[Encyclopedia of Weird War Stories](#) Jul 04 2020 Fictional war narratives often employ haunted battlefields, super-soldiers, time travel, the undead and other imaginative elements of science fiction and fantasy. This encyclopedia catalogs appearances of the strange and the supernatural found in the war stories of film, television, novels, short stories, pulp fiction, comic books and video and role-playing games. Categories explore themes of mythology, science fiction, alternative history, superheroes and "Weird War."

[Culture and the Soldier](#) Jan 22 2022 Countries have instituted policies to make their armed forces more inclusive, and soldiers now undergo cultural awareness training before seeing active duty. Policy makers and military organizations agree that culture is important. But what does "culture" mean in practice, and how is it important? *Culture and the Soldier* answers these questions by examining how culture both shapes the military and can be wielded by it, to good or ill effect. Through case studies from Europe and North America, this volume offers provocative insights into how culture can be deployed to improve armed forces at home and in military engagements abroad.

[Soldiers of Fortune](#) Jul 28 2022 This highly illustrated title traces the development of mercenary soldiering from individuals and small units in the African wars of the 1960s-90s to today's state-employed corporate military contractors. The phenomenon of mercenary soldiering has constantly recurred in the news since the 1960s and has always attracted lively interest. The concept of 'mercenaries' began in the former Belgian Congo during the 1960s when men such as Mike Hoare and Bob Denard assembled hundreds of military veterans to 'do the fighting' for a particular leader or faction. This idea soon evolved into small teams of individuals training and leading local forces with varying success; wars in Rhodesia and on South Africa's borders attracted foreign volunteers into national armed forces, and veterans of these conflicts later sought employment elsewhere as mercenaries. The wars in the former Yugoslavia also attracted foreign fighters inspired as much by political and religious motives as by pay. This picture then evolved again, as former officers with recent experience set up sophisticated commercial companies to identify and fill the needs of governments whose own militaries were inadequate. Most recently, the aftermath of wars in Iraq and Afghanistan has seen such contractors taking on some of the burden of long-term security off major national armies, while the subsequent rise of ISIS/Daesh has added a parallel strain of ideological volunteers. The author is well placed to describe how the face of mercenary soldiering has evolved and changed over 60 years. Using first-hand accounts, photos and detailed illustrations, this book presents a compelling snapshot of the life, campaigns and kit used by mercenary operatives engaged in fighting within both larger and more specific conflicts around the world.

[The Soldier in Later Medieval England](#) Jun 14 2021 The Hundred Years War was a struggle for control over the French throne, fought as a series of conflicts between England, France, and their respective allies. *The Soldier in Later Medieval England* is the outcome of a project which collects the names of every soldier known to have served the English Crown from 1369 to the loss of Gascony in 1453, the event which is traditionally accepted as the end-date of the Hundred Years War. The data gathered throughout the project has allowed the authors of this volume to compare different forms of war, such as the chevauchées of the late fourteenth century and the occupation of French territories in the fifteenth century, and thus to identify longer-term trends. It also highlights the significance of the change of dynasty in England in the early 1400s. The scope of the volume begins in 1369 because of the survival from that point of the 'muster roll', a type of documentary record in which soldiers names are systematically recorded. The muster roll is a rich resource for the historian, as it

allows closer study to be made of the peerage, the knights, the men-at-arms (the esquires), and especially the lower ranks of the army, such as the archers, who contributed the largest proportion of troops to English royal service. *The Soldier in Later Medieval England* seeks to investigate the different types of soldier, their regional and national origins, and movement between ranks. This is a wide-ranging volume, which offers invaluable insights into a much-neglected subject, and presents many opportunities for future research.

Documentary Comics Nov 07 2020 Can comics be documentary, and can documentary take the form of, and thus be, comics? Examining comics as documentary, this book challenges the persistent assumption that ties documentary to recording technologies, and instead engages an understanding of the category in terms of narrative, performativity and witnessing. Through a cluster of early twenty-first century comics, Nina Mickwitz argues that these comics share a documentary ambition to visually narrate and represent aspects and events of the real world.

