The Fire Chief's Handbook, 7th Edition Feb 20 2022 The Fire Chief's Handbook, 7th Edition continues Fire Engineering's 82-year tradition of publishing the definitive resource for advanced fire service training. The text has been completely updated to meet the changing environment and added responsibilities of the fire service. Returning authors have rewritten their chapter to address today's leadership and administrative concerns, while new authors are also introduced to offer new perspectives. This comprehensive guidebook is designed for firefighters, company officers, and chief officers of all ranks and department types who want the latest information on the fundamentals of leadership in the fire service, as well as managing the day-to-day operations of a fire department.

Linguistics, seventh edition Mar 09 2021 The latest edition of a popular introductory linguistics text, now including a section on computational linguistics, new non-English examples, quizzes for each chapter, and additional special topics. This popular introductory linguistics text is unique for its integration of themes. Rather than treat morphology, phonetics, phonology, syntax, and semantics as completely separate fields, the book shows how they interact. The authors provide a sound introduction to linguistic methodology, focusing on a set of linguistic concepts that are among the most fundamental within the field. By studying the topics in detail, students can get a feeling for how work in different areas of linguistics is done. As in the last edition, part I covers the structural and interpretive parts of language—morphology, phonetics, phonology, syntax, semantics, variation, and change. Part II covers use and context of language and includes chapters on pragmatics, psychology of language, language acquisition, and language and the brain. This seventh edition has been extensively revised and updated; new material includes a chapter on computational linguistics (available in digital form and updated regularly to reflect the latest research in a rapidly developing field), more non-English examples, and a wide range of exercises, quizzes, and special topics. The seventh edition of Linguistics includes access to a new, web-based eCourse and enhanced eTextbook. The content from the former print supplement A Linguistics Workbook is now available in this online eCourse as interactive exercises. The eCourse is available via the Rent eTextbook link at http://mitpress.mit.edu/linguistics7, and may be used on its own for self-study or integrated with instructor-led learning management systems. The eCourse is a comprehensive, web-based eLearning solution. There is nothing to download or install; it is accessible through any modern web browser and most mobile devices. It features a singular new tool for building syntax trees, an IPA keyboard, a combination of auto-graded and essay questions, and classroom management tools. The enhanced eTextbook includes videos and flashcards and allows bookmarking, note-taking, highlighting, and annotation sharing. Access to the eCourse is free with the purchase of a new textbook or e-book. New print copies of this book include a card affixed to the inside back cover with a unique access code for the eTextbook. If you purchased an e-book, you may obtain a unique access code by emailing digitalproducts-cs@mit.edu or calling 617-253-2889 or 800-207-8354 (toll-free in the U.S. and Canada). If you have a used copy of this book, you may purchase a digitally delivered access code separately via the Rent eTextbook link at http://mitpress.mit.edu/linguistics7.

Property Development Jun 12 2021 This fully revised seventh edition of Property Development has been completely updated to reflect ongoing changes in the property field and maintain the direct relevance of the text to all stakeholders involved in studying the property development process. This text has been in high demand since the first edition was published over 40 years ago. The successful style and proven format of the highly popular text has been retained to assist the readership to understand this complex discipline. The readership typically includes anyone with an interest in property including aspiring property developers, established property developers, property stakeholders involved in the property development process, as well as any interested parties. In addition this new edition of the standard text is ideally suited for all property development and real estate students and will also be of interest to early career professionals and those pursuing similar professional degrees in the industry and in wider built environment courses. This new

edition includes new content discussing the rise and significance of PropTech with all chapters updated and enhanced to also assist lecturers and students in their teaching, reading and studying. The book focuses specifically on development and outlines the entire comprehensive process from inception, financing, planning and development stages within the context of sustainability and urban global challenges. The chapters include introductions with chapter objectives, discussion points, reflective summaries and case studies.

Understanding Motor Development: Infants, Children, Adolescents, Adults Oct 24 2019 Understanding Motor Development, a worldwide best-selling text, provides students with both an explanatory and a descriptive basis for the processes and products of motor development. Covering the entire life span, this text focuses on the phases of motor development and provides a solid introduction to the biological, affective, cognitive, and behavioral aspects within each developmental stage. The student is presented with the most up-to-date research and theory, while the Triangulated Hourglass Model is used as a consistent conceptual framework that brings clarity to understanding infant, childhood, adolescent, and adult motor development.

