Christ & The Maya Calendar Feb 24 2020 In The Book of Chilam Balam of Chumayel, it is said: Katun 11 Ahau is set upon the mat, set upon the throne, when their ruler is set up.... The heavenly fan, the heavenly wreath and the heavenly bouquet shall descend. The drum and rattle of the lord of 11 Ahau shall resound, when flint knives are set into his mantle.... Ahau 11 is the beginning of the count, because this was the katun when the foreigners arrived. They came from the east when they arrived. Then Christianity also began. The fulfillment of its prophecy is [ascribed] to the east.... This is a record of the things which they did. After it had all passed, they told of it in their [own] words, but its meaning is not plain. Despite the explosion of books, videos and TV shows that claim to penetrate the mystery of "2012"--the numerical shorthand for the completion on December 21, 2012, of the thirteenth B'ak'tun cycle in the Long Count of the Maya calendar--consensus about its meaning seems to remain elusive. The discussion about the significance of 2012 falls generally into two distinct camps: "New Age" authors who see this date as marking the advent of an imminent, universally accelerated psychic/spiritual evolution and professional astronomers and ethnologists who generally discount such metaphysical claims. Christ and the Maya Calendar approaches the significance of 2012 by spiritually penetrating phenomena of today. Drawing on the book of Revelation--which provides an archetype for understanding spiritual history, as well as Rudolf Steiner's Apocalyptic indications--a completely new context for grasping the end date of the Maya calendar emerges. In a November 1919 lecture, Steiner made a stunning remark: "Ahriman skilfully prepares his goal beforehand...[and] will find an important instrument for preparing his incarnation. His incarnation is undoubtedly coming, and this lack of insight will enable him to prepare it triumphantly." The subtitle of this book--"2012 and the Coming of the Antichrist"--refers to this coming incarnation of Ahriman. In fact, Steiner narrowed the timeline for Ahriman's incarnation, saying it would come "before only a part of the third millennium has run its course." Just after Christmas 1919, Steiner revealed more about the impending incarnation of Ahriman, saying almost offhandedly that Ahriman's name might be "John William Smith." With this remark, he clearly pointed to the incarnation occurring in the English-speaking West, while other remarks made it is certain Steiner meant that the incarnation would take place in America. In addition to penetrating the spiritual background of our time in relation to the coming of the Antichrist (the incarnation of Ahriman), the authors explore the significance of the Mexican mysteries and present a wealth of new research with the intention of helping the reader to navigate the Apocalyptic scenario currently shaping up, with the global financial crisis as one important expression. Most important, the authors refer to the Second Coming of Christ as the true event of our time; the incarnation of Satan/Ahriman is its shadow. The authors also show the significance of Divine Sophia as the antidote to negative consequences of Ahriman's incarnation. Finally, as a positive manifestation of the world of spirit in our time, the book discusses the significance of the young anthroposophist, Judith von Halle, who since Easter 2004 has born the stigmata, the visible signs of the wounds of Christ. A Note on the Title The word Antichrist is used in the title and throughout this book, and there are at least two ways in which this word may be understood. The more general use of the word is found in the Bible and in Christian tradition, in which the Antichrist is understood to be the human being who bears the incarnated Satan (also called "Ahriman" in Persian tradition and, in Revelation 13 in the Bible, "The Beast"). This is how the word Antichrist is used in this book. However, this general meaning should be distinguished from another, more specialized use of the word, as found in the spiritual science of Anthroposophy, which often uses the word Antichrist to designate the Sun Demon, known as Sorath in the Hebrew tradition, referred to as the "Beast whose number is 666," and as "the two-horned Beast" in Revelation 13. In this connection, Rudolf Steiner refers to "the False Prophet who represents the teachings of The Beast." The authors of this book discuss the significance of Sorath in chapters 7 and 8. Authors' Note Rudolf Steiner's large body of spiritual research has paved the way for further research encompassing thousands of volumes and numerous projects and social endeavors around the world. This book focuses upon Steiner's indications about the return of Christ, on the one hand, and the coming of the Antichrist, on the other hand. Both events, according to Steiner, are taking place, or will take place, in our time. Our endeavor is to provide a context in which the reader can find help to be able to grasp the larger picture as to the nature of the time in which we live. The purpose of the book is to draw attention to Christ's return in the realm of life forces known as the etheric, as well as to the impending physical incarnation of Ahriman as the Antichrist. The book is carefully written in the spirit of the age of the clear, critical consciousness of modern humanity to allow people to draw their own conclusions. Thus, it is not a matter of pointing the finger and pronouncing slogan-like statements. Rather, it is a matter of providing a context for the reader to arrive at a deeper grasp of what is taking place in the world at the present time, which can be attained only by way of hard study and the honest endeavor to attain a higher level of cognition. The main point is that the coming of the Antichrist is actually the shadow side of the much greater event of Christ's coming in the etheric realm, whereby Divine Sophia is actively working to help humanity to become aware of this greatest event of our time. Central to Rudolf Steiner's impulse is the development of intuitive faculties, which he named Imagination, Inspiration, and Intuition. This means that, when research is presented, people--through the exercise of their intuitive faculties--come to their own cognition of the truth and do not depend simply upon what is said by those presenting the research. The goal is--and must be--to arrive at truth for oneself, not based upon anyone else's statements. Although, of course, the statements of others can be taken as a starting point for arriving at the truth. However, cognition of the truth depends upon the development of intuitive faculties going beyond intellectual speculation. Since the publication of this book, various pronouncements--many of a speculative nature--have been made concerning the content of the book. The authors fully support the expression of freedom of thought and freedom of speech underlying statements about the book but obviously cannot be held responsible for the conclusions drawn by others from the research presented in this book. Their concern is truth--in the spirit of the words: "You shall know the truth, and the truth shall make you free" (John 8:32). In relation to the Antichrist, called the Beast in chapter 13 of the Book of Revelation, his way (Revelation 13) is prepared by the Prophet of the Beast. Nowhere in this book are statements made identifying specific individuals as the Beast (Antichrist) or as the Prophet of the Beast. Yet, in this age of the Internet, all kinds of pro

