has but a few months left to live. Not wishing to burden others with her pain, Rachel decides, agonizing as it is, not to tell anyone—not even her boss, her partner, her husband, or her seven-year-old daughter. She wants to go down fighting, and to take as many serial killers with her as she can. A serial killer strikes in the Virginia area, targeting women who seek fertility treatments. As Rachel enters his sick and twisted mind, she struggles to understand his motive, or the connection between the victims. Worse, the case strikes too close to home, bringing up memories of her own fertility treatments, and her failed mission to have a second child.

the sequel.” --Books and Movie Reviews, Roberto Mattos (re Any Means Necessary) From #1 bestselling and USA Today bestselling author Jack Mars, author of the critically-acclaimed Luke Stone and Agent Zero series (with over 5,000 five-star reviews), comes an explosive new, action-packed thriller series that takes readers on a wild-ride across Europe, America, and the world. When elite Navy Seal Troy Stark is forced into retirement for his dubious respect for authority, he dreads the quiet life awaiting him with his brothers and buddies in Yonkers, New York. But the quiet doesn't last long: the NYPD needs Troy's military expertise to help find and stop a major terrorist threat to New York City. To pre-empt the attack, they need him to fly to Europe and stop it at its source—using any means necessary. Troy finds himself partnered with an Interpol agent who is as different from him as can be, and their instant dislike is mutual. But they have an attack to stop, and only a few days to do it, and together they'll need each other as they criss-cross Europe in a high-octane cat-and-mouse chase to shut these terrorists down. But what starts off as a straightforward mission (and an opportunity to clear his name) soon catapults Troy headfirst into a global conspiracy. These criminals are more sophisticated than they appear, and even with Troy's unparalleled military skills, he and his team find themselves constantly one stop behind. With the fate of New York City on the line, the stakes couldn't be higher. Where will they strike? And when? And can Troy stop it before it's too late? An unputdownable action thriller with heart-pounding suspense and unforeseen twists, ROGUE FORCE is the debut novel in an exhilarating new series by a #1 bestselling author that will have you fall in love with a brand new action hero—and turn pages late into the night. All of his victims suffered from the same malady - bad timing. And if there was one thing the Metronome Man

FBI's remote Alaskan field office. Back in her home state, a place she vowed she would never return, Sadie, running from a secret in her recent past and back into her old one, finds herself facing her demons—including her sister's unsolved murder—while assigned to hunt down a new serial killer. Two women are found dead in a remote area of Northern Alaska, near Sadie's hometown, floating under the ice, their bodies preserved, much the same way Sadie's own murdered sister was found—a memory that still plagues her. The case strikes way too close to home, blurring Sadie's judgment, stirring up memories of her estranged

father and murdered sister, memories she's not ready to grapple with. This part of Alaska—icy, rough, remote, populated by outcasts—proves impenetrable even for a seasoned FBI agent like Sadie. The killer, matching his landscape, is more sinister and smart than anyone Sadie has encountered. Amidst the perplexing clues, Sadie remains sure of only one thing: he will strike again. Against her wishes, Sadie must team up with Sheriff Logan Cooper—single, begrudging, and with a dark past of his own. Together, they must enter the canals of this killer's twisted mind and seek help from the locals, however

für die Existenz Gottes erhalten". Fast hätte Investigativ-Reporter Ross Hunter den Anruf nicht entgegengenommen, der so nachhaltig sein Leben verändern sollte. Doch die Stimme von Dr. Harry F. Cook war so eindringlich, dass er sich ihr nicht entziehen konnte. Der Wissenschaftler behauptete, er habe den eindeutigen Beweis für die Existenz Gottes gefunden. Und Ross Hunter sei ein seriöser Reporter, der seine Botschaft in die Welt tragen sollte. Doch wie würden die Konsequenzen aussehen? Was würde der Vatikan dazu sagen? Die Moslems? Die Hindus? Aber auch für die Atheisten hätte

