones. Chockablock-full of specific examples, expert opinion and case-study scenarios, the seven leadership stages outlined in the book include: Brand Ambassador, Servant Leadership, Marketing Guru, Head Coach, Talent Scout, Synergist and Goal-Getter. You'll learn how to better manage time and projects, how to develop stronger teams, how to get maximum impact from your store visits, and how to consistently build sales by working smarter, not harder. Readers can assess their own strengths and challenges compared to the industry's best MULs at the end of each chapter and compile their own best practices relative to people, performance, and productivity. Companies using the book include McDonald's, American Express, Coca-Cola, Starbucks, Target, Jiffy Lube, Supercuts, Applebee's, and Sam's Club.

**Operational Assessment of Tools for Accelerating Leader Development** Feb 26 2020
