Dalton* **The Politics of Christian Zionism, 1891-1948** *Israel, the Arabs and Iran* **Israel Under Netanyahu** **Essays on Iran and Israel** *The Israel Lobby Enters State Government* **Debunking the Bull** **The Diplomacy of Impartiality** **God's Vineyard** **Israel** **Israel Among the Nations** **Estimates of Israel's International Transactions, 1952-1954** **Private International Law in Israel** *Israel's European Policy After the Cold War* **One Root, One Kingdom - All Nations!** **Old Testament Theology** **Israel Matters** **Chutzpah** **The Principles of the Arab Boycott of Israel** *Old Testament History* **The Israel-Arab Reader** *Hosea Marries Gomer* **Master Plan for the Redemption of Israel** **The Israel Book Publishers' Bulletin** **Israel Mine Inheritance** **The Elisha-Hazael Paradigm and the Kingdom of Israel** **The Unspoken Alliance** *History of Biblical Israel* **Eye to Eye** **The Book of Jewish Women's Tales** *Masada Never Again* **In Jerusalem** **Anglo-Israel and the Jewish Problem** *The Land of Israel in Bible, History, and Theology* **Gideon's Spies**

Eye to Eye Dec 29 2019 In this book, Bill Koenig provides undeniable facts and conclusive evidence showing that indeed the leaders of the United States and the world are on a collision course with God over Israel's covenant land. - Back cover.

Chutzpah Dec 09 2020 Discover the secret behind how Israel, a tiny country with the highest concentration of start-ups per capita worldwide, is raising generations of entrepreneurs who are disrupting markets around the globe and bringing change to the world. Dubbed "Silicon Wadi," Israel ranks third in the World Economic Forum Innovation Rating. Despite its small size, it attracts more venture capital per capita than any other country on the planet. What factors have led to these remarkable achievements, and what secrets do Israeli tech entrepreneurs know that others can learn? Tech insider Inbal Arieli goes against the common belief that Israel's outstanding economic accomplishments are the byproduct of its technologically advanced military or the result of long-standing Jewish traditions of study and questioning. Rather, Arieli gives credit to the unique way Israelis are raised in a culture that supports creative thinking and risk taking. Growing up within a tribal-like community, Israelis experience childhoods purposely shaped by challenges and risks—in a culture that encourages and rewards chutzpah. This has helped Israelis develop the courage to pursue unorthodox, and often revolutionary, approaches to change and innovation and is the secret behind the country's economic success. While chutzpah has given generations of Israelis the courage to break away from conventional thinking, the Israeli concept balagan—messiness in Hebrew—is at the root of how Israelis are taught to interact with the world. Instead of following strict rules, balagan fosters ambiguity, encouraging the development of the skills necessary for dealing with the unpredictability of life and business. Living with balagan provides Israelis with the opportunity to constantly practice the soft skills defined by the World Economic Forum as the Skills for the Future, as balagan promotes creativity, problem-solving, and independence—key characteristics of successful entrepreneurs. By revealing the unique ways in which Israelis parent, educate and acculturate, Chutzpah offers invaluable insights and proven strategies for success to aspiring entrepreneurs, parents, executives, innovators, and policymakers.

The Israel Book Publishers' Bulletin Jun 02 2020

Israel: Background and U. S. Relations Aug 29 2022 Since Israel's founding in 1948, successive U.S. Presidents and many Members of Congress have demonstrated a commitment to Israel's security and to maintaining close U.S.-Israel defense, diplomatic, and economic cooperation. U.S. and Israeli leaders have developed close relations based on common perceptions of shared democratic values and religious affinities. U.S. policy makers often seek to determine how events and U.S. policy choices in the Middle East may affect Israel's security, and Congress provides active oversight of executive branch dealings with Israel and other actors in the region.

Gideon's Spies Jun 22 2019 'Literally impossible to put down' New York Times Book Review Gordon Thomas has a grasp of history...this is one of the few books to have captured the true nature of the Israeli Government and the thorough process of the Israeli power elite. Ari Ben-Menashe, Former Adviser on Intelligence to the Israeli Government Created in 1951 to ensure an embattled Israel's future, the Mossad has been responsible for the most audacious and thrilling feats of espionage, counterterrorism and assassination ever ventured. Gideon's Spies has been created from closed-door interviews with Mossad agents, informants and spymasters, and drawing from classified documents and top-secret sources, revealing previously untold truths about the Israeli intelligence agency. Bang-up-to-date, this new paperback edition of this best-selling book includes startling new information on subjects ranging from Weapons of Mass Destruction, international terrorism, North Korea's bird-flu war games and 'ethnic bombs'. The riveting text is supported by glossaries, appendices and shows a Mossad as it has historically been: brilliant, ruthless, flawed but ultimately fascinating.

