Make the Most of Your Time on Earth with Pocket Rough Guide Berlin.

How We Forgot the Cold War Dec 05 2020 “Here’s a book that would’ve split the sides of Thucydides. Wiener’s magical mystery tour of Cold War museums is simultaneously hilarious and the best thing ever written on public history and its contestation.” —Mike Davis, author of *City of Quartz* “Jon Wiener, an astute observer of how history is perceived by the general public, shows us how official efforts to shape popular memory of the Cold War have

failed. His journey across America to visit exhibits, monuments, and other historical sites, demonstrates how quickly the Cold War has faded from popular consciousness. A fascinating and entertaining book.” —Eric Foner, author of *Reconstruction: America's Unfinished Revolution, 1863–1877* "In *How We Forgot the Cold War*, Jon Wiener shows how conservatives tried—and failed—to commemorate the Cold War as a noble victory over the global forces of tyranny, a 'good war' akin to World War II. Displaying splendid skills as a reporter in addition to his discerning eye as a scholar, this historian's travelogue convincingly shows how the right sought to extend its preferred policy of 'rollback' to the arena of public memory. In a country where historical memory has become an obsession, Wiener's ability to document the ambiguities and absences in these commemorations is an unusual accomplishment.” —Rick Perlstein, author of *Nixonland: The Rise of a President and the Fracturing of America* “In this terrific piece of scholarly journalism, Jon Wiener imaginatively combines scholarship on the Cold War, contemporary journalism, and his own observations of various sites commemorating the era to describe both what they contain and, just as importantly, what they do not. By interrogating the standard conservative brand of American triumphalism, Wiener offers an interpretation of the Cold War that emphasizes just how unnecessary the conflict was and how deleterious its aftereffects have really been.”—Ellen Schrecker, author of *Many Are The Crimes: McCarthyism in America*

Lost Nuclear Weapons Apr 28 2020 This book tells the true story of nuclear weapons and nuclear components that have been lost or destroyed by U.S. and Soviet sources. Many of the myths surrounding these lost/destroyed nuclear weapons are dispelled by the contents of this book.

Access to History: The Cold War 1941–95 Fourth Edition Jun 30 2020 Exam board: AQA; OCR Level: AS/A-level Subject: History First teaching: September 2015 First exams: Summer 2016 (AS); Summer 2017 (A-level) Put your trust in the textbook series that has given thousands of A-level History students deeper knowledge and better grades for over 30 years. A Concise History of U.S. Foreign Policy Jul 20 2019 A Concise History of U.S. Foreign Policy offers a conceptual and historical overview of American foreign relations from the founding to the present. Joyce Kaufman clearly explains major themes in foreign relations and places the evolution of policy decisions within the context of the international situations and domestic priorities.

The National Council of Teachers of English and Cold War Education Policies Sep 21 2019 The launching of Sputnik in 1957 sparked an education movement that stressed the importance of curricular rigor and standardization as a means to improve education and bolster national defense. Within six months of Sputnik's launch, Congress passed the National Defense Education Act (NDEA) that approved an unprecedented amount of federal funding toward the math, science, and foreign language disciplines. The teaching of English was left out and through the leadership of the National Council of Teachers of English (NCTE), the discipline maneuvered public relations and political connections in its quest to acquire federal funds. In doing so, the NCTE mimicked strategies that galvanized funding for math, science, and foreign language disciplines by arguing the importance of the teaching of English for national security and advocating for a teaching model that aligned with Cold War Era pedagogical trends. These tactics marked a major shift in how the NCTE advocated for the teaching of English. In the early twentieth century, the organization embraced student-centered education practices connected to the ideas of progressive educators. This perspective continued with the creation and expansion of life adjustment education during the 1930s and 40s. During this era, many NCTE authors recommended this movement that advocated connecting education to future adult experiences. Following Sputnik, NCTE leaders supported content-centered reforms. Instead of curriculum recommendations based in discovering and fostering relevant student experiences, the NCTE's focus became adjusting student learning to predefined skills it thought all students should possess. This trend was supported by conceptions of Cold War education models, including those advocated by their rival English organization, the Modern Language Association (MLA). The MLA had successfully worked with federal actors in attaining funding for foreign language training institutes and the NCTE's collaboration with the MLA represented a shift in adopting ideas it was previously opposed to promoting. Despite their efforts, the NCTE was not a part of NDEA reauthorization in 1961 the federal government, led by U.S. Commissioner of Education, Sterling McMurrin, funded teacher-training institutes for the study of English through a program called "Project English." The 1960s continued

with the NCTE representing stronger content-centered ideas before shifting in less than a decade as indicated by the materials produced by the 1966 AngloAmerican Conference on English at Dartmouth. Here, NCTE leaders reassessed their beliefs after meeting with British educators who advocated student-centered curriculum models and reintroduced benefits of experiential education. These ideas would manifest into student-centered curriculum models during the late 1960s and 1970s.