Mind Leap: Intimate Changes and Communication Between Worlds Sep 20 2019 Fully revised with Reader's Guide, Self-Exploration Questions, chapter reviews and expanded Moita material. Reading Mind Leap was one of the most delightful experiences of my summer. First, I found it an absolutely intriguing story of personal challenge and human relationships. But second, and most important, I found it highly inspiring. There are many times in my own spiritual journey that I wonder whether it is all worth the effort whether there really is a greater reality. This book is a powerful incentive to keep going, an inspiration and a source of hope! Joyce E. Ansell, literary editor How can we learn to live wholly, with deep intuition, in this world? Where can it lead, for each of us, in this transformative era? We hear follow a path with heart ... listen to your dreams ... open to spirit ... But rare is the book that actually takes us far into that experience. Mind Leap does so by telling a challenging, liberating, true story from the consciousness revolution, and inviting readers to participate by reviewing their own life events and perceptions. A novelist couldn't create spiritual explorers more opposite than Kelly and David: growing up the psychic daughter of an abusive alcoholic and mystic son of an activist minister. But as young adults with other partners, dreams and intuitions pointed each other out, hinting of the natural bridge they would form together. As they were then tested in a crucible of intersecting lives, Moita began to speak through Kelly, initiating an experiment in communication between worlds. Her over 200 interactive sessions, shared with hundreds of participants, have been compared to the Seth material. Mind Leap reveals the hidden workings of spirit that connect us to people and situations we need to grow in strength, freedom and love. The narrative unfolds on many levels, giving a unique inside view of the channeling phenomenon even as the prophetic messages turn from individuals to the crisis/transformation of our Earth. We see you all the time, are near you, yet very rarely can touch, for you do not see us. For you, we are merely a whisper in the trees... We have watched for a great many years, and now there is a drawing together of worlds, a time when the two worlds may touch and not be destroyed by each other, when they may integrate and understand. The coming together of our worlds will not change just yours, but mine. Life will never be the same again. Moita

2012, the Bible, and the End of the World Nov 15 2021 In 2012, the Bible, and the End of the World, bestselling prophecy expert Mark Hitchcock explores a fascinating last-days controversy that is gaining the attention of millions all over the globe. What should Christians make of the rapidly spreading speculations that the world will end on December 21, 2012? The ancient Mayans were expert astronomers and their advanced calendar cycles predict 12/21/2012 as a catastrophic day of apocalypse. This prophecy has spawned a growing number of fringe-element books, Web sites, and even a major movie--complete with all-star cast--scheduled to release in July 2009. Missing in the furor is a biblical perspective. Bible teacher Mark Hitchcock--whose books have sold more than 300,000 copies--examines the following questions: Why December 21, 2012? Can we trust the Mayan alarm clock? Does the Bible say anything about 2012? What signs will tell us that Armageddon is near? This book provides a fascinating survey of both the historical past and the prophetic future. Readers will discover how to effectively counter baseless speculation with biblical fact.