Private International Law in Israel May 14 2021 Derived from the renowned multi-volume International Encyclopaedia of Laws, this book provides ready access to the law applied to cases involving cross border issues in Israel. It offers every lawyer dealing with questions of conflict of laws much-needed access to these conflict rules, presented clearly and concisely by a local expert. Beginning with a general introduction, the monograph goes on to discuss the choice of law technique, sources of private international law, and the relevant connection with other laws. Then follows clear description and analysis of the rules of choice of law on natural and legal persons, contractual and non-contractual obligations, movable and immovable property, intangible property rights, company law, family law (marriage, cohabitation, registered partnerships, matrimonial property, maintenance, child law), and succession law (including testamentary dispositions). The presentation concludes with an overview of relevant civil procedure, examining lex fori and issues of national and international jurisdiction, acceptability and enforcement of foreign judgements, and international arbitration. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable resource for lawyers handling cases in Israel. Academics and researchers, as well as judges, notaries public, marriage registrars, youth welfare officers, teachers, students, and local and public authorities will welcome this very useful guide, and will appreciate its value in the study of private international law from a comparative perspective.

The Diplomacy of Impartiality Sep 17 2021 The Diplomacy of Impartiality is an analysis of a major decade in Canadian-Israeli relations, dealing with significant events that led to the Six-Day War of 1967 and its aftermath. Using primary documentation from the National Archives of Canada and the Israeli State Archives, Zachariah Kay shows that although Canada was committed to Israel's existence, its foreign policy was governed by the scrupulous impartiality that had become a principle guideline when dealing with Israel and the Middle East. The first section of the book deals with the Progressive Conservative government headed by John Diefenbaker in the first part of the decade and his Israeli counterpart, David Ben Gurion. The second section considers the latter part of the decade, with reference to Lester Pearson's Liberal government and the Israeli prime minister Levi Eshkol. The book shows that in spite of political differences between the leaders and their parties, the Canadian bureaucracy maintained a policy of impartiality, following the lines of non-commitment and prudence practiced prior to the re-establishment of Jewish sovereignty in Palestine with the State of Israel. Issues such as the Arab-Israeli conflict, nuclear power, governments and parliaments, and the pre- and post-Six-Day War are dealt with in detail. The assessed evidence proves that impartiality as a quasi-bureaucratic ordinance kept Canada on the path it maintained in subsequent decades into the twenty-first century. The Diplomacy of Impartiality provides an essential understanding of events surrounding today's Canadian relationship

with Israel and the Arab–Israeli conflict.

The Politics of Christian Zionism, 1891-1948 Mar 24 2022 The cause of 'Restoration' of the Jews to Zion first became a political force in the United States with the publication in 1891 of the 'Blackstone Memorial'. But the model for collaboration between Christian Restorationists and official Zionists was set by Theodor Herzl himself, and William Hechler, a British Restorationist pamphleteer, who was in fact the first of Herzl's followers to achieve audience for the Zionist leader with the Christian princes of the day. Thereafter, many significant friendships between Christian Zionists and official Zionists served to win the public mind and the cooperation of the politicians for actions that would lead to the creation of the State of Israel in 1948. The author searched Presidential archives, Jewish historical libraries, and official Zionist records in both the US and Israel for evidence of dealings between official Zionists and active Christian Restorationists. Much of this record appears in print for the first time in this book, and is here linked to the much better known story of the dealings of the official Zionists with the politicians and the elected leaders of Britain and the US. This story contains many lessons for students of American politics, foreign policy, and religion - fields that sometimes intersect in ways not readily conceded by scholars.

Securing the Covenant May 26 2022 Easy-to-read text reassessing the bilateral special relationship between the United States and Israel with unique detailed analysis of political, strategic, economic, and ideological factors.

