The Origin of Paul's Religion Nov 08 2020 The Origin of Paul's Religion is intended to deal, from one particular point of view, with the problem of the origin of Christianity. It is an important historical problem not only because of the large place which Christianity has occupied in the medieval and modern world, but also because of certain unique features which even the most unsympathetic and superficial examination must detect in the beginnings of the Christian movement. The problem of the origin of Christianity is also an important practical problem. Rightly or wrongly, Christian experience has ordinarily been connected with one particular view of the origin of the Christian movement; where that view has been abandoned, the experience has ceased.

Remembering the Kanji, Volume 1 Jul 17 2021 The aim of this book is to provide the student of Japanese with a simple method for correlating the writing and the meaning of Japanese characters in such a way as to make them both easy to remember. It is intended not only for the beginner, but also for the more advanced student looking for some relief from the constant frustration of how to write the kanji and some way to systematize what he or she already knows. The author begins with writing because--contrary to first impressions--it is in fact the simpler of the two. He abandons the traditional method of ordering the kanji according to their frequency of use and organizes them according to their component parts or "primitive elements." Assigning each of these parts a distinct meaning with its own distinct image, the student is led to harness the powers of "imaginative memory" to learn the various combinations that result. In addition, each kanji is given its own key word to represent the meaning, or one of the principal meanings, of that character. These key words provide the setting for a particular kanji's "story," whose protagonists are the primitive elements. In this way, students are able to complete in a few short months a task that would otherwise take years. Armed with the same skills as Chinese or Korean students, who know the meaning and writing of the kanji but not their pronunciation in Japanese, they are now in a much better position to learn to read (which is treated in a separate volume). Climatology of the United States Mar 25 2022 "While climatological observations have been steadily accumulating for the last quarter of a century, the general results are inaccessible, not only to the general public but also to the great majority of students and investigators interested in the advancement of scientific agriculture in the United States. The work herewith aims to present in form for ready reference comparative climatic statistics for the different portions of the United States, accompanied by explanatory charts and text. The charts and text figures are necessary to a proper understanding of the text"--Letter of transmittal.

Guide to the Names of God Mar 01 2020 Ever wondered, "Who in the world is God, anyway? I mean, what is He like? What are His characteristics? How can I get to know Him better?" Furthermore, "So what does all that have to do with me?" Ever asked yourself, "Why do some people pray in Jesus' name, Amen!" Yet, others pray using some of the names of God like El Shaddai, Adonai, LORD, Jehovah-Jireh, or Jehovah-Rophe?" Well, you have come to the right place for two reasons: 1) You are not alone in your queries; most people ask these questions at some time or another. 2) This volume is a brief guide to over 300 of the names of God as revealed in the Bible in various translations and versions. Each name's page displays the name, its language derivative, the story behind its first usage, and other scriptures where it may be found. Part I presents five El-Hebrew names of God. Part II overviews eleven Yahweh and Jehovah- Hebrew names of God. Part III showcases other names of God revealed in the Old Testament. Part IV lists various names of God unveiled in the New Testament. In this book you will find out more about Who God is, What God does and want to do for you, and how much God desires for you to know Him more intimately and to experience the abundant life He has destined for you. So, are you ready to begin your adventure? Let's do it!!

Mounce's Complete Expository Dictionary of Old and New Testament Words Nov 01 2022 For years, Vine's Expository Dictionary has been the standard word study tool for pastors and laypeople, selling millions of copies. But sixty-plus years of scholarship have shed extensive new light on the use of biblical Greek and Hebrew, creating the need for a new, more accurate, more thorough dictionary of Bible words. William Mounce, whose Greek grammar has been used by more than 100,000 college and seminary students, is the editor of this new dictionary, which will become the layperson's gold standard for biblical word studies. Mounce's is ideal for the reader with limited or no knowledge of Greek or Hebrew who wants greater insight into the meanings of biblical words to enhance Bible study. It is also the perfect reference for busy pastors needing to quickly get at the heart of a word's meaning without wading through more technical studies. What makes Mounce's superior to Vine's? The most accurate, in-depth definitions based on the best of modern evangelical scholarship. Both Greek and Hebrew words are found under each English entry (Vine's separates them). Employs both Strong's and G/K numbering systems (Vine's only uses Strong's). Mounce's accuracy is endorsed by leading scholars

The Confucian Analects, the Great Learning & the Doctrine of the Mean Nov 28 2019 Notable not only for its comprehensiveness but also for its inclusion of the Chinese pictograms, this complete text of the *Analects* of the greatest philosopher of Chinese history is a must-own volume for any student of Confucius (551Bi479 Be. From the disposition of a land's rulers to the value of prayer, the thoughts of Confucius have powerfully shaped the moral life and political structures of Asian nations, and influenced the direction of the Western world as well. Here, Legge offers an enlightening introduction to the *Analects,* copious notes that place the sayings in cultural context, and much more assistance for the lay reader in understanding the depth of Confucius' wisdom. This three-in-one volume, originally published in this form in 1893, also includes *The Great Learning,* the Confucian illustration of illustrious virtue, and *The Doctrine of the Mean,* the thinker's explication of the path of duty. Scottish scholar JAMES LEGGE (1815-1897) was the first professor of Chinese language and literature at Oxford University, serving from 1876 to 1897. Among his many books are The Life and Teaching of Confucius (1867), The Religions of China (1880), and the 50-volume Sacred Books of the East (1879-1891).