2013: the End of Days Or a New Beginning? Apr 20 2022 2013: THE END OF DAYS OR A NEW BEGINNING examines all the popular myths, prophecies, and predictions concerning 2012, including the Mayan teachings of time acceleration and global awakening on a consciousness level. It also takes an in-depth look at lesser-known predictions and prophecies, and at the more scientific and reality-based challenges we will face.

Apocalypse 2012 Apr 27 2020 "Updated to include dramatic new evidence from NASA and the National Academy of Sciences pointing to a knockout of the electrical power grid by solar systems expected to climax in 2012-2013." Don't look up! It won't help. You can't get out of the way, you can't dig a hole deep enough to hide. The end is coming, and there's nothing you can do about it. So why read this book? Because you can't look away when not just the religious fanatics are saying we're all going to be destroyed but the scientists are in on the act too. Here's what they're saying: We're a million years over due for a mass extinction. The sun at radiation minimum is acting much worse than at solar maximum, and one misdirected spewing of plasma could fry us in an instant. The magnetic field—which shields us from harmful radiation—is developing a mysterious crack. Our solar system is entering an energetically hostile part of the galaxy. The Yellowstone supervolcano is getting ready to blow, and if it does, we can look forward to nuclear winter and 90 percent annihilation. The Maya, the world's greatest timekeepers ever, say it's all going to stop on December 21, 2012. So, see? There's nothing you can do, but you might as well sit back and enjoy the show. You'll get a good chuckle. That's why you should read this book.

Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed. What is certain, however, is that a rare galactic alignment will occur, one so unique that it is found at the core of many wisdom traditions from around the globe. Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982. Far from confining his research to the Maya, who provide the most prominent predictions indicating this date will herald significant changes for humanity, he has studied the prophetic traditions of other cultures—including the Tibetan, Chinese, Jewish, Ethiopian, and tribal cultures from around the globe—to show the kind of convergence of cosmic purposes happening along a number of parallel tracks. This book offers an extensive study of many modern theories, including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles. Sifting through all the scientific research and speculation that the year 2012 has inspired, Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date.

Mayan Calendar Prophecies: Predictions for 2012-2052 Jun 22 2022 Take a look at the science behind the Mayan calendar, prophecies and mythology. The Maya believed multiple cycles governed civilization. They created various calendars to track these cycles. Their short count calendar tracked a 256-year cycle believed to control epidemics, famines, warfare and more. Scientists have found a 250-year solar cycle that also appears to affect epidemics, famines, warfare and more. Their long count calendar tracked a 5000-year cycle related to natural disasters and cosmic catastrophes. Scientists have also discovered that the Earth is subjected to periodic bombardment by comets and asteroids that plunges the world into long periods of darkness and cold. Mayan mythology appears to record such events and in some instances even the exact dates on which these catastrophes occurred in the past. By comparing these dates with ice core records, sedimentary records, and climate records, this book reveals the truth about civilization's darkest days. And what may lie ahead in the future.

Prophecy in the New Millennium Jan 17 2022 Secular and spiritual prophets of doom abound in the information-rich twenty-first century - as they have for millennia. But there has yet to be worldwide floods, meteor impact, global computer failure, obvious alien contact, or direct intervention from God to end the world as we know it. Considering the frequency with which prophecy apparently fails, why do prophecies continue to be made, and what social functions do they serve? This volume gives a concise, but comprehensive, overview of the rich diversity of prophecy, its role in major world religions as well as in new religions and alternative spiritualities, its social dynamics and its impact on individuals' lives. Academic analyses are complemented with contextualized primary source testimonies of those who live and have lived within a prophetic framework. The book argues that the key to understanding the more dramatic, apocalyptic and millenarian aspects of prophecy is in appreciating prophecy's more mundane manifestations and its role in providing meaning and motivation in everyday life.