The Land of Israel in Bible, History, and Theology Jul 24 2019 This book deals with many aspects of the land of Israel. In the first part, the emphasis is on descriptions of the land in Joshua and other books of the Hebrew and Greek Bible. In the second part, the focus shifts to the land in history and theology: reception-history of biblical texts dealing with the land, archaeology of Palestine, and theological-hermeneutical implications of taking the land traditions of the Bible seriously. The result is a rich collection of articles on one of the main themes of the Old Testament; a theme that has a fascinating, although not always unproblematic reception history.

The Israel Lobby Enters State Government Nov 19 2021 This book chronicles the formation, rise and secret activities of the Virginia Israel Advisory Board (VIAB). While other books have focused on the Israel lobby's influence over the federal government and U.S. foreign policy, there has been little research on Israel lobbying at the state level. Using sensitive documents acquired under Virginia's sunshine law, this book argues that in Virginia the Israel lobby is no longer on the outside, but has now entered state government. The Virginia Israel Advisory Board (VIAB) is presently the only state government entity in the U.S. focused entirely on bringing corporations in from a single foreign country. The book explores how millions in taxpayer and other state funds are quietly being diverted from multiple sources to establish profitable Israeli companies in Virginia. The corporations are involved in military contracting, food and beverage manufacturing, energy generation, waste management and aquaculture. The author analyzes how VIAB projects displace workers and put home-grown market leaders out of business. By unmasking Israeli businesses launching operations that VIAB protects under code-names and opaque shell companies to secretly transact business in Virginia, the book exposes the reason behind some of the secrecy-their extensive business dealings in territory illegally occupied by Israel. The author delves into the establishment of VIAB by the state's Jewish federations, and their continued involvement as VIAB board members, as well as their attempts to rewrite school textbooks and quash through new laws speech critical of Israel. Smith exposes who is running VIAB, how they leverage political campaign contributions, and the bankruptcy of VIAB's many claims that their dealings are advancing the prosperity of working Virginians-as opposed to Israeli companies and VIAB insiders. He probes the true nature of the Virginia Israel Advisory Board and the future threat if similar Israel lobby entities proliferate within other state governments.

History of Biblical Israel Jan 28 2020 The book holds 26 chapters encompassing the history of Israel from its very beginnings up to the destruction of the First Temple of Jerusalem (586 BC). The successive parts are (1) The Dawn of Israel, dealing with the Israelite proto-history, Mari and early Israel as well as the tribal societies and genealogies. (2) Forming a Nation, The Exodus and Conquest of Canaan, the period of the Judges and the charismatic nature of the Judges, the Danite migration. (3) The Rise of the Davidic Dynasty, a political view of the kingdom of David and Solomon, the diplomatic, international marriages of the latter, organs of statecraft in the Israelite monarchy. (4) King Amon and Josiah and their final fate, twilight of Judah and the destruction of Jerusalem. (5) This part is dedicated to historical episodes in the Former Prophets and in the Prophetic Books. Several excursi follow. Readership: All those interested in the history of the Ancient Near East and Old Testament Studies.

Israel Among the Nations Jul 16 2021 On the occasion of Israel's 50th anniversary, eminent American, European and Israeli jurists contributed essays of great relevance to the current debate on constitutionalism and its values, the international legal dimension of the Arab-Israeli conflict, the dilemma of democracies when dealing with terrorism, the establishment of the concept of UN peace-keeping forces, individual responsibility and superior orders for war crimes, and the ombudsman as defender of democracy and human rights.

The Elisha-Hazael Paradigm and the Kingdom of Israel Mar 31 2020 This study deals with the most important king of the Aramaean kingdom of Damascus, Hazael, and the impact he had on biblical literature, which goes beyond the few verses that mention him explicitly in the Book of Kings and the Book of the Twelve. The extra-biblical sources reveal that Hazael managed to create a large kingdom and to expand his authority over the whole of Syria-Palestine, including the Kingdom of Israel and the House of David, during the second half of the ninth century BCE. The Bible presents that power of Hazael as oppression of both kingdoms, yet the biblical writers elaborated a much more nuanced portrait of Hazael than first meets the eye. In the Elijah-Elisha cycles, Hazael provides a theological interpretative paradigm, the Elisha-Hazael paradigm, which provides in the Book of Kings and in the Book of the Twelve (especially in the books of Amos and Jonah) the key to explain God's mysterious dealings with Israel and Israel's enemies. Hazael is presented as a faithful agent of YHWH, who fulfils the divine plan. Beyond the power Hazael yielded across the Levant in his life time, the Elisha-Hazael paradigm reveals his enduring influence in Judah and in biblical literature.

