communication delays, elusive social thinking and interaction skills, and whole child/self-esteem issues. #4 The four elements of social, cognitive, and physical learning are common to many children with autism, but every child with autism is different, and each parent, teacher, and caregiver will be at a different point on the spectrum.

Developing Emotional intelligence is something that kids must practice starting kindergarten. The process of developing social and emotional skills begins as early as the first years of life, which is why the quality of interactions with others is crucial. passionate believer in the power of prayer. She knows that a regular habit of prayer can change things--can bring home wayward children, heal broken marriages, and provide answers to desperate situations. Prayer can also bring a new kind of peace and contentment no matter what hardships or disappointments we face. But most important, Fern knows that through prayer we can experience, firsthand, an ever-increasing intimacy with God. In Every Child Needs a Praying Mom, Fern Nichols now shares how she has taught women to pray in a way that changes their lives and the lives of those they love. She teaches the principles

and practices that will not only revolutionize the way people think about prayer, but the way they do pray, leading them into a deeper intimacy with Jesus, who is always interceding on our behalf. Sparkling with real life stories of God at work in the lives of praying moms, Fern introduces us to the four prayers that are the foundation of the Moms In Touch approach to prayer: Praise: Praying according to the attributes of God Confession: Breaking strongholds Thanksgiving: Expressing a grateful heart Intercession: Standing in the gap with Jesus What transforms these well-known elements of prayer into such a powerful force in Moms In

Touch International? Fern Nichols introduces a way of praying that energizes, creates an appetite for intimacy with God, overcomes spiritual paralysis, eliminates fear, unveils the heart and character of God and transforms the pray-er's life and perspective. She teaches how to pray effectively with others, how to prepare for the spiritual battles that swirl when prayer is on the move, how to persist in prayer in the face of hopelessness and despair, and how to use Scripture for effective prayer. Every Child Needs a Praying Mom will do just that. God hears. God acts. God moves. God works.

HAS YOUR CHILD JUST BEEN

This book is a quick 30-minute  
read designed to launch you

parent of an autistic child. If  
you're looking for the  
guidebook to getting started on  
your journey, this is it! Most  
parents have had little, if any,  
exposure to autistic children,  
more formally known as  
children with Autism Spectrum  
Disorder (ASD). When you're  
handed the diagnosis it doesn't  
come with an instruction

manual. As I discovered years  
ago, being the parent of an  
autistic child initially meant  
fumbling around trying to  
figure out what I was supposed  
to do next. And, more  
importantly, learning to spot  
the difference between people  
who were genuinely trying to  
help and those who were  
setting the traps designed to  
withhold critical services. I  
kept looking for a book to help  
me learn what my options and  
responsibilities were, but I  
couldn't find one. Until now.  
THIS is the book I wish  
someone had given me the day

my son was diagnosed with  
autism. That was more than  
two decades ago and, finally,  
here is the book that can help  
and protect you and your child.
