A Dinosaur Ate My Sister Nov 18 2021 *A Dinosaur Ate My Sister* is the first book selected in the Marcus Rashford Book Club. 'The perfect story to escape into and find adventure. Pooja is super talented and I'm a big fan!' - Marcus Rashford MBE This brilliantly illustrated, laugh-out-loud, wacky adventure through time by Pooja Puri is the perfect blend of *The Hitchhiker's Guide to the Galaxy* and *Jurassic Park*. Before you start reading, there are a few things you should know: 1. I, Esha Verma, am a genius inventor extraordinaire. 2. There is nothing I cannot invent. This includes words. 3. I did not mean to send my sister back to the Age of the Dinosaurs. That was HER OWN FAULT (Mum and Dad, if you're reading this, please take note). Esha Verma, her snotty apprentice Broccoli and his cunning pet tortoise have a dream. They are going to win the legendary Brain Trophy - the ultimate inventing prize. This year's entry: A TIME MACHINE. But the day before the competition, Esha's IGNORAMUS big sister hijacks the time machine and is lost in the Cretaceous age. With help from a new recruit for The Office of Time, Esha and Broccoli will have to face hungry dinosaurs, mysterious black holes and malfunctioning inventions to get them back in time. The Marcus Rashford Book Club is a collaboration between Marcus Rashford and Macmillan Children's Books, inspiring children to develop a love of reading and literacy as a life skill.

In My Sister's Shoes Jan 20 2022 In one of the many fantastic reviews for Sinéad Moriarty's fourth novel, *In My Sister's Shoes*, the reviewer praised Sinéad's ability to apply 'the light tender touch to dark, painful subjects'. It's a perfect description of how Sinéad tells the story of a younger sister stepping in to help out when her older sister is diagnosed with cancer. In a similar way to Marian Keyes, Sinéad manages to balance light and dark with wonderful finesse, warmth and humour. Kate O'Brien is thirty and has very little to think about except trying to keep her balance as she totters up London's media-land ladder. Fiona O'Brien is Kate's responsible older sister - with a husband, twin boys, a dog and now ... a life-changing problem. It's a problem that means Kate going back to Dublin. Pronto. There she finds herself stepping into Fiona's shoes - and discovering that she's definitely not cut out to be a domestic goddess. On top of that, the ex she thought she'd got over years ago turns up to haunt her. Will either of the O'Brien sisters survive? And even if they do, can either of them slip back into their old shoes ever again? Sinéad Moriarty's novels have sold over half a million copies in Ireland and the UK and she is a four times nominee for the popular fiction Irish Book Award. She has won over readers and critics telling stories that are funny, humane, moving and relevant to modern women. *In My Sister's Shoes* is Sinéad at her very best. Sinéad Moriarty lives with her family in Dublin. Her other titles are: *The Baby Trail*; *A Perfect Match*; *From Here to Maternity*; *Keeping It In the Family* (also titled *Whose Life Is It Anyway?*); *Pieces of My Heart*; *Me and My Sister*; *Download The Child of Mine*.

[From My Sisters' Lips](#) May 12 2021 A glimpse into the world of Islam and the women who have chosen to live behind the veil.

The Complete Book of Sisters Feb 09 2021 A sister is for life: your best friend, or your worst enemy. She is the yardstick by which you measure how well you're doing and the keeper of your family secrets. She may be the first person you rush to when something wonderful happens or the one whose shoulder you cry on. She's the one you're compared to and the one to compete with. In this entertaining collection there are sisters ranging from the loving Bronts to the scrapping Mitfords (who could never remember who was in and who was out of favour), to the Pankhursts (who fought for women's suffrage only to fall out with each other), to sisters of Lenin and Hitler, and of Kings and Queens. There are sisters whose job it is to compete with each other, such as Venus and Serena Williams. 'It wasn't fun eliminating my little sister, but I have to be tough', said Venus. A Lewis Carroll poem says, 'never stew your sister'. If cooking her isn't allowed, what is the worst thing you can do to your sister? If you want to make sure she'll never forgive you, pinch her man or borrow her clothes.