Human Development and Faith (Second Edition) May 11 2021 This book, now in its second edition, brings together the best available understandings of human development from a multidisciplinary perspective. Uniquely inclusive of the moral and faith dimensions of context and life-cycle development, Human Development and Faith examines the interplay of mind, body, family, community, and soul at every stage of development. It addresses two central questions: What are the "good-enough" conditions of parenting, family, and community in each phase of life, from birth to death, that support growth and development? What gives life adequate meaning as development proceeds? If human development describes the normative and hoped-for passages of life, then faith provides the necessary component of meaning. Throughout the various perspectives offered in this volume is the premise that faith is that quality of living that makes it possible to fully live.The Journal of Pastoral Theology called the first edition of Human Development and Faith "an excellent text for pastoral theology courses, because it fulfills its ambitious goal of bringing a holistic faith perspective to the usual topics of development." This second edition includes a new chapter on infancy, updates reflecting our growing awareness of cultural diversity, and a new preface.

Communication Development and Disorders for Partners in Service Feb 08 2021

Treffpunkt Deutsch Apr 10 2021 "The Seventh Edition encourages students to interact more intensively with the German language and to begin constructing meaning from the first day of instruction, resulting in the development of strong language-learning strategies."--

Managing Performance Through Training and Development May 23 2022

The American Psychiatric Association Publishing Textbook of Psychiatry, Seventh Edition Jan 07 2021 The new seventh edition reflects advances in the understanding of the etiology, diagnosis, and treatment of psychiatric disorders as well as the positive, transformational change that has taken place in the field of psychiatry.

Handbook of Parenting Jul 01 2020 This highly anticipated third edition of the Handbook of Parenting brings together an array of field-leading experts who have worked in different ways toward understanding the many diverse aspects of parenting. Contributors to the

Handbook look to the most recent research and thinking to shed light on topics every parent, professional, and policymaker wonders about. Parenting is a perennially "hot" topic. After all, everyone who has ever lived has been parented, and the vast majority of people become parents themselves. No wonder bookstores house shelves of "how-to" parenting books, and magazine racks in pharmacies and airports overflow with periodicals that feature parenting advice. However, almost none of these is evidence-based. The Handbook of Parenting is. Period. Each chapter has been written to be read and absorbed in a single sitting, and includes historical considerations of the topic, a discussion of central issues and theory, a review of classical and modern research, and forecasts of future directions of theory and research. Together, the five volumes in the Handbook cover Children and Parenting, the Biology and Ecology of Parenting, Being and Becoming a Parent, Social Conditions and Applied Parenting, and the Practice of Parenting. Volume 4, Social Conditions and Applied Parenting, describes socially defined groups of parents and social conditions that promote variation in parenting. The chapters in Part I, on Social and Cultural Conditions of Parenting, start with a relational developmental systems perspective on parenting and move to considerations of ethnic and minority parenting among Latino and Latin Americans, African Americans, Asians and Asian Americans, Indigenous parents, and immigrant parents. The section concludes with considerations of disabilities, employment, and poverty on parenting. Parents are ordinarily the most consistent and caring people in children's lives. However, parenting does not always go right or well. Information, education, and support programs can remedy potential ills. The chapters in Part II, on Applied Issues in Parenting, begin with how parenting is measured and follow with examinations of maternal deprivation, attachment, and acceptance/rejection in parenting. Serious challenges to parenting—some common, such as stress and depression, and some less common, such as substance abuse, psychopathology, maltreatment, and incarceration—are addressed as are parenting interventions intended to redress these trials.

Life-Span Human Development Jul 25 2022 Known for its clear, straightforward writing style, comprehensive coverage, strong and current research-based approach, and excellent visuals and tables, this life-span development text offers a topical organization at the chapter level and a consistent chronological presentation within each chapter. Each chapter focuses on a domain of development such as physical growth, cognition, or personality, and traces developmental trends and influences in that domain from infancy to old age. Within each chapter, you will find sections on four life stages: infancy, childhood, adolescence, and adulthood. This unique organization enables students to comprehend the processes of transformation that occur in key areas of human development. Another staple of the text is its emphasis on theories and how they apply to specific topics in each chapter. This new edition also asks students to engage more actively with the content, and includes a clear focus on the complex interactions of nature and nurture in development, more integrated coverage of culture and diversity, and an exciting new media package for both students and instructors. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Child and Adolescent Development for Educators, Second Edition Aug 14 2021 "This accessible text--now revised and updated-- has given thousands of future educators a solid grounding in developmental science to inform their work in schools. The expert authors