Estimates of Israel's International Transactions, 1952-1954 Jun 14 2021 On Israel's economy in the 1950's

Taking Sides Jun 26 2022 Examines the adversarial and friendly dealings between the United States and Israel and evaluates the impact on Israel's neighbors and on hopes for peace in the Middle East

God's Dealings with Israel: being lectures delivered during Lent, 1850, at St. George's, Bloomsbury. By twelve clergymen of the Church of England. With a preface, by [and edited by] the Rev. W. Dalton Apr 24 2022

In Jerusalem Sep 25 2019 An entirely fresh take on the Israeli-Palestinian conflict that examines the life-shaping reverberations of wars and ongoing tensions upon the everyday lives of families in Jerusalem. An American, secular, diasporic Jew, Lis Harris grew up with the knowledge of the historical wrongs done to Jews. In adulthood, she developed a growing awareness of the wrongs they in turn had done to the Palestinian people. This gave her an intense desire to understand how the Israelis' history led them to where they are now. However, she found that top-down political accounts and insider assessments made the people most affected seem like chess pieces. What she wanted was to register the effects of the country's seemingly never-ending conflict on the lives of successive generations. Shuttling back and forth over ten years between East and West Jerusalem, Harris learned about the lives of two families: the Israeli Pinczowers/Ezrahis and the Palestinian Abuleils. She came to know members of each family—young and old, religious and secular, male and female. As they shared their histories with her, she looked at how each family survived the losses and dislocations that defined their lives; how, in a region where war and its threat were part of the very air they breathed, they gave children hope for their future; and how the adults' understanding of the conflict evolved over time. Combining a decade of historical research with political analysis, Harris creates a living portrait of one of the most complicated and controversial conflicts of our time.

Israel Jul 28 2022 Since Israel's founding in 1948, successive U.S. Presidents and many Members of Congress have demonstrated a commitment to Israel's security and to maintaining close U.S.-Israel defense, diplomatic, and economic cooperation. U.S. and Israeli leaders have developed close relations based on common perceptions of shared democratic values and religious affinities. U.S. policymakers often seek to determine how regional events and U.S. policy choices may affect Israel's security, and Congress provides active oversight of executive branch dealings with Israel and the broader Middle East. Some Members of Congress and some analysts criticize what they perceive as U.S. support for Israel without sufficient scrutiny

of its actions. Israel is a leading recipient of U.S. foreign aid and is a frequent purchaser of major U.S. weapons systems. The United States and Israel maintain close security cooperation-predicated on a U.S. commitment to maintain Israel's "qualitative military edge" over other countries in its region. The two countries signed a free trade agreement in 1985, and the United States is Israel's largest trading partner. For more information, see CRS Report RL33222, U.S. Foreign Aid to Israel, by Jeremy M. Sharp.

The Unspoken Alliance Feb 29 2020 Based on extensive archival research and interviews with former generals and high-level government officials in both Israel and South Africa, a book on Israel's covert dealings with Apartheid South Africa tells a troubling story of Cold War paranoia, moral compromises and Israel's estrangement from the international Left.

One Root, One Kingdom - All Nations! Mar 12 2021 Dispensationalism insists that the calling of the Gentiles into the Body of Christ was never a part of God's original plan for Israel and the kingdom. It was never foretold by Israel's prophets. We are told that the Jewish rejection of the kingdom offer resulted in the postponement of God's dealings with Israel. At the rapture, God will remove the church from the earth and resume His exclusive dealings with Israel. We are told that the promises of God to Israel were not God's promises to the Gentiles in the church and that it is critical to keep the two entities separate. To say that God's promises to Israel are fulfilled in Christ and the church is, we are assured, the worst sort of "Replacement Theology." It is "anti-Semitic." But, is this true? In this stunningly powerful, extremely well documented, in-depth study of Israel, her promises, and the calling of the Gentiles, prolific author Dr. Don K. Preston shows that the apostle Paul affirmed repeatedly that his one hope, his entire gospel, was nothing but the hope of Israel found in Moses, the law and the prophets. And, he stated in the clearest terms that the calling of the Gentiles was in fulfillment of Israel's Old Testament promises- not a sign of God's postponement or withdrawal of those promises! The grafting of the Gentiles into the "root" of Israel was always-- always - a foundational element of God's promises to Israel! Thus, the charge of "Replacement Theology" leveled against non-Dispensationalists, is shown to be false and un-Biblical! This book, like no other, magnifies the Body of Christ and the Gospel of Christ as the eternal purpose of God.