Military Cold War Education and Speech Review Policies, Report by Special Preparedness Subcommittee on the Use of Military Personnel and Facilities to Arouse the Public to the Menace of the Cold War and to Inform and Educate Armed Services Personnel on the Nature and Menace of the Cold War. Oxford AQA History: A Level and AS Component 2: The Cold War c1945-1991 Aug 13 2021 Retaining well-loved features from the previous editions, The Cold War has been approved by AQA and matched to the new 2015 specification. This textbook explores in depth the evolving course of international relations during an era of tension between communist and capitalist powers. It focuses on key ideas such as communism and anti-communism, aggression and détente, and the power of nuclear technology, and covers events and developments with precision. Students can further develop vital skills such as historical interpretations and source analyses via specially selected sources and extracts. Practice questions and study tips provide additional support to help familiarize students with the new exam style questions, and help them achieve their best in the exam.

The Cold War Jul 24 2022 This guide exposes the reality behind the war between capitalism and communism, two ideologies divided by the Iron Curtain. New revelations show that what was once regarded as simply a struggle between good and evil was in fact a far more complex affair. Merrilyn Thomas peels back the layers of deception and intrigue and offers a penetrating assessment of the legacy of instability that continues today.

The Cold War: Interpreting Conflict through Primary Documents [2 volumes] Nov 04 2020 This detailed two-volume set tells the story of the Cold War, the dominant international event of the second half of the 20th century, through a diverse selection of primary source documents. • Provides in-depth documentary coverage of all key aspects of the Cold War, helping readers understand the continued significance of the Cold War to the current world • Includes documents from all sides of the conflict, including many newly available materials from the Soviet bloc, Cuba, and China • Traces the origins of Cold War rivalry and antagonism between the United States and the Soviet Union back to the Russian Revolution of 1917 • Offers detailed coverage of how the Cold War surfaced beyond Europe, especially in Asia and the Middle East

Cold War Jan 18 2022 Two captivating manuscripts in one book: The Cold War The Space Race

Access to History: The USA & the Cold War 1945-63 [Second Edition] Mar 08 2021 This second edition has been updated to take account of recent historical research into the period, including up-to-date interpretations relating to the Cuban Missile Crisis. The major issues surrounding the origins of the Cold War and its subsequent escalation into a global power struggle between the United States and the Soviet Union, are examined through an accessible narrative and comprehensive selection of sources. The author also provides an analysis of the extent to which the Cold War had an impact on America's political institutions and society. The revised study guides provide a firm basis for answering differentiated source-based and extended writing questions.

Access to History: Europe and the Cold War 1945-1991: Second Edition Dec 25 2019 The new editions of Access to History combine all the strengths of this well-loved series with features that allow all students access to the content and study skills needed to achieve exam success. This title starts by examining the crucial events of 1944-7, which led to the break down of the Second World War alliance between the 'Big Three' and the onset of the Cold War. It shows how the Cold War shaped post-war Europe through the creation of two great military and economic blocs. Key events such as the Berlin blockade of 1948-9, the Hungarian revolt of 1956, the second Berlin crisis of 1958-61 and collapse of Communism from 1989-91. In this new edition additional material on détente has been added. Throughout the book key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam style questions and tips for each examination board provide the opportunity to develop exam skills.

The Cold War Spy Pocket Manual Apr 21 2022 "Some twenty-five years after its conclusion, yet with its echoes resonating once more in contemporary East-West relations, the rigors and detail of many aspects of the Cold War are becoming increasingly of interest. Furthermore, at the very same time many of the records of the period are beginning to become accessible for the first time. At the forefront of this unique conflict, that divided the world into two opposing camps for over four decades, were the security services and the agents of these secretive organizations. The Cold War Pocket Manual presents a meticulously compiled selection of recently unclassified documents, field-manuals, briefing directives and intelligence primers that uncover the training and techniques required to function as a spy in the darkest periods of modern history. Material has been researched from the CIA, MI5 and MI6, the KGB, the STASI as well as from the Middle East security services and on into China and the East. As insightful as any drama these documents detail, amongst many other things, the directives that informed nuclear espionage,

assassinations, interrogations and the ÔturningÕ of agents and impacted upon the Suez Crisis, the Hungarian Uprising, the ÔCambridge FiveÕ and the most tellingly the Cuban Missile Crisis in 1962. ¥ Full introduction and commentary provided by leading historian and former diplomat Philip Parker. ¥ Complete with a catalogue of, and often instructions for, genuine espionage devices including lock decoders, bugging equipment, a 4.5mm single-shot lipstick gun, microfilm concealing coins and cameras mounted in clothing or pens and shoe-concealed tracking devices. ¥ Presents for the first time the insightful documents, many of which inspired Cold War novelists including John Le CarrÕ, Len Deighton and Ian Fleming, and many of which they would never have seen. "