review major theories of development and their impact on educational practice. Chapters examine how teaching and learning intersect with specific domains of child and adolescent development--language, intelligence and intellectual diversity, motivation, family and peer relationships, gender roles, and mental health. Pedagogical features include chapter summaries, definitions of key terms, and boxes addressing topics of special interest to educators. Instructors requesting a desk copy receive a supplemental test bank with objective test items and essay questions for each chapter. (First edition authors: Michael Pressley and Christine B. McCormick.) Key Words/Subject Areas: teachers, education, developmental psychology, child development, childhood development, adolescent development, schoolchildren, adolescents, students, educational psychology, developmental theories, teaching methods, learning, biological development, cognitive development, social development, emotional development, language development, intelligence, academic motivation, family relationships, peer relationships, mental health problems, gender roles, social-emotional learning, texts, textbooks Audience: Instructors and graduate students in education, child and family studies, and school psychology"--

Management of Child Development Centers Oct 16 2021 Note: This is the bound book only and does not include access to the Enhanced Pearson eText. To order the Enhanced Pearson eText packaged with a bound book, use ISBN 0133830942. Based on the premise that high-quality programs for young children are an essential support for families--a part of the family ecosystem--this resource demonstrates how managers of programs for young children must understand the value of family, as well as the relationships between family, program, and community. Part I of Management of Child Development Programs provides an overview of the demographic and theoretical context within which child development programs operate. Part II focuses on 12 core competencies, derived from a review of currently literature in the field and aligned with NAEYC accreditation criteria, including: personal and professional self-awareness; organizational, fiscal, and personnel management; human relations; facilities management; health and safety; food service; educational programming; family support; marketing and public relations; assessment and evaluation. Improve mastery and retention with the Enhanced Pearson eText The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content. The Enhanced Pearson eText is: Engaging. The new interactive, multimedia learning features were developed by the authors and other subject-matter experts to deepen and enrich the learning experience. Convenient. Enjoy instant online access from your computer or download the Pearson eText App to read on or offline on your iPad® and Android® tablet.* Affordable. The Enhanced Pearson eText may be purchased stand-alone or with a loose-leaf version of the text for 40-65% less than a print bound book. *The Pearson eText App is available on Google Play and in the App Store. It requires Android OS 3.1-4, a 7" or 10" tablet, or iPad iOS 5.0 or later.

Economics of Development Sep 15 2021 A dynamic revision of the most modern development economics textbook.

Lifespan Developmental Systems Aug 02 2020 Everything you always wanted to know about theories, meta-theories, methods, and interventions but didn't realize you needed to ask. This innovative textbook takes advanced undergraduate and graduate students "behind the curtain" of standard developmental science, so they can begin to appreciate the generative value and methodological

challenges of a lifespan developmental systems perspective. It envisions applied developmental science as focused on ways to use knowledge about human development to help solve societal problems in real-life contexts, and considers applied developmental research to be purpose driven, field based, community engaged, and oriented toward efforts to optimize development. Based on the authors' more than 25 years of teaching, this text is designed to help researchers and their students intentionally create a cooperative learning community, full of arguments, doubts, and insights, that can facilitate their own internal paradigm shifts, one student at a time. With the aid of extensive online supplementary materials, students of developmental psychology as well as students in other psychological subdisciplines (such as industrial-organizational, social, and community psychology) and applied professions that rely on developmental training (such as education, social work, counseling, nursing, health care, and business) will find this to be an invaluable guidebook and toolbox for conceptualizing and studying applied problems from a lifespan developmental systems perspective.

Essentials of Life-Span Development Jul 13 2021 Santrock, Essentials of Life-Span Development, First Canadian Edition is an exciting new resource that offers essential content in a student-friendly format. Featuring shorter chapters and interactive study modules, Santrock 1ce covers all periods of the human life-span chronologically from the prenatal period through late adulthood and death. Santrock, Essentials of Life-Span Development, First Canadian Edition is ideal for one-semester Life-Span Development courses at both colleges and universities, or for any learner eager to explore the essentials of life-span development.