A History of Modern Israel Sep 29 2022 Colin Shindler's remarkable history begins in 1948, as waves of immigrants arrived in Israel from war-torn Europe to establish new cities, new institutions, and a new culture founded on the Hebrew language. Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours, internal ideological differences, and ongoing confrontation with the Palestinians. In this updated edition, Shindler covers the significant developments of the last decade, including the rise of the Israeli far right, Hamas's takeover and the political rivalry between Gaza and the West Bank, Israel's uneasy dealings with the new administration in the United States, political Islam and the potential impact of the Arab Spring on the region as a whole. This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light.

Hosea Marries Gomer Aug 05 2020 Previous knowledge of the division of Israel into two kingdoms, and their unfaithfulness toward God would be helpful to understand why God asked Prophet Hosea to marry Gomer, a woman, from the family of Prostitutes. Israel had become unfaithful to God and was divided into two kingdoms. The northern kingdom was ruled by Jeroboam, and the southern kingdom was ruled by Rehoboam (1Kings 12:13, 14 and 1Kings 12:25-29). The northern kingdom consisted of the ten tribes of Israelites, and the southern kingdom consisted of the tribe of Judah, and the tribe of Benjamin. The tribe of Levi, who were priests, got assimilated into both the regions. Later many from northern kingdom, who were loyal to king David, migrated to the southern kingdom. Show More Show Less

Israel Mine Inheritance May 02 2020

Debunking the Bull Oct 19 2021 This is an anthology of Another Tack columns which originally saw light in recent years on the weekend pages of the Jerusalem Post, where they have been a regular weekly feature since 1999. These columns have gained an extraordinarily popular following, with many readers turning to Another Tack before perusing the rest of the paper. Their basic concept is to truly follow another tack and approach current events from novel directions and uncommon points of view. Thereby Another Tack often flies hard in the face of the prevailing bon ton and debunks conventional wisdom, the diktats of opinion-moulders and trendy group think. This is primarily achieved by contextualisation, by placing controversies and issues in their historical contexts and refreshing the readers memories, encouraging them to consider what the tendentious media often prefers they sideline or forget outright. Another Tack is readers are never spoon fed; they are challenged. The contextual backdrop may include historical references, cultural, political, and even meanderings into the realms of the arts, folklore, religion, show-biz, humour, philosophy, psychology and much more. All sorts of unexpected allusions and anecdotes may crop up in Another Tack. The final product is laced with wit and irony, kow-towing to no one but invariably expressing deep love for the Jewish people.

Israel's European Policy After the Cold War Apr 12 2021 What does Israel want from Europe and why? How does Israel pursue its goals? And, who are the relevant actors? This dissertation establishes what has been governing Israel's attitudes and behavior towards the EC/EU since the late 1980s. The end of the Cold War, the reversal of Israel's peace process policy under Rabin, and changes of government certainly have had an impact on Israel's behavior. But could the changes in behavior be due to the changes in circumstances and not to a change in the substance of Israel's attitude? As the analysis shows, Israel's European policy is astonishingly autonomous. It is also, almost exclusively, day-to-day politics. This study offers an insight into the workings of low politics of second or third priority, a view that is far from rare, but rarely taken. It also sheds light on the behavior of a state at the inferior end of an asymmetry of power: How does Israel cope when dealing with a vastly larger and more powerful actor, like the EU? Special attention is paid to Israel's self-perception and its understanding of Europe and of the EU's positions. The book also looks at misperceptions and policy failures that may result from these. Dissertation.