Remembering the Cold War Feb 07 2021 Remembering the Cold War examines how, more than two decades since the collapse of the Soviet Union, Cold War legacies continue to play crucial roles in defining national identities and shaping international relations around the globe. Given the Cold War's blurred definition – it has neither a widely accepted commencement date nor unanimous conclusion - what is to be remembered? This book illustrates that there is, in fact, a huge body of 'remembrance,' and that it is more pertinent to ask: what should be included and what can be overlooked? Over five sections, this richly illustrated volume considers case studies of Cold War remembering from different parts of the world, and engages with growing theorisation in the field of memory studies, specifically in relation to war. David Lowe and Tony Joel afford careful consideration to agencies that identify with being 'victims' of the Cold War. In addition, the concept of arenas of articulation, which envelops the myriad spaces in which the remembering, commemorating, memorialising, and even revising of Cold War history takes place, is given prominence.

Gale Researcher Guide for: The Origins of the Cold War Aug 25 2022 Gale Researcher Guide for: The Origins of the Cold War is selected from Gale's academic platform Gale Researcher. These study guides provide peer-reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research.

The Politics of Childhood in Cold War America Sep 02 2020 This study examines how childhood and adolescence were shaped by – and contributed to – Cold War politics in America.

Political Writing: A Guide to the Essentials Feb 25 2020 Writing well, and persuasively, is not only a discipline that can be learned, it is one deeply rooted in the classical arts of rhetoric and polemic. This book introduces the essential skills, rules, and steps for producing effective political prose appropriate to many contexts, from the editorial, the op-ed, and the polemical essay to others both weighty and seemingly slight.

The Clever Teens' Guide to The Cold War (The Clever Teens' Guides) Feb 19 2022 The Clever Teens' Guide to The Cold War From the end of World War Two to the collapse of the Soviet Union in 1991 the world lived within the shadow of the Cold War. For almost half a century the East and the West eyed each other with suspicion and often hostility. Two ideologies, two political systems, two cultures, two superpowers fought for dominance, each firm in the belief that history would prove them right. And all the time the threat of World War Three remained a distinct possibility, the spectre of nuclear weapons a constant fear. The Clever Teens' Guide to The Cold War is the concise account of the political tensions that arose as the world rebuilt after World War Two - an era beset by the constant fear of nuclear weapons and the looming threat of a Third World War. Ideal for your "clever teenager".

Military Cold War Education and Speech Review Policies Sep 14 2021 Continuation of hearings on U.S. Cold War informational and educational programs for military personnel.

Military Justice: A Guide to the Issues Nov 23 2019 Public, press, and academic interest in the military justice system has increased over the past generation. This is a result of several high-profile trials (the Sergeant Major of the Army and Kelly Flinn, among many others), a popular TV show (even if it was Navy JAGs), and broader public attention to and interest in the military, stemming from the post-Cold War prominence of the military (Gulf War I, Balkans, and post-9/11 operations). In addition, some of the more prominent cases from the war in Iraq, including Abu Ghraib and detainee cases, as well as the GTMO military commissions, have kept military justice in the news. There are many misconceptions about the rudiments of the military justice system. Many perceive severity where there is none (though there are features that differ from the civilian system, sometimes unfavorably for the accused), and few are aware of its unique protections and features. Senators Lott and McConnell were not unique in the inaccurate perceptions they publicly stated about military justice during hearings on military tribunals. This volume would accomplish two main purposes: (1) provide comprehensive, accurate, and current information about the military justice system and related disciplinary features, written in laymen's language; and (2) explain the system through some illustrative or engaging anecdotes (e.g., the trials of Billy Mitchell, William Calley, and the World War II Nazi saboteurs, whose capture and trial provide the basis for today's Guantanamo-based trials of suspected terrorists).

Military Cold War Education and Speech Review Policies Oct 23 2019

Thucydides and US Foreign Policy Debates After the Cold War Jan 06 2021 This thesis examines the reception of Thucydides' History of the Peloponnesian War in US foreign policy debates since the end of the Cold War. It begins with a background survey of Thucydides' use in foreign policy debates up to and during the Cold War, primarily by the realist school of international relations, and the comparisons which were drawn between the Cold War and the Peloponnesian War. After the Cold War, these comparisons became less relevant to current debates, and critics of realism began to use Thucydides to support their own theories. The emphasis is on how the three key movements since the Cold War, realism, liberal internationalism and neoconservatism, have each seen aspects in Thucydides' writing to admire and utilise for their theories, at the same time building competing interpretations of key sections from Thucydides' History. At the same time, as well as drawing abstract theories from Thucydides,

analysts have also drawn historical parallels between the present and the Peloponnesian War in a creative process which results in modern states playing different ancient roles depending upon the context. I show that Thucydides' text lends itself particularly well to such recycling due to the author's tendency to highlight complex tensions without providing explicit authorial 'answers'.