Buffalo Soldiers in the West Aug 17 2021 In the decades following the Civil War, scores of African Americans served in the U.S. Army in the West. The Plains Indians dubbed them buffalo soldiers, and their record in the infantry and cavalry, a record full of dignity and pride, provides one of the most fascinating chapters in the history of the era. This anthology focuses on the careers and accomplishments of black soldiers, the lives they developed for themselves, their relationships to their officers (most of whom were white), their specialized roles (such as that of the Black Seminoles), and the discrimination they faced from the very whites they were trying to protect. In short, this volume offers important insights into the social, cultural, and communal lives of the buffalo soldiers. The selections are written by prominent scholars who have delved into the history of black soldiers in the West. Previously published in scattered journals, the articles are gathered here for the first time in a single volume, providing a rich and accessible resource for students, scholars, and interested general readers. Additionally, the readings in this volume serve in some ways as commentaries on each other, offering in this collected format a cumulative mosaic that was only fragmentary before. Volume editors Glasrud and Searles provide introductions to the volume and to each of its four parts, surveying recent scholarship and offering an interpretive framework. The bibliography that closes the book will also commend itself as a valuable tool for further research.

Special Trust and Confidence Nov 27 2019 This is an examination and an analysis of the systems of recruitment, selection, education and training for junior officers in the British Armed Forces. It is a study based around four core institutions: The Royal Military Academy, Sandhurst, The Britannia Royal Naval College, Dartmouth, the Department of Initial Officer Training, Royal Air Force College, Cranwell and the Officers Training Wing, Commando Training Centre, Royal Marines, Lympstone. The conclusions reveal the enduring dilemmas involved in the preparation of officer aspirants for entry to the British military profession.

Baptism in the Early Church Mar 31 2020 A comprehensive survey of the doctrine and practice of baptism in the first five centuries of Christian history, arranged geographically within chronological periods.

Citizen Soldiers and the Key to the Bastille Sep 29 2022 Showcasing French participation in the Seven Years' War and the American Revolution, this book shows the French army at the heart of revolutionary, social, and cultural change. Osman argues that efforts to transform the French army into a citizen army before 1789 prompted and helped shape the French Revolution.

Encyclopedia of Military Science Mar 12 2021 The Encyclopedia of Military Science provides a comprehensive, ready-reference on the organization, traditions, training, purpose, and functions of today's military. Entries in this four-volume work include coverage of the duties, responsibilities, and authority of military personnel and an understanding of strategies and tactics of the modern military and how they interface with political, social, legal, economic, and technological factors. A large component is devoted to issues of leadership, group dynamics, motivation, problem-solving, and decision making in the military context. Finally, this work also covers recent American military history since the end of the Cold War with a special emphasis on peacekeeping and peacemaking operations, the First Persian Gulf War, the events surrounding 9/11, and the wars in Afghanistan and Iraq and how the military has been changing in relation to these events.

The Soldiers of the French Revolution Mar 24 2022 In this work Alan Forrest brings together some of the recent research on the Revolutionary army that has been undertaken on both sides of the Atlantic by younger historians, many of whom look to the influential work of Braudel for a model. Forrest places the armies of the Revolution in a broader social and political context by presenting the effects of war and militarization on French society and government in the Revolutionary period. Revolutionary idealists thought of the French soldier as a willing volunteer sacrificing himself for the principles of the Revolution; Forrest examines the convergence of these ideals with the ordinary, and often dreadful, experience of protracted warfare that the soldier endured.

Center of the Storm Feb 08 2021 To the United States

Connected Soldiers Jun 26 2022 John Spencer was a new second lieutenant in 2003 when he parachuted into Iraq leading a platoon of infantry soldiers into battle. During that combat tour he learned how important unit cohesion was to surviving a war, both physically and mentally. He observed that this cohesion developed as the soldiers experienced the horrors of combat as a group, spending their downtime together and processing their shared experiences. When Spencer returned to Iraq five years later to take command of a troubled

company, he found that his lessons on how to build unit cohesion were no longer as applicable. Rather than bonding and processing trauma as a group, soldiers now spent their downtime separately, on computers communicating with family back home. Spencer came to see the internet as a threat to unit cohesion, but when he returned home and his wife was deployed, the internet connected him and his children to his wife on a daily basis. In *Connected Soldiers* Spencer delivers lessons learned about effective methods for building teams in a way that overcomes the distractions of home and the outside world, without reducing the benefits gained from connections to family.