Essentials of Life-Span Development Nov 17 2021 Connecting research and results. As a master teacher, John Santrock connects students to current research and real-world application, helping students see how developmental psychology plays a role in their own lives and future careers. Through an integrated, personalized digital learning program, students gain the insight they need to study smarter and improve performance.

Interpretation of Three-Dimensional Seismic Data, Seventh Edition Nov 05 2020 Hardcover plus DVD

Handbook on Diversity and Inclusion Indices Feb 26 2020 This Handbook on Diversity and Inclusion Indices critically examines many of the popular and frequently cited indices related to DEI benchmarking and progress tracking. The goal is to provide a better understanding of the indices' construction, strengths and weaknesses, intended applications, contribution to research and progress towards diversity and equity goals.

Mikroökonomie Jun 24 2022

Lifespan Development Oct 28 2022 Provides the most Support for Student Learning and Success Lifespan Development, 7/e by Denise G. Boyd and Helen L. Bee thoroughly and accessibly addresses the most critical concepts of development. Through their engaging writing style, the authors have made more abstract material about developmental theories approachable to students. Readers will appreciate both the applied nature of this title and the clarity of the authors' presentation of current research. Students will emerge from your course with a thorough understanding of developmental science and will be able to apply this understanding to their own

lives. MyPsychLab is an integral part of the Boyd/Bee program. Engaging activities and assessments provide a teaching and learning system that will help students master life span development. New features include the updated MyPsychLab Video Series for Lifespan Development, which contains a rich assortment of video clips including sketchnote-style tutorials as well as cross-cultural footage and segments featuring real students sharing their experiences. MyPsychLab also contains MyVirtualLife, an engaging variable-based simulation that allows students to experience lifespan development firsthand. This title is available in a variety of formats - digital and print. Pearson offers its titles on the devices students love through Pearson's MyLab products, CourseSmart, Amazon, and more.

Adult Development and Aging Aug 26 2022 Written within a bio-psychosocial framework, Cavanaugh and Blanchard-Fields' best-selling text covers the specific ages-stages of adult development and aging. In its unparalleled coverage of current research and theory, the authors draw clear connections between research and application. The book's focus on positive aging and the gains and losses people experience across adulthood distinguish it from its competitors. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Marketing Information Guide Sep 22 2019

Applications of Flow in Human Development and Education Dec 06 2020 The third volume of the collected works of Mihaly Csikszentmihalyi covers his work on the application of flow in areas that go beyond the field of leisure where the concept was first applied. Based on his personal experience with schooling and learning, as well as that of many others and contrary to what Cicero claimed, Csikszentmihalyi arrived at the conclusion that instead of taking pride in making the roots of knowledge as bitter as possible, we should try to make them sweeter. Just as flow became a popular and useful concept in voluntary activities, it could likewise be applied in education with the end result of young people being more likely to continue learning not just because they have to but because they want to. This volume brings together a number of articles in which Csikszentmihalyi develops ideas about how to make education and more generally the process of learning to live a good life, more enjoyable. Since theory is the mother of good practice, the first eleven chapters are devoted to theoretical reflections. Some are general and explore what it means to be a human being, what it means to be a person, when we look at life from the perspective of flow. Others are more narrowly focused on such topics as consumption, education, teaching and learning. They help laypeople reflect how they can arrange their lives in such a way as to leave a small ecological footprint while getting the most enjoyment. The second section of the volume contains a dozen empirical articles on similar topics. They deal with the development of identity and self-worth; with the formation of goals and motivation; with loneliness and family life.

Java in a nutshell Mar 29 2020

Handbook of Epistemic Cognition Jun 19 2019 The Handbook of Epistemic Cognition brings together leading work from across disciplines, to provide a comprehensive overview of an increasingly important topic: how people acquire, understand, justify, change, and use knowledge in formal and informal contexts. Research into inquiry, understanding, and discovery within academic disciplines

has progressed from general models of conceptual change to a focus upon the learning trajectories that lead to expert-like conceptualizations, skills, and performance. Outside of academic domains, issues of who and what to believe, and how to integrate multiple sources of information into coherent and useful knowledge, have arisen as primary challenges of the 21st century. In six sections, scholars write within and across fields to focus and advance the role of epistemic cognition in education. With special attention to how researchers across disciplines can communicate and collaborate more effectively, this book will be an invaluable resource for anyone interested in the future of knowledge and knowing. Dr. Jeffrey A. Greene is an associate professor of Learning Sciences and Psychological Studies in the School of Education at the University of North Carolina at Chapel Hill. Dr. William A. Sandoval is a professor in the division of Urban Schooling at the UCLA Graduate School of Education & Information Studies. Dr. Ivar Bråten is a professor of Educational Psychology at the Faculty of Educational Sciences at the University of Oslo, Norway.

