Selections from Tacitus Histories I Mar 10 2021 This is the first intermediate-student edition of a selection from Tacitus Histories I. Sections 4 (finis Neronis ...) to 7, 12-14, 17-23, 26-36, 39-44 and 49 are included as Latin text with an accompanying commentary and vocabulary. Focusing on a deliberately concise extract from the original, this edition is designed to be manageable for students reading the text for the first time while also perfectly encapsulating the interest of the longer work and inspiring further study of it. A detailed introduction explains points of historical and stylistic interest. Histories I starts in AD 69, during the civil war after the death of Nero. Tacitus describes the unstable conditions in the Roman Empire, as different generals are elevated by their soldiers to the position of emperor. In the prescribed selection, rebellion and violence break out in the city of Rome, as the Praetorian Guard of the emperor Galba transfer their support to a controversial younger man, Otho. Tacitus vividly portrays the elderly Galba's attempts to maintain order and discipline as power slips from his grasp, while Otho inspires the disorderly soldiers, keeping control only with difficulty over this volatile group of men.

[Annals](#) Nov 06 2020 A compelling new translation of a vital account of Roman history With clarity and vivid intensity, Tacitus's Annals recounts the pivotal events in Roman history from the years shortly before the death of Augustus to the death of Nero in 68 AD, including the reign of terror under the corrupt Tiberius, the great fire of Rome during the time of Nero, and the wars, poisonings, scandals, conspiracies, and murders that were part of imperial life. Despite Tacitus's claim that they were written objectively, the Annals is sharply critical of the emperors' excesses and fearful for the future of imperial Rome, while also filled with a longing for its past glories. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines.

Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

[The Histories](#) May 12 2021 In The Histories Cornelius Tacitus, widely regarded as the greatest of all Roman historians, describes with cynical power the murderous `year of the Four Emperors' - AD 69 - when in just a few months the whole of the Roman Empire was torn apart by civil war. W.H. Fyfe's classic translation has been substantially revised and supplied with extensive historical and literary notes. The Introduction examines the subtleties of Tacitus' writing and gives the necessary political and social background.

[The Annals](#) Jul 26 2022 The Annals is a gripping account of the Roman emperors Tiberius, Claudius, and Nero and the brutality that marked their reigns. Tacitus deplores their depravity, proof of the corrupting force of absolute power. J.C. Yardley's vivid and accurate translation is complemented by a thorough introduction and notes.

[Irony and Misreading in the Annals of Tacitus](#) Nov 25 2019 This 2000 book examines Tacitus' Annals as an ironic portrayal of Julio-Claudian Rome, through close analysis of passages in which characters engage in interpretation and misreading. By representing the misreading of signifying systems - such as speech,

gesture, writing, social structures and natural phenomena - Tacitus obliquely comments upon the perversion of Rome's republican structure in the new principate. Furthermore, this study argues that the distinctively obscure style of the Annals is used by Tacitus to draw his reader into the ambiguities and compromises of the political regime it represents. The strain on language and meaning both portrayed and enacted by the Annals in this way gives voice to a form of political protest to which the reader must respond in the course of interpreting the narrative.

Annals and Histories Mar 22 2022 Tacitus was the greatest historian of the Roman empire. Born in about AD 55, he served as administrator and leading senator. This career gave him an intimate view of the empire at its highest levels, experience brought to bear on his writing. His major works are the Annals and the Histories, both of which have come down to us incomplete. Between them, they cover a period of about 80 years, from the death of the first emperor, Augustus, to the death of Domitian in 96AD. In addition, Tacitus also composed two short historical books or essays, the Agricola (about his father-in-law, a distinguished provincial governor) and the Germania, an account of the tribes beyond the Rhine. Tacitus is a brilliant narrator and master stylist who had ample material for his story in the dramatic, violent and often bloody events of the first century. His portraits - especially those of Tiberius, Nero, and Nero's immediate circle - are unforgettable, his scene-setting masterly, his psychological analysis as acute as any novelist. He is also a fierce critic of the decadence and corruption which marked struggles for the imperial succession. As Robin Lane Fox writes in his brilliant introduction, 'Above all Tacitus was supremely wary of the distortions and "spin" of official announcements. He had no illusions about the capacities of presidential, one-man rule.' Napoleon disliked him, not surprisingly. Everyman reprints the classic translation by A.J. Church and W.J. Brodribb, with extensive notes considerably revised and updated by Dr Eleanor Cowan.