Army Reserve Magazine Jun 22 2019

Shakespeare's Returning Warriors - and Ours Sep 25 2019 *Shakespeare's Returning Warriors - and Ours* takes its primary inspiration from the contemporary U.S. Post-Traumatic Stress Disorder (PTSD) crisis in soldiers transitioning from battlefields back into society. It begins by examining how ancient societies sought to ease the return of soldiers in order to minimize PTSD, though the term did not become widely used until the early 1980s. It then considers a dozen or so Shakespearean plays that depict such transitions at the start, focusing on the tragic protagonists and antagonists in paradigmatic "returning warrior" plays, including *Titus Andronicus*, *Julius Caesar*, *Othello*, *Macbeth*, *Antony and Cleopatra*, and *Coriolanus*, and exploring the psychological and emotional ill-fits that prevent warriors from returning to the status quo ante after battlefield triumphs, or even surviving the psychic demons and moral disequilibrium they unleash on their domestic settings and themselves. It also analyzes the history plays, several comedies, and *Hamlet* as plays that partly conform to and also significantly deviate from the basic paradigm. The final chapter discusses recent attempts to effect successful transitions, often using Shakespeare's plays as therapy, and depictions of attempts to wage warfare without inducing PTSD. Through the investigation of the tragedies and model returning warrior experiences, *Shakespeare's Returning Warriors - and Ours* highlights a central and understudied feature of Shakespeare's plays and what they can teach us about PTSD today when it is a widespread phenomenon in American society.

Man Hunt Level 4 Intermediate Book with Audio CDs (3) Pack Oct 07 2020 Murder mystery story, with the police in a race against time to catch a serial murderer before he kills again.

The Spoils of War Jul 24 2019 After millennia of relentless war, the union of alien races called the Weave was on the verge of winning a decisive victory - thanks to their new allies from Earth, who in a mere handful of centuries had proved masters of combat. But then the birdlike Wais scholar Lalelelang found disturbing evidence that Humans might not adapt so easily to peace - that natural Human aggression would next be turned against the Weave, unless they were once again confined to fight amongst themselves. When her field research revealed the existence of a secret group of powerfully telepathic Humans called the Core, it looked as if Lalelelang would be the first victim in a new war between Humans and their allies. But just as her fate was sealed, a lone Core commander took a chance on her intelligence and compassion, gambling the fate of Humanity on the possibility that together they could both find an alternative to a galaxy-wide bloodbath...

Prologue Dec 21 2021

The Victorian Soldier in Africa May 26 2022 This book re-examines the campaign experience of British soldiers in Africa during the period 1874-1902. It uses using a range of sources, such as letters and diaries, to allow soldiers to 'speak form themselves' about their experience of colonial.

The Torch and Colonial Book Circular Sep 05 2020

The Buffalo Soldiers: Their Epic Story and Major Campaigns Sep 17 2021 This riveting narrative focuses on the Buffalo Soldiers, tracing the legacy of black military service and its social, economic, and political impact from the colonial era through the end of the 19th century. This fascinating saga follows the story of the Buffalo Soldiers as they participated in key events in America's history. Author Debra J. Sheffer discusses the impetus for the earliest black military service, how that service led to the creation of the Buffalo Soldiers, and how these men—and one woman—continued to serve in the face of epic obstacles. The work celebrates their significant military contributions to the campaigns of the American frontier and other battles, their fighting experiences, and life on the plains. Starting with the American Revolution, the book traces the heroic journey of these legendary servicemen from the period when black Americans first sought full citizenship in exchange for military service to the integration of the military and the dissolution of all-black regiments. Several chapters highlight the special achievements of the 9th and 10th United States Cavalry and the 24th and 25th United States Infantry. The book also features the accomplishments—both of the unit and individuals—of the Buffalo Soldiers in battle and beyond. • Illustrates the events leading to the original formation of the Buffalo Soldiers • Examines the wars, campaigns, and battles in which the Buffalo Soldiers served significant roles, with a focus on the Indian Wars of the American frontier • Covers the American Revolution, the First Seminole War, the War of 1812, the Second Seminole War, the American Civil War, the Indian Campaigns, the Spanish-American War, the Philippine Insurrection, the Punitive Expedition, World War I, World War II, and the Korean War • Addresses the political, social, economic, and military conditions under which the Buffalo Soldiers served in America

Disabled Veterans in History Oct 31 2022 Examines the injuries of military service across time and Western cultures

Gender, Race, and the Writing of Empire Oct 26 2019 An examination of the impact of ideas of race and

gender on late Victorian imperialism.