My Nine Lives Jun 01 2020 The book depicts the life of Benjamin Neiger, a Jewish inventor who was born in Krakow, Poland. As a very young boy he became a witness to the horror of the Holocaust. At an age of 13 he was separated from his parents and spent many months alone in a large Hungarian forest, trying to survive. After the war he became a passenger on the famous ship, the EXODUS, heading for Palestine, and at an age of seventeen, he joined the Israeli army. The book comprises the most fascinating events of his life, some very sad and shocking, some hilarious and almost unbelievable... In the second part of the book the author reveals very openly his most secret love affairs and describes his life in America as well as his professional career. My Nine Lives is the captivating story of atrocities of war, a mans struggle for survival and his constant craving for love. Once you start reading it, you will not be able to tear yourself away

AIMING FOR THE STARS Jun 20 2019 AIMING FOR THE STARS is a memoir of Dr Sphumelele Ndlovu and his life of hardship, which led him to becoming a Scientist. His mother sold chickens to provide for her children, never considering himself worse off than others. The family was poor. Sphumelele's life was also derailed when strikes caused 24 out of the 28 teachers at his school to abandon their posts in his matric year. Education was Ndlovu's ticket to a better future, and he knew at a young age, that he wasn't going to give it up without a fight. Ndlovu's PhD placed him to be part of a team of scientists set out to measure the distance between the Earth and Moon using lasers. It is the sixth-ever such venture, but the first to be carried out by an African team. A man whose horizon was once confined to the perimeter of a chicken coop now handled tools that allowed his eyes to glide over galaxies.

impoverished childhood, her breakthrough into film, the price of fame, and her interactions with the German film industry. In 1938 Nielsen returned to Denmark, where she published her memoirs in two volumes in 1945-46, expanding on her earlier writings. This carefully crafted, colorful text offers eyewitness insights into early European film, Nielsen's star persona, and the challenges of stardom in Germany in the tumultuous period before World War II. Yet although they have appeared in multiple Danish, German, and Russian editions, the memoirs have never been published in English until now. Nielsen's work has enduring value for transnational film history, and the recent growth of interest in women's contributions to early film makes the time ripe for this translation. Julie K. Allen accompanies the text with a scholarly introduction and annotations, and a foreword by leading early film scholar Jennifer M. Bean frames the volume.

fiction set in the 2nd century BC that narrates the story of the twin sisters Klea and Irene, growing up within the boundaries of the temple of Serapis and serving as its wards. Klea and Irene are entirely fictional personalities, but the writer of this work, German Egyptologist Georg Moritz Ebers, reminds the reader in the preface that he has attempted to give a precise picture of the historical features of the time in which these sisters live and function with the help of tolerably abundant sources. The author presents vivid descriptions of that period without using complex words that keep the reader engaged. Through his accurate historical narrative of the 2nd century BC, George Ebers has given us a fair amount of information about the people, their cultures and traditions, their mindsets and beliefs, and all that existed way before us.

Psychological theory has traditionally overlooked or minimized the role of siblings in development, focusing instead on parent-child attachment relationships. The importance of sisters has been even more marginalized. Sue A. Kuba explores this omission in *The Role of Sisters in Women's Development*, seeking to broaden and enrich current understanding of the psychology of women. This unique work is distinguished by Kuba's phenomenological method of research, rooted in a single prompt: "Tell me about your relationship with your sister." Rich in detail, the responses (many of which are reproduced at length within the book) provide a complex picture of sister relationships across the lifespan. Integrating these stories with current literature about gender and family composition for sisters of difference (disabled and lesbian sisters) and ethnic sisters, this book provides useful recommendations for therapeutic understanding of the significance of sisters in everyday life, integrating diverse perspectives in order to address the ways clinicians can enhance psychological work with women clients. A valuable contribution to the field of mental health, *The Role of Sisters in Women's Development* is highly recommended for therapists who wish to broaden their inquiry into the sister connection, as well as anyone who wants to further understand the importance of sisterhood.