WordPress für Dummies Oct 04 2020 Gestalten Sie mit WordPress Ihre Website - auch wenn Sie keinerlei Vorkenntnisse haben! Profitieren Sie von Tausenden meist kostenlosen Design-Vorlagen, den WordPress-Themes. WordPress begann als einfache Weblog-Software und ist inzwischen das beliebteste System zur Gestaltung von Webseiten überhaupt. Dieser Entwicklung trägt dieses Buch Rechnung: Hier finden Sie Rat und Hilfe - als Blogger, als Webdesigner, als Anfänger und als Umsteiger. Schritt für Schritt erfahren Sie, wie Sie Ihre Website oder Ihren Blog aufbauen, Bilder und Videos einbinden und vieles mehr.

Loose Leaf for Life-Span Development Aug 22 2019 As a master teacher, John Santrock connects current research with real-world application, helping students see how developmental psychology plays a role in their own lives and future careers. Through an integrated learning goals system, this comprehensive and chronological approach to lifespan development helps students gain the insight they need to study smarter, stay focused, and improve performance.

Loose Leaf for A Topical Approach to Life-Span Development Sep 03 2020

A Topical Approach to Life-Span Development May 31 2020 Connect with Santrock 6th edition and connect with success. Informed and driven by research. At McGraw-Hill, we have spent thousands of hours with you and your students, working to understand the key needs and concerns you face in Human Development courses. The most common topics raised include managing the vast amount of content inherent to a Lifespan course and ensuring the dependability of the assigned material–is it current and accurate? The result of this research is John Santrock's A Topical Approach to Lifespan Development 6e. Santrock 6e ensures students complete and understand the assigned material in a number of ways. Santrock's hallmark Learning Goals pedagogy provides a comprehensive roadmap to the text material, clearly pointing out the core concepts fundamental to students' learning and performance. An adaptive learning system increases students' efficiency in studying by identifying what they know and don't know and providing in-the-moment guides to learning what they do not. The research and development of the 6th edition indicated that students said that highlighting connections among the different aspects of life-span development would help them to better understand the concepts. This recurring theme of connections–Developmental Connections, Topical Connections, Connecting Development to Life, Connecting with Careers,

and Connections through Research–ties together concepts from across chapters to reinforce the learning process and connects the material to students' everyday lives and future aspirations. And the new Milestones video and assessment program helps bring the course material to life, so your students can witness development as it unfolds. And of course, all of this material is informed by our unique board of expert contributors–a who's who of developmental psychology–who ensure the material is as accurate and up-to-date as possible.

The Collection Program in Schools: Concepts and Practices, 7th Edition Apr 22 2022 This thorough treatment of collection development for school library educators, students, and practicing school librarians provides quick access to information. This seventh edition of The Collection Program in Schools is updated in several key areas. It provides an overview of key education trends affecting school library collections, such as digital textbooks, instructional improvement systems, STEM priorities, and open educational resources (OER) use and reuse. Topics of discussion include the new AASL standards as they relate to the collection; the idea of crowdsourcing in collection development; and current trends in the school library profession, such as Future Ready Librarians and new standards from the National Board for Professional Teaching Standards. Each chapter has been updated and revised with new material, and particular emphasis is placed on disaster preparedness and response as they pertain to policies, circulation, preservation, and moving or closing a collection. This edition also includes updates to review of curation and community analysis principles as they affect the development of the library collection. Serves as a complete guide to collection management for students as well as practitioners Addresses current educational initiatives and new AASL standards Provides creative strategies for working in a climate of change and uncertainty Looks in depth at disaster recovery policies and procedures needed for collection