2012 Dec 16 2021 The expanded companion book to the #1 documentary film about 2012! The 2012 meme has evolved beyond any debates about the relevance of the Maya Long Count calendar to the lives of contemporary human beings. 2012 is about us on planet Earth at this time. December 21, 2012: will the world really change forever on this date, the end of a 5,125-year calendar last used over a thousand years ago? Certainly Hollywood would like you to think so. Indeed, a not-so-small industry has arisen around the date, hawking everything from t-shirts to teleseminars. Clearing a path between fantasy and reality, Alexandra Bruce surveys the entire 2012 landscape, asking questions such as: Is the Earth losing its Mojo? How did 2012 come to mean "The End of Time"? Did psychedelics facilitate the Maya "Cosmovision"? Should we worry about Earth Crustal Displacement? What the hell is "Planet X"? Uniquely amongst a vast array of 2012 literature, this book features interviews with the leading experts—including Graham Hancock, John Major Jenkins, Daniel Pinchbeck and many others—and insightful, detailed analysis of the broad spectrum of opinion, debate, research and myth regarding the most compelling "end times" prediction of the 21st century.

A Culture of Conspiracy Jun 29 2020 American society has changed dramatically since *A Culture of Conspiracy* was first published in 2001. In this revised and expanded edition, Michael Barkun delves deeper into America's conspiracy sub-culture, exploring the rise of 9/11 conspiracy theories, the "birther" controversy surrounding Barack Obama's American citizenship, and how the conspiracy landscape has changed with the rise of the Internet and other new media. What do UFO believers, Christian millennialists, and right-wing conspiracy theorists have in common? According to Michael Barkun in this fascinating yet disturbing book, quite a lot. It is well known that some Americans are obsessed with conspiracies. The Kennedy assassination, the Oklahoma City bombing, and the 2001 terrorist attacks have all generated elaborate stories of hidden plots. What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other "fringe" notions such as a belief in UFOs, Nostradamus, and the Illuminati. Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas, Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media, how a new style of conspiracy thinking has recently arisen, and how this phenomenon relates to larger changes in American culture. This book, written by a leading expert on the subject, is the most comprehensive and authoritative examination of contemporary American conspiracism to date. Barkun discusses a range of material-involving inner-earth caves, government black helicopters, alien abductions, secret New World Order cabals, and much more—that few realize exists in our culture. Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature, to New Age and UFO publications, to popular culture phenomena such as *The X-Files*, and to websites, radio programs, and more, Barkun finds that America is in the throes of an unrivaled period of millenarian activity. His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture.

The Prophecies Feb 18 2022 The first major literary presentation of Nostradamus's Prophecies, newly translated and edited by prizewinning scholars The mysterious quatrains of the sixteenth-century French astrologer Nostradamus have long proved captivating for their predictions. Nostradamus has been credited with anticipating the Great Fire of London, the rise of Adolf Hitler, and the September 11 terrorist attacks. Today, as the world grapples with financial meltdowns, global terrorism, and environmental disasters—as well as the Mayan prediction of the apocalypse on December 21, 2012—his prophecies of doom have assumed heightened relevance. How has *The Prophecies* outlasted most books from the Renaissance? This edition considers its legacy in terms of the poetics of the quatrains, published here in a brilliant new translation and with introductory material and notes mapping the cultural, political, and historical forces that resonate throughout Nostradamus's epic, giving it its visionary power.

2012 May 09 2021 21 December 2012 was believed to mark the end of the thirteenth B'ak'tun cycle in the Long Count of the Mayan calendar. Many people believed this date to mark the end of the world or, at the very least, a shift to a new form of global consciousness. Examining how much of the phenomenon is based on the historical record and how much is contemporary fiction, the book explores the landscape of the modern apocalyptic imagination, the economics of the spiritual marketplace, the commodification of countercultural values, and the cult of celebrity.