Three War Tales Jun 02 2020 *Bringing Him Back* - It's 1995 and young James Eastman discovers a time machine and decides to travel back to World War II and attempts to stop his grandfather from flying on his ill-fated mission in the South Pacific in 1944. *Broken Heart* - While a confirmed bachelor tells the story on how his true love in England broke his heart during World War II, he finally learns the truth as to why she married another man. *Huey* - A young man had dreams of being a helicopter pilot since he was a kid back in the late 1950s. He joins the Army in 1968 and survives their flight training programs at Fort Wolters and Fort Rucker. Afterwards, he assigned to Vietnam and witnesses the horrors of flying a Huey during war and losing friends and loved ones.

Soldiers Without Politics Nov 19 2021

Soldiers of Fortune: The Rise and Fall of the Chinese Military-Business Complex, 1978-1998 Feb 29 2020 In 1978, faced with the pressure to modernize and a declining budget, the Chinese People's Liberation Army (PLA) reluctantly agreed to join China's economic reform drive, expanding its internal economy to market-oriented civilian production. This work examines PLA's role in the economy up to 1998.

New Quotatoes: Joycean Exogenesis in the Digital Age May 02 2020 *New Quotatoes* offers fourteen original essays on the genetic dossiers of Joyce's fiction and the ties that bind the literary archive to the transatlantic print sphere of the late nineteenth and early twentieth century.

Veteran Poetics Jan 28 2020 Illustrates how war veterans have been used in British literature since the 1790s to explore being, knowing and storytelling.

My Gift to You Aug 24 2019 "The events that inspired these verses are collections of memories and fragments that have merged to form poems. The stories of loving experiences between players, that looking for love or company ended up with a wounded heart. These stanzas represent detailed images of the experiences leading to disenchantments and frustrations that loving and losing produces; without forgetting the sublime rapture and ecstasy that loving also inspires. These verses touch the essence of the heart and soul, appealing to that collective need we call love; that human sentiment so powerful, that it can make us touch heaven or sink us to darkest depths of hell."

Shreveport's Historic Oakland Cemetery Aug 29 2022 Nearly as old as the city itself, Oakland Cemetery is one of Shreveport's most significant historical landmarks. Notable residents were laid to rest here as early as 1842. In a mass grave lie nearly eight hundred victims of a virulent yellow fever epidemic that struck the city in 1873. Others interred include Annie McCune, the famous Shreveport madam who operated a brothel in the city's red-light district, as well as hundreds of Civil War soldiers, city founders and the first African American physician, Dr. Dickerson Alphonse Smith. Some souls are said to haunt the grounds still. Join authors Gary D. Joiner and Cheryl White and discover some of Shreveport's oldest stories.

The Scar that Binds Feb 20 2022 Beattie (American cultural studies, Massey U., New Zealand) explores the impact of the Vietnam War on US culture, and argues that the experience has led to greater unity a generation later rather than the dismembering it seemed to promise at the time. His analysis of film, memoirs, poetry, written and oral histories, journalism, and political speeches focuses on the images of a wound, a voice for veteran, and home. Annotation copyrighted by Book News, Inc., Portland, OR

The Rabbi Saved by Hitler's Soldiers Jan 10 2021 When Hitler invaded Warsaw in the fall of 1939, hundreds of thousands of civilians were trapped in the besieged city. The Rebbe Joseph Schneersohn, the leader of the ultra-orthodox Lubavitcher Jews, was among them. When word of his plight went out, a group of American Jews initiated what would ultimately become one of the strangest—and most miraculous—rescues of World War II. And this is the incredible but true story that Bryan Mark Rigg tells in *The Rabbi Saved by Hitler's Soldiers*. Amid the chaos and hell of the emerging Holocaust, a small group of German soldiers shepherd Rebbe Schneersohn and his Hasidic followers out of Poland. In the course of the daring escape—traveling by train to Berlin, rerouted to Latvia and Sweden, and carried by ship through U-boat-infested waters to America—the Rebbe would learn a shocking truth. The leader of the rescue operation, the decorated Wehrmacht soldier Ernst Bloch, was himself half-Jewish, and a victim of the rising tide of German anti-Semitism. Perhaps even more remarkable were the central roles of Admiral Wilhelm Canaris, head of the Nazi military intelligence service, and of Helmuth Wohlthat, chief administrator of Göring's Four Year Plan. Pursuing every lead, amassing critical evidence, pulling together all the pieces of what could well be a political thriller, Rigg reconstructs the Rebbe's improbable escape, and tells a harrowing story about identity and moral responsibility. His book is the definitive account of an extraordinary episode in the history of World War II.