[The Complete Works of Tacitus](#) Jul 14 2021 Ancient Roman senator and historian Publius Cornelius Tacitus is known throughout Western history as one of the greatest historical writers of the Silver Age of Latin literature. He lived during the first century AD and was the son of a wealthy aristocratic family. Not much is known about his personal life; however, it is clear that both Tacitus and Pliny the Elder were acquaintances and even possibly childhood friends, though there is no substantial evidence to support this. Tacitus studied rhetoric in order to create a career in law and politics. He steadily rose throughout the ranks due to his strong speaking style and oration skills. However, his language skills did not stop with verbal speeches. He was also an accomplished writer who focused on the history of the Roman Empire. He created five works, "The Annals," "The Histories," "The Agricola," "The Germania," and "A Dialogue on Oratory." His works delve deep into the facts as he knew them, rarely ever embellishing history to create a story. He also stayed true to chronological order and laid history out in visible steps. It is also notable that Tacitus knew that his fellow politicians were corrupt; he believed that they gave up their strong voice in order to please a usually corrupt emperor. These five great works are brought together in this collection of "The Complete Works of Tacitus."

[The Annals & The Histories](#) Oct 29 2022 Cornelius Tacitus brilliantly chronicles the moral decline and

rampant civil unrest in the Roman Empire in a period when the earliest foundations of modern Europe were being laid. The Annals commence in a.d. 14, at the death of Augustus, recounting the reigns of Tiberius, Gaius (Caligula), Claudius, and Nero, and conclude in a.d. 68, the year of Nero's suicide. The Histories document the tumultuous year a.d. 69, when Emperors Galba, Otho, and Vitellius all perished in quick succession, ushering in Vespasian's ten-year reign. According to historian Will Durant, "[We must] rank Tacitus among the greatest. . . . The portraits he draws stand out more clearly, stride the stage more livingly than any others in historical literature." This Modern Library Paperback Classic includes newly commissioned endnotes.

The Histories Sep 28 2022 I am entering on the history of a period rich in disasters, frightful in its wars, torn by civil strife, and even in peace full of horrors. In the Histories, Tacitus brings to life the events of one of the most tumultuous periods of the Roman empire. After the suicide of the Emperor Nero in AD69, Rome entered into a period of extreme civil unrest. Four emperors, Galba, Otho, Vitellius, and Vespasian, successively ruled the empire as each one rose in power only to fall victim to plots, military defeats and assassinations. This compelling narrative is filled with stunning drama and powerful insights into the nature of imperial Rome.

Tacitus the Epic Successor Sep 23 2019 This book considers the Roman historian Tacitus' (c. 55 - c. 120 C.E.) use of the language and narrative techniques of the epic poets, in particular Virgil and Lucan, for his presentation of the Roman civil wars of 68-70 C.E. in the Histories.

The Annals of Tacitus: Book 3 Aug 03 2020 Covers the period AD 20-22 and contains some of Tacitus' best known and important programmatic and reflective passages.

The Annals Sep 16 2021 One of the most important historical records from classical antiquity, "The Annals of Imperial Rome" chronicles the history of the Roman Empire from the reign of Tiberius beginning in 14 A.D. to the end of the reign of Nero in 68 A.D. Written by Cornelius Tacitus, a Roman Senator during the second century A.D., it is a detailed first-hand account of the early Roman Empire and an important source for a modern understanding of that time. It is believed that as a Senator, Tacitus had access to the records of the Roman Senate and thus had a very accurate basis for his history. The work begins with the death of Caesar in 14 A.D. and in brutal and unflinching detail Tacitus describes the decadence and corruption of the Roman Emperors, as well as the equally corrupt Senatorial aristocracy, who Tacitus saw as being too servile to the Emperors. The reigns of Tiberius, Claudius, and Nero were a fascinating and bloody time, full of violence, treasonous plots, murders, suicides, and uprisings. Included are vivid descriptions of the great fire of Rome, the persecution of the Christians, and the suppression of the revolt in Britain led by Boudicca. Presented in this volume is the classic translation of Alfred John Church and William Jackson Brodribb. This edition is printed on premium acid-free paper.

The Annals Aug 15 2021 A.J. Woodman's translation combines accuracy and Tacitean invention, masterfully conveying Tacitus' distinctive and powerful manner of expression, and reflecting the best of current scholarship. An introductory essay discusses Tacitus' career, the period about which he wrote, the nature of historical writing in the Roman world, and the principles of translation which have shaped this rendering. No other translation captures more successfully the flavor, nuance, and power of Tacitus' greatest work. This edition includes extensive notes; suggestions for further reading; appendices explaining political and military terms, and geographical and topographical names; imperial family trees; maps; and an index. The current printing of the 2004 edition includes corrections and revisions made in 2008.

Annals Feb 21 2022 A compelling new translation of Tacitus' Annals, one of the greatest accounts of ancient Rome, by Cynthia Damon. Tacitus' Annals recounts the major historical events from the years shortly before the death of Augustus to the death of Nero in AD 68. With clarity and vivid intensity Tacitus describes the reign of terror under the corrupt Tiberius, the great fire of Rome during the time of Nero and the wars, poisonings, scandals, conspiracies and murders that were part of imperial life. Despite his claim that the Annals were written objectively, Tacitus' account is sharply critical of the emperors' excesses and

fearful for the future of imperial Rome, while also filled with a longing for its past glories. This new Penguin Classics edition also includes chronologies, notes, appendices, a genealogy and an introduction discussing Tacitus's life and his approach to history.