Apocalypse 101 (for Catholics, Scoffers, and the Utterly Clueless) Jul 19 2019 Are you wondering why the world seems to be hurdling out of control? Why global warming, storms, earthquakes, wars, famines, disasters all seem to be happening more frequently and with greater intensity? African American Consciousness Aug 20 2019 African American Consciousness focuses on ideas of culture, race, and class within the interdisciplinary matrix of Africana Studies. Even more important, it uses a methodology that emphasizes interpretation and the necessity of interdisciplinary research and writing in a global society. Worldview, culture, analytic thinking, and historiography can all be used as tools of analysis, and in the process of discovery, use pedagogy, and survey research of Africana history. Advancing the idea of Africana Studies, mixed methodology, and triangulation, the contributors provide alternative approaches toward examining this phenomena, with regard to place, space, and time. The essays in this volume include Reynaldo Anderson, "Black History dot.com" Greg Carr, "Black Consciousness, Pan-Africanism and the African World History Project" Karanja Carroll, "A Genealogical Review of the Worldview Concept and Framework in Africana Studies" Denise Martin, "Reflections on African Celestial Culture" Serie McDougal "Teaching Black Males" Demetrius Pearson, "Cowboys of Color" Pamela Reed, "Heirs to Disparity" and Andrew Smallwood, "Malcolm X's Leadership and Legacy." The researchers in this volume investigate, explore, and review patterns of functional, normative, and expressive behavior. The past and present of Africana culture is represented, showing how reflexivity can be an adjustable concept to organize, process, and interpret data. Moreover, humanism and social science demonstrate how researchers establish, extract, and identify the limitations and alternative approaches to research of the historic conditions of black Americans.

The Astrology of 2012 and Beyond Jul 11 2021 In October 2007, a new phenomenon appeared in the sky, was named the Comet Holmes, and is being claimed and acclaimed by the Hopi Nation as the Blue Star of their prophecy. The Blue Star is the harbinger. Between now and somewhere in 2013-2014, when the Red Star appears, great shifts in human consciousness will continue. With the fulfillment of the Mayan Long Count calendar in 2012 and the appearance of the Red Star, many are predicting that human consciousness will rise to the next level. Although there may be catastrophic events associated with this period, and life as we know it will surely change, if we do the work, this will not be the Apocalypse. In *The Astrology of 2012 and Beyond*, Garrison explores the changing sky, starting with the movement of Pluto into Capricorn, a region it hasn't inhabited since 1733. It's revolutionary times coming for individuals, governments, and the planet. Garrison draws on traditional astrology and her understanding of the Hopi prophecies and their relationship to the Mayan 2012 predictions, as well as the ending of the 13,000 year masculine kundalini cycle, to offer practical advice and

information that will help us evolve through the next four years, including what to expect during the nearly inevitable polar shift.

Movement Of Stillness Oct 02 2020 This book "Movement Of Stillness" reveals the New Mayan Calendar post 2012 as channeled by Jacqui Derbecker from Edgar Cayce. Cayce was a well-known mystic philosopher, seer, channeler, and author. He lived from 1877-1945. Jacqui felt honored and privileged to channel/streamline, through automatic writing, about 100 prophecies which are revealed in complete detail. By channeling Cayce she was able to clearly visualize the authentic and exciting New Mayan Calendar which she states, "it's not exactly what some perceive it to be." Jacqui explains, "there are only positive high vibrational messages represented by the Mayan's predictions and not ones of mass destruction." She advises that now is the time to make "living in Spirit" a reality as we move into a higher realm of truth and a natural original way of being. These prophecies are called the "All Truths" or "Crystal Messages of Truth". Each touch upon the daily living aspects of: career, relationships, financial, emotional, physical, mind, spirit and our sense of community. They speak directly to each and everyone of us regarding the releasing of old barriers and awakening to your authentic self. Thus creating a sense of stillness and peace.

Blood Moons Rising Jan 25 2020 Has the final countdown to the end days begun? Are the heavens telling us we are nearing the end? Astronomers have noticed it is coming. Historians have noted its significance. In 2014 and 2015, there will be a phenomenon in the skies of four blood moons falling during Jewish feasts. This has only happened three times in recorded history: 1493-94, 1949-50 and 1967-68. Each time these dates have had extraordinary significance for the Israelites. From the discovery of the New World to the creation of modern-day Israel, these years of the four blood moons have truly been turning points in history. Bible prophecy describes the moon being darkened and turned to blood. What is the significance of these signs in the skies? What will the future bring? Prophecy expert Mark Hitchcock guides you through the relevant Bible passages so you can understand the times in which you live.