Umweltökonomie und Umweltpolitik Nov 24 2019 Umweltökonomie – neue Aspekte Die rasanten Entwicklungen in der Umweltpolitik in den vergangenen Jahren führten zu umfangreichen Anpassungen in diesem beliebten Lehrbuch, die insbesondere die anwendungsorientierten Abschnitte betreffen. Hier wurden vor allem die Kapitel über die Umweltinstrumente (Auflagen, Steuern, Zertifikate), die Kosten-Nutzen-Analyse sowie die internationalen Umweltaspekte (bspw. Klimakonferenzen) grundlegend aktualisiert. Darüber hinaus enthält das Kapitel zur Ressourcenökonomie nun ebenfalls eine anwendungsbezogene Diskussion. Umweltökonomie – die Schwerpunkte - Spieltheoretische Grundlagen - Theorie externer Effekte - Auflagen - Steuern und Abgaben - Zertifikate - Verhandlungslösungen - Umwelthaftung - Umwelttechnischer Fortschritt - Internationale Aspekte des Umweltproblems - Umweltpolitik bei asymmetrischer Informationsverteilung - Kosten-Nutzen-Analyse - Ressourcenökonomie Zielgruppe Studierende der Volks- und Betriebswirtschaftslehre an Universitäten und Hochschulen sowie interessierte Praktiker in Wirtschaft, Politik und Verwaltung Prof. Dr. Eberhard Feess ist seit 2008 Professor für Managerial Economics an der Frankfurt School of Finance and Management. Zuvor hatte er Lehrstühle an der EBS, der Johann Wolfgang Goethe Universität Frankfurt und der RWTH Aachen. Prof. Dr. Andreas Seeliger lehrt seit 2011 Volks- und Energiewirtschaftslehre an der Dualen Hochschule Baden-Württemberg Mosbach. Zuvor war er bei Frontier Economics, der Trianel European Energy Trading sowie dem Energiewirtschaftlichen Institut an der

Universität zu Köln beschäftigt.

Seventh Edition Core Curriculum for Nephrology Nursing Jul 21 2019 This comprehensive, peer-reviewed resource sets the standard for nephrology nursing clinical practice. Written by experts in the field, the 2020 edition presents the newest information regarding kidney disease, its treatment, and the nursing care involved. New and updated content reflects current policy and terminology, including health information technology, collaboration with ESRD Networks, economics of ESRD reimbursement, nutritional needs of patients undergoing bariatric surgery, nutritional needs of pregnant patients, advance care planning, palliative care, and end-of-life care. The seventh edition contains almost 1,800 pages divided into two volumes, includes self-assessment questions, and provides more than 60 nursing continuing professional development contact hours and almost 12 pharmacology hours.

Explosivstoffe Jan 27 2020 This world-famous reference work has been enlarged and updated without tampering with its tried and tested format. Around 550 alphabetically ordered, monographic entries consider the physicochemical properties, production methods and safe applications of over 120 explosive chemicals; discuss 70 fuels, additives and oxidizing agents; and describe test methods. The extensive thermodynamic data have been thoroughly updated. Other key features include: the 1500-entry combined index and glossary (comprising terms and abbreviations in English, French and German), the conversion tables and the many literature references. This book is suitable for explosive experts and also for indirectly interested parties - such as translators, public authorities and patent lawyers. From reviews of previous editions: 'This wealth of information and an index that comprises some 1500 keywords and several conversion tables make this a unique source of knowledge for anybody working with explosives.' (Propellants, Explosives, Pyrotechnics)

The Developmental Science of Adolescence Dec 26 2019 The Developmental Science of Adolescence: History Through Autobiography is the most authoritative account of the leading developmental scientists from around the world. Written by the scholars who shaped the history they are recounting, each chapter is an engaging and personal account of the past, present, and future direction of the field. No other reference work has this degree of authenticity in presenting the best developmental science of adolescence. The book includes a Foreword by Saths Cooper, President of the International Union of Psychological Science and autobiographical chapters by the following leading developmental scientists: Jeffrey Jensen Arnett, Robert Wm. Blum, Jeanne Brooks-Gunn, B. Bradford Brown, Marlis Buchmann, John Bynner, John Coleman, Rand D. Conger, James E. Côté, William Damon, Sanford M. Dornbusch, Nancy Eisenberg, Glen H. Elder, Jr., David P. Farrington, Helmut Fend, Andrew J. Fuligni, Frank F. Furstenberg, Beatrix