Tacitus: Histories Book I Aug 27 2022 The first historical work by Rome's greatest historian, Tacitus' Histories hold a crucial place in the history of Latin literature. Book I covers the beginning of the infamous 'Year of the Four Emperors' (69 CE), which brought imperial Rome to the brink of destruction after the demise of the Julio-Claudian dynasty. Galba, Otho, and Vitellius ride the currents of senatorial politics and military sedition to power, while the survivor Vespasian waits just off-stage. After a distinguished public career during the principates of Vespasian and his sons, Tacitus, in middle age, embarked on a historical narrative recording the seering events of the Rome of his youth. This edition provides a Latin text of Book I, a commentary accessible to students of intermediate level and above, and an introduction discussing historical, literary, and stylistic issues. The chance survival of three parallel accounts permits detailed analysis of Tacitus' selection and stylization of material.

Tacitus Apr 30 2020 We live today with the effects of the rise and fall of the Roman Empire, so to understand where we are, we must know where we were. While Tacitus doesn't provide us all we need to know the story of 'us', he does fill in important gaps, which means that Tacitus and his "Histories" is essential reading.

The Annals of Tacitus: Jun 01 2020 Book 4 of Tacitus' Annals, described by Sir Ronald Syme as 'the best that Tacitus ever wrote', covers the years AD 23-28, the pivotal period in the principate of the emperor Tiberius. Under the malign influence of Sejanus, the henchman who duped him and was loaded with honours, Tiberius withdrew to the island of Capri and was never again seen in Rome, where the treason trials engendered an atmosphere of terror. The volume presents a new text of Book 4, as well as a full commentary on the text, covering textual, literary, linguistic and historical matters. The introduction discusses the relationship between Tacitus and Sallust. The volume completes the sequence which began with commentary on Books 1 and 2 of the Annals by F. R. D. Goodyear (1972, 1981) and was continued by commentary on Book 3 by A. J. Woodman and R. H. Martin (1996) and on Books 5-6 by A. J. Woodman (2016).

A Historical Commentary on Tacitus' Histories IV and V Aug 23 2019

Tacitus' Annals Jun 25 2022 Tacitus' Annals is the central historical source for first-century C.E. Rome. It is prized by historians since it provides the best narrative material for the reigns of Tiberius, Claudius, and Nero, as well as a probing analysis of the imperial system of government. But the Annals should be seen as far more than an historical source, a mere mine for the reconstruction of the facts of Roman history. While the Annals is a superb work of history, it has also become a central text in the western literary, political, and even philosophical traditions - from the Renaissance to the French and American revolutions, and beyond. This volume attempts to enhance the reader's understanding of how this book of history could have such a profound effect. Chapters will address the purpose, form, and method of Roman historical writing, the ethnic biases of Tacitus, and his use of sources. Since Tacitus has been regarded as one of the first analysts of the psychopathology of political life, the book will examine the emperors, the women of the court, and the ambitious entourage of freedmen and intellectuals who surround every Roman ruler. The final chapter will examine the impact of Tacitus' Annals since their rediscovery by Boccaccio in the 14th century.

Annals and Histories Jul 02 2020 The complete historical works of the greatest chronicler of the Roman Empire in a wholly revised and updated translation. A brilliant narrator and a master stylist, Tacitus served as administrator and senator, a career that gave him an intimate view of the empire at its highest levels, and of the dramatic, violent, and often bloody events of the first century. In the Annals, he writes about Augustus Caesar's death and observes the inner workings of the courts of the emperors Tiberius and Nero. In the Histories, he describes an empire in tumult, four emperors reigning in one year, each overthrown by the next. The Agricola, a biography of Tacitus's father-in-law, Julius Agricola—the most celebrated governor

of Roman Britain—is the first detailed account of the island that would eventually rule over a quarter of the earth. And in the Germania, the famed warrior-barbarians of ancient Germany come richly to life.

The Histories (Esprios Classics) Oct 25 2019 Histories is a Roman historical chronicle by Tacitus.

Written c. 100-110, it covers c. 69-96, a period which includes the Year of Four Emperors following the downfall of Nero, as well as the period between the rise of the Flavian Dynasty under Vespasian and the death of Domitian. Together, the Histories and the Annals amounted to 30 books. Saint Jerome refers to these books explicitly, and about half of them have survived. Although scholars disagree on how to assign the books to each work, traditionally, fourteen are assigned to Histories and sixteen to the Annals. Tacitus' friend Pliny the Younger referred to "your histories" when writing to Tacitus about the earlier work.