Essays on Iran and Israel Dec 21 2021 This book, containing essays on themes relating to India's relations with Iran and Israel, deals with issues that have been intensely debated in the country for some time now. India's robust ties with both Iran and Israel - bitter adversaries for more than three decades - have intrigued West Asia watchers. The essays herein highlight the parallel nature of India's engagements with the two countries and attempt to understand the critical concept of strategic autonomy that defines India's foreign policy postures on contentious issues. The first five essays touch on the central drivers of India's Iran policy and discuss the limits on New Delhi's relations with the Islamic Republic. The last three essays dealing with Israel highlight the significance of India's intervention on questions relating to Israel as well as Israel's inspirational connection with India. With its unique treatment, lucid analysis and unusual organisation, this factually informed and policy oriented collection of essays on India, Iran and Israel will be an extremely useful resource for scholars, students, policymakers and diplomats alike. It will also interest business community involved with the West Asian region as well as any intelligent layperson looking for facts and figures on subjects discussed in the book.

Israel Under Netanyahu Jan 22 2022 Examining Benjamin Netanyahu's more than a decade-long period as Israel's Prime Minister, this important book evaluates the domestic politics and foreign policy of Israel from 2009-2019. This comprehensive study assesses Israel's main political parties, highlights the special position in Israel of Israel's Arab, Russian and religious communities, appraises Netanyahu's stewardship of Israel's economy, and analyzes Israel's foreign relations. The scholars contributing to the volume are leading experts from both Israel and the United States and represent a broad spectrum of viewpoints on Israeli politics and foreign policy. The case studies cover the Likud party, the non-religious opposition parties such as Labor, Meretz, and Yesh Atid, the Arab parties, the religious parties and the Russian-based Yisrael B'Aliyah party, and present analyses of the ups and downs of Israel's relations with the United States, the American Jewish Community, Iran, Europe, the Palestinians, the Arab World, Russia, China, India, and Turkey as well as Israel's challenges in dealing with terrorism. Another highlight of the book is an assessment of Netanyahu's leadership of the Likud party, which seeks to answer the question as to whether Netanyahu is a pragmatist interested in a peace deal with the Palestinians or an ideologue who wants Israel to hold on to the West Bank as well as all of Jerusalem. This volume will be of interest to readers who wish to understand the dynamics of Israel during Benjamin Netanyahu's time as Prime Minister and are interested in the history and politics of Israel and the Middle East.

The Principles of the Arab Boycott of Israel Nov 07 2020

Israel Matters Jan 10 2021 Widely respected theologian Gerald McDermott has spent two decades investigating the meaning of Israel and Judaism. What he has learned has required him to rethink many of his previous assumptions. *Israel Matters* addresses the perennially important issue of the relationship between Christianity and the people and land of Israel, offering a unique and compelling "third way" between typical approaches and correcting common misunderstandings along the way. This book challenges the widespread Christian assumption that since Jesus came to earth, Jews are no longer special to God as a people, and the land of Israel is no longer theologically significant. It traces the author's journey from thinking those things to discovering that the New Testament authors believed the opposite of both. It also shows that contrary to what many Christians believe, the church is not the new Israel, and both the people and the land of Israel are important to God and the future of redemption. McDermott offers an accessible but robust defense of a "New Christian Zionism" for pastors and laypeople interested in Israel and Christian-Jewish relations. His approach will also spark a conversation among theologians and biblical scholars.

Israel, the Arabs and Iran Feb 20 2022 Israel borders four states - Syria, Egypt, Jordan and Lebanon, and two entities - the Palestinian authority in the West Bank and Hamas in the Gaza strip. In recent years, despite incidents on the border with Syria and Egypt, the basic strategic status quo with these countries has not changed, and the overall balance of power between Israel and the Arabs has been maintained. Due to its military might, none of Israel's Arab neighbours are able to defeat it. Israel, however, for political, economic and military reasons, avoids enforcing its will and interfering in internal Arab matters and has successfully managed to stay out of the Arab turmoil. *Israel, the Arabs and Iran* gives a detailed overview of the various national security challenges that Israel has faced since 2011. It explains the key considerations and constraints Israel has had to deal with on several fronts, from its northern border with Lebanon to its southern border with Egypt. The book provides the reader with a deep understanding of why and how Israel has struggled to keep the status quo, whilst a large part of the Middle East remains in turmoil. The book is aimed at anyone studying Israel, its Foreign Policy, Middle Eastern Politics and International Relations. It will also appeal to government officials, military officers and anyone working or interested in national security issues concerning the Middle East and particularly Israel.