Aspar and the Struggle for the Eastern Roman Empire, AD 421–71 Dec 29 2019 The first full-length biography in English of Aspar, the eastern Roman general and statesman, this book explores his central role in the history and politics of the fragmenting Roman Empire in the fifth century. It also considers what his life and career may suggest as to the differing fates of the eastern and western parts of the empire. Taking a chronological approach, Bleeker guides us through what is known of Aspar's life and his changing influence in the eastern

Roman army and court. Born and raised in Constantinople, Aspar primarily viewed and presented himself as a Roman general, consul, and senator. Yet he also stood outside the Roman mainstream in two important ways—as a member of the empire's “barbarian” military leadership and as a devout Arian Christian. Early chapters treat his formative military experiences with the Persians, a Roman usurper in Italy, the Vandals in Africa, and the Huns of Attila, while later chapters focus on Aspar's political role in resolving the two imperial succession crises that struck the eastern Roman empire in the mid-fifth century and his extended struggle to control the succession to Leo I. Bleeker builds on earlier studies in three ways. First, previous work has largely concentrated on the role of “barbarian” generals in the western Roman empire, while much less attention has been paid to similar figures (such as Aspar) in the east. Secondly, while important recent work has explored the prevalence of “child-emperors” in the late-fourth and early-fifth centuries, this book suggests a further evolution of the imperial role in the mid-fifth century. Finally, while previous studies of this period have focused on Aspar's late career role in the succession struggles, a full study allows us to see how and why his relations with other key figures within and outside the eastern Roman government changed over the course of his lengthy career.

Australian Soldiers in South Africa and Vietnam Apr 12 2021 The South African and Vietnam Wars provoked dramatically different reactions in Australians, from pro-British jingoism on the eve of Federation, to the anti-war protest movements of the 1960s. In contrast, the letters and diaries of Australian soldiers written while on the South African and Vietnam battlefields reveal that their reactions to the war they were fighting were surprisingly unlike those on the home fronts from which they came. *Australian Soldiers in South Africa and Vietnam* follows these combat men from enlistment to the war front and analyses their words alongside theories of soldiering to demonstrate the transformation of soldiers as a response to developments in military procedure, as well as changing civilian opinion. In this way, the book illustrates the strength of a soldier's link to their home front lives.

Kidnapped Oct 19 2021 A sixteen-year-old orphan is kidnapped by his villainous uncle, but later escapes and becomes involved in the struggle of the Scottish highlanders against English rule.

Military Departures, Homecomings and Death in Classical Athens Jul 16 2021 This volume sheds new light on the experience of ancient Greek warfare by identifying and examining three fundamental transitions undergone by the classical Athenian hoplite as a result of his military service: his departure to war, his homecoming from war having survived, and his homecoming from war having died. As a conscript, a man regularly called upon by his city-state to serve in the battle lines and perform his citizen duty, the most common military experience of the hoplite was one of transition – he was departing to or returning from war on a regular basis, especially during extended periods of conflict. Scholarship has focused primarily on the experience of the hoplite after his return, with a special emphasis on his susceptibility to Post-Traumatic Stress Disorder (PTSD), but the moments of transition themselves have yet to be explored in detail. Taking each in turn, Owen Rees examines the transitions from two sides: from within the domestic environment as a member of an oikos, and from within the military environment as a member of the army. This analysis presents a new template for each and effectively maps the experience of the hoplite as he moves between his domestic and military duties. This allows us to reconstruct the effects of war more fully and to identify moments with the potential for a traumatic impact on the individual.

Sweet Judy Blue Eyes Dec 09 2020 A vivid, highly evocative memoir of one of the reigning icons of folk music, highlighting the decade of the '60s, when hits like “Both Sides Now” catapulted her to international fame. *Sweet Judy Blue Eyes* is the deeply personal, honest, and revealing memoir of folk legend and relentlessly creative spirit Judy Collins. In it, she talks about her alcoholism, her lasting love affair with Stephen Stills, her friendships with Joan Baez, Richard and Mimi Fariña, David Crosby, and Leonard Cohen and, above all, the music that helped define a decade and a generation's sound track. *Sweet Judy Blue Eyes* invites the reader into the parties that peppered Laurel Canyon and into the recording studio so we see how cuts evolved take after take, while it sets an array of amazing musical talent against the backdrop of one of the most turbulent decades of twentieth-century America. Beautifully written, richly textured, and sharply insightful, *Sweet Judy Blue Eyes* is an unforgettable chronicle of the folk renaissance in America.