das enorme Konsequenzen, ganz zu schweigen von den Evangelikalen, den Predigern, deren Heilsversprechen ihnen großen Reichtum bescherten. Als Ross Hunter weiter recherchiert, wird ihm schnell klar, dass es einige Menschen gibt, die die Existenz Gottes nicht bewiesen haben möchten und deshalb auch vor Mord nicht zurückschrecken, Harry F. Cook war nur der Erste... Totale Spannung, Action und eine Verschwörung auf globaler Ebene - all das macht diesen Thriller zu einem außerordentlichen Lesegenuss. Dan Brown lässt grüßen! in the FBI's BAU unit, stuns her colleagues by requesting reassignment to the FBI's remote Alaskan field office. Back in her home state, a place she vowed she would never return, Sadie, running from a secret in her recent past and back into her old one, finds herself facing her demons—including her sister's unsolved murder—while assigned to hunt down a new serial killer. In ONLY MURDER (Book #1), two women are found dead in a remote area of Northern Alaska, near Sadie's hometown. Floating under the ice, their bodies are preserved much the same way Sadie's own murdered sister was found—a memory that still

plagues her. The case strikes way too close to home, blurring Sadie's judgment, stirring up memories of her estranged father and murdered sister, memories she's not ready to grapple with. This part of Alaska—icy, rough, remote, populated by outcasts—proves impenetrable even for a seasoned FBI agent like Sadie. The killer, matching his landscape, is more sinister and smart than anyone Sadie has encountered. Amidst the perplexing clues, Sadie remains sure of only one thing: he will strike again. Against her wishes, Sadie must team up with Sheriff Logan Cooper—single, begrudging, and with a dark past of his

own. Together, they must enter the canals of this killer's twisted mind and seek help from the locals, however hostile, to solve the pattern of these murders before another girl turns up dead. With a major storm coming, can Sadie solve the murders before it's too late? Or will she end up as the next body floating under the ice? In *ONLY RAGE* (Book #2), FBI Special Agent Sadie Price has barely recovered from her last case when she is assigned to an urgent, new one: a gruesome discovery has revealed women are turning up dead, their bodies found in the cargo holds of fishing boats, half-eaten by crabs. Sadie, stuck for the winter and here to ***Where To Download The Firemaker China Thrillers 1 Peter May Read Pdf Free***

stay, must form a tenuous alliance with Sheriff Logan Cooper and the local bar owner if she is to penetrate the icy wall of outcast locals. Exploring the harbor and the crusty workers who inhabit it, Sadie needs answers to this seemingly unsolvable string of murders—and to the mysteries of her own past. Suspects abound in the remote and unforgiving landscape. But this is no garden variety killer, and hunting him down may end up a bridge too far even for a brilliant agent like Sadie. In a deadly game of cat and mouse, can Sadie prove herself a match for this killer? Or will he prove to be her undoing? In *ONLY HIS* (Book #3), when a

young woman is found mauled by a bear—the second case in one week—the authorities chalk it up to a desperate animal, driven by hunger to attack. Nature, as far as the locals are concerned, can be as cruel a killer as any murderer. But Sadie isn't convinced. She suspects a serial killer, and when she realizes both victims were young women living alone in cabins, she takes it upon herself to visit a string of isolated, desolate cabins in the wilderness, including one with particular significance—her father's. When a third woman is found, Sadie knows she is the only thing standing between this diabolical killer and his innocent, next victim.

But in the forbidding wilderness, in the thick of winter, can Sadie reach the woman before it's too late? And can she stop this killer all while unearthing the ghosts of her own family's past? An action-packed page-turner, the SADIE PRICE series is a riveting crime thriller, jammed with suspense, surprises and twists and turns that you won't see coming. It will have you fall in love with a brilliant and scarred new character, while challenging you, amidst a barren landscape, to solve an impenetrable crime. Books #4-#6 in the series—ONLY ONCE, ONLY SPITE, and ONLY MADNESS—are also available.