Masada Never Again Oct 26 2019 Israeli business entrepreneur, Dani Sharon, is recruited by his government's clandestine LEKEM to mastermind acquiring the components and technology to build a nuclear arsenal. Dani's flamboyant character and tactical brilliance make him a natural for the assignment. His only stipulation in accepting the task is that he be allowed to skim a profit off all his transactions to finance his movie ventures. Dani obtains the necessary material and information through extralegal and clandestine methods. He cuts numerous deals with European, South African, and American companies. What he can't buy, he steals in daring capers monitored by the superpowers. Within a short time Israel explodes its first atom bomb. However, soon after this success, Israeli leaders realize radioactive fallout would endanger their own population if the atom bomb were used against hostile Arab neighbors. They conclude a neutron bomb is necessary to protect the Israelis from this danger. Using a movie production company as a cover, Dani begins acquiring the technology for such a bomb and the ballistic missile to deliver it.

God's Vineyard Israel Aug 17 2021 *God's Vineyard, Israel* is a book about God's relationship with Israel. It is an exposition of Israel's spiritual condition, starting with God's deliverance of Israel from slavery and His ongoing intervention in their lives up to their spiritual decline. According to 1 Corinthians 10:11, Israel serves as an example for instruction for those upon whom the end of the ages have come, i.e. those who live in the latter days. Israel's turning to idolatry, false gods and syncretism (the fusion of holy with unholy) led to their falling away from God. The same falling away of the church is mentioned by Paul in the second book of Thessalonians which is indicative of the time toward the end of the age or the fulfillment of the times of the Gentiles. A clear pattern emerges from those who are delivered from the kingdom of darkness into salvation and then the yearning for their previous condition. After God delivered Israel from Egypt, the Israelites yearned for their past. Therefore, the repeated exhortation from Jesus Christ and others in the New Testament serve to explain the necessity to persevere unto the end. The similarity between ancient Israel and the modern church is noteworthy and one can only understand what is and will happen to the church through the example of Israel. This instruction is not only prophetic but serves as clear instruction and warning for modern believers. An analysis of idolatry and the consequences thereof explain the past, current and future probability of life as we know it. Contrary to world opinion of the causes and solutions to pollution, the Bible clearly states that it is the spiritual condition of mankind that determines the state of the earth. The Old Testament asserts that when Israel repented God often relented of the calamities He intended to send to them due to their idolatry. *God's Vineyard, Israel* makes for interesting and relevant reading for all people and often provides God's perspective rather than people's opinions or speculations. *God's Vineyard, Israel* provides examples of God's wrath and ancient judgments with the overwhelming message that few are saved! In between the severity of God's dealings with Israel and their ongoing rebellion is chapter 4, God's solution to humanity, His Son, Jesus Christ whose coming was prophesied throughout the Old Testament, the One who embodied God's grace and love for humanity! *God's Vineyard* is pertaining to the times in which we live, whereby increasingly people are falling away from the truth, seeking to create their own reality. It is a book led by the Holy Spirit of God and therefore relevant to the current spiritual condition that prevails throughout the world.

Old Testament Theology Feb 08 2021 In this third volume of his critically acclaimed *Old Testament Theology* John Goldingay explores the Old Testament vision of Israel's life before God. The first volume focused on the story of God's dealings with Israel, or Israel's gospel. The second volume investigated the beliefs of Israel, or Israel's faith. Now the spotlight falls on the Old Testament's perspective on the life that Israel should live in its present and future, including its worship, prayer and spirituality, as well as its practices, attitudes and ethics before God.

Old Testament History Oct 07 2020 Excerpt from *Old Testament History The Importance of the History of Israel*. - The history of the Chosen People has a supreme claim upon our interest and attention; it means more to us than the annals of Greece or Rome, or even of our own country. For more than a thousand years Israel was the sphere within which God specially made Himself known to man, in that Revelation which culminated in the Gospel of Jesus Christ. The attitude of God both to the human race and to the individual soul was revealed in His dealings with Israel and its citizens. The Divine requirements are set forth in the demands of the inspired teachers of the Old Testament. The Law and the Prophets, the Psalms and the Wisdom of Israel, set up moral standards which even now we do not seriously attempt to realise. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Treacherous Alliance Oct 31 2022 This award-winning study traces the shifting relations between Israel, Iran, and the U.S. since 1948—including secret alliances and treacherous acts. Vitriolic exchanges between the leaders of Iran and Israel are a disturbingly common feature of the news cycle. But the real roots of their enmity mystify Washington policymakers, leaving no promising pathways to stability. In *Treacherous Alliance*, U.S. foreign policy expert Trita Parsi untangles the complex and often duplicitous relationship among Israel, Iran, and the United States from 1948 to the present. In the process, he reveals shocking details of unsavory political maneuverings that have undermined Middle Eastern peace and disrupted U.S. foreign policy initiatives in the region. Parsi draws on his unique access to senior American, Iranian, and Israeli decision makers to present behind-the-scenes revelations that will surprise even the most knowledgeable readers: Iran's prime minister asks Israel to assassinate Khomeini; Israel reaches out to Saddam Hussein after the Gulf War; the United States foils Iran's plan to withdraw support from Hamas and Hezbollah; and more. *Treacherous Alliance* not only revises our understanding of the recent past, it also spells out a course for the future. Anglo-Israel and the Jewish Problem Aug 24 2019

