Rudolph the Red-Nosed Reindeer Oct 14 2021 Ronald D. Lankford has written the definitive history of this iconic and much-loved Christmas character. Rudolph the Red-Nosed Reindeer was the creation of Robert May, a staff copywriter who wrote the original poem as a Montgomery Ward Christmas giveaway in 1939. More than 2.4 million copies were printed and given away that holiday season. Thus the legend began. Johnny Marks adapted the poem into what would become the Gene Autry hit "Rudolph the Red-Nosed Reindeer," which instantly became - and still remains - one of the most popular Christmas songs of all time. The legend of Rudolph soared even higher with the Rankin/Bass stop-motion television special in 1964, which has gone on to inspire a cottage industry of toys and decorative items. In this festive and informed look at the most famous reindeer of all, Lankford discusses all of Rudolph's iterations, including comic books, sequels, advertising tie-ins, movies, and much more. Lankford has produced the first complete history of Rudolph that both celebrates and explains the undying popularity of Rudolph and his friends. The result is both a glowing tribute and a rigorously researched biography that will appeal to fans and lovers of classic American holiday culture.

Future Shock Jul 11 2021 **NEW YORK TIMES BESTSELLER** • The classic work that predicted the anxieties of a world upended by rapidly emerging technologies—and now provides a road map to solving many of our most pressing crises. "Explosive . . . brilliantly formulated." —The Wall Street Journal Future Shock is the classic that changed our view of tomorrow. Its startling insights into accelerating change led a president to ask his advisers for a special report, inspired composers to write symphonies and rock music, gave a powerful new concept to social science, and added a phrase to our language. Published in over fifty countries, Future Shock is the most important study of change and adaptation in our time. In many ways, Future Shock is about the present. It is about what is happening today to people and groups who are overwhelmed by change. Change affects our products, communities, organizations—even our patterns of friendship and love. But Future Shock also illuminates the world of tomorrow by exploding countless clichés about today. It vividly describes the emerging global civilization: the rise of new

businesses, subcultures, lifestyles, and human relationships—all of them temporary. Future Shock will intrigue, provoke, frighten, encourage, and, above all, change everyone who reads it.

The Echo Man Dec 16 2021 He's coming to get you. The fifth thriller in the compelling Byrne and Balzano series from the Sunday Times bestseller. It is fall in Philadelphia and the mutilated body of a man is found in one of the poorest neighbourhoods of the city. The victim has been viciously tortured to death. It's the work of a sadistic mind in free fall. When homicide detectives Kevin Byrne and Jessica Balzano investigate, they soon realise that their crime scene is linked to the past. Eight years ago, another body was found in the same place, in the same position, killed in the same manner. That case was never closed. Apart from their killer's unusual calling cards, the crime scene photos - past and present - are identical. As another brutalised body appears, then another, it becomes horrifyingly clear that someone is recreating unsolved murders from Philadelphia's past in the most sinister of ways. And the killer is closer than they think...

Art Ink It!: Paint With Ink and Make Jewelry from Your Clippings Mar 19 2022 Susan Riha Parsley is an innovative artist who works in many different mediums, including ink and paper. In her instructive manual, she introduces a new technique of working with ink and synthetic paper that provides both novice and experienced artists a means of creating beautiful pieces that can be sold at art shows or shown in galleries. Parsley, who loves to use brilliant colors for paintings, jewelry, and other creations, shares step-by-step instructions with accompanying images that will guide artists through a detailed process that includes lists of materials, specific techniques, and framing ideas. Also included are directions on how to take a clip from a painting and create vibrant pendants and a list of resources for inks, frames, and mats. Art Ink It! is a practical guidebook for any artist who wants to be one of the first to try a new way of working with ink and synthetic paper.

We Have Not a Government Sep 25 2022 In 1783, as the Revolutionary War came to a close, Alexander Hamilton resigned in disgust from the Continental Congress after it refused to consider a fundamental reform of the Articles of Confederation. Just four years later, that same government collapsed, and Congress grudgingly agreed to support the 1787 Philadelphia Constitutional Convention, which altered the Articles beyond recognition. What occurred during this remarkably brief interval to cause the Confederation to lose public confidence and inspire Americans to replace it with a dramatically more flexible and powerful government? We Have Not a Government is the story of this contentious moment in American history. In George William Van Cleve's book, we encounter a sharply divided America. The Confederation faced massive war debts with virtually no authority to compel its members to pay them. It experienced punishing trade restrictions and strong resistance to American territorial expansion from powerful

European governments. Bitter sectional divisions that deadlocked the Continental Congress arose from exploding western settlement. And a deep, long-lasting recession led to sharp controversies and social unrest across the country amid roiling debates over greatly increased taxes, debt relief, and paper money. Van Cleve shows how these remarkable stresses transformed the Confederation into a stalemate government and eventually led previously conflicting states, sections, and interest groups to advocate for a union powerful enough to govern a continental empire. Touching on the stories of a wide-ranging cast of characters—including John Adams, Patrick Henry, Daniel Shays, George Washington, and Thayendanegea—Van Cleve makes clear that it was the Confederation’s failures that created a political crisis and led to the 1787 Constitution. Clearly argued and superbly written, *We Have Not a Government* is a must-read history of this crucial period in our nation’s early life.