The Book of Jewish Women's Tales Nov 27 2019 Whenever anyone tells a tale, that tale sends a message to the listener. When a Jewish storyteller tells a tale in a Jewish setting, that tale sends a Jewish message. And when a Jewish woman tells a tale to other Jewish women, she sends a Jewish

woman's message: how to act as a Jewish woman - toward her community, toward other people, and toward God. This book is a collection of such women's tales and an analysis of their messages. The Book of Jewish Women's Tales consists of seventy-five stories, told and transmitted within the last two generations by Jewish women from around the world - from places as diverse as Ethiopia, India, Azerbaijan, Yemen, Greece, Eastern Europe, Israel, and the United States. The majority of the stories were culled from the Israel Folktale Archives, a repository of almost 19,000 tales; others Barbara Rush collected personally. Each story begins with an introduction in which Rush identifies its origin, its theme and meaning, and any other pertinent information about the tale, such as the biblical or talmudic passages to which it relates. The volume also includes sources to encourage further study of Jewish women's tales. The book is divided into sections, including life-cycle events such as birth, marriage, motherhood, aging, and death; holidays in the yearly cycle and Shabbat; and sections dealing with women in Israel and the strength of women. Some of the tales read like traditional fairy tales filled with supernatural beings, fairy godmothers, and royalty; others are romantic tales; still others deal with rites of passage and conflicts between men and women or among women. The stories have two things in common: in all of them the women emerge as strong, victorious, and clever, and all of the stories, while they have universal appeal to women, contain distinctly Jewish messages. The heroine does not merely win her beloved; their children carry on the teachings of the Torah. Some of the tales are based on biblical stories in which the faith of pious women is rewarded by God; others are local legends that tell of actual events in Jewish history. The Book of Jewish Women's Tales is a remarkable collection. As an anthology, it will delight and entertain, but as a valuable sourcebook, it will educate and inform. Through her extensive research, Barbara Rush has enabled us to see from a woman's perspective, not only the common elements of Jewish women from all corners of the world, but also what they share with women from all cultures and religions.

Master Plan for the Redemption of Israel Jul 04 2020 This book introduces a new approach that radically redefines Messianic Judaism. It takes the reader beyond the superficial practices of Shabbat candles, tallit, and wearing Stars of David to comprehend the true purpose of a Jewish way of life that embraces Yeshua the Messiah. It investigates the meaning of Israel as a nation from its inception in ancient times and how its national turning to its Messiah will dramatically transform not only Israel itself but our entire world. It delves into the history of Messianic Judaism, ancient and modern, and examines the current streams of Messianic Jewish thought. This book proposes a new paradigm that holds the key to reaching the entire Jewish people with the message of Yeshua. Unlocking scriptural passages that have been lost and misunderstood for nearly two thousand years, it reveals the exciting role that non-Jewish believers in Jesus will play in Israel's redemption. Here is an invitation to come along on an incredible journey of discovery. Readers will gain a new perspective of God's end-time plan for Israel and the Jewish people. Some will awaken to an inner call to join the quest, a challenge that, if answered, will certainly change the direction of their lives.

The Israel-Arab Reader Sep 05 2020 A historical overview of the continuing crisis in the Middle East traces the course of the Israel-Arab conflict from its earliest origins, through the various wars, skirmishes, and peace efforts, to the Israel-PLO and Israel-Jordan peace accords, in a collection of articles, speeches, letters, and reports dealing with all aspects of the subject. Original.
